7.5 Budget Guidelines – J. Keeler

- J. Keeler Handed out Budget guidelines for 2006-07 budget and Gavilan Community College Mission Statement. Attention was drawn to Sections 1, 2 and 3. All contractual obligations will be covered first. If there are extra funds or "old" funds become available, the Board and College Budget will consider Strategic Plan, then Board goals and finally other items for guidance as to usage of funds.

Concerns: Is there a prioritization protocol? With all the possible uses, where is the money going to be given priority?

Responses: S. Kinsella- 5 year full-time faculty hiring plan is a priority. Opportunities for input into the process is at the College Budget Committee.; K. Wagman- AB1725 Senate has opportunity to give input; J. Wolowitz – suggested a plan/system is needed that ties the Strategic Plan, The Budget, and Priorities together. There has not been any extra funds over the past 3-4 years, in fact cuts have been made and therefore priority has not been needed. Hopefully the college and the faculty can grow enrollment to create the extra funds that will then be available.

Administration is willing to consider suggestions if:
- Well-researched
- It’s in the strategic plan
- Going to benefit the college and students
- There is weight behind what is being asked for

Budget Guidelines/Strategic Plan Guide will be taken to April Board meeting for approval

8. Tech Committee – V. Robinson / F. Lozano
   a. Meeting next week. Any alterations to documents will come back here and then to department chairs. A campus wide e-mail will be sent next week.

9. Registration Issues - John Pruitt
   a. Registration Proposal for Senate’s reaction
      Late registration for first four days of the semester on seats available basis (rosters updated instantly). Add codes will be the choice of instructors and students can use these to register via the web. There will be no more wait lists.
      Question: How is different from now? J. Pruitt- There will be one uniform message that up until the 4th day (10 p.m.) it is okay to register and Sept. 8th is the deadline to use add codes (taking away a week to submit). J. Wolowitz- Instructors are not in control of Adds to their class for the first four days.
      Concern: K. Wagman - Why getting rid of waitlists? Waitlists provide information that makes it possible for instructors to add students on a first come first served basis.
      Needed: M. Friedman - Promotion is needed to inform non-Gavilan students. Continuing students also need to be informed of the longer-earlier starting days. Suggestions included local media and GavTV.
      J. Wolowitz will send an e-mail to Senators to consult with their Departments/Chairs. Feedback requested to help J. Pruitt implement.

   b. Final Exam Schedule
      K. Wagman - The schedule may need some adjustments with ESL because they have the shortest class blocks, therefore, they will have their own schedule. The draft for fall semester will be sent to Kathy and Fran.

10. HSFG Report (Measure E Issues) – E. Venable, V. Robinson
Meeting next Tuesday. Update at next Academic Senate Meeting.

11. **16 week calendar Update** – J. Harmon
   a. Publicity needed! Non-Gavilan students need to know. Suggestion: Should be on the front page of our website. Concerns: Nursing, cosmetology, and child development course may have to lengthen classroom time to meet state requirements. ESL- longer days and classroom issues.

12. **Accreditation Update** – K. Wagman
   a. Meetings every Friday 2-2:30. Planning to get up on the website by the beginning of May. Will be asking Academic Senators to review various standards, and read second draft. What do you see form your experience that we might have missed?

13. **ECHS**
   a. There are no external pressures (funding or grants) to get started in 2006. However, there is pressure from GHS and the community to get started. S.Kinsella- What are the ongoing concerns of the people? Where is everybody on ECHS? Is the Faculty going to support ECHS or are they going to make it difficult for those involved to succeed?
   b. Concerns and Issues
      1. Strong, key players that are willing to go above and beyond because they are excited about the program are needed. Does Gavilan College have those passionate individuals on campus- C.Marquez? These individuals should be identified before the program is implemented.
      2. Can an instructor choose not to have high school students in their classes?
      3. Many feel ECHS is a good program, but Fall ’06 is too soon; especially since there is already going to be a lot of changes in Fall ’06 to do.
   c. Various Concerns and Responses
      1. We Can not have every last detail planned out ahead of time, We need to know if the Faculty support the program. ECHS Faculty and Admin can’t be selected before we sign an MOU and determine if we are in favor of the program.
      2. There will need to be a good selection process and high school admin and counselors need to know which faculty want to go above and beyond to work with these students.
      3. We need to start trying things to get enrollment up. This is an opportunity to build bridges with the community, Morgan Hill, San Benito and Gilroy high schools.
      4. Various Discussions about how the Vote should be made. Do we have a Motion from the Floor?

16. **College President Report** – S. Kinsella  
   a. S. Kinsella will be meeting with departments to talk about everything that is going on.  
   b. There is a push to go back to the 3-VP Structure; S. Kinsella will be speaking with the departments in more detail about this. K.Wagman expressed Concern about shared Governance in both Directions. Faculty should bring topics to Senate and other Forums on campus rather than Approach Board Members directly for their personal benefit. A. Porcella noted that it is not unusual for individuals from the community or the faculty to communicate with Board members. S. Kinsella noted that he would like to directly hear the concerns of people so that he is aware of what concerns people have on campus.
