Action Item

Proposal:

That the Board of Trustees approve Resolution No. 867 to authorize Change Order request No. 2 totaling \$5,717 as it relates to the Boiler Replacement Project.

Background:

Public Contract Code § 20659 provides that if any change of a contract is ordered by the governing board of a community college district, such change shall be specified in writing and the cost agreed upon between the governing board and the contractor, and further provides that the board may authorize the contractor to proceed with performance of this change without the formality of securing bids, if the cost so agreed upon does not exceed ten percent of the original contract price. The original contract price is \$957,400 and the Board has approved one previous change order request for \$42,004. The total revised contract price, with this change order, would now be \$1,005,121.

Budgetary Implications:

The efficient use of Measure E Bond Program Funds.

Follow Up/Outcome:

Upon approval the change order will be issued to the contractor to allow payment to the contractor for the additional work.
