Construction Update
Gavilan Joint Community College District
May 30, 2014

I. Work to be performed this week (June 2 – June 6, 2014):
   * **Water Storage Tank, Distribution and Well Improvements:**
     - The contractor will begin to layout the main pipeline run on the loop road and commence excavation near the Security/Maintenance Building and work south along the loop road. There will be traffic control measures in place during this time.
   * **Parking Lot C Extension:**
     - The contractor will begin clearing the site and will start rough grading which will require trucks to access the campus.
   * **GECA:**
     - The contractor will begin relocating the modular buildings. The contractor will also start demo of the hardscape and will start site grading.
   * **Native Garden:**
     - No work is scheduled.
   * **Pond Overlook:**
     - No work is scheduled.

II. Work to be performed next week (June 9 – June 13, 2014):
   * **Water Storage Tank, Distribution and Well Improvements:**
     - The contractor will continue to layout the main pipeline run on the loop road and continue excavation. There will be traffic control measures in place during this time.
   * **Parking Lot C Extension:**
     - The contractor will continue to rough grade the site which will require trucks to access the campus.
   * **GECA:**
     - The contractor will continue to relocate the modular buildings, demo the hardscape, and grade the site.
   * **Native Garden:**
     - No work is scheduled.
   * **Pond Overlook:**
     - No work is scheduled.

III. General Notes:
   - Parking Lot C will be closed to the public and staff from June to August. There will be limited access for Gavilan maintenance staff, construction workers and equipment, & the Motorcycle Safety Foundation courses.
