INTERVIEW QUESTIONS FOR BOARD MEMBERS
PRESIDENT'S EVALUATION 2012

Collaboration – Did the President solicit input and adjust plans based on input received?

1. There were several items where internal staff input was provided to the Board. Were you afforded an opportunity to provide input on each of the following major initiatives over the past two years?
   a. Accreditation
   b. Budgetary planning and budgetary anticipation strategies that have affected the college
   c. Educational Center status growth in light of the State budget
   d. Updating the college's Strategic Plan

2. Do you believe you were encouraged to openly speak about concerns that you had?
3. Do you believe the input received from across the campus was considered prior to the President making a recommendation to the Board?

**Vision – Is there a sense of the College's long-range objectives?**

1. What is your understanding of the College's long-range objectives?

2. Has the President outlined the strategies being pursued?

**Communication – Are you informed about activities occurring that affect the operation of the College?**

1. Do you feel the President and the administration are providing you good information about what is occurring on campus?
2. Do you have the ability to meet with the President if you wanted to talk directly to him about any issue you may be concerned about?

3. Is the President open and accessible?

**Campus Climate/Culture** - Do you feel that the working environment allows you to do your best work?

**Unaddressed Problems/Concerns** – Identify three areas or concerns that the President should be aware of or seek to make changes to.

**Confidence in the Administration of the College** – Are you confident that the administration of the college demonstrates sound judgment in providing leadership and direction of the institution?

Is there anything else that you would like to comment on?
