7. Comments from the Public - this is a time for the public to address the Board. Diane Stone, Kinesiology Department, invited the Board to the second annual welcome back BBQ for student athletes on August 24. Leah Halper, GCFA President, congratulated faculty of the year Sabrina Lawrence and Peter Howell. She thanked the Board for their leadership and resolution and everyone who worked on making changes to the Task Force on Student Success recommendations. The advocacy has had an effect on beating back some of the challenges. She reported that a survey on the new evaluation process for part-time faculty indicates that both the full-time faculty doing the evaluations and the part-time faculty have found the process to be positive. She also thanked the Board and others who made it possible for her to take a leave in May to travel to Italy. Laura Perry thanked her for taking the lead in working on the student success bill.

8. Officers’ Reports
   (a) Vice Presidents
       Dr. Kathleen Rose reported that the summer session is in full swing. She reviewed the faculty flex reports and stated that faculty are doing amazing things with the ten days of flex time to achieve their professional development goals such as attending and presenting workshops, taking courses, writing curriculum, engaging in key conversations throughout the state, and bringing back that information to their departments. She also reported that the college has been awarded another Title 5 grant. We are one of 19 awarded nation-wide and one of five in California. Thank you to Sherrean Carr and her faculty for their work. Some of the goals of the grant include creating pathways in the Career Technical Education area specifically with CSUMB. The grant is for $2.7 million over the next five years. John Pruitt reported that student services received a grant for $147,000 each year for two years to support student mental health. The focus will be on building partnerships with community partners who can help our students, counseling will do professional development with faculty and staff, and a student mentor program. Thank you to Randy Brown, Anne Ratto, and Alice Dufresne-Reyes who worked on the grant. We are one of nine colleges in the state that was awarded. He also reported that a student welcome center and open lab has been set up in one of the offices off the admissions lobby. It is staffed with the support of financial aid and student workers. Students are greeted and assisted with My Gav, and other information.

   (b) College President
       Dr. Steve Kinsella reported that we will be hosting the State Chancellor and the Foundation for Community Colleges on July 24. Members of our communities have also been invited. The accreditation process is continuing under the leadership of Kathleen Rose and Ken Wagman. Kathleen Rose presented to Accreditation Commission staff regarding our work on SLOs and the assessment process. Congratulations to Kathleen and everyone who worked on submitting the first report, which was accepted. It all helps us as we go through the accreditation process. He will be heading an accreditation team for Bakersfield College in October. He also reported that the state budget has been signed. If the ballot measure passes in November, we will receive growth funding. If it doesn’t pass we will lose funds. Once we start the fiscal year it is difficult to make changes mid-year, but we have lined up the reserves in a way that we can tap them so we can move through the fiscal year. We may make some reductions in 2013-14 through the Expenditure Reductions Task Force if necessary; it is not something we can’t handle.

   (c) Academic Senate
       Dr. John Lawton-Haehl reported that the Senate met today but didn’t have a quorum. The next meeting is August 14.

   (d) Professional Support Staff
       No report
(e) Student Representative
   No report

(f) Board Member Comments
   Tom Breen reported that he attended a Hollister Downtown Association meeting and worked in
   their fireworks booth.
   Tony Ruiz – no report
   Walt Glines congratulated staff on the mental health grant. A task will be how we can continue
   the work after the two years of the grant. He reported that he worked at the fireworks booth
   benefitting Gavilan and Christopher High School baseball. He also reported that according to
   Dave Dilorenzo, the First Tee summer program at Gavilan has more kids than the ones in Palo
   Alto and San Jose.
   Kent Child thanked Sherrean Carr, Kathleen Rose, and everyone who worked on the third Title
   5 grant. It speaks well of how this college is succeeding. He reported that he will be absent at
   August Board meeting; he will be at his annual ceramics wood firing in northern California.
   Mark Dover – no report
   Jonathan Brusco thanked everyone for their continued assistance. Congratulations to
   everyone who worked on the grants. He reported that he recently met with Supervisor
   Mike Wasserman who was very interested and supportive of the college.

(g) Board President
   Laura Perry congratulated Terry Newman for the summer camps; her grandson had a great
   experience. She reported that she recently met a graduate who told her she loved Gavilan and
   had a great experience and is now heading to SJSU. She wanted to pass that along to the
   Board in light of what is going on in the state and the bottom line is, that truly is the reason we
   are all here; to turn out students like that.

9. Board Committee Reports
   Tom Breen reported that the Facilities Development and Utilization Committee met on June 27,
   minutes are in the packet. Kent Child reported that the Policy Committee met earlier today and
   reviewed and approved the policies and procedures that are on the Board agenda for information.

10. Information/Staff Reports
    (a) Policies and Procedures
    Steve Kinsella reported that we are at a point where a lot of changes have come through the
    Community College League Policy service. We are picking up the regulatory changes that
    include the ed. code, title 5, accreditation, etc. Administrative Procedures are approved by the
    Superintendent/President and come to the Board for information and input. Board Policies
    come to the Board for a first reading as information and a second reading for action. All
    policies and procedures have gone through the shared governance process and the Board
    Policy Subcommittee reviewed and approved them at their earlier meeting tonight.

    (b) Redistricting Update
    Steve Kinsella reported that a workshop will be scheduled for the Board with an attorney and
    demographer to continue to review redistricting information.

    (c) Proposed Legislation and State Budget
    Steve Kinsella reported that several items from the Student Success Task Force have been
    cleared by Board of Governors. Some of the recommendations require a lot of resources.
    Without a change of resources it will be difficult. He has expressed those concerns and will
    continue to work on it. The grants have helped to ease some costs from the general fund. We
    continue to work to keep the capacity. We are in a good position as we move forward in the
    next year. In response to Walt Glines, John Pruitt stated that our fall enrollment is trending at
    approximately 1-2% down as the same as last year.
(d) Santa Clara County Treasury Investment Portfolio Status as of March 31, 2012
Joe Keeler reported that this report is the status of the portfolio as of March 31.

(e) Monthly Financial Report
Joe Keeler reported that this report is as of June 15, everything is trending as it should.
