An AS Degree or Certificate of Achievement in Computer Graphics & Design (CGD) provides technical skills and multidisciplinary knowledge required by diverse design careers. CGD graduates can describe ways projects presented within their electronic portfolio incorporate design principles, use appropriate materials, apply sustainable practices and integrate ergonomic features. CGD learning outcomes prepare graduates for proposing, manufacturing and marketing real and/or virtual products. Projects completed by CGD graduates’ demonstrate competencies in creative problem solving, sketching, drafting, 3D graphics (including animating and rendering projects) - skills expected of entry level design technicians and/or engineering, architecture, environmental planning, animation, industrial, product and other design transfer students.
Computer Graphics & Design Options

Completion of the core courses and the additional requirements in a selected area (below) will qualify students for a Degree or Certificate of Achievement in Computer Graphics & Design

**CORE COURSES:**
- CGD 2 2D/3D Technical Computer Graphics I ......................... 3 units
- CGD 4 2D/3D Technical Computer Graphics II ...................... 3 units
- CGD 8 Advanced Computer Graphics for Design Application I .......... 3 units
- CGD 9 Advanced Computer Graphics for Design Application II ........ 3 units
Core Unit Total: 12 UNITS

**ADDITIONAL REQUIREMENTS:**
- CGD 6  Advanced Technical Computer Graphics ............... 3-4 units

Choose one:
- CGD 30  Introduction to Environmental Design  (3 units)
- CGD 160  Technical Desktop Publishing/Graphics  (3 units)
- CSIS 45  C++ Programming I  (4 units)

Total Units for Required: 18-20 UNITS

* The requirements for this degree and certificate option have changed and are pending Chancellor's Office approval. Please see a Gavilan counselor or check the college website for current status. Refer to page 64.

### Advanced Technical Computer Graphics Option*

**A.S. Degree or Certificate of Achievement**

To receive an ASSOCIATE’S DEGREE complete:
- **CORE COURSES** (listed above).
- **ADDITIONAL REQUIREMENTS** listed below.
- **GENERAL EDUCATION REQUIREMENTS** (Gavilan, IGETC or CSU pattern), plus sufficient electives to meet a 60 unit total. See pages 47-57.

To receive a CERTIFICATE OF ACHIEVEMENT complete:
- **CORE COURSES** (listed above).
- **ADDITIONAL REQUIREMENTS** listed below.

**CORE COURSES:** .......................... 12 units

**ADDITIONAL REQUIREMENTS:**
- CGD 6  Advanced Technical Computer Graphics ............... 3-4 units

Choose one:
- CGD 30  Introduction to Environmental Design  (3 units)
- CGD 160  Technical Desktop Publishing/Graphics  (3 units)
- CSIS 45  C++ Programming I  (4 units)

Total Units for Required: 18-20 UNITS

This option supports students seeking careers in technical design. Graduates with this degree/certificate produce electronic portfolios that show the ability to design and develop real and virtual world products that are cost effective and functional. Demonstrating knowledge of technical design practices and specialized computer graphics skills helps graduates transfer to universities and obtain entry level technician positions in precision manufacturing, computer aided drafting, and related technical design fields.

**Program Learning Outcomes:** After completing this degree/certificate the student will be able to:
- describe specialized skills for entry and success in desired technical graphics career and prepare samples of work that demonstrate entry level proficiencies.
- use design problem solving to propose an aesthetically pleasing design that satisfactorily addresses clients' needs.
- apply design principles and color theory when developing presentations.
- design and present consumer products using 3D graphic models and multimedia applications (audio, video, graphics and text.)
- develop an electronic portfolio to present to potential clients/employers.

---

**NOTE:** A course may be used to satisfy both general education and major courses. See "Double Counting Rule" on page 41.
Computer Graphics for Environmental Design Option*

A.S. Degree or Certificate of Achievement

This option supports students seeking careers in environmental design fields. Demonstrating knowledge of sustainable design practices and specialized computer graphics skills helps graduates transfer to universities and obtain entry level technician positions in human environment design fields such as architecture (including interior and landscape design), environmental planning, construction management, civil engineering and animation within human environments. Graduates with this degree/certificate produce electronic portfolios that include animated models of rendered facilities and LEED (“green”) design features within a set of industry standard construction documents generated using AutoCAD and/or other computer aided drafting software.

To receive an ASSOCIATE’S DEGREE complete:
- CORE COURSES (listed on page 96).
- ADDITIONAL REQUIREMENTS listed below.
- GENERAL EDUCATION REQUIREMENTS (Gavilan, IGETC or CSU pattern), plus sufficient electives to meet a 60 unit total. See pages 47-57.

### CORE COURSES:

- CGD 30 Introduction to Environmental Design

### ADDITIONAL REQUIREMENTS:

Choose one:
- CGD 160 Technical Desktop Publishing/Graphics (3 units)
- CSIS/DM 75 Photoshop I - Adobe PhotoShop (3 units)
- ART/CSIS/DM 76 Digital Illustration (3 units)
- ART 2A Two-Dimensional Design (3 units)
- ART 3A Drawing and Composition (3 units)
- ART 13 Three-Dimensional Design (3 units)

Total Units for Required: 18 UNITS

* This degree and certificate option is pending Chancellor’s Office approval. Please see a Gavilan counselor or check the college website for current status. Refer to page 64.

Program Learning Outcomes: After completing this degree, or certificate a student will be able to:

- describe specialized skills for entry and success in desired environmental career and prepare samples of work that demonstrate entry level proficiencies.
- use design problem solving to propose an aesthetically pleasing sustainable environment that satisfactorily addresses clients needs.
- apply design principles and color theory when developing presentations.
- design environments that that demonstrate knowledge of human factors and ergonomic principles.
- develop an electronic portfolio to present to potential clients/employers.
- specify materials that are cost effective and environmentally sound.
- prepare drawings that are consistent with architectural standards.

NOTE: A course may be used to satisfy both general education and major courses. See “Double Counting Rule” on page 41.
Technical Desktop Publishing and Graphics Option*

A.S Degree or Certificate of Achievement

To receive an ASSOCIATE'S DEGREE complete:

- CORE COURSES (listed on page 96).
- ADDITIONAL REQUIREMENTS listed below.
- GENERAL EDUCATION REQUIREMENTS (Gavilan, IGETC or CSU pattern), plus sufficient electives to meet a 60 unit total. See pages 47-57.

To receive a CERTIFICATE OF ACHIEVEMENT complete:

- CORE COURSES (listed on page 96).
- ADDITIONAL REQUIREMENTS listed below.

CORE COURSES: ................................................................. 12 units

ADDITIONAL REQUIREMENTS:

CGD 160  Technical Desktop Publishing/Graphics .......................... 3 units

Choose one:

Total Units for Required: ........................................... 18 UNITS

NOTE: A course may be used to satisfy both general education and major courses. See "Double Counting Rule" on page 41.

* This degree and certificate option is pending Chancellor's Office approval. Please see a Gavilan counselor or check the college website for current status. Refer to page 64.

This option supports students seeking careers in technical desktop publishing. Graduates with this degree/certificate produce electronic portfolios that show the ability to integrate typography, design and color theory to effectively present work customized for the target audience. Demonstrating knowledge of design and color theory and creative problem solving prepares graduates for transfer to universities and for entry level positions in technical publishing and related fields.

Program Learning Outcomes: After completing this degree/certificate the student will be able to:

- Describe specialized skills for entry and success in desired desktop publishing career and prepare samples of work that demonstrate entry level proficiencies.
- Use design problem solving to propose an aesthetically pleasing design that satisfactorily addresses clients needs.
- Apply design principles and color theory when developing presentations
- Thoughtfully use typography to create attractive, readable text.
- Develop an electronic portfolio to present to potential clients/employers that integrates typography, design and color theories to showcase work samples.
