Welcome to the Webheads Committee

"Webheads" is a subcommittee of the District Technology Committee. The mission of this committee is to make recommendations on district website design, structure, and policy.

Areas to be discussed and implemented include:

- Achieving a uniform look for the entire Gavilan College website.
- Ensuring every Gavilan webpage is Section 508 compliant.
- Recommending policies and procedures regarding the use and maintenance of the district website.
- Implementing newer web technology.
