- Action Item

Proposal:

That the Board of Trustees approve a BFGC Project Assignment Amendment (PAA) – Science Buildings’ Complex.

Background:

At the November 8, 2005 Board meeting, the Board ratified an On-Going Architectural Services Agreement with BFGC Architects, Inc. The Agreement stipulates that for each individual District project, a separate Project Assignment Amendment (PAA) will be entered into. The attached PAA is for the Science Buildings Complex Project.

All three buildings will be reconfigured and modernized. The buildings’ infrastructure will be replaced and upgraded. New heating and air-conditioning, information technology, plumbing, lighting, fire alarm, and phone system will be installed. The buildings will be made ADA compliant. New finishes will be installed including flooring, ceilings and paint. Replacement of fixed seating in the lecture rooms, as well as damaged or outdated cabinetry is proposed. Toilet rooms will be made ADA compliant.

Budgetary Implications:

This agreement will be paid out of the proceeds of Measure E funds.

Follow Up/Outcome:

Implement the project.
