Instructional Improvement Discussions
Professional Development - August 23, 2013

Our challenge: Discuss and make improvements in classes and programs.
Complete the following worksheets and then post them to the viewing area of the library.

1. Discuss and list some of your assumptions about how students will learn in your class.
   List the top three.
   a) 
   b) 
   c) 

2. Each participant will select one class that you teach for review. You are encouraged to
   review the SLO data, basic course data (see basic data reviewer), and/or thoughts about the
   course. List course below.
   Course________________ Review of data:
   a) 
   b) 
   c) 

3. What do the data and/or your thoughts suggest is going well in the course? List the top three.
   a) 
   b) 
   c) 

4. What do the data and/or your thoughts suggest are needed improvements at the course level?
   List the top three.
   a) 
   b) 
   c) 

5. What do the data and/or your thoughts suggest are needed improvements at the
   program/discipline level? List the top three.
   a) 
   b) 
   c) 

6. What do the data and/or your thoughts suggest are needed improvements at the college level?
   List the top three.
   a) 
   b) 
   c)
