I. Work to be performed this week (June 16 – June 20, 2014):

Water Storage Tank, Distribution and Well Improvements:
- The contractor will continue to layout the main pipeline run on the loop road and continue excavation. There will be traffic control measures in place during this time. Early in the week Parking Lots D & E will be closed. Later in the week access will be limited to Parking Lot H. Later in the week there will be no access to Parking Lots D, E, and F through the college’s south entrance.

Parking Lot C Extension:
- The contractor will import and compact the aggregate base. Trucks will access the site through the south entrance.

GECA:
- The contractor will continue to work on site subgrade, underground utilities, surveying, form and pour concrete ramps at modular 12 thru 18.

Native Garden:
- No work is scheduled.

Pond Overlook:
- No work is scheduled.

II. Work to be performed next week (June 23 – June 27, 2014):

Water Storage Tank, Distribution and Well Improvements:
- The contractor will continue to layout the main pipeline run through Parking Lot H and continue to excavate. There will be traffic control measures in place during this time.

Parking Lot C Extension:
- The contractor will form and pour concrete sidewalks and curbs.

GECA:
- The contractor will continue to work on site subgrade, underground utilities, surveying, form and pour concrete ramps at modular 12 thru 18.

Native Garden:
- No work is scheduled.

Pond Overlook:
- No work is scheduled.

III. General Notes:
- Parking Lot C will be closed to the public and staff from June to August. There will be limited access for Gavilan maintenance staff, construction workers and equipment, & the Motorcycle Safety Foundation courses.
