As members of the Gavilan College community, we value the worth and dignity of every person, the pursuit of truth, devotion to excellence, acquisition of knowledge, and the nurture of democratic citizenship. We strive to maintain these ideals in an environment of inclusiveness and mutual respect.

The Principles of Community provide the foundation which creates this environment. The expectation is that we maintain the highest ethical standards in order to establish an atmosphere of civility, honesty, cooperation, professionalism and fairness.

Gavilan College aspires to be:

**Diverse**  We embrace and celebrate diversity in all its forms (the heritage, achievements, uniqueness, and contributions of all our members) and seek to uphold an inclusive, open and enlightened community.

**Open**  We believe free exchange of ideas requires mutual respect, trust and consideration for our differences.

**Purposeful**  We are a community that maintains a shared commitment to service to society and advancement of knowledge through innovative teaching and learning.

**Just**  We are committed to respect for individual dignity and equitable access to resources, recognition and security.

These Principles of Community, reflected in Board Policy 2715, guide the institution’s actions. They provide guidelines to follow and are to be considered a living document. Adherence to the Principles of Community is the professional responsibility of all staff. Behavior that is in conflict with the principles will be subject to administrative review. Ultimately, Gavilan College is dedicated to fulfilling its mission with compassion, caring and understanding, while respecting all individuals.

**Mission**

Gavilan College cultivates learning and personal growth in students of all backgrounds and abilities through innovative practices in both traditional and emerging learning environments; transfer pathways, career and technical education, developmental education, and support services prepare students for success in a dynamic and multicultural world.

**Visionary Educational Values and Goals**

- A college environment and social climate characterized by inclusiveness and mutual respect for all of our students, staff and community.
- Excellence in and promotion of comprehensive programs, services and activities.
- Partnerships that support the educational, economic and social development of the college and the communities we serve.

**Goals**

- To be known for educational excellence.
- To increase accessibility.
- To lead in the application of appropriate educational technology.
- To demonstrate involved and responsive community leadership.
- To encourage innovative instruction.
- To promote a harmonious learning and working environment.
Philosophy

Gavilan College is committed to educational excellence. The college aspires to be an exemplary, student-centered community college through leadership, planning, and a commitment to ongoing improvement. Its services and programs are designed to instill the values of critical thinking, life-long learning, cultural understanding, and community service. Gavilan's quality of service to students is closely bound to the quality of the college staff.

Gavilan College strives to accomplish its mission with creativity and innovation and with a proactive, accessible and sensitive presence in the diverse communities it serves. The college is dedicated to fulfill its mission with compassion, caring and understanding and holds, in high regard, the respect and worth of all individuals.

Purpose

Gavilan College offers a wide range of services, including programs of community education, study in the liberal arts and sciences, and study in the pre-professional, business, vocational, and technical fields. To support student success, we offer services that strengthen and augment the learning environment. Courses and programs of study are offered days, evenings, weekends, and online. All offerings are designed to assist students in meeting their educational and life goals.

Background

Gavilan College's course of studies includes a lower division program that prepares students for transfer to a four-year college or university. Gavilan College also offers a variety of one and two-year technical and occupational and pre-professional courses of study that lead to employment. Over 100 options for Associates Degrees and Certificates are offered.

The curriculum is designed to meet the needs of a diverse student body that includes recent high school graduates seeking to transfer to universities, students returning for skills or career credentials, and students needing English language and basic skills acquisition.

Currently, more than 6,000 day, evening and online students are enrolled at Gavilan College, and approximately 800 degrees and certificates are awarded annually. The communities served by Gavilan College have experienced rapid growth in recent years, which has brought both economic and structural change to the region. The district is divided into distinct sub-regions. The northern region (South San Jose and Morgan Hill) is more technical and industrial, and demographically higher income. The southern part of the district, in San Benito County, is largely agricultural. The center of the district, Gilroy, has seen rapid growth in residential construction and a booming retail economy providing large numbers of service jobs. The high price of real estate in the Silicon Valley is also having an impact on the district. As families have looked southward for affordable housing while remaining employed in Santa Clara County, large numbers of district residents commute long distances for work.

A seven-member Board of Trustees governs the Gavilan Joint Community College District. Voters within the district elect each trustee for a four-year term. Board meetings are held monthly and are open to the public. The administrative structure of the college operates under the direction and oversight of the college president, who oversees vice presidents that carry responsibility for administrative, instructional and student services. Deans and directors provide direct oversight for the tasks related to college operations.

Every aspect of the 150-acre Gavilan College campus has been planned to emphasize the student-centered philosophy adopted by the Board of Trustees and the college staff. The main campus is located south of Gilroy against the hills that form the western boundary of the Santa Clara Valley. Buildings have been designed to complement the natural environment, and constructed to serve the needs and interests of college students and are equipped with the most recently developed aids to enhance teaching and learning.

Many live oaks native to the area have been preserved, and a series of ponds and waterfalls has been developed to emphasize a pleasant, tranquil setting. An arboretum includes placards identifying many of the tree species on campus.

Off-Campus Sites

Gavilan College has off-campus satellite instructional sites at the Briggs building in Hollister and at the Morgan Hill Community and Cultural Center. In addition selected credit classes are offered at local high schools, and noncredit classes are offered at community locations.

Accreditation

Gavilan College is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges (WASC), which is listed by the United States Commissioner of Education as a nationally recognized accrediting agency. The college program is approved for veterans' training. Students who attend Gavilan College can receive full credit in major colleges and universities throughout the United States for appropriate courses completed with a grade of “C” or better.

A Student Rights, Responsibilities and Academic Standards Handbook provides a quick reference to many student policies and procedures. It is available at the office of the Vice President of Student Services, the Counseling Secretary’s Office, the Morgan Hill and Hollister satellite locations and on the web at www.gavilan.edu/handbook/

Policies and procedures are subject to Board review and may change without notice. Students are invited to review current policies and procedures by visiting the Gavilan College website at www.gavilan.edu.

Revision of Administrative Regulations

Any regulation issued by the administration of the college has the same force as those printed in the catalog and shall supersede, after notice has been given, any ruling on the same subject which may appear in the printed catalog or other official bulletins of the college.

AIDS/HIV

The Gavilan Joint Community College District is committed to providing a safe as well as fair, sensitive and nondiscriminatory environment that is in compliance with Federal, State and local restrictions. The Gavilan Joint Community College District treats all employees and students equally without regard to their HIV-antibody status or the presence of AIDS disease. An individual with AIDS, or who tests positive for the HIV antibody, will not be denied employment or enrollment for instruction in the district as long as he/she is able to perform in accordance with the respective standards of each position. The District will not deny a person who has AIDS, or tests positive for the HIV antibody, any benefits to which he/she is eligible. Persons with AIDS, or who are perceived to have such conditions, are considered protected under state and federal law and shall be provided with accommodations necessary to meet their disability-related needs. A student with AIDS may be served through state-funded Disability Resource Center if the condition imposes functional limitations that impede access to the educational process. The medical records of a student are confidential and such information may not be related without the written consent of the individual, except as provided by law.

There is no medical necessity to advise co-workers or students of the presence of a person with AIDS or a positive HIV-antibody test. Persons with AIDS or a positive HIV-antibody test result shall not be denied equal access to student unions, cultural or athletic events, dining areas, gymnasium, swimming pools, recreation facilities, or other common areas. Persons with AIDS or a positive HIV-antibody test result shall be given referrals to appropriate medical care and counseling.

The Gavilan College Child Development Center shall follow guidelines developed by the Centers for Disease Control for education and care of children with AIDS or a positive HIV-antibody test result.

The Gavilan College Vice President of Student Services shall move quickly and effectively to deal with any incident of harassment or psychological or physical abuse inflicted on students or employees who may have or are suspected to have AIDS or a positive HIV-antibody test. The coordinator of Student Health Services will serve as a spokesperson to answer questions about its AIDS policies and will be prepared to address the social questions, civil rights issues, and public health considerations. (Personnel, Section 3.03)
Children on Campus  Reference: AP 6800

Gavilan College welcomes children to our campus when they are enrolled in course offerings or are accompanied by a parent, legal guardian, or adult caregiver and under appropriate supervision. Our facilities are open to the public, a situation which might present risks to children. It is the College’s goal to maintain a safe and welcoming environment for both children and adults, according to the following guidelines:

• A child not yet in high school must be under the supervision of an adult who assumes responsibility for him or her unless the child is officially enrolled/participating in a Gavilan course or program.
• Except in situations where young people are officially enrolled/participating, parents, guardians and adult caregivers are responsible for being with children at all times and must monitor all activities and behavior of their children while on campus.
• Any child found unattended will be reported to the Gavilan Security Office and/or the Sheriff’s Department.
• Adult students and employees should plan for childcare as children are not intended to be a part of the classroom learning environment or workplace at Gavilan College.

Computer Use  Reference: BP 3720

Employees and students who use District computers and networks and the information they contain, and related resources have a responsibility not to abuse those resources and to respect the rights of others. Copied Rights Materials  Reference: AP 3720

Decisions regarding discipline of staff will be made in accordance with applicable legal and contractual provisions and procedures.

When a victim of rape or any other sexual assault chooses to go to either the counseling department and/or health services, the strictest of confidentiality will be maintained. If the victim decides to report the incident to the appropriate law enforcement agency, the district will make every effort to ensure that it will be handled in the most private and confidential manner as possible.

If you, or someone you know, has been the victim of sexual assault, notify Campus Security at 408-710-7490. Confidential counseling is available on campus through counseling at 408-848-4723 or Student Health Services at 408-848-4791. Off campus confidential counseling is available at Community Solutions: 408-683-4118; or call the 24-hour crisis line at 1-877-363-7238.

Smoke-Free Campus  Reference: BP 6500, AP 3570

The goal of the Gavilan Joint Community College District is to provide a safe learning and working environment for students and staff. Smoking (including e-cigarettes) is prohibited in all indoor and outdoor locations, with the exception of designated parking lots. Smoking is prohibited in all district vehicles. Tobacco products are not permitted to be sold on campus either through vending machines by non-campus establishments.

“No Smoking” signs shall be conspicuously posted at building entrances and in restrooms, locker rooms, dressing areas, cafeteria and sports facilities. In addition, designated parking lot areas for smoking areas will be clearly marked.

Refer to California Government Code Section 7596. Compliance is the responsibility of each student, faculty and staff and visitors to any of the Gavilan campuses.

Transcripts

Transcripts of a student’s permanent academic record are released only with written authorization of the student. Telephone and email requests are not accepted. The first two copies are free. Additional copies may be ordered for a fee. Transcripts are purchased online.

Vocational English Skills

Limited English language skills will not be a barrier to admission to and participation in vocational education programs.

Withholding Records for Non-Payment of Financial Obligations

Gavilan College may withhold grades, transcripts, diplomas, registration privileges, or any combination thereof, from any student or former student who has been provided with written notice that he or she has failed to pay a proper financial obligation due to the college (e.g., returned checks, book loan payments, outstanding library books, etc.). Any item or items withheld shall be released when the student satisfactorily meets the financial obligation.

Authority of Instructors

Gavilan College instructors have full authority in their classrooms. Every student is expected to attend classes and to satisfy the instructor that the work of the course is being performed in a systematic manner.

Students whose classroom behavior is inappropriate may be removed from the class for the day of the removal and the next class meeting (see Student Discipline Procedures). Any student who refuses to leave a classroom when requested to do so by the instructor or an administrator of the college is subject to disciplinary action.

Students who feel that an instructor’s authority has been misused may seek due process by initiating the Student’s Problem Resolution Process.
Academic Honesty

Reference: Education Code Section 66300, BP 5500, AP5500

Academic honesty depends upon the integrity of the students and faculty. The college itself is defrauded if faculty and/or students knowingly or unwittingly allow dishonest acts to be rewarded academically. It is the faculty’s responsibility to make every reasonable effort to foster honest academic conduct. If the faculty member believes there is evidence of academic dishonesty on the part of a student it is the faculty member’s responsibility to take appropriate action in accordance with these procedures.

Students at Gavilan College have the right to know what constitutes academic honesty at the college and in each course in which they are enrolled.

- Faculty members will apprise their classes of the ethical standards required in their courses and the permissible procedures in class work and examinations.
- A statement referring to this policy as a reference for the class will be presented in the course outline and/or on the individual examinations.
- Students will be informed of the consequences of violating these standards, their rights of appeal, and the procedures to be followed in the appeal.

Academic Honesty Procedures

The purpose of this procedure is to expand, clarify, and set forth clear levels of authority and disciplinary protocols in response to violations of the standards of student conduct, specifically as it relates to academic honesty. These procedures guarantee the student or students involved the due process rights extended to them by state and federal constitutional protections. The procedures will be used in a fair and equitable manner, and not for purposes of retaliation.

Definition of Academic Dishonesty: The act of deliberately exhibiting a set of unacceptable behaviors that defy ethical and scholarship standards. Examples include but are not limited to:

- Purposely allowing a student to copy from another student during a test.
- Giving homework, term paper or other academic work to another student to plagiarize.
- Having one person’s work submitted in another’s name.
- Lying to an instructor or college official to improve a grade.
- Altering graded work after it has been returned, then submitting for re-grading (without knowledge of the instructor).
- Removing test(s) from the classroom or any other place without instructor’s approval.
- Stealing tests or keys to tests.
- Forging signatures on drop/add slips or other college documents.

Definition of Cheating: The act of obtaining or attempting to obtain credit for academic work through any dishonest, deceptive, or fraudulent means. Examples include, but are not limited to:

- Copying, in part or in whole, from another’s test or other evaluation instrument or obtaining answers from another person during a test without the instructor’s approval.
- Submitting work previously presented in another course, if contrary to the written rules of the course.
- Using or consulting, during an examination, sources or materials not specifically authorized by the instructor.
- Intentionally altering, changing, misusing documents or records. Knowingly furnishing false information or generally interfering with grading procedures or instruction of a class.
- Any other act committed by student(s) in the course of academic work, which defrauds or misrepresents, including aiding or abetting, in any of the actions defined above.

Definition of Plagiarism: The act of incorporating the ideas, words, sentences, paragraphs, or parts thereof, or the specific substance of another’s work without giving appropriate credit, and representing the product as one’s own work. An example can include, but is not limited to:

- Representing another’s artistic/scholarly works such as musical compositions, writings, computer programs, photographs, paintings, drawings, scriptures, or similar works as one’s own.

Reporting Procedures

When a Gavilan College faculty member, responsible for a course, has reason to believe, and has evidence to substantiate, that the behavior of a student or students falls within one or both of the above sets of definitions, it is an instructor’s responsibility to take the following steps:

1. Arrange an office conference with the student and at that time advise the student of the allegations and make him or her aware of the supporting evidence and the probable consequences. Any classroom confrontation should be as discreet as possible. If, as a result of this meeting, the instructor believes that the student’s response is insufficient to offset the charge of academic dishonesty to the extent that the student may be excused, the instructor will inform the student of the sanctions to be recommended or assessed in accordance with this policy.

2. At the discretion of the instructor, a written report of the infraction and the sanction taken may be submitted to the Vice President of Instruction with a copy to the appropriate area dean.

3. When a student, who has been informed of an impending conference to discuss the alleged dishonesty, fails to attend, or when the apparent dishonesty is detected near the end
of the semester and the instructor makes a good faith effort to contact the student but is unable to do so, the instructor may impose the recommended sanctions and file a written report to the area dean and Chief Instruction Officer without a conference. In either case, the student's right to appeal is preserved.

**Sanctions**

There shall be two major classifications of sanctions that may be imposed for academic honesty violations: academic and administrative. The imposition of one variety of sanction (Academic or Administrative) will not preclude the addition of the other.

- **Academic sanctions** will be defined as those actions related to coursework and grades. Faculty are responsible for the type of academic sanction to be applied to students involved in incidents of cheating or plagiarism. Usually a form of grade modification will be employed.

- **Administrative sanctions** concern a student’s status on campus and are acted on by the Vice President of Instruction.

**Faculty Discretion:** Cases involving the careless or inept handling of quoted material but falls short of the definitions of the acts of cheating and/or plagiarism as defined in this policy, may be dealt with at the discretion of the faculty member concerned.

**Academic Sanctions:** Before sanctions can be employed, the faculty member must have verified the instance(s) of academic dishonesty by personal observation and/or documentation. In all cases the violation should be reported to the area dean. A student may be:

1. Reprimanded orally. A student may be referred for counseling but cannot be required to seek counseling.
2. Failed in the evaluation instrument (paper or exam).
3. Reduced course grade reflecting the failed instrument.
4. Referred for administrative sanctions. A faculty member may choose to refer a student to the Vice President of Instruction for disciplinary action in lieu of any academic sanction or in addition to the academic action the faculty member has taken.

**Administrative Sanctions:** As stipulated in the California Administrative Code, Sanction 41301, cheating or plagiarism in connection with an academic program at a campus may warrant expulsion, suspension, probation or a lesser sanction. Administrative action involving academic dishonesty at Gavilan is the responsibility of the Vice President of Instruction according to the Standards of Student Conduct (Student Discipline Procedures, AP5520). The Vice President of Instruction will notify faculty members involved when action has been taken.

The Vice President of Instruction will respond to:

1. referrals from the faculty
2. flagrant violations of academic standards; and
3. repeat violations as brought to his/her attention by the faculty or through the student reports filed with the Vice President of Instruction.

**Protection of Rights**

Nothing in this procedure is intended to deny students who come within its scope appropriate “due process”. Students have the right to be informed of the charges, the nature of the evidence supporting the charges, and to have a meeting with the faculty member, Vice President of Instruction, or other decision-makers. Students have the right to appeal any decision resulting from such a meeting.

1. Academic sanctions may be appealed through the Vice President of Instruction in accordance with the Students’ Problem Resolution Process.
2. Administrative sanctions resulting in disciplinary suspension or expulsion can be appealed through the Student Discipline Procedures. (Student Discipline Procedures, AP5520) (Education Code 66017).

**Standards of Student Conduct**

1. Causing, attempting to cause, or threatening to cause physical injury to another person.
2. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a district employee, which is concurred in by the president of the college.

11. Willful misconduct which results in injury or death to a student or to college personnel or which results in cutting, defacing, or other injury to any real or personal property owned by the District or on campus.

12. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of, college personnel.

13. Cheating, plagiarism (including plagiarism in a student publication), or engaging in other academic dishonesty.

15. Unauthorized entry upon or use of college facilities.

16. Lewd, indecent or obscene conduct on District-owned or controlled property, or at District sponsored or supervised functions.

18. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.

19. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporary recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any district policy or administrative procedure.

**Student Discipline Procedures**

*Reference: Education Code Section 66300, 72122, 76030, AP5520*

The purpose of this procedure is to provide a prompt and equitable means to address violations of the Standards of Student Conduct (BP5500). The procedure guarantees the student or students involved the due process rights extended to them by state and federal constitutional protections. The procedure will be used in a fair and equitable manner, and it is not extended to substitute for criminal or civil proceedings that may be initiated by other agencies.

In all disciplinary actions the student will be notified of the nature of the charges against him/her, that he/she is given a fair opportunity to refute them, and that the institution will not be arbitrary in its action.

**Disciplinary Actions and Procedures**

The type of sanction rendered for a violation of the Standards of Conduct shall be determined by the appropriate college officials or committee. Penalties are listed in the degree of severity, but not in chronological administration. They are:

1. **Admonition**: An oral statement to student offender who has violated college rules.

2. **Warning**: Notice to student, oral or in writing, that continuation or repetition of wrongful conduct may be cause for additional disciplinary action. Written warnings may be considered in the event of future violations.

3. **Reprimand**: Written statement of violation of a specified regulation including the possibility of more severe disciplinary action. Reprimands may be considered in the event of future violations.

4. **Disciplinary action**: Exclusion from participation in privileges or extracurricular activities as set forth in the notice of disciplinary action.

5. **Restitution**: Reimbursement by the student for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.

6. **Removal from class**: [Education Code Section 76032] An instructor may remove a student from his/her class when the student has interfered with the instructional process. Duration will be for the day of the removal and the next class meeting.
   - a. Instructors must complete the Student Removal from Class form and submit the form to the area dean.
   - b. The dean shall arrange for a conference between the student and the instructor regarding the removal. If the instructor or the student requests, the dean shall attend the conference.
   - c. The student shall not be returned to the class during the period of the removal without the concurrence of
the instructor. Nothing herein will prevent the dean from recommending further disciplinary procedures in accordance with these procedures based on the facts which led to the removal.

7. **Summary suspension**: A summary suspension is for the purpose of investigation. It is the means of relieving the campus of tension due to serious misconduct, removing a threat for the well-being of students, or removing a student or students whose presence would prevent the continued normal conduct of the college community. Summary suspension is limited to that period of time necessary to ensure that the investigation is accomplished. This summary suspension shall not exceed ten (10) school days.

8. **Disciplinary suspension**: Exclusion from classes and other privileges or activities as set forth in the notice of suspension for definite period of time. Conditions for readmission will be stated in the notice of suspension.
   - A short term suspension is exclusion from one or more classes for a period of up to ten (10) consecutive school days.
   - A long-term suspension is exclusion from one or more classes for the remainder of the school term, or from classes and activities of the college for one or more terms.

9. **Expulsion**: Termination of student status for an indefinite period. The conditions of readmission, if permitted, shall be stated in the notice of expulsion.

**Administrative Corrective Measures for Misconduct**

1. **Immediate interim suspension** [Education Code Section 66017]: The President of the College or designee may order immediate suspension of a student where he or she concludes that immediate suspension is required to protect lives or property and to ensure the maintenance of order. In cases where an immediate interim suspension has been ordered, the time limits contained in these procedures shall not apply. The right to a Disciplinary Appeal Hearing (when a long-term suspension or expulsion is recommended) will be afforded to the student within ten (10) school days of the disciplinary action.

2. **Withdrawal of consent to remain on campus**: The Vice President of Student Services or designee may notify any person for whom there is a reasonable belief that the person has willfully disrupted the orderly operation of the campus that consent to remain on campus has been withdrawn. If the person is on campus at the time, he or she must promptly leave or be escorted off campus. If consent is withdrawn by the Vice President of Student Services a written report must be promptly made to the President of the College. The person from whom consent has been withdrawn may submit a written request for a Disciplinary Appeal Hearing within ten (10) school days of the withdrawal. The hearing will be conducted in accordance with the provisions of this procedure relating to Immediate Interim Suspensions. In no case shall consent to remain on campus be withdrawn for longer than twenty (20) school days from the date upon which consent was initially withdrawn. Any person as to whom consent to remain on campus has been withdrawn who knowingly reenters the campus during the period in which consent has been withdrawn, except to come for a meeting or hearing, is subject to arrest. [Penal Code Section 626.4]

**Disciplinary Appeal Hearing Procedures**

1. **Request for hearing**: Within five (5) school days after receipt of the President's decision regarding a long-term suspension or expulsion, the student may request a formal hearing. The request must be made in writing to the President of the College or designee. Appeals are only heard for long-term suspensions and expulsions.

2. **Schedule of hearing**: The formal hearing shall be held within five (5) school days after a formal request for hearing is received.

3. **Composition of the hearing panel**: The hearing panel for any disciplinary action shall be composed of one administrator, one faculty member, and one student.

4. **Selection of the hearing panel members**: The president of the college, the president of the Academic Senate, and the ASGC president shall each, at the beginning of the academic year, establish a list of at least five (5) persons who will serve on student disciplinary hearing panels. The president of the college shall appoint the hearing panel from the names on these lists. However, no administrator, faculty member or student who has any personal involvement in the matter to be decided, who is a necessary witness, or who could not otherwise act in a neutral manner shall serve on a hearing panel.

5. **Hearing panel chair**: The president of the college shall appoint one member of the panel to serve as the chair. The decision of the hearing panel chair shall be final on all matters relating to the conduct of the hearing unless there is a vote by both other members of the panel to the contrary.

6. **Conduct of the hearing**: The members of the hearing panel shall be provided with a copy of the accusation against the student and any written response provided by the student before the hearing begins. A college representative who shall be the Vice President of Student Services shall present the facts supporting the accusation.
   a. The college representative and the student may call witnesses and introduce oral and written testimony relevant to the issues of the matter.
   b. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted. Unless the hearing panel determines to proceed otherwise, the college representative and the student shall each be permitted to
make an opening statement. Thereafter, the college representative shall make the first presentation, followed by the student. The college representative may present rebuttal evidence after the student completes his or her evidence. The burden shall be on the college representative to prove by substantial evidence that the facts alleged are true.

7. **Representation**: The student may represent him or herself, and may also have the right to be represented by a person of his or her choice. The student shall not be represented by an attorney unless, in the judgment of the hearing panel, complex legal issues are involved. If the student wishes to be represented by an attorney, a request must be presented not less than five (5) school days prior to the date of the hearing. If the student is permitted to be represented by an attorney, the college representative may request legal assistance. The hearing panel may also request legal assistance; any legal advisor provided to the panel may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.

8. **Confidentiality**: Hearings shall be closed and confidential unless the student requests that it be open to the public. Any such request must be made no less than five (5) school days prior to the date of the hearing.
   a. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the panel agree to the contrary.
   b. The hearing shall be recorded by the District either by tape recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. In the event the recording is by tape recording, the hearing panel chair shall, at the beginning of the hearing, ask people present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name. Tape recording shall remain in the custody of the District at all times, unless released to a professional transcribing service. The student may request a copy of the tape recording.
   c. All testimony shall be taken under oath; the oath shall be administered by the hearing panel chair. Written statements of witnesses under penalty of perjury shall not be used unless the witness is unavailable to testify. A witness who refuses to be tape-recorded is not unavailable.

9. **Decision**: Within ten (10) school days following the close of the hearing, the hearing panel shall prepare and send to the president of the college a written decision. The decision shall include specific factual findings regarding the accusation, and shall include specific conclusions regarding whether any specific section of the Standards of Student Conduct were violated. The decision shall also include a specific recommen-

dation regarding the disciplinary action to be imposed, if any. The decision shall be based only on the record of the hearing, and not on matter outside of that record. The record consists of the original accusation, the written response, if any, of the student, and the oral and written evidence produced at the hearing.

### Appeal Process after Hearing Panel Decision

**Long-term suspension.** Within ten (10) school days following receipt of the hearing panel’s recommended decision, the president of the college shall render a final written decision. The president of the college may accept, modify or reject the findings, decisions and recommendations of the hearing panel. If the president of the college modifies or rejects the hearing panel’s decision, the president of the college shall review the record of the hearing, and shall prepare a new written decision, which contains specific factual findings and conclusions. The decision of the president of the college shall be final.

**Expulsion.** Within ten (10) school days following receipt of the hearing panel’s recommended decision, the President of the College shall render a written recommended decision to the Board of Trustees. The president of the college may accept, modify or reject the findings, decisions and recommendations of the hearing panel. If the president of the college modifies or rejects the hearing panel’s decision, he or she shall review the record of the hearing, and shall prepare a new written decision, which contains specific factual findings and conclusions. The decision of the president of the college shall be forwarded to the Board of Trustees.

The Board of Trustees shall consider any recommendation from the president of the college for expulsion at the next regularly scheduled meeting of the Board after receipt of the recommended decision.

- The board shall consider an expulsion recommendation in closed session, unless the student has requested that the matter be considered in a public meeting in accordance with these procedures. (Education Code Section 72122)
- The student shall be notified in writing, by registered or certified mail or by personal service, at least three (3) school days prior to the meeting, of the date, time, and place of the Board’s meeting.
- The student may, within forty-eight hours after receipt of the notice, request that the hearing be held as a public meeting.
- Even if a student has requested that the Board consider an expulsion recommendation in a public meeting, the Board will hold any discussion that might be in conflict with the right to privacy of any student other than the student requesting the public meeting in closed session.
- The board may accept, modify or reject the findings, decisions and recommendations of the President of the College
and/or the hearing panel. If the Board modifies or rejects the decision, the Board shall review the record of the hearing, and shall prepare a new written decision, which contains specific factual findings and conclusions. The decision of the Board shall be final.

The final action of the board on the expulsion shall be taken at a public meeting, and the result of the action shall be a public record of the District.

Students’ Problem Resolution Process

Reference: AP5530

Conflict and miscommunication are, unfortunately, a fact of life. Choosing how we deal with difficult issues becomes a personal choice we all must make.

In the educational environment, there are also times when a student and a college employee (faculty/teacher/instructor, support staff, or administrator) may have a problem or issue which needs some clarification and resolution. Therefore, Gavilan College has a procedure to help students address problems and work on solutions that hopefully benefit all the people involved.

The following process for resolving issues is called THE STUDENTS’ PROBLEM RESOLUTION PROCESS and applies to specific situations on campus.

There are also times when the students’ attempt to resolve problems must follow laws determined by the Federal Office of Civil Rights. These situations include alleged discrimination or harassment around race/ethnicity, sexual harassment, disability, religion, gender, gender identity or expression, color, national origin and age. If you feel you have experienced discrimination based upon any of these actions, you must follow a separate procedure available from the Gavilan College affirmative action officer. Consult with the staff at the office of the Vice President of Administrative Services located in HR 101.

The areas covered by the STUDENTS’ PROBLEM RESOLUTION PROCESS can include an issue with a grade (within Education Code 76224 limitations), poor communication or negative behavior between you and a staff member, etc. We encourage you to speak with a counselor for assistance in clarifying your issues and understanding the correct process to follow.

If your problem is with a faculty member, you need to be aware of the concept and rights surrounding “academic freedom.”

Academic Freedom

It shall be the policy of the college to maintain and encourage full freedom for its faculty, to teach, research and pursue knowledge subject to the applicable provisions of law.

In the exercise of this freedom the faculty member may, as provided in the U.S. and California Constitutions and other applicable laws, discuss his/her own subject or area of competence in the classroom, as well as any other relevant matters, including controversial matters, so long as she/he distinguishes between personal opinions and factual information.

Faculty shall be free from unlawful harassment or from unlawful interference or restrictions based on political views.

Faculty shall be free from any and all forms of electronic or other listening or recording devices, except with his/her express and non-continuing consent, except where allowed otherwise by law.

The Board shall not unlawfully inquire into, nor predicate any adverse action upon a faculty member’s personal, political or organizational activities or preferences.

The Board shall not interfere with a faculty member’s freedom of speech or use of materials in any teaching assignment, except as allowed by law.

The intent is to allow those activities protected by constitutional freedom of speech and other forms of academic freedom protected by the laws of the State of California and the laws of the United States. (From the Gavilan College Faculty Contract, Article VII, Academic Freedom.)

The college also recognizes and understands the hesitation you may feel when considering addressing a problem with an instructor. You may fear that your grade in the class may suffer, you may later need to take another course from this instructor, or that “nothing will change, so why bother?”

Because of these perceptions, you may sometimes think it is not worth trying to clear up a misunderstanding or resolve a conflict. We hope that you do try to resolve any problems, as unresolved issues take energy away from other aspects of your life.

The basic premise of any problem-solving is that you must discuss the problem with the person who is directly involved. Although this is sometimes difficult, it is the best way to resolve a problem.

This PROBLEM RESOLUTION PROCESS also requires this first step.

Preparation for your problem-solving session includes asking yourself the following:

1. What was the specific behavior with which I have a problem?
2. How did this behavior make me feel?
3. What specific actions do I want to see as part of a possible resolution?

Too frequently our emotional reactions to an incident cloud the actual behavior to which we are reacting. These common reactions can also prevent us from clearly stating what we would like to have happen as a resolution.

You can work on identifying the problem alone or work through it with a counselor, staff member or friend. This preliminary thinking should help you present your concerns in a clear and concise manner.
Steps: Students’ Problem Resolution Process:

The purpose of this procedure is to provide a prompt and equitable means to address complaints as applied to and regarding academic, administrative, and instructional matters relating to students, and including, but are not limited to, any complaints dealing with any certificated, classified, or management employee of Gavilan College.

The areas covered by this procedure can include, but is not limited to poor communication, or negative behavior between the student and a college representative. Students with issues regarding grades must be aware of the Education Code Section 76224 (a) which governs grievances relating to course grades. The code states: “When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the students’ grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final”.

This procedure is not appropriate for situations regarding alleged discrimination or harassment around race/ethnicity, sexual harassment, disability, religion, gender, color, national origin, and age (please refer to AP 5530).

This procedure guarantees to the student or students involved the due process rights guaranteed to them by state and federal constitutional protections. This procedure will be used in a fair and equitable manner, and not for purposes of retaliation. It is not intended to substitute for criminal or civil proceedings that may be initiated by other agencies.

**STEP 1** Within ten (10) school days of an incident, a student must meet with the person with whom they have a problem. The student may bring another person of their choice (i.e., staff, friend, student) to the meeting. This person is not to speak for the student, but can provide support and quiet encouragement.

If the student is still dissatisfied, the student must notify the staff person that they will be taking the problem to the next step.

**STEP 2** Within ten (10) school days of Step 1, the student must meet with the department chairperson or supervisor of the person with whom they have the problem. The department chairperson or supervisor can ask the student, the students’ supporter, and the staff member to meet together, or meet separately with the student and the staff person with whom there is a problem. The department chairperson/supervisor can meet with the student again to discuss the problem, review what occurred at the previous meeting (Step 1) and discuss the students’ proposed resolution. The student may bring to the meeting the same person from the first meeting to act as a supporter.

If the student is still dissatisfied, the student will move to Step 3 of the process.

**STEP 3** The student must meet with the dean of the related area within ten (10) school days of Step 2. This meeting will include the student, the department chairperson/supervisor, and the dean of the related area. During this meeting the outcomes of prior discussions will be reviewed and proposed resolutions discussed.

If the student is still dissatisfied, the student will move to Step 4 of the process.

**STEP 4** Within ten (10) school days of Step 3, the student must meet with the Vice President of the area. During this meeting the outcomes of prior discussions will be reviewed and proposed resolutions discussed.

If the student is still dissatisfied, within five (5) school days, the student must notify the Vice President with whom they met in step 4, that a hearing committee review is requested to resolve the issue. This request will be forwarded to the Superintendent/President of the College who, within five (5) school days from receiving the request, will convene a hearing committee at a time to be determined by the college President.

**STEP 5** Within five (5) school days after receiving a request, the Superintendent/President of the College will convene a committee to hear the issue.

This committee will be composed of:

a) A student appointed by the ASB

b) One faculty member from an unrelated discipline appointed by the Faculty Senate

c) One faculty member appointed by the Counseling Department chairperson

d) One member of the classified staff from an unrelated area appointed by the Professional Support Staff President

e) One area Dean or vice president from an unrelated area appointed by the college Superintendent/President

f) The department chairperson or supervisor from the area involved.

The Hearing Committee will conduct the hearing in private. They will call the student or related personnel if they think it will help resolve the problem. The committee will make recommendations for a win-win resolution and forward these recommendations to all the involved parties and the Superintendent/President of the College.

If either the student or the college staff member is not satisfied with the recommendations of the Hearing Committee, the next step in the process, an appeal, will follow. The student must request an appeal within five (5) school days after the Hearing Committee’s recommendations were received by the student and the related college staff member. If not, the resolution process is closed and there is no appeal.
STEP 6 An appeal may be made to the college Superintendent/President.

This step requires that the student or the other staff member involved write a letter outlining the action taken so far and the hoped-for resolution. The College Superintendent/President will review this letter and the recommendations from the Hearing Committee. She/he will schedule and hold a private meeting with the student to discuss and, hopefully, resolve the problem.

If the student or the staff member does not feel satisfied with the President’s resolution, a final step may be taken.

STEP 7 A written appeal may be made to the college’s Board of Trustees.

The Board must respond in writing within thirty-five (35) school days of receiving the written appeal. This is the last step in the college’s Problem Resolution Process. Decisions at this level are final.

Complaint Process Notice

Most complaints, grievances or disciplinary matters can be resolved at the campus level. This is the quickest and most successful way of resolving issues involving a California Community College (CCC). You are encouraged to work through the campus complaint process FIRST.

Issues that are not resolved at the campus level may be presented:

- to the Accrediting Commission for Community and Junior Colleges (ACCJC) at http://www.accjc.org/complaint-process if your complaint is associated with the institution’s compliance with academic program quality and accrediting standards. ACCJC is the agency that accredits the academic programs of the California Community Colleges.
- to the CCC Chancellor’s Office if your complaint does not concern CCC’s compliance with academic program quality and accrediting standards by completing the web form at http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx.

Nothing in this disclosure should be construed to limit any right that you may have to take civil or criminal legal action to resolve your complaints.
Admission Eligibility

Any high school graduate or individual with a GED or high school proficiency certificate may be admitted to Gavilan College. A person 18 years of age or older who has not received a high school diploma may be admitted to the college to take courses for the purpose of general education or to enroll in specialized vocational programs. You may prepare for transfer to a four-year institution without the high school diploma. All non-high school graduates should request special counseling from the Counseling Department.

High School Students’ Concurrent Enrollment Opportunities Program

Gavilan College may admit as a special part-time student any high school student who can benefit from advanced scholastic or vocational work. Authorization for such attendance is dependent upon recommendation of the student's high school principal and a written permit to attend.

Admitted high school students must maintain their full-time high school status when concurrently enrolled at Gavilan. The college course load shall be determined on an individual basis by the students and their assigned counselors at Gavilan College and their high school in accordance with college policy.

Students will be expected to provide their own texts, instructional supplies and pay fees. All students shall conform to the college’s academic rules, regulations and codes of conduct.

Concurrent enrollment is intended to offer enhanced college-level learning, not to replace learning in the K-12 setting. The process for high school students to enroll at Gavilan has numerous steps and may take a week or more to complete. Plan ahead. You will need to apply, submit your permission forms, and take a placement test (where applicable), prior to registering. You must be in the 11th or 12th grade to register for Gavilan classes, and may enroll in up to 11 units (6 for summer).

Students may not take ESL or Basic Skills courses; only vocational, enrichment, or courses unavailable at your high school are allowed. The college sponsors two unique programs for high school aged students, the High Step Program and the Dr. TJ Owens Early College Academy.
Out-of-State Students

Out-of-state applicants may be admitted to the college on the same basis as California residents except that they will be required to pay tuition prescribed by the Governing Board to cover the costs of instruction. After a student has been present in California for one year and one day and has manifested clear intent to become a California resident, she/he may apply for reclassification as a California resident. State law requires consideration of financial independence for students seeking reclassification. See http://www.gavilan.edu/admit/documents/ResidencyDesc_Appeal-Doc05.2015.pdf online for more information.

International Students

International applicants must submit the following documents to the Admissions and Records Office (by May 15th for the fall semester and by September 15th for the spring) prior to being issued the I-20 to apply for a student visa (F-1):

1. A completed application form with photograph of applicant.
2. A $100 nonrefundable, one-time filing fee.
3. Official transcripts of secondary and post-secondary school work, translated in English and evaluated by an approved agency.
4. Test of English as a Foreign Language (TOEFL) with a minimum score of 550 on the paper-based exam or a computer-based test score of 213 for placement in English 420 or 440 or 79 on the internet-based test.
5. The financial statement indicating that the student has the means to support his or her costs of attendance either from personal, family or governmental sources, plus a bank statement or other proof thereof.
6. A photocopy of the I-20 if issued by another school and F-1 visa.

Health insurance is mandatory and must be purchased from the Student Insurance International Student Plan, available through Gavilan College.

International students cannot be admitted to the certificate or degree programs in Registered Nursing or Cosmetology.

Admission Requirements

Students shall complete the following requirements prior to registration:

1. File an Application for Admission (online at www.gavilan.edu)

Appropriate units and subject content will be applied to major and general education requirements to meet prerequisites or graduation requirements. Courses taken at other California Community Colleges, California State Universities or any University of California will be transferred to Gavilan with the same general education designation as that of the issuing institution.

Students who wish to transfer coursework from foreign institutions must submit official transcripts to a college-approved foreign evaluation service for translation and evaluation.

Coursework from a foreign institution cannot be used for certification to a four-year institution. Students should contact the institution to which they wish to transfer to inquire about the acceptance of foreign coursework.
Residence Requirements

At the time of registration each student is required to furnish a statement of legal residence. Students are qualified to attend Gavilan College if they are:

1. Residents of California.
2. Out-of-state students who meet admission requirements and pay tuition and fees as set by the Gavilan College Board of Trustees.
3. International students who meet the special admission procedures and pay tuition and fees as set by the Gavilan College Board of Trustees.

6. They are apprentices.
7. They are adult aliens who have had permanent U.S. residence (as determined from the date on alien registration card) for more than one year and have been a resident of California for more than one year. Adult aliens who are between 18 and 19 years of age shall have the residency classification determined by considering:
   a. The residence status of their parents while they were under 18, and
   b. Their own residency after becoming 18. The total time (a) plus (b) must be more than one year.

11. They are minor students. They may not by their own act, by the appointment of a guardian, or by release of control by the parent, change residency while either parent is living.
12. They are students who are adult aliens. They shall be entitled to resident classification if they are refugees who have been granted parolee status or indefinite voluntary departure status in accordance with all applicable laws of the United States; provided that they have lived in the state one year. (EC68076)

Non-Resident Classification

For purposes of the non-resident tuition fee, a community college district shall disregard the time during which a student resided outside the state, if:

1. The change of residence to a place outside the state was due to a job transfer and was made at the request of the student’s or parent’s employer in the case of a student who resided with, and was dependent on, the student’s parent, and
2. Such absence from the state was for a period of not more than four years, and
3. At the time of application for admission to a college maintained by the district, the student would qualify as a resident if the period of the student’s absence from the state was disregarded.

A non-resident tuition fee shall not be charged to a student who meets each of the conditions specified in subdivision 1 to 3, inclusive.
All other students shall be classified as non-residents and be required to pay the non-resident tuition at the time of registration. Classifications shall be based on evidence presented in residence questionnaires. Students must further certify these residency statements under oath to an employee of the college who is authorized to receive oaths by the governing Board.

**Fees**

Enrollment fees are subject to change each year. Consult the Schedule of Classes for current information. Payment of all fees is required by the next "Payment Due Date" following registration for classes. Failure to pay by the due date will result in being dropped from all classes.

**Resident Enrollment Fees for Non-Immigrant Students (AB540) (AB2000)**

AB540, required by California law, provides an exemption from payment of non-resident tuition for eligible non-immigrant students. To be eligible, a student must

1. be a high school graduate (or the equivalent)
2. have attended high school in California for 3 years, OR have both attended at least 3 years combined elementary and secondary schools in California, and attained credits earned in California from a California high school equivalent to 3 or more years of full-time high school coursework.

The exemption does not grant residency status and the qualifying student may not be eligible for federal financial aid. Students are eligible for state and local aid including BOG, EOPS, CalGrants, and scholarships. The student must sign an affidavit affirming that he or she has filed or will file an application with INS to legalize his or her immigration status as soon as he or she is eligible to do so. Contact the Admissions and Records Office for more information.

**Refund Policy and Procedure**

Gavilan College shall not issue refunds for courses dropped past the second week of instruction in the fall and spring terms, or beyond the third day of instruction during the summer session.

Short-term courses must be dropped before 10% of the course meeting times have passed. For one- or two-day courses, this date will occur before the start of the course.

Refunds of less than $10 will remain on the student’s account as a credit unless the Admissions and Records Office receives a Request for Refund form from the student. Refund checks are mailed.

**Refunds for Student Body Cards**

Students may select to “opt out” of purchasing an ASB Card when registering for classes in person or online using Self-Service Banner. Anyone requesting an ASB card fee refund must obtain the written approval of the ASB advisor within ten days of registering. Please see the Student Activities Director in SC 161 if you have any questions.

**Self-Service Banner**

Students can access class listings and register using the online registration system, Self-Service Banner. Prior to using Banner, students must get a “G” number, the Gavilan College I.D. number issued once the admission application has been processed, and which grants access to the system.

**Welcome Center**

The Welcome Center provides application and enrollment assistance on a drop-in basis. Located in the Student Center, the Welcome Center is staffed by trained student assistants. Students can also get help using Self-Service Banner and applying for G-Numbers.

Student Success and Support Program

Student Success & Support Program (SSSP) (formerly Matriculation) is a process that enhances student access to the California Community Colleges and promotes and sustains the efforts of credit students to be successful in their educational endeavors. The goals of Student Success & Support Program are to ensure that all students complete their college courses, persist to the next academic term, and achieve their educational objectives through the assistance of the student-direct components of the student success & support program process: admissions, orientation, assessment and testing, counseling, and student follow-up.

Gavilan’s Student Success and Support Program (SSSP) includes:
- Applying for Admission
- Completing Assessment for placement into math and English courses, which may include other multiple measures
- A two-part orientation process (see below), which includes developing an educational plan;
- Follow up with counselors and other services leading to successful completion of the student’s educational goal.
- We also encourage students to apply for Financial Aid and the fee waiver
- Explore Career and Academic possibilities
- Apply for additional programs on campus to support you
- Join campus clubs, student government or other student-led organizations

Orientation

Orientation at Gavilan College is a two-part process

1. First, new students (never attended college before) complete the Kick-Start, which provides the basic information and tools needed to get started at the college. This includes course selection for the new semester or two on an abbreviated educational plan that is reviewed by a counselor and scanned into the student’s electronic record. Students who are not new to college, but new to Gavilan, may also complete an online version of the Kick-Start designed for transfer students.

2. The second portion of the orientation process is completion of the New College Student Seminar (GUID 210), a short-term .5 unit class taken during the first semester of enrollment. This course provides new-to-college students the opportunity to become familiar with Gavilan College, its programs and services, degree options, policies, career and academic program exploration, and much more! Whether you plan on transferring to a four-year university or are on a career path, there are important things to know before you begin your college career. Students who complete orientation know how to complete their educational goal with more confidence and how to avoid making choices that delay their progress. *

** Completion of the two-part Orientation process (Kick-Start+ New College Student Seminar) satisfies one of the three components required by the SSSP mandate to qualify for Enrollment Priority (earlier registration dates). The components needed are: Assessment, Orientation, Educational Plan. This process is required for all new students who have never attended college.

For more information and to register for a Kick-Start session, visit www.gavilan.edu/orientation. Not completing all required SSSP steps will keep you from getting the best registration dates, and earlier registration means have the best access to the more popular courses and class times.

Academic Skills Assessment (Placement Assessment)

Placement assessment ensures that students are enrolled in courses that match their abilities in language and computational skills. Placement scores, together with other indicators of a student’s abilities, are used by counselors to recommend appropriate course placements.

First-time college students are expected to complete the college skills assessment designed to measure their achievement in reading, language usage, and mathematics. This placement assessment is administered in English and is not intended for applicants to the English as a Second Language (ESL) program.

Students must have completed the eighth grade to be eligible for assessment services.
Re-Assessment Sessions:
Students who have taken the placement assessment may re-test one time between 15 and 90 days after the initial assessment. These results are valid for two years. Under special circumstances, additional retest requests may be considered. Students should meet with a counselor and submit a petition for consideration to the Admissions and Records Office.

Ability to Benefit (ATB):
Federal regulations require financial aid students to have a high school diploma, general educational development certificate (GED), or California High School Proficiency (CHSPE) in order to qualify for Pell Grant, Supplemental Educational Opportunity Grant, Federal Work Study, Federal Student Loans, and Cal Grants. Students who do not have a high school diploma, GED or CHSPE AND who enroll in a program of study after July 1, 2012, will no longer be eligible for federal aid under the ATB, CELSA or 6 units of college coursework provisions. Students who enrolled in a Title IV school prior to 7/1/2012 and who do not have a high school diploma, GED, or CHSPE will retain eligibility for Title IV programs with any of the following:
- A passing score on Ability to Benefit Assessment (ATB) or CELSA Assessment.
- Completion of 6 units of degree applicable coursework.

To confirm your eligibility, please contact the Financial Aid Office at (408) 848-4727.

Proctoring
Gavilan College Student Services and the Assessment Office are committed to offering outstanding customer service. We want to be a part of your educational success. The Assessment Office offers test proctoring services for students enrolled in correspondence or online courses at other institutions. There is an hourly fee charged for these services. Contact the Assessment Office for more information.

Counseling and Educational Planning
Prior to registration, counselors are available to meet with students and interpret assessment results, discuss course selection, and assist with the development of the educational plan. An educational plan is an important factor in promoting timely progress toward a student’s completion of certificate, degree, or transfer programs. Students develop an educational plan with a counselor when they first enroll at Gavilan and then meet on a regular basis with their counselor to update their plan and to review progress. Once the plan is created it is available online. Counselors are available to meet with students throughout the year to discuss academic and personal concerns and to refer students to other types of needed assistance.

Priority Registration
New students who have completed college orientation, assessment and developed educational plans; continuing students who have not exceeded 100 units (not including basic English, English as a Second Language and Math); student athletes and students in MESA, PUENTE and TRIO have earlier priority registration dates than students who do not meet these criteria. All students in the groups listed above must be in good academic standing (e.g. NOT on academic or progress dismissal or any probation for 2 consecutive semesters) to qualify for their priority registration timeframe.

Veterans, current and former foster youth and students in CalWORKS, EOPS and the Disability Resource Center will continue to have the highest priorities for registration if they meet the same criteria listed above. If you have questions, please contact the Admissions & Records Office.

Priority Registration Appeals Process:
Students may petition for loss of priority under the following two criteria:

1. Extenuating circumstance: Extenuating circumstance is defined as verified cases of accidents, illnesses or other circumstances beyond the control of the student [58108(k)].
2. Significant Improvement: If loss of priority is due to academic or progress probation/dismissal it may be reinstated through the petition process by demonstrated significant academic improvement for a subsequent term. The minimum standards for significant academic improvement for a subsequent term is defined by 55031, where a student must earn at a minimum a 2.0 grade point average for the term and complete more than 50% of the units attempted for the term.

With two noted exceptions:
- Foster Youth do not lose registration priority.
- Students with verified disabilities may petition the DSPS coordinator to reinstate their priority, if lost, as a disability accommodation.

For more information, go to the Admissions & Records webpage at http://www.gavilan.edu/admit/. To submit an appeal visit the Admissions & Records office.

Exemptions From Student Success Services
All students who are new to college, and those who are new to Gavilan who have not earned 15 units and completed assessment, orientation, and an educational plan at another college, must complete assessment, orientation, and an educational plan at Gavilan in order to qualify for priority enrollment.
**Student Support Programs and Services**

### Basic Skills Program

The Basic Skills program targets students who, based on their assessment test scores, are placed into pre-collegiate, non-transferable levels of English and/or Math courses and provides them with support and services to ensure they have every opportunity to be successful with their academic goals. Studies show that many of these students have little knowledge or experience of how to navigate the academic system or ask for assistance and they often become discouraged and have a higher likelihood of dropping out of college before they have completed the basic level courses.

Students who require these pre-collegiate course(s) are identified and assisted with obtaining appropriate services and resources, on and off campus, that may enable them to become academically successful and on track to achieving their goals. Students are referred to categorical programs on campus such as DRC, EOPS, MESA, Puente and TRIO and those who do not qualify are offered one-on-one counseling services with a designated counselor.

Partnering with English, ESL and Math instructors, in-class workshops on topics such as study skills, time management, math “fear no more” and goal setting provide students with practical tools and strategies to be successful, and individualized counseling and an “early alert” system help to identify and resolve student issues early.

The Basic Skills program strives to empower students and fosters student success and academic goal achievement within a nurturing, non-judgmental, confidence building environment.

### CalWORKs

The Gavilan CalWORKs program coordinates with County CalWORKs programs to assist low income families in becoming self-sufficient through the provision of education, employment and supportive services. Eligible students should be at least 18 years old, have at least one child under the age of 18 years old and be receiving cash assistance from the county in which they live. The support service that CalWORKs provides includes academic, personal and career counseling, textbooks, employment assistance and job placement and liaison with county department of employment and social services. CalWORKs subsidized employment program is available to assist students in gaining valuable work experience within their field of study.

### CARE

The Cooperative Agencies Resources for Education assists single parents who attend or would like to attend Gavilan College. CARE is a joint effort between the Department of Social Services, EOPS and Gavilan College. To be eligible for CARE, a student must be at least 18 years of age, single parent head of household, receiving cash aid from the Department of Social Services and have at least one child under 14 years of age. Services provided include transfer and vocational education and counseling, priority registration, academic tutoring, financial assistance with childcare, transportation, textbooks, supplies and other support services. Students interested in participating in the CARE Program should contact the Gavilan College EOPS Office and meet with a staff member. Spanish-speaking staff are available.

### Career Services

The Career/Transfer Resource Center offers numerous resources to help in making career decisions, plan for college, obtain specialized training or enter an academic or vocational program at Gavilan College. Career-related services are available to currently enrolled students, prospective students, faculty, staff, and community members. The computerized career guidance program, EUREKA, aids in researching occupations, identifying which colleges offer specific majors, and investigating financial aid and scholarships. EUREKA (California Career Information System) contains information on hundreds of occupations, programs of study, financial aid, short-term training, colleges and universities, and scholarships.

### Career/Vocational Planning

A number of assessment inventories are available through enrollment in GUID 1/PSYC 5 (Self-Assessment/Career Development) course.

### Child Development Center/Preschool

The Child Development Center provides care for preschool for children ages two to five for families whose monthly income meets eligibility criteria.

### Counseling Services

Gavilan College provides a staff of full-time professional counselors to assist students in meeting educational, career and life goals by offering guidance courses and workshops in career planning, study skills, general transfer requirements and other topics. Counselors also help students with Transfer Admissions Agreements (TAA’s), and ensuring that students meet their transfer goals in a timely manner. Career counseling is available to enable students to understand their values, interests, and skills and to research a variety of career options. The career planning process also assists students in learning to manage job/life transitions.

Counseling is available to students who are uncertain about their plans for the future, who are experiencing difficulty in making appropriate decisions, or who have any other personal or social
problem which is interfering with their adjustment to college. Personal counseling is available on a short-term basis. Counseling is also available in the DRC, TRIO, MESA, Puente, Athletics, Basic Skills and EOPS/CalWORKs Departments and from the college health nurse when concerns are health-related. In addition, the counselors make appropriate referrals to various community agencies.

Students may seek assistance of any counselor by scheduling an appointment or by dropping in during the day (walk-in services). Students can schedule their own appointment by using the computer system outside the counseling secretary’s office (SC 113) or online at www.gavilan.edu/counseling. Many of the counselors are bilingual (Spanish/English).

Academic Counseling

Four-year universities and Gavilan College A.A./A.S. degrees have many different requirements. Knowing which general education pattern to follow and selecting the correct courses can be accomplished through academic counseling. Counselors help students develop an educational plan early in their college years so that transfer to a four-year university, the completion of a career certificate or degree, or the identification of an educational goal if a student is undecided, can be accomplished in a timely manner. With an educational plan, students are able to register and progress through their program with more independence. Periodic updates of the educational plan with a counselor will keep you on track for graduation. Appointments and drop-in services are available.

Disability Resource Center (DRC)

The Disability Resource Center (DRC) provides a variety of services to equalize educational opportunities for students with temporary or permanent disabilities. Services include: academic, career and vocational counseling, alternate media services, assistive computer technology and training, job training and placement, learning skills evaluation, liaison with the State Department of Rehabilitation, mobility assistance, note-taking, referral services, registration assistance, real-time captioning, sign language interpreting, specialized instruction, support classes, test taking facilitation and vocational preparation.

**Fall 2016 Changes to Board of Governors (BOG) Tuition Waiver**

Community colleges are required to place students on probation, who after attempting at least 12 semester units, either have grade point average (GPA) below 2.0 or receive a "Withdrawal," "Incomplete," or "No Pass" mark on 50% or more of total attempted units. Students who are placed on academic probation for two consecutive semesters lose their priority registration status.

Beginning Fall 2016, students will also lose their BOG Tuition Waiver if they have been on college probation for two consecutive semesters.

Academic and progress standards which go into effective Fall 2016 for BOG eligibility include:

- **ACADEMIC STANDARD: OBTAIN GPA OF 2.0 OR HIGHER**
- **PROGRESS STANDARD: COMPLETE MORE THAN 50% OF COURSEWORK**

If your cumulative GPA falls below 2.0 for two consecutive primary semesters (fall/spring semesters), you may lose eligibility for BOG. Grades which significantly decrease GPA include grades of F (Failing) and D (Passing, Less than Satisfactory).

Receiving "Withdrawal," "Incomplete," or "No Pass" marks on 50% or more of total attempted units may result in loss of BOG eligibility. Any combination over two consecutive fall/spring semesters, of cumulative GPA below 2.0 and/or cumulative course completion less than 51% may result in loss of BOG as well.
NOTIFICATION OF BOG INELIGIBILITY

Gavilan College will notify affected students within 30 days of the end of each term if you placed on either academic (GPA) probation and/or progress (unit completion) probation. Notifications will include information that a second term of probation will result in loss of BOG eligibility. After the second consecutive term of probation, you may lose BOG award at your next registration opportunity.

REGAINING ELIGIBILITY:

Affected students will lose BOG eligibility beginning Fall 2016. There are few ways you can have BOG reinstated:

1. Improve your GPA and/or course completion
2. Successfully appeal regarding extenuating circumstances
3. Not attending Gavilan College for two consecutive fall/spring semesters

The appeals process for extenuating circumstances includes:

a. Verified accidents, illness or other circumstances beyond your control
b. Changes in financial situation
c. Evidence of inability to obtain essential support services
d. Special consideration factors for CalWORKs, EOPS, DRC and veteran students
e. Disability accommodations not received in timely manner

AM I EXEMPT?

Please note that foster youth and former foster youth (age 24 years and younger) are not subject to loss of BOG Fee Waiver under these regulations.

Consumer Information

The Financial Aid website includes comprehensive information regarding disbursement schedules, Satisfactory Academic Progress Policy and Ability to Benefit.

Satisfactory Academic Progress (SAP) Policy: Students who file FAFSA and Dream Application are required to demonstrate academic progress. The complete SAP Policy is available online at www.gavilan.edu/finaid.

Ability to Benefit: Federal regulations require financial aid students to have a high school diploma, general educational development certificate (GED), or California High School Proficiency (CHSPE) in order to qualify for Pell Grant, Supplemental Educational Opportunity Grant, Federal Work Study, Federal Student Loans, and Cal Grants.

Students who do not have a high school diploma, GED or CHSPE AND are enrolling in a program of study after July 1, 2012, will not be eligible for federal aid under the ATB, CELSA or 6 units of college coursework provisions.

Students who enrolled in a Title IV school prior to 7/1/2012 and who do not have a high school diploma, GED, or CHSPE will retain eligibility for Title IV programs with any of the following:

1. Receiving passing score on Ability to Benefit Assessment (ATB) or CELSA Assessment.
2. Earning 6 units of degree applicable coursework.

To confirm your eligibility, please contact the Financial Aid Office at (408) 848-4727.

Veterans' Affairs Education Benefits

Veterans enrolled at Gavilan College may be eligible for educational benefits under the Veterans Administration Educational Benefits Program. Depending on VA chapter, some benefits include a monthly housing allowance. Most, but not all, courses at Gavilan College are approved for payment of VA benefits. Interested veterans and/or eligible dependents are urged to contact the VA Certifying Official at 408-848-4734 or by visiting the Financial Aid Office in Student Center 125, in Administration building.

Registration Priority: The earliest period for course enrollment is offered each semester to any member or former member of U.S. armed forces who is within four years of leaving active duty. For more information, consult a counselor or the VA Certifying Official.

Gavilan College recognizes credit and grants credit to veterans and reservists for service and training completed in armed forces. Gavilan College reports as credit for prior training only those prior units which are applicable to current Gavilan educational goal.

Satisfactory Progress: Federal regulations require that students receiving VA educational benefits (veterans, reservists, dependents) maintain academic progress. Veterans who earn grade point averages below 2.0 for two consecutive semesters at Gavilan College are placed on unsatisfactory progress status and benefits are suspended. To reinstate benefits, students must complete one semester with a GPA of 2.0 or higher.

Health Services

Gavilan College provides a full-time College Health Nurse who provides health services, information and referrals in a quiet, confidential setting for adult students enrolled in credit classes.

Referrals for counseling on and off campus are available. The health fee paid as part of registration fees helps support these services in addition to supporting secondary accident insurance for students.

**Exemptions for the Health Fee**

Pursuant to Education Code Section 76355 (c) the following categories of students are exempted from the health fee required pursuant to subdivision (a):

1. Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.
2. Students who are attending a community college under an approved apprenticeship training program.

**Puente Project - Bridge to Success**

The mission of the Puente Project is to increase the number of educationally underserved students who plan to transfer to four-year colleges and universities, earn degrees and return to the community as leaders and mentors to future generations. Research indicates that Puente students transfer at a high rate and succeed academically. The program is open to all students.

**English Instruction:** Puente students take two consecutive writing classes, English 250 (Practical Writing) and English 1A (Composition). These classes provide a supportive and stimulating environment to build confidence in writing skills through an exploration of the Mexican-American/Latino experience.

**Counseling:** Puente students work closely with their Puente counselor until they graduate, exploring career options, developing an academic educational plan and identifying lifetime goals. Students visit University of California and California State University campuses and attend an annual Puente student transfer conference. All Puente students are also required to enroll in Guidance 6 (Life Skills for Higher Education) and Guidance 1 (Self-Assessment and Career Development).

**Mentors:** Each Puente student is matched with a mentor from the business or professional community. Mentors share their personal, academic and career experiences and provide a window into “real-life” work environments. The network of trained Puente mentors provides many resources for the Puente students, their families, their colleges and their communities.

**Student-to-Student Mediation**

Mediation services provide students with an opportunity to problem-solve together in a safe environment. Trained student mediators will work with two or more students who are in conflict to reach mutually agreeable solutions. Mediation services are free and confidential.

Students wishing to become mediators can register for Introduction to Conflict Resolution (Psychology 6).

To obtain mediation services, contact the Counseling Department at 408-848-4723.

Specially trained student assistants help writers start and strengthen all kinds of class assignments as well as poetry, short stories, song lyrics, business letters and resumes. Enjoy a cup of coffee or tea in the center’s welcoming atmosphere and meet other writers from across the college. The center also offers space for writing discussions, meetings, workshops and study groups. Special events include activities with acclaimed writers from our Visiting Writers and Scholars in Residence programs. We also provide self-directed mini-lessons and writing prompts. Work at your own pace and learn how to get your ideas on paper. Write more powerfully, be creative, enjoy writing, and practice using correct grammar, spelling and punctuation.

The center collaborates with faculty across the curriculum to increase students’ academic success, providing links to assignments and effective research and writing strategies. We offer specially tailored assistant led in-class workshops upon request.
**Associated Students of Gavilan College (ASGC)**

ASGC (Associated Students of Gavilan College) is the official student organization on campus and provides the majority of student input and recommendations on critical campus issues to faculty, staff, administration and the Board of Trustees. The collective voice of students is an important and powerful component in the college’s participatory governance process. The Student Senate is a representative body of students who meet weekly to plan, implement and evaluate college activities and services that meet the needs of Gavilan College students. Any student who meets the requirements of the ASB’s by-laws may become a voting member of the Student Senate. The elected and appointed officers provide a liaison between the students and academic departments and student services. The variety of leadership positions allows for different levels of involvement so that students can balance their academic and extracurricular loads effectively.

The political and practical leadership skills that students develop through the ASB are supplemented through a leadership course offered through the Political Science and Psychology Departments (POLS 27; PSYC 27). The curriculum includes practical skills that are applicable to college-related opportunities and other professional and personal environments. The curriculum is an interdisciplinary approach to contemporary leadership. This is an elective course that is transferrable to the CSU system and meets a GE requirement for the Gavilan College A.A./A.S. degree. Although the UC system does not accept the units for the class, it gives added consideration to those students who have been involved in student government and other college activities. Employers also look favorably upon a student’s involvement in college leadership. There are many reasons to become involved in the ASGC: the skills learned in the academic environment are transferrable to outside involvements; it provides a good way to meet other students with similar interests and it provides a vehicle for activities which often have no other forum.

**ASGC Cards**

The benefits of buying a student body card are many. The revenue supports social and cultural activities on campus in addition to providing the purchaser with discounts at athletic and cultural events and free bluebooks and scantrons (testing supplies) in the bookstore. Your ASB card can be loaded with purchase credit for printing in the Gavilan College computer labs. Many businesses in Gilroy, Morgan Hill and Hollister offer discounts to card holders.
Campus Clubs

A variety of clubs and organizations have been established to provide opportunities for students to participate in scholastic, social, political, cultural and recreational pursuits. Club activities are coordinated and supported through the Student Activities Office. Students are encouraged to start clubs if they have a particular interest not represented currently on campus.

College Colors and Mascot

The official colors of Gavilan College are dark blue, red, and white. The official mascot is the Ram. The name of the current mascot is Rocky T. Ram.

Intercollegiate Athletics

As a member of the California Community College Athletics Association, Gavilan College is proud of its rich tradition in intercollegiate athletics. Competing in the Coast Conference, Gavilan College offers seven (7) intercollegiate athletic programs: basketball, volleyball, and softball for women; and for men: baseball, football, basketball and soccer.

Students wishing to participate in any of the intercollegiate athletic programs must be enrolled in and attending a minimum of 12 units during the season of competition with nine units applying towards a degree program. To be eligible for a second season of competition, students must have passed a minimum of 24 units, have 18 apply towards a degree program, and maintained a cumulative 2.0 grade point average. In addition, all participants must have an official Student Education Plan on file within the office of the Dean of Kinesiology and Athletics prior to the start of the first season.

In addition to meeting the requirements for student-athlete eligibility, all participants must adhere to all rules outlined by Gavilan College, the Coast Conference and the California Community College Athletics Association. Failure to do so may result in forfeiture of eligibility.

Athletic scholarships are not given in California community colleges; however, Gavilan College provides qualified students with financial aid opportunities.

Rho Alpha Mu - Honor Society

Its purpose is to recognize student scholarship, contribute to the social and cultural life of the campus and to provide and promote active involvement with the larger community through voluntary community service activities.

FULL-TIME - Student enrolled in 12 or more semester units.
(4 units for summer session)

NEW TRANSFER STUDENT: A student who has attended a college other than Gavilan

CONTINUING STUDENT: A student who was enrolled at Gavilan College the preceding semester/session.

RETURNING STUDENT: A student who has attended Gavilan College in the past, but was not enrolled during the previous semester/session.

NONRESIDENT STUDENT: A student who has not met California educational resident requirements and must pay nonresident tuition.

INTERNATIONAL STUDENT: A student from another country who has applied to Gavilan College and has been accepted on an F-1 or M-1 (student) visa.

**Definition of a Semester**

An academic year at Gavilan is comprised of two sixteen-week semesters, fall and spring. Classes are also offered during summer and winter intersessions.

**Course Availability**

Every course, course section or class, the average daily attendance of which is to be reported for State aid, wherever offered and maintained by the district, shall be fully open to enrollment by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part VI, Title V of the California Administrative Code, unless specifically exempted by statute.

Gavilan College provides special registration assistance to students with disabilities in compliance with Title V of the California Administrative Code, Section 504 of the Federal Rehabilitation Act and the Americans with Disabilities Act.

**Attendance Standards**

Students at Gavilan College are expected to attend all classes for which they are enrolled.

Students missing one more class hour than the unit value for a particular course without making prior arrangements may, at the instructor’s option, be dropped without possibility of credit.

Students who do not attend the first class session may be dropped from class in order to admit other students desiring to enroll. If it is necessary for a student to miss more than three consecutive class periods, a Leave of Absence Petition Form should be obtained from the Admissions and Records Office.

The petition must be approved by all the student’s instructors and returned to the Admissions and Records Office. Ordinarily, a petition for leave of absence will not be granted for more than two weeks. Prolonged absence, even when excused, may result in grade penalties, since the student is still responsible for course requirements.

**Catalog Rights**

Students who maintain continuous attendance status may, for purposes of meeting graduation requirements, elect to meet the requirements in effect at:

1. The time of entrance to Gavilan College, or
2. The most recent catalog

Developing new course curricula is an ongoing process. After the catalog has been printed, new and revised courses and majors may be available. These changes will be available on the web version of the catalog, as it is a “living document.” Consult with a counselor if your area of study has changed.

Continuous attendance is defined as enrollment in at least one credit course per academic year. An academic year begins during the summer term (Summer-Fall-Spring)

Attendance at another accredited institution of higher learning is not considered an interruption, providing the absence from Gavilan College does not exceed four (4) years.

A student who is absent for at least three (3) consecutive terms, including the summer term, is considered to be a returning student for purposes of "catalog rights" and must follow the graduation requirements in effect at the time he or she returns.
Course Prerequisite

A prerequisite is a measure of readiness for a course or program that a student is required to meet as a condition of enrolling in a course or program. Successful completion (a grade of “C” or better) of the prerequisite is required.

Course prerequisites are developed by faculty members and accepted by the Gavilan College Curriculum Committee with the intent of promoting student success. Courses are individually reviewed to assure that prerequisites are a valid measure of readiness for student success. Criteria used to establish prerequisites include, but are not limited to the following:

1. Most prerequisites are in degree programs within sequential content areas. A course may be established as a prerequisite for another course provided that skills, concepts and/or information taught in the first course are presupposed in the second course;

2. The course for which the prerequisite is required is one in which the student might endanger his or her own health and safety or the health and safety of others if the prerequisite is not met; or

3. A course may be established as a prerequisite for another course because appropriate faculty and the Curriculum Committee have established it as equivalent to the prerequisite established by at least three campuses of the University of California and/or the California State University.

4. Other prerequisite criteria may be developed and utilized by Gavilan College. These are available through the Office of the Vice President of Instruction.

Challenge of Prerequisite

Students who have reason to believe that they have already fulfilled a prerequisite, or that a prerequisite has been improperly established or implemented, may challenge the prerequisite. The student is responsible to provide compelling evidence to substantiate the challenge claim. Challenge forms are available at the Admissions and Records Office and online, and must be completed and returned to the Admissions and Records Office no later than 5 business days prior to the last day to add a class.

The college must respond to a completed challenge submitted by a student within a period of five (5) school days or the challenge is valid. Although the student may register in the class for which the prerequisite is being challenged, if the challenge is denied, the student will be dropped from the class. Academic credit will not be awarded for successfully challenged prerequisites. For further information regarding the prerequisite challenge, contact a counselor.

Course Advisory

An advisory is a measure of readiness for a course or program that is recommended a student meet in order to enroll in a course or program. Successful completion with a “C” or better is strongly recommended.

Course advisories are developed by faculty members and accepted by the Gavilan College Curriculum Committee. These courses are individually reviewed to assure that the advisories assist a student to efficiently and successfully complete the course. The departments and the Curriculum Committee have concluded, after review of content, that the advisory or its equivalent is strongly recommended.

Course Repetition

BP 4225, Title 5, Sections 55040-55045, 58161

Students may repeat courses in which substandard grades (less than “C”) were earned in accordance with Title 5, sections 55040-55045. The limitations on course repetition and the processes for repeating courses are enumerated in administrative procedures.

When course repetition occurs, the permanent academic record shall be annotated in such a manner that all work remains legible, insuring a true and complete academic history.

Under certain circumstances, students may repeat courses in which a “C” or better grade was earned. The special circumstances are defined in administrative procedures.

- Students may repeat courses in which substandard grades (D, F, NC or NP) were awarded.
- Students may repeat twice any course for which a substandard grade (D, F, NC or NP) has been received with the following limitations:

  First Repeat: For the first repeat, student may self-select to
ACADEMIC INFORMATION

repeat a course with a substandard grade without counselor approval.

Second Repeat Request: Upon the second request to repeat a course, the student must meet with a counselor to review the reasons for the previous failures to complete the course with a satisfactory grade (A, B, C, CR or P). The counselor may require that the student receive special services (such as tutoring or assistance in one of the specialized skill labs) as a requirement of repeating the course again. Alternatively, the counselor may recommend enrollment in an earlier course in the course sequence as a condition of repeating the course again. When appropriate, the counselor may recommend that the student attempt an alternate course to satisfy the same educational objective (such as a different course that will satisfy the same general education requirement).

If, in the opinion of the counselor, continued attempts to improve the substandard grade seem warranted, the student will be allowed to repeat the course.

The counselor will sign a “Final Attempt - Course Repetition” form. The student must then file the signed form with the Admissions and Records Office.

Third Repeat Request: Students may petition to repeat a course a third time for which a substandard grade (D, F, NC, NP) has been received if extenuating circumstances exist. Ex- tenuating circumstances include verified cases of accidents, illness or other events beyond the student’s control. The decision to grant these exemptions will be made by the college’s Appeals Committee. Upon completion of a repeated course, the most recent grade earned will be computed in the cumulative grade point average and the student’s academic record so annotated. (BP4225)

Upon completion of a repeated course, the most recent grade earned will be computed in the cumulative grade point average and the student’s academic record so annotated.

If the student believes that s/he has extenuating circumstances that were beyond his or her control on the third attempt of the course and wishes to appeal the repeat limit, s/he must submit a Petition to Appeal Repeat Limit with appropriate documentation and return to the Admissions & Records office. Contact the Admissions & Records office for Appeal Committee meeting dates.

• Students may repeat courses for which a passing grade (A, B, C, CR or P) has been received under the following special circumstances:
  1. Repetition is necessary in order to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. The grade and grade points received each time shall be included for purposes of calculating the student’s grade point average.
  2. The course is a repeatable course, as described in Administrative Procedure, AP 4227.

• The previous grade is the result of extenuating circumstances such as verified cases of accidents, illness or other events beyond the control of the student. A Request to Repeat a Course Under Special Circumstances, signed by a Gavilan counselor, is required. The grade and grade points received shall be included for purposes of calculating the student’s grade point average.

• A significant lapse of time has occurred since the course was taken. A Request to Repeat a Course Under Special Circumstances, signed by a Gavilan counselor, is required. Grades and grade points for courses repeated under this provision shall not be counted in calculating a student’s grade point average.

• The college has established a recency prerequisite. A Request to Repeat a Course Under Special Circumstances, signed by a Gavilan counselor, is required. Grades and grade points for courses repeated under this provision shall not be counted in calculating a student’s grade point average.

Withdrawal Policy

Students may withdraw from a course by logging into Self-Service Banner or in person at the Admission & Records Office or the Hollister or Morgan Hill sites. The following grading practices apply when withdrawing from a course:

• A student who withdraws from a course prior to the end of the seventh day of instruction for a Fall or Spring course, the second day of instruction during a summer course, or the first day of instruction for an intersession or short-term class
A student who withdraws from a course prior to completion of 75% of the class meetings for the course will receive a grade of "W"; thereafter, the grade will be based upon the entire semester's work.

A student may attempt and withdraw from the same course two times and receive a grade of "W." After the second "W" the grade will be based upon the entire semester's work.

A withdrawal may be excluded from the two-time maximum limit in the case of extenuating circumstances such as natural disasters or other circumstances beyond the control of the student, including verified cases of accident or illness. The student must file a petition in writing to the office of Admissions & Records when seeking an extenuating circumstances waiver. Decision to approve a waiver will be made by the Academic and Enrollment Appeals Committee.

Units

**Definition of a Unit**

Units of credit are based upon the Carnegie Unit, which requires a minimum of 3 hours of course-related work per unit of credit each week throughout a 16-week semester.

During a 16-week semester, a typical 3 unit lecture class will meet an average of 3.3 hours per week for classroom instruction and require an additional 6.7 hours per week of outside work (reading, library research, problem-solving, projects, term papers, etc.) for a total of approximately 10 hours of course-related work per week (or 160 total hours for the course). This time requirement increases to 27 hours per week during a 6-week summer session. Units of credit earned in laboratory/activity classes are also based upon the 3 hours per week per unit ratio.

A typical full-time load is approximately 15 units per semester, requiring a minimum of 720 hours of course-related work when class lectures, labs and outside homework are combined. This will vary somewhat, based upon assignments, individual goals and academic ability, but each student is encouraged to budget adequate time for required study.

**Degree Versus Non-Degree Units**

Gavilan College has designated certain courses “non-degree appropriate.” This means that units earned in selected courses will not count toward an associate's degree.

**Semester to Quarter Conversion Formula**

Some colleges and universities operate on a “quarter” calendar of three twelve-week terms; fall, winter and spring. To compute total units for graduation requirements, grade points for the required standards of scholarships, non-resident student regulations, and the college calendar, use the following formulas:

**Semester credit hours to quarter credit hours:** Multiply the number of semester credit hours by one and a half. Example: 15 Semester credits x 1-1/2 = 22.5 quarter credits.

**Quarter credit hours to semester credit hours:** multiply the number of quarter hours by two-thirds. Example: 22.5 quarter credits x 2/3 = 15 semester credits
Grading Options

Courses offered under the pass/no pass (P/NP) grade option are determined by the Gavilan College Board of Trustees as cited in this catalog.

Students receiving the pass (P) grade must have achieved the course objectives equivalent to at least a “C” grade or master the course objectives where mastery is determined by the department in order to receive the units of credit assigned to the course. The grade point average of a student receiving a pass (P) or no pass (NP) grade will not be influenced. A pass/no pass course is not included in consideration for honors such as Dean’s List or President’s Honor Roll.

For some courses, students have the option of selecting a final grade of pass/no pass or a traditional letter grade of “A”, “B”, “C”, etc. Review the course description to determine which courses are designated as having this option.

Before selecting a grading option, consider the following:

• Once the option has been selected, the decision is final and irreversible.

• Students may select the P/NP option in Self-Service Banner prior to the NRS (No Record Shown) date for the course, as published in the Schedule of Classes for that semester.

• If the student opts for a P/NP final grade, the units are not included in the semester GPA but are considered for the purposes of probation and dismissal.

• A P/NP grade is not used in consideration of honors.

• A total of 20 units of P/NP graded units (not including those courses required by the major which are designated P/NP only) may be applied to an associate’s degree or certificate.

• Students should carefully consider the transferability of P/NP units to other institutions. Some universities may not accept any P/NP courses and others limit the amount of P/NP units that will be accepted. Please consult a counselor before selecting the Pass/No Pass option.

Computing Grade Point Average (GPA)

To determine current or cumulative grade point average, divide the total number of grade points earned by the total number of units attempted.

Example:

<table>
<thead>
<tr>
<th>CLASS</th>
<th>UNITS</th>
<th>GRADE/VALUE</th>
<th>GRADE POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT</td>
<td>4</td>
<td>X (A) 4</td>
<td>16 points</td>
</tr>
<tr>
<td>ENGL</td>
<td>3</td>
<td>X (B) 3</td>
<td>9 points</td>
</tr>
</tbody>
</table>

7 units attempted

25 points

Placing values into formula above:

\[
\text{GPA} = \frac{25 \text{ points}}{7 \text{ units attempted}} = 3.57 \text{ GPA}
\]

Pass/No Pass units are not computed in the grade point average.
Non-Traditional Credit

You may be granted nontraditional academic credit (e.g., military service, credit by examination, USAFI, CLEP, AP, etc.) upon proper application and, with the exception of Advanced Placement, the successful completion of 12 credit units at Gavilan College with a cumulative grade point average of no less than 2.0.

University of California does not grant credit for College Level Examination Program (CLEP) exams. CLEP credit WILL NOT be used to certify the Intersegmental General Education Transfer Curriculum. Some California State Universities will grant credit for certain areas and some will not grant credit at all. Transfer students are advised to contact the university they will be attending for specific information regarding CLEP credit.

Credit by Examination (i.e., “Test Out”)

Students who have a cumulative GPA of 2.0 or higher in at least 12 units of college work completed at Gavilan College may petition for credit by examination during any term in which they are enrolled.

1. Students who may qualify for credit by examination are:
   a. Students who have never taken the class for credit.
   b. Students of exceptional ability who have studied on their own.
   c. Students with experiential background who can meet the objectives of the course.

2. Students will pay enrollment fees for the challenged class. An additional fee may be incurred if a specialized location and/or materials are required to conduct the examination. The exact fee will be based upon the actual costs of providing the exam.

3. Applications for Credit by Examination are available from the Admissions and Records Office and require the signature of the appropriate instructor, department chairperson, and appropriate dean.

4. A copy of the graded challenge examination will be submitted to the appropriate dean’s office. The type of examination is to be determined by the instructor and the department chairperson in concert with the appropriate dean.

5. The final grade will be submitted to the Admissions and Records Office for posting on the student’s transcript.

6. Students desiring to take the Challenge Examination who, due to extenuating circumstances, do not meet the above qualifications may submit a written appeal for waiver to the appropriate dean.
Procedures for Credit by Examination - Nursing Program

Students will receive the following orientation regarding Credit by Examination:

1. All nursing program students will sign a statement that they have been made aware of the college policies on Credit by Examination.

2. Students challenging a nursing course must be eligible for the course and must have met all program entry prerequisites, including admission procedures for the nursing program.

3. The college reserves the right to deny challenge to any specific course.

International Baccalaureate (IB)

A score of 5, 6, or 7 on Higher Level exams is required to grant credit for IGETC certification. An acceptable IB score for IGETC equates to either 3 semester or 4 quarter units for certification purposes.

Students who have earned credit from an IB exam should not take a comparable college course because transfer credit will not be granted for both.

* IB exam may be used in either area regardless of where the certifying CCC’s discipline is located.

Advanced Placement (AP)

Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU GE and A.A. general education (GE) and/or major requirements. Students must have the College Board send AP exam results to the Admissions Office (hand carried copies will not be accepted) for use on the A.A. or GE patterns.

Gavilan College grants up to six semester units of transfer credit for each College Entrance Examination Board (CEEB) Advanced Placement (AP) Test on which a student receives a score of 3 or higher. The AP results must be submitted to the Office of Admissions and Records with a request for evaluation. Students receiving a score of 3, 4 or 5 on the Math and English AP exams will be exempt from the placement assessment test. AP units will not apply toward financial aid, nor can they be used to satisfy the residency unit requirement.

Advanced Placement credit will be awarded as follows:

**AA:** Students should be aware that AP test credit is evaluated by corresponding it to an equivalent Gavilan College course, e.g. History 1. A student who receives AP credit and then takes the equivalent Gavilan College course will have the unit credit for such duplication deducted prior to being awarded the A.A. degree. Credit by Advanced Placement exam is noted and listed first on a student’s transcript, with units assigned and no grade.

Course credit and units granted at Gavilan College may differ from course credit and units granted by a transfer institution.

**CSU GE:** The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breath requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breath area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breath requirements.

**IGETC:** AP exams must be used in area indicated regardless of where the certifying CCC’s discipline is located.

Advanced Placement exams in Biology, Chemistry or Physics B allow California Community College campuses to apply 4 semester or quarter units. For Environmental Science, Physics C: Mechanics and Physics C: Electricity/Magnetism, 3 semester or 4 quarter units are applied for IGETC certification. Therefore, students who complete these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for area 5.

Academic Standards

Dean’s List

Special recognition is accorded students who maintain a 3.0 (B) grade point average during any semester in which they accumulate at least 12 graded (A, B, C, D, F) units at Gavilan College. Dean's List achievement shall be noted on the student's transcript.

President's Honor Roll

Special recognition is accorded to students who earn a 3.5 or higher grade point average during any semester in which they accumulate at least 15 graded units (A, B, C, D, F) at Gavilan College. President's Honor Roll achievement shall be noted on the student's transcript, and additional special recognition shall be given.

Standards for Probation

Academic Probation: A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on academic probation if the student has earned an accumulated grade point average below 2.0.

Progress Probation: A student who has enrolled in a total of at least 12 semester units as shown by the official academic records shall be placed on progress probation when “W,” “I,” “NC” and “NP” recorded entries reach or exceed fifty percent (50%) of all units in which a student has enrolled.

Removal from Probation: A student who is on academic probation for a grade point deficiency shall be removed from probation when the student's accumulated grade point average is 2.0 or higher.

A student on progress probation because of an excess of units for which entries of “W,” “I,” “NC” and “NP” are recorded shall be removed from probation when the percentage of units in this category drops below fifty percent (50%).

Standards for Dismissal

A student who is on academic probation shall be subject to dismissal from the college if the student earned a cumulative grade point average of less than 2.0 in each of three consecutive semesters.

A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled for which entries of “W,” “I,” “NC” and “NP” are recorded in at least three consecutive semesters reaches or exceeds fifty percent (50%).

A student who has been dismissed may petition for reinstatement with a written petition. The petition will be reviewed by a counselor. A decision can include continued enrollment, continued enrollment with a reduced unit load for a predetermined period or dismissal from the college for a predetermined period of time. Petitions are available from the counselors and the Admissions and Records Office.

A student deficient in grade points who transfers to Gavilan College from another college will be admitted on probationary status and allowed to remain as long as a 2.0 or higher grade point average is maintained.

Academic Renewal

In accordance with state guidelines, academic renewal may be accomplished in one of two ways:

1. Repeat a course graded “D”, “F”, “NC” or “NP”. The grade and units of the first attempt will remain on the student's permanent record but will be annotated to show that they are no longer computed in the grade point average.

2. Petition for renewal of a maximum of three terms of substandard course work which is not reflective of the student's demonstrated ability. To be eligible for renewal, the following criteria must be met:
   a. A period of two years has elapsed between the time of the petition and the date of the course work to be renewed.
   b. Subsequent to the semester being renewed, the student must complete either:
      • 30 or more units with a grade point average of 2.0 or
      • 24 units with a grade point average of 2.5 or
      • 18 units with a grade point average of 3.0

No grade or course will be removed from the student's permanent record. However, the record will be annotated to show that the coursework for that term is not computed in the grade point average. Subject completion, but not unit value, will be allowed for any course completed satisfactorily in the term(s) to be renewed for the purpose of satisfying requirements for a certificate or degree. (All work, including the semester(s) for which academic renewal has been granted, will be computed in determining honors (3.50) at graduation.)

Cooperative Work Experience

The Cooperative Work Experience Program provides an opportunity for the application and integration of specific knowledge and skills to current work place practices.

Cooperative internships emphasize the development of individualized performance objectives. Insights obtained in an actual occupational internship and the experience obtained from business and industry result in skills that are essential to fast track career futures.

A student may earn from 1 to 16 units which may be accepted in
certain vocational programs as electives and as elective transfer credit by four-year colleges and universities. Students should consult with counselors for specific transferability guidelines. Students must have a volunteer or paid job and a "C" grade point average to enroll.

Distance Learning Program

Distance learning refers to instruction delivered through technology to students at a distance from their instructors. All distance learning courses are academically equivalent to traditional classroom instruction. They are not easier, as some students think. In fact, they may be more difficult, if we consider the amount of technical ability needed, plus the self-discipline needed to keep current.

Methods of instruction include:
- Online classes, using a computer with an individual email account and access to the internet. Class meetings and the majority of coursework are done primarily online. However, one or more optional on-campus meetings may be held. Online courses require students to have an email account. Please go to www.gavilan.edu/disted for instructions on how to obtain an email account prior to registering for an online course.
- Hybrid courses are a mix of online meetings plus face-to-face meetings.

Supplemental resources and assignments, varies per instructor, not offered in every course.

In-person orientations to online learning are held at the beginning of every semester. An online version of the Orientation to online learning is also available as a non-credit course, listed as LIB 732. For general help with online classes, go to http://www.gavilan.edu/disted.

Study Abroad Programs

Gavilan College will be offering students the opportunity for worldwide learning experiences through various travel and study programs. These programs may be offered during summer sessions or the regular fall or spring semesters.

Gavilan has previously offered programs that have included travel and study in Mexico, England, Spain and other countries.

For a current list of course opportunities, see the class schedule or the college website at www.gavilan.edu or contact the Office of the Vice President of Instruction at 408-848-4761.

South Bay Regional Public Safety Training Consortium

As a member of the South Bay Regional Public Safety Training Consortium, Gavilan College offers courses for students who are interested in Correctional Officer, Law Enforcement, Reserve Police Officer, Dispatcher, Fire Technology, Probation Officer, or Juvenile Hall Counselor careers. The Consortium is funded by all colleges regionally to provide vocational specific training which may require special facilities, special training conditions or is presented outside of the regular schedule of college classes.

The application and registration process is completed at the South Bay Regional Public Safety Training Consortium Center located in south San Jose. Although open to the public, the majority of these courses are intended to serve those who are already employed. If you have questions about these courses, or if you would like information about a career in any of these programs, please call 408-270-6458 or visit the webpage at www.theacademy.ca.gov.
General Education

Gavilan's general education (GE) requirements introduce students to a variety of disciplines through which they comprehend and interact with the modern world. The GE requirements are central both to the college's mission and to its associate degrees.

Completion of the GE requirements will develop students’ abilities to think and communicate clearly, both orally and in writing; to use mathematics and employ the scientific method; to understand the modes of inquiry in major disciplines; to be aware of other cultures and other eras; to apply critical thinking to ethical and social issues; and to develop the capacity for self understanding and improvement. The student will also develop a depth of knowledge in a specific field of interest. In completing the requirements, students will come to understand basic principles, concepts and methodologies that may be unique to a specific discipline or universal in the quest for knowledge.

Additional Associate Degrees

An Associate of Arts or an Associate of Science degree will be awarded to those currently possessing an associate degree provided:

1. the second degree major includes a minimum of 18 new units,
2. courses used to satisfy major requirements for the previous degree(s) are not used to satisfy any of the new 18 major units, and
3. the student completes the last 12 units or has completed a total of 48 units at Gavilan College.

For continuing students, the general education and major requirements for the additional degree are those listed in the college catalog for the academic year in which the student first takes courses for the first degree or any subsequent catalog thereafter.

Continuous attendance is defined as enrollment in at least one regularly transcripted course per year, including summer.

For returning students, the requirements are those listed in the college catalog for the year in which the student returns or any subsequent catalog thereafter.

Double Counting Rule

Reference: Title V, Section 55063 C

While a course might satisfy more than one general education requirement, it may not be counted more than once for these purposes. A course may be used to satisfy both a general education requirement and a major or area of emphasis requirement. Whether it may be counted again for a different degree requirement is a matter for each college to determine. Students may use the same course to meet a general education requirement for the associate degree and to partially satisfy a general education requirement at the California State University, if such course is accepted by that system to satisfy a general education requirement.

Gavilan College Graduation Requirements

An associate degree (A.A. or A.S.) at Gavilan College can be achieved by completing a combination of general education courses and a specific major selected from the Gavilan Catalog. A minimum of 60 degree-applicable units (courses numbered 1-299) are required to earn a degree at Gavilan College.

To be eligible for graduation a student must:

1. Complete a minimum of 60 overall units, to include major course requirements, general education, and electives when necessary to add up to 60 total units. A student may select any of the options below to satisfy the general education requirements:
   - Option A: Gavilan College A.A./A.S. General Education Pattern.

Bacalaureate Degree Graduates

Gavilan College will accept the general education used to complete a Baccalaureate degree to satisfy the General Education requirements for an Associate degree at Gavilan College, under the following parameters:

1. The student has been granted a baccalaureate degree from a regionally accredited university in the United States.
2. The student presents official transcripts that verify completion of the baccalaureate degree.
3. The cumulative grade point average of the university work must be 2.00 or better.
4. Major courses required for the desired Gavilan College degree must be completed at Gavilan College with a grade of “C” or better in each course.
5. All Gavilan residency and graduation requirements, including math and English requirements in effect at the time of graduation, must be satisfied.
**Associate Degrees for Transfer: ADT**

Beginning in Fall 2011, community colleges were required by Senate Bill (SB) 1440 and California Education Code section 66746(a) to develop and offer “associate degrees for transfer” that require students to meet both of the following requirements:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
  - A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- Attainment of a minimum grade point average of 2.0.

ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A “P” (Pass) grade is an acceptable grade for courses in the major.

In addition, Education Code section 66746 subdivision (b) prohibits a community college district from imposing any additional course requirements, in addition to these requirements, for a student to be eligible for the associate degree for transfer, and subdivision (e) prohibits allowing remedial non-collegiate level coursework to be counted toward the units required for the associate degree for transfer (A.A.-T or A.S.-T). Title 5, section 55002(b), describes such courses as “nondegree-applicable credit courses.”

The benefit for students completing these associate degrees for transfer is that the CSU system is required by Education Code section 66747 to “guarantee admission with junior status to any community college student who meets all requirements” for the associate degree for transfer.

CSU is required to grant priority admission for a student with this associate degree “to his or her local [CSU] campus and to a program or major that is similar to his or her community college major or area of emphasis, as determined by the [CSU] campus to which the student is admitted.” In addition, “a student admitted under this article shall receive priority over all other community college transfer students, excluding community college students who have entered into a transfer agreement between a community college and the California State University prior to the fall term of the 2012/13 academic years.”

When an associate degree for transfer is approved by the CCC Chancellor’s Office, the CSU Chancellor’s Office is notified so that the approved associate degree and its similar CSU baccalaureate degrees may be identified. These data are used to identify eligible students who apply to the CSU for admission. The ultimate advantage for students completing these associate degrees is that the associate degree may not require more than 60 semester (or 90 quarter) units; and after transferring into the appropriate program at the CSU, the baccalaureate degree may not require more than 60 additional semester units, for a total of 120 semester (or 180 quarter) units required for the baccalaureate degree (pursuant to Education Code section 66748). Section 66748(b) allows an exception for the maximum units required at the CSU when the Chancellors of the CSU and the CCC systems, and their respective Academic Senates, specify high-unit majors that require more than 120 semester (or 180 quarter) units for the baccalaureate degree. The CSU is prohibited by Education Code section 66748(c) from requiring a transferring student with this associate degree to repeat courses that are similar to those taken at the community college that counted toward the associate degree for transfer.

The designators for the Associate in Arts for Transfer (A.A.-T) and the Associate in Science for Transfer (A.S.-T) degrees have been established by the ASCCC and are reserved only for associate degrees that meet all requirements of SB 1440 and Education Code section 66746.

**General Education Reciprocity Agreement**

The Gavilan Community College District has entered into a mutual agreement with seven other community Colleges to accept the general education of these colleges.

The participating colleges are:

Chabot College (Hayward), De Anza College (Cupertino), Evergreen Valley College (San Jose), Foothill College (Los Altos Hills), Gavilan College (Gilroy), Las Positas (Livermore), Mission College (San Jose), Ohlone College (Fremont), San Jose City College (San Jose), West Valley College (Saratoga)

Only the colleges listed above participate in this agreement and these agreements are subject to change. Check with a counselor.

Students who obtain a Certification of Completion of Associate Degree General Education or complete an associate degree at any of the participating colleges will have both their general education course work and graduation proficiencies accepted as completed at any one of the participating campuses. No additional general education course work will be required if the certification is officially presented. Students will still be required to complete all major courses and prerequisites needed for a degree.

To obtain a Certification of Gavilan College General Education:

1) Request a General Education Certification from the Gavilan College Admissions and Records Office.
2) If transcripts are to be used from other colleges, official copies must be on file with the Records Office.
3) A copy of the certification will be given to the student.
4) Gavilan College will honor the certification presented from the participating colleges only if it is transmitted in the same manner as an official transcript. Student copies will not be honored.
1. File a Petition to Graduate with the Admissions and Records Office by April 1 for Spring or Summer graduation, and by October 1 to graduate at the end of the Fall Semester. One petition must be filed for each Associate degree, Certificate of Achievement or Certificate of Proficiency the student expects to receive.

2. Maintain a cumulative grade point average of 2.0 ("C") or higher for all work attempted and a grade of "C" or higher in each major or certificate courses.

3. Complete a minimum of 18 units of coursework in a major. Refer to the Double Counting Rule on page 47.

4. Complete a minimum of 60 semester units. Within the (60) unit requirement, the (9) units in Area A, and B-4 must be completed with a grade of "C" or better in each course. Complete the last 12 units, or a total of 48 units, at Gavilan College.

Articulation Agreements

Gavilan College has completed lower division course-to-course, major-to-major, and general education agreements with all California State University (CSU), University of California (UC) and a number of private university campuses. These agreements ensure that participating universities will accept certain courses taken at Gavilan College to satisfy general education, major, or elective university requirements.

The articulation officer, counselors and the Career/Transfer Resource Center staff have lists of participating institutions. Articulation agreements are also available online. See information on www.assist.org.

UC Admission Policy

The university considers you a transfer applicant if you enrolled in a regular session at another college or university. Do not disregard your previous college record and apply as a first-time student.

If you plan to attend a California community college before applying to the university, you should take courses that satisfy university and college requirements and fulfill prerequisites in your selected major. University and community college counselors can help you with your planning.

UC Transfer Requirements

CALIFORNIA RESIDENTS: There are several ways in which you can meet UC’s minimum admission requirements as a transfer student. These requirements are described below. In all cases, you must have at least a “C” (2.0) average in all transferrable coursework.

1. If you were eligible for admission to UC when you graduated from high school, satisfying the Subject, Scholarship and Examination Requirements - you are eligible to transfer if you have a “C” (2.0) average in your transferrable college coursework.

2. If you met the Scholarship Requirement but did not satisfy the Subject Requirement, you must take transferable college courses in the missing subjects, earning a “C” or better in each required course, and an overall “C” (2.0) average in all transferrable college coursework to be eligible to transfer.

3. If you met the Scholarship Requirement but not the Examination Requirement, you must complete a minimum of 12 semester (18 quarter) units of transferable work and earn an overall “C” (2.0) average in all transferrable college coursework completed.

4. If you were not eligible for admission to UC when you graduated from high school because you did not meet the Scholarship Requirement, you must:
   A. Complete 60 semester units or 90 quarter units of transferable college credit with a grade point average of at least 2.4, and;
   B. Complete the following course pattern requirement, earning a grade of “C” or better in each course:
      • two transferable college courses (3 semester or 4-5 quarter units each) in English composition, and;
      • one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning, and;
      • four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, the physical and biological sciences.
Students who satisfy IGETC prior to transferring to UC will satisfy Option 4B of the transfer admission requirements.

**NON RESIDENTS:** The minimum admission requirements for non-resident transfer applicants are the same as those for residents, except that non-residents must have a grade point average of 2.8 or higher in all transferable college coursework.

**Intersegmental General Education Transfer Curriculum (IGETC)**

The IGETC can be used by community college transfer students to fulfill lower division general education requirements for either the CSU or UC system without the need, after transfer, to take additional lower division general education courses, as long as your IGETC completion is certified at the community college. Obtain the Certification form from Admissions and Records.

Students are strongly encouraged to complete all IGETC requirements prior to transfer.

**Partial IGETC Certification:** If you are approaching readiness for transfer and are unable to complete one or two IGETC courses, you may be eligible to complete IGETC after transferring.

**Warning:** Students need Area 1 and 2 completed to meet minimum transfer admission requirements. Therefore, partial certification that acknowledges a deficiency in Area 1 and/or 2 may also indicate a student does not meet minimum transfer requirements. Community colleges should make every effort to notify students of this potential problem.

If your petition for partial certification of IGETC is approved, you may be able to complete IGETC in one of the following ways:

1) Take an approved IGETC course, in the area(s) to be completed, at any California Community College, at a time that does not require concurrent enrollment, such as during the summer.

2) Take a course approved by the UC or CSU campus of attendance in the area(s) to be completed at a U.S. regionally accredited institution at a time that does not require concurrent enrollment, such as during summer school.

3) Take an approved IGETC course, in the area(s) to be completed, at any California Community College while concurrently enrolled at a UC or CSU campus. The student will be subject to the UC or CSU campus rules regarding concurrent enrollment, so this option may not be available.

4) Take a course approved by the UC or CSU campus of attendance at a United States regionally accredited institution in the area(s) to be completed while concurrently enrolled at a UC or CSU campus. The student will be subject to the UC or CSU campus rules regarding concurrent enrollment, so this option may not be available.

5) Take a comparable course at a UC or CSU campus in the area(s) to be completed. This option is at the discretion of each UC or CSU campus, so it may not be a choice available to the student.

You will be expected to complete IGETC before the beginning of the second full year of enrollment at your UC or CSU campus. Check with your campus advisor after you transfer for more information, including which options are available and which UC or CSU courses may be comparable to the IGETC courses remaining to be completed.

All UC and CSU campuses will accept IGETC with the exception of Fifth and Revelle Colleges at UC, San Diego. Since all majors are available at each of the five colleges at UC, San Diego, students will not be restricted in their choice of major if they use the IGETC.

A course cannot be used to satisfy more than one subject area of the IGETC (general education). However, major prerequisite courses can be used (double counted) to satisfy IGETC requirements.

CSU campuses’ limitations on double counting of general education
Completion of all the requirements in the IGETC will permit a student to transfer from a community college to the California State University or the University of California without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements. All areas must be satisfied, and all courses must be completed with a grade of "C" or better before the IGETC can be certified. See requirements for partial IGETC certification in catalog. A student is strongly advised to complete a total of 60 transferable units before transferring. These will include the IGETC requirements, "major" prerequisites, and elective courses if needed.

(Students should request an IGETC certification from the Office of Admissions and Records before transferring.)

**CSU Graduation Requirement in U.S. History, Constitution and American Ideals.**

Not Part of IGETC (May be completed prior to transfer.)

For the baccalaureate degree, CSU requires one of the following combinations:

- POLS 1 with either HIST 1 or 2
- HIST 1 & 2 or
- POLS 1 with either HIST 1 or 2

CSU campuses have the discretion whether to allow courses used to satisfy the CSU US History, Constitution and American Ideals (AI) graduation requirement to count in both Area 3B or 4F and to meet the graduation requirement.

**SUPPLEMENTARY NOTES**

1. A single course, even though listed in more than one place, can only be used to satisfy one subject area of the IGETC.
2. IGETC is not advisable for high-unit majors, e.g. sciences, engineering.
3. Eleanor Roosevelt and Revelle Colleges at UC San Diego do not accept the IGETC.
4. IGETC may not be appropriate for students who have completed courses at a CSU or UC campus.
5. “Double counting” of courses toward the major is not limited by the IGETC, but may be limited by other directives. The UC will also allow IGETC courses to count toward major requirements. CSU campus limitations on double-counting of general education

Transfer to the California State University System (CSU)

The California State University system includes the following campuses: Bakersfield, Channel Island, Chico, Dominguez Hills, East Bay, Fresno, Fullerton, Humboldt, Long Beach, Los Angeles, Maritime Academy, Monterey Bay, Northridge, Pomona, San Bernardino, San Luis Obispo, San Marcos, Stanislaus, Humboldt, San Diego State, San Jose State, Sonoma State.

Gavilan College courses numbered 1-99 are transferable to all of the CSU campuses. Courses numbered 100-199 are occupational and may transfer to CSU institutions (see below). Consult a counselor for complete information.

Academic units transferred from Gavilan College to CSU institutions may be applied to one of the following three areas by the receiving campuses:

1. Credit toward the major
2. General education credit
3. Elective credit

A study of the receiving institution's catalog or exploring ASSIST will aid students in determining where transferable courses completed at Gavilan College will be applied at the CSU campus. Students should consult with a counselor regarding transfer requirements.

CSU General Education (Breadth) Requirements:

AREA A: ENGLISH LANGUAGE, COMMUNICATIONS AND CRITICAL THINKING:
Courses will cover the principles and applications of language towards logical thought, clear precise expression, and critical evaluation of communication. English composition courses will include both expository and argumentative writing. In this area, courses emphasize oral and written communication skills, and sharpen analytical thinking.

AREA B: SCIENTIFIC INQUIRY AND QUANTITATIVE REASONING:
These courses examine the physical universe, its life forms, and its natural phenomena. Courses will help students develop appreciation and understanding of the scientific method, mathematics, and statistics, and encourage understanding of the relationship between science, technology, and other human activities.

AREA C: ARTS AND HUMANITIES:
These courses study the cultural activities and artistic expression of human beings. Courses will increase student awareness of ways in which people through the ages and in different cultures have responded to both their own internal landscapes and to the world around them in artistic and cultural creation. Humanities courses will also develop in student's aesthetic understanding, logical thinking skills, and an ability to make sound value judgments.

AREA D: SOCIAL SCIENCES:
These courses focus on people as members of societies. Courses will acquaint students with methods of inquiry used in the social and behavioral sciences. The courses will stimulate critical thinking about people' actions and interests on the local, national, and global levels, and will promote appreciation of social and cultural pluralism.

AREA E: LIFELONG LEARNING AND SELF DEVELOPMENT:
Courses in this area will equip students for lifelong understanding and development as physiological, social, and psychological beings. These courses have universal and durable utility in aiding students to make choices which will contribute to personal and social well-being, and to the achievement of self-actualization through the integration of physical, emotional, social, technological, and intellectual development.
CSU General Education (Breadth) Requirements 2015-2016

Students transferring to the California State University system will qualify for admission as upper division transfers if they have completed (60) transferable units with a GPA of 2.0 ("C") or better. Within the (60) unit requirement, the (9) units in Area A, Area B-4 (Mathematics), and (18) additional semester units of general education coursework must be completed with a grade of 2.0 or better in each course. Students who complete the following pattern will have satisfied the lower division General Education requirements for the California State University BA / BS degree. A minimum of (9) semester units of General Ed coursework must be completed at the upper division level after transfer; some CSU campuses require more than (9) units. (See a counselor for further information.) (Students should request a general education certification from the office of Admissions and Records before transferring.)

**NOTE:** Transfer credit of certain courses (esp. Science & Math) may be limited by UC or CSU or both. Consult a counselor.
**Transfer Admissions Agreement (TAA)**

A Transfer Admissions Agreement is a formal agreement between a student in attendance at Gavilan College and a receiving baccalaureate granting institution to which the student intends to transfer. The agreement guarantees admission to a transfer university a year in advance for the fall semester. It may also guarantee admission into a major.

Gavilan College has Transfer Admission Agreements with several colleges and universities. Please check our website for specifics at www.gavilan.edu/counseling/TransferServices.html.

Because the requirements of universities vary, it is advisable that students consult a counselor for more detailed information.

---

**Transfer (Articulation) Agreements with Private Universities**

Certain private universities such as Brigham Young University (BYU), University of San Francisco (USF) and University of Santa Clara, may have completed course articulation agreements with Gavilan College to facilitate student transfer. Because these may change yearly/when updated, we suggest that students who are interested in attending any of these private institutions, visit a counselor for further information.
### Degrees, Certificates, and Career Programs

- Associate in Arts (A.A)
- Associate in Arts for Transfer (A.A. - T.)
- Associate in Science (A.S.)
- Associate in Science for Transfer (A.S.-T.)
- Certificate of Achievement
- Certificate of Proficiency

### Career Education Options

Gavilan offers three types of program awards:

- **Associate Degree** (Associate in Arts, Associate in Science, Associate in Arts for Transfer, Associate in Science for Transfer)
- **Certificate of Achievement** (requires 18 or more units)
- **Certificate of Proficiency** (requires fewer than 18 units)

All provide instruction in the skills and knowledge needed to enter a skilled or semi-professional occupation. Associate degree programs require completion of general education requirements. Certificate programs vary in the number of units required. Occupational certificate programs are developed in close cooperation with advisory committees made up of representatives from business and industry. These advisory committees review courses and make recommendations about technical content so that students will be prepared for the current technology of the job market.

Gavilan offers a number of Certificates of Proficiency, designed with 3-17 units to allow students to achieve job-market proficiencies in a variety of fields. Students must earn a “C” or better in each course for the Certificate of Proficiency, and must take 60 percent of the required courses at Gavilan College in order to earn a certificate here. Students earning certificates will have their fulfillment of requirements verified by a college counselor. Certificates of achievement will appear on the student’s transcript while certificates of proficiency will not.

Note: Certificate of Proficiency and Certificate of Achievement require a grade of 2.0 (“C”) or better in each course.

### General Education

Along with the major course requirements listed in each degree major in the following pages, students must complete all general education and legal requirements described in General Education Requirements to be eligible for the associate degree. To complete General Education requirements a student may complete the Gavilan College A.A./A.S. general education, the CSU-GE Breadth or the IGETC pattern.

REMINDER: Courses completed to satisfy general education requirements for an associate degree can also be used for the major unless otherwise specified and beyond the 18-unit minimum.

### Need For Specialized Training

It is often difficult to secure employment or to advance to increased responsibility and better paying jobs without specialized training. In the early stages of one’s career it is the specific, technical skills that an employer seeks. Your college record is the best evidence that this specialized training has been secured.

Students may combine work toward a certificate or an associate degree with courses leading to advanced standing at a four-year college or university. Many students have thus acquired a marketable skill with which they could support themselves and their families while they continue to work for a baccalaureate degree.

South Bay Regional Public Safety Training Consortium

As a member of the South Bay Regional Public Safety Training Consortium, Gavilan College offers courses for students who are interested in Correctional Officer, Law Enforcement, Reserve Police Officer, Dispatcher, Fire Technology, Probation Officer, or Juvenile Hall Counselor careers. The consortium is funded by all colleges regionally to provide vocational specific training which may require special facilities, special training conditions or is presented outside of the regular schedule of college classes.

The application and registration process is completed at the South Bay Regional Public Safety Training Consortium Center located near the Evergreen Valley College campus. Although open to the public, the majority of these courses are intended to serve individuals who are currently employed. If you have questions about these courses, or if you would like information about a career in any of these programs, please call (408) 270-6458 or visit the webpage at www.theacademy.ca.gov.

Program Learning Outcomes:
After completing the Administration of Justice major a student will be able to:

- Define and utilize key terms, concepts, and theories in the criminal justice system.
- Demonstrate knowledge of the history, structure, and processes of law enforcement, the judicial system, correctional system, and the juvenile justice system.
- Reflect critically on developments in criminal justice policy and the relationship of these policies to the wider political and social environment.
- Compare and evaluate diverse and competing arguments and analysis in disciplinary (justice system) and interdisciplinary contexts.
- Interpret, assess and compare competing types of evidence and data.
- Effectively communicate orally and in writing the results of their analysis and conclusions.

After completing the Administration of Justice major, students transferring to a four-year institution will be prepared for additional study in the following areas: Administration of Justice, Law Enforcement, Correctional Administration, Social Science, and Pre-law.

Degrees and Certificates Offered:
- Administration of Justice: Associate Degree for Transfer (AS-T)
- Law Enforcement: Associate in Arts (AA), Certificate of Achievement
- Law Enforcement, Police Academy: Associate in Arts (AA), Certificate of Achievement

Also see: Liberal Arts: Administration of Justice Emphasis: A.A. Degree
Administration of Justice
Associates Degree for Transfer, A.S.-T.

Upon completion of this degree, students will be prepared to pursue a BA/BS in Criminal Justice. Administration of Justice is the study of the causes, consequences and control of crime. The program leading to the Associate in Science in Administration of Justice for Transfer is designed to acquaint pre-service and in-service students with the principles and practices of criminal justice systems in America. Although the program’s curriculum allows for the development of depth in one of the subject’s substantive subsystems (i.e. law enforcement, juvenile, courts or corrections), our objective is to familiarize students with activities in all the above areas.

The program is both academic and professional in that it is an interdisciplinary attempt to relate intellectual issues and practitioner perspectives to the challenge of crime in a free society. Consequently, the program provides preparation for employment with a related agency and/or transfer to a college or university.

Students will be prepared to work in a variety of fields, including: public law enforcement agencies such as municipal police, probation officers, county deputy sheriffs, correctional offices, game wardens, state parks, and private security. Those completing the AS-T in Administration of Justice degree will be able to transfer to the California State University system and be prepared to study in the following areas: Administration of Justice, Law Enforcement, Correctional Administration, Social Science, and Pre-Law.

Program Learning Outcomes:
After completing an AS-T in Administration of Justice, a student will be able to:
• reflect critically on developments in criminal justice policy and the relationship of these policies to the wider political and social environment.
• compare and evaluate diverse and competing arguments and analysis in disciplinary (justice system) and interdisciplinary contexts.
• demonstrate knowledge of the history, structure, and processes of law enforcement, the judicial system, correctional system, and the juvenile justice system.
• define and utilize key terms, concepts, and theories in the criminal justice system.
• interpret, assess and compare competing types of evidence and data.
• effectively communicate orally and in writing the results of their analysis and conclusions.

Computer Graphics & Design Options

Completion of the core courses and the additional requirements in a selected area (below) will qualify students for a Degree or Certificate of Achievement in Computer Graphics & Design.

Students completing Core Computer Graphics & Design (CGD) courses present real and/or virtual designed products within electronic portfolios. CGD graduates’ work samples reveal their ability to apply a creative problem solving process to propose, develop, refine and present products associated with their career goal. Freehand sketches combined with SolidWorks, 3D parametric BIM software or other industry standard CAD drawings and models are used to design aesthetically pleasing functional objects, explain manufacturing processes, apply sustainable practices, and support marketing efforts. CGD graduates’ work samples of realistic rendered 3D models of innovative products help make them competitive when transferring to design schools and seeking entry level positions.

The program provides language skills for students with a variety of goals, from personal enrichment to academic preparation for students who want to pursue higher education in college instructional and/or vocational programs.

In learning the English language, students learn to communicate in areas important to their personal lives, interact with native English speakers, read and understand the main ideas of a text and the supporting details that illustrate them, understand the rules and use of different grammar structures, and write about a topic with support and clarity.

Students in the ESL Program come from a wide variety of educational, cultural, and native language backgrounds and contribute that richness to the study of English as a second language. Because of the multiple factors involved in learning a language, progress varies from student to student. The Philosophy discipline offers learners a unique opportunity to take a variety of courses from different philosophical perspectives, yet all rich in the voices of global cultures and religions. Philosophy concerns the investigation of the fundamental questions of the human experience, such as “Is knowledge possible?”, “Do we have free will?”, “What is the meaning of life?” to “Is social justice possible?” In attempting to answer these questions, the discipline of Philosophy has provided the foundation of many other fields of inquiry, from psychology to sociology, law, and even business. At the core, Philosophy develops critical thinking skills, but in applying those skills, learners realize that philosophical inquiry has spanned the development of science, the birth of civilizations, religions, and ethical debates about when life begins and ends, principles of justice, environmental issues, animals rights, global warming, immigration, and even ideas about art, music, and the economy. Ultimately, Philosophy provides a learner pursuing any major an opportunity to enhance critical thinking skills while engaging in the analysis of arguments and theories about issues that has spanned the ages and still affect contemporary life.

Career opportunities for Philosophy majors:
Learners who have taken Philosophy courses are good candidates for jobs requiring liberal arts education. Employers often look for people who can solve problems and can write and think critically. These are skills that philosophy enhances. Examples of careers include: communications, education, journalism, law, management and business, and politics.

Program Learning Outcomes: After completing Philosophy courses, a student will be able to:
- analyze and critique an argument.
- effectively argue in support of an opinion.
- write an argumentative essay.
- define key terms of philosophical vocabulary relevant to the course.
- distinguish different areas of philosophy.
- understand some of the diverse assumptions and the values and attitudes that shape our lives.

The Associate in Arts in Philosophy for Transfer degree is designed to prepare students for a seamless transfer into the CSU system to complete a baccalaureate degree in Philosophy. Philosophy is the study of basic and fundamental issues, such as those concerning reality, knowledge, morality, and truth. Philosophers ask questions like: Do we have free will? What do I know? What is the nature of truth? How do I know I’m not a brain in a vat? Is there a universal morality? Does God exist? What distinguishes philosophy from other disciplines is its methodology. A philosopher’s methodology is systematic and relies heavily upon rational argument. The process demands rigorous, analytic, and critical thinking. The benefits of which include resolving confusion, unmasking assumptions, highlighting distinctions, and offering clarification. Courses in the Gavilan Philosophy Program are designed to transfer to four-year institutions and to prepare philosophy majors for upper-division coursework. Specifically, this degree is intended for students transferring to a California State University program. A degree in philosophy can lead to a career teaching and doing academic research in philosophy, but it also equips one with the writing, thinking, and problem-solving skills important for many careers, including the fields of law, business, politics, medicine and others.

**STUDENT LEARNING OUTCOMES:** After completing an Associate in Arts in Philosophy degree for Transfer (AA-T), a student will be qualified to transfer to a California State University program and be able to:

- demonstrate knowledge of the basic rules and principles of logic, especially the skill of identifying, analyzing, and evaluating arguments.
- demonstrate knowledge of the perennial questions, problems and theories in the major areas of philosophy (metaphysics, epistemology, value theory, logic), including the arguments and views of the figures in the history of philosophy who address them.
- demonstrate proficiency in philosophical writing, which includes presenting and supporting a philosophical thesis and articulating and responding to counterarguments in a way that is clear, concise, accurate, precise, thorough, coherent, and well-organized.
- demonstrate the virtues of a critical thinker, including being open-minded, unbiased, intellectually modest, truth-seeking, imaginative, appropriately skeptical, free-thinking, consistent, and empathetic.
- demonstrate knowledge of the philosophical views of groups who are unrepresented, disenfranchised, undervalued, and nonwestern.

Physical Science and Engineering
A.S. Degree

This option provides a broad background in the sciences. Students completing this degree will have learned to integrate math and science to solve problems, have proficiency in laboratory techniques and analysis of experimental data, and will have demonstrated an ability to communicate effectively using written, oral, electronic, and graphical means. This degree will prepare students interested in transferring to four-year colleges or universities to pursue degrees in any of the natural or physical sciences (astronomy, chemistry, geology or geophysics, general science, meteorology, oceanography, physics, etc). Students electing this major are encouraged to consult the catalogs of the four-year schools to which they plan to transfer early in their Gavilan course work as requirements for transfer vary by institution. Engineers are responsible for designing and building everything that we use – airplanes, roads, machines, computers, buildings, artificial limbs.

Program Learning Outcomes: After completing this degree a student will be able to:

- demonstrate appropriate integration of math and science to solve real-world problems.
- demonstrate appropriate design and execution of experiments, as well as analysis and interpretation of the data.
- demonstrate an ability to communicate clearly using written, oral, electronic, and graphical means.
- Students are strongly advised to consult the appropriate college catalogs and their counselors to determine the specific lower division requirements if you are transferring to a 4-year institution.

The Associate in Science in Physics for Transfer degree is designed to prepare students for a seamless transfer into the CSU system to complete a baccalaureate degree in Physics. Physics is the study of why and how the world we live in behaves the way it does. Using theories and laws based upon observation and testing, physics considers and describes the behavior of our everyday world including motion, forces, mechanical and thermal energy, waves, electricity and magnetism, and light.

Physics majors typically receive at least a Bachelor’s degree and are prepared for many jobs in government and industry as well as being prepared to pursue graduate education in many fields of science and engineering.

The AS-T in Physics does not include some important lower-division classes that are required for a Bachelor’s degree in Physics. Students taking courses at Gavilan who are preparing to transfer should take additional courses at Gavilan that are part of the lower-division preparation at CSU campuses so they are prepared to take upper-division major courses after transferring. Consult with the instructor or a counselor early in your first semester at Gavilan to ensure you will take all of the courses required for the major.

**STUDENT LEARNING OUTCOMES:** Upon completion of the AS-T in Physics, students will be able to:

- Demonstrate appropriate integration of math and physics concepts to solve real-world problems.

Acting Option

A.A. Degree

The Acting Option is designed to give a sound basic knowledge in acting and public performance. Students take a variety of courses including Theatre History (THEA 1) and Stage Production (THEA 14). Gavilan offers a variety of performance related courses including Acting (THEA 12 A/B), Children’s Theatre (THEA 2A/B) and Actor’s Workshop (THEA 13) – our spring production course. Acting and theatre shows one how to take risks, how to focus and concentrate, and the tremendous power of commitment to a project or a play. Studying acting allows one to change themselves, using their own personal experiences to create new characters and existences.

The Acting option prepares students for a career in the public eye, whether onstage, in front of a classroom or television camera, or making presentations for large groups or conventions. Students completing the Acting Option are also prepared to transfer to a four year B.A. program in Acting or Performing Arts. Gavilan theatre students have recently been accepted for transfer to San Jose State, Cal State Hayward, U.C. Davis and U.C. Berkeley.

Program Learning Outcomes: after completing this degree the student will be able to:

- describe significant movements or genres in theatre history, and to elaborate on their social and cultural significance.
- work effectively in a team, having developed collaboration and teamwork skills through class exercises, assignments and performances.
- articulate the differences in theatrical styles and modes of creation. Students participate in both the organic creative process (in which the students participate in the creation of the performance or play) and the more traditional approaches to theatre and performance using an established or already created text.
- discuss and critique theatrical performances, articulating the playwright’s view and director’s interpretation of the text. Students can evaluate the various technical elements of the production (costume, sets, lights & sound), to determine whether they support or detract from the production and text.
- demonstrate practical knowledge regarding the responsibilities of the different technical and creative jobs related to theatre and theatre production.
- master fundamental concepts and vocabulary relating to acting through class exercises and public performances.

Water Resources Management

A.A. Degree or Certificate of Achievement

The Water Resources Management degree program is designed to prepare students for employment by municipal drinking water and wastewater treatment departments or industrial treatment facilities. Careers in water/wastewater technology generally involve the administration, operation and maintenance of both drinking water and wastewater treatment facilities as well as distribution and collection systems. Gavilan’s Water Resources Management Program provides educational courses that prepare students for careers in Water Resources Management. Courses prepare students for certification examinations administered by the State of California as well as those administered by professional associations within the water and wastewater industry. Current instructors are experienced water and wastewater professionals, expert and up-to-date in best-of-breed industry practices. Classes are built around practical examples of real-world scenarios, demonstrations, and field trips whenever possible to maximize understanding of subject matter. Internships are available, too, through Cooperative Work Experience.

Program Learning Outcomes: Students who successfully complete an Associate of Arts Degree in Water Resources Management will:

- Follow safe practices in the laboratory and in plant operations.
- Apply chemical, microbiological, and mechanical knowledge and skills to maintain proper water and wastewater plant operations.
- Apply math and hydraulics skills in proper water and wastewater plant, collection system, and distribution system operations.
- Identify regulations and operate the plant accordingly.
- Be able to pass the California licensure examination in the water industry.

Announcement of Course Offerings

Some of the courses listed in this catalog will not necessarily be offered during the course of an academic year. Additional courses may be added to the curriculum and scheduled when appropriate. An updated list of courses is available in the office of the Vice President of Instruction. Gavilan College reserves the right to discontinue, postpone, or reorganize courses when circumstances warrant such changes. Further, it reserves the right to cancel classes which do not reach a minimum enrollment.

Course Numbering System

A major mission of Gavilan College is assisting in the transfer function. As a result, Gavilan College belongs to a consortium of colleges developing a common set of course numbers known as California Articulation Numbering (CAN). CAN numbers, where available, are found above the course description under transferable.

Courses numbered from 1 to 99 are recommended for transfer to all campuses of the California State University and the University of California systems. Students transferring to a campus in the University of California system should review the course-by-course articulation agreement available in the office of the Vice President of Student Services or from all counselors.

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each college’s course will be accepted at a particular four-year college or university for transfer credit.

1-99     Baccalaureate level courses which will receive transfer credit at most four-year colleges and universities.
100-199  Limited transferability to four-year schools in certain areas. Students transferring to a university should study the catalog of the campus to which they wish to transfer. Students should consult with a counselor.
200-299  Associate degree applicable. Non-transferrable credit courses.
300-399  Non-transferrable, not degree applicable courses that apply only to Occupational Certificates.
400-499  Developmental courses (30 unit limitation applies).
500-599  Developmental credit courses for students with disabilities and / or other specific populations, not restricted by standard limits on repeatability.
600-699  Noncredit courses (including training and developmental courses for disabled students and/or other specific populations).
700-799  Noncredit courses for remedial, developmental, occupational and general education opportunities.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.
Students may consult the ASSIST database at www.assist.org for specific information on C-ID course designations. Counselors can always help students interpret or explain this information.

Special Courses

The following courses are designed for individual study under faculty supervision. They may be offered in the class schedule under each discipline in the college curriculum that is transferrable to the baccalaureate level.

Interested students must have sufficient background in the discipline, from previously completed course work or equivalent experience, to enable them to meet their specific objectives in their individual contracts.

A specific contract for each course must be developed by the student, and approved by a faculty supervisor, department chair and appropriate dean. To register, the contract must be completed and filed with the Admissions and Records Office at the time of registration. Contract forms are available in the Admissions and Records Office.

These courses are also called Independent Studies, Special Studies, Special Topics, Internships, et cetera. Credit for variable topics courses is given only after a review of the scope and content of the course by the receiving institution. This usually occurs after transfer and may require recommendations from faculty.

NOTE: Transfer institutions (i.e., UC/CSU) reserve the right to deny credit for special courses. See a counselor for details.

COURSE NUMBER 22*, 122 - Field Work and Service (0.5 or 1 unit)

Supervised field work within the college and/or local agencies. Students serve in useful group activities in leadership roles prescribed for them by the faculty supervisor, and when appropriate, community agencies. A maximum of six units may be earned. These courses do not transfer to UC. They may transfer to CSU. Check with a counselor.

COURSE NUMBER 23*, 123* - Independent Study (1 or 2 units)

Designed to afford students specialized opportunities to continue study in a discipline at the independent study level. Working with faculty supervision, the studies may involve extensive library work, research, laboratory work or special projects. A maximum of six units may be earned. These courses have the option of a letter grade or pass/no pass.

COURSE NUMBER 98, 198** - Special Topics (.05 to 3 units)

Special topics courses examine current problems or issues of interest to students within a specific discipline area. For topical content information, consult with the appropriate department chairperson. For transfer status, check with a counselor. May be repeated for credit with different topics.

* Transferrable courses.

** These courses may transfer to UC or CSU. Check with a counselor.

A group or series of courses in a specific area that is designed to provide an intensive education or study in that area. A major in a technical or career area prepares a student for employment after community college. A transfer major at the community college begins the specialized area of study that will continue at the four-year level. Transfer students are expected to declare a major in order to transfer, as they apply to both the four-year college and a particular department at that college as upper division students.

Honestidad Académica

La honestidad académica depende de la integridad de los estudiantes y de la facultad. El Colegio por sí mismo es defraudado si su facultad y/o sus estudiantes a sabiendas o inconscientemente permiten que actos deshonestos sean premiados académicamente. Es la responsabilidad de la facultad el hacer todo esfuerzo razonable para promover una conducta académica que sea honesta. Si un miembro de la facultad considera que hay suficiente evidencia de que un estudiante está siendo académicamente deshonesto es la responsabilidad del miembro de la facultad el tomar la acción apropiada según lo que indiquen estos procedimientos.

Los estudiantes de Gavilan College tienen el derecho de saber que es lo que constituye el ser deshonestos académicamente en el colegio y en cada clase que están inscritos.

• Los miembros de la facultad deberán informar a sus alumnos sobre el estándar de ética requerido en sus clases y de los procedimientos permitidos en el salón durante horas de clases y pruebas.

• Una declaración escrita relacionada a esta póliza y su relación con cada clase será incluida en el resumen de la clase (hoja verde)* y/o en la prueba individual.

• Se informará a los estudiantes sobre las consecuencias de violar estos estándares y de su derecho a apelar, así como de los procedimientos que deben seguirse durante la apelación.

PROCEDIMIENTOS PARA HONESTIDAD ACADEMICA

Referencia: BP 5500

El propósito de estos procedimientos es ampliar, clarificar y fijar niveles claros de autoridad y de protocolos de disciplina en respuesta a violaciones en contra del Estándar de Conducta Estudiantil, específicamente de su relación con la deshonestidad académica. Estos procedimientos garantizan que el estudiante o estudiantes hagan valer sus derechos legales que les concede las protecciones de la constitución estatal y federal. Estos procedimientos se utilizarán de forma justa y equitativa y no para propósitos de represalia.

Definición de Deshonestidad Académica: El acto de deliberadamente exhibir una serie de comportamientos inaceptables que atentan en contra de los estándares de ética y de becas. Los ejemplos incluyen, pero no se limitan a:

• El permitir deliberadamente que un estudiante copie de otro durante una prueba.

• El dar tareas, ensayos de fin de semestre, o cualquier otro trabajo académico a otro estudiante para que lo plagie.

• Mentir a un instructor o empleado de el colegio para mejorar una calificación.

• Alterar un trabajo que ya ha sido regresado, y después volverlo a entregar.

regímenes por escrito de esa clase.

• Representar el trabajo artístico/académico tal como composiciones musicales, escrituras, programas de cómputo, pinturas, dibujos, escrituras, ó trabajos similares como propios.

PROCEDIMIENTOS PARA EL REPORTE

Cuando un miembro de la facultad de Gavilan, responsable de la clase, tiene razón para creer, y cuenta con evidencia para sustentar, que el comportamiento de un estudiante o estudiantes caen en una o en dos de las definiciones descritas arriba, es la responsabilidad del instructor el tomar las siguientes acciones:

1. Hacer una cita para una conferencia en la oficina con el estudiante y durante esa reunión informar al estudiante de las acusaciones y asegurarse que él ó ella estén conscientes de la evidencia que sustenta la acusación, y de las consecuencias probables. Cualquier confrontación que se pudiera dar en la clase debe ser lo más discreta posible. Si como resultado de la reunión, el instructor considera que la respuesta por parte del estudiante es insuficiente para contrarrestar los cargos de deshonestidad académica a un nivel que el estudiante pudiera ser disculpado, el instructor le informará al estudiante de las sanciones que recomendará o que serán asesoradas según lo dicta esta póliza.
2. A la discreción del instructor, un reporte escrito de dicha infracción y de la sanción tomada puede ser sometido al Vicepresidente de Instrucción con una copia al decano del departamento apropiado.
3. Cuando un estudiante, que ha sido informado de una conferencia pendiente para hablar sobre la supuesta deshonestidad, falla y no asiste a la reunión, o cuando una aparente deshonestidad es detectada al final del semestre y el instructor hace un intento de buena fe para contactar al estudiante pero no lo logra, el instructor puede imponer sin haber tenido la conferencia, las sanciones recomendadas y archivar un reporte escrito al decano del área en cuestión y al Vicepresidente de Instrucción. En cualquiera de los casos, el derecho de apelación del estudiante permanece vigente.

SANCIONES

Debe de haber dos tipos de clasificaciones principales para las sanciones que puedan ser impuestas por Violaciones a la Honesty Académica: Académica y Administrativas. La imposición de un tipo de sanción (Académica o Administrativa) no impide la imposición de la otra.

• Sanciones Académicas serán definidas como todas aquellas acciones relacionadas con los trabajos de clases y calificaciones. La facultad es responsable de los tipos de sanciones académicas que se apliquen a los estudiantes involucrados en incidentes relacionados con hacer trampa o de plagio. Normalmente, se utilizará una “modificación de calificación”.
• Sanciones Administrativas son aquellas que tienen que ver con el estado del estudiante en el colegio, y éstas son aplicadas por el Vicepresidente de Instrucción.

Discreción de la Facultad: Los casos que tengan que ver con una actitud irresponsable o el uso descuidado de trabajos de autoría, pero que no caen dentro de la definición de hacer trampa/plagio como se define en esta póliza, pueden ser manejados a la discreción del miembro de la facultad afectado.

Sanciones Académicas: Antes de que se pueda aplicar una sanción, el miembro de la facultad debió de haber verificado el hecho (s) de la deshonestidad académica ya sea a través de la observación y/o con documentación. En todos los casos, la violación se debe de reportar al decano del área en cuestión. Un estudiante está sujeto a ser:
1. Fustigado verbalmente. Un estudiante puede ser recomendado para recibir una consejería, pero no puede ser obligado a participar en una consejería.
2. Reprobado en su evaluación de la clase (ensayo o prueba).
3. Que su calificación sea reducida, incluyendo probablemente el ser reprobado de la clase.
4. Recomendar una sanción administrativa. Un miembro de la facultad puede seleccionar el recomendar a un estudiante al Vicepresidente de Instrucción para que se le aplique una acción disciplinaria como la sanción académica única o como una adición a la acción que el miembro de la facultad ya ha tomado.

Sanciones Administrativas: Tal como lo estipula el Código Administrativo de California, Sanción 41301, el hacer trampa o el plagiar en un programa académico en el colegio puede llevar a la expulsión, suspensión, libertad condicional o una sanción menor. Acciones administrativas relacionadas con la deshonestidad académica en Gavilan son la responsabilidad del Vicepresidente de Instrucción según lo estipulan los Estándares de Conducta Estudiantil (Procedimientos de Disciplina Estudiantil, AP5520). El Vicepresidente de Instrucción notificará al miembro de la facultad una vez que se haya tomado la acción. El Vicepresidente de Instrucción responderá a:
1. recomendaciones giradas por los decanos
2. violaciones claras de los estándares académicos; y
3. violaciones repetidas que sean reportadas a él o ella por la facultad o a través de reportes escritos que han sido archivados con anterioridad con el Vicepresidente de Instrucción y Servicios Estudiantiles.
**PROTECCIÓN DE LOS DERECHOS**

No hay nada en estos procedimientos que pretenda negar a los estudiantes que se encuentren en esta situación su derecho legal de defenderse. Los estudiantes tienen el derecho de ser informados de los cargos, la naturaleza de la evidencia que sustenta los cargos, y de tener una reunión con el miembro de la faculad, Vicepresidente de Instrucción, o con cualquier otra persona con autoridad. Los estudiantes tienen el derecho de apelar cualquier decisión que resulte de dicha reunión.

1. Las sanciones académicas pueden ser apeladas a través del Vicepresidente de Instrucción y de acuerdo al Proceso de Resolución para Problemas con Estudiantes.
2. Cuando una suspensión disciplinaria o expulsión se recomienda como una sanción administrativa, el estudiante tiene el derecho a una audiencia formal tal y como lo indica el Código de Conducta Estudiantil (Procedimientos de Disciplina Estudiantil, AP5520) (Código de Educación 66017).

Las sanciones administrativas que resulten de una suspensión disciplinaria o de una expulsión pueden ser apeladas a través del Procedimiento de Disciplina Estudiantil.

El Vicepresidente de Servicios Estudiantiles o su designado, pueden notificar a cualquier persona de la cual se cree que hay una creencia razonable de que está interviniendo deliberadamente las operaciones ordenadas en el colegio, que el consentimiento para permanecer en el colegio se le ha sido retirado. Si la persona se encuentra en el colegio en ese momento, él o ella debe abandonarlo rápidamente o ser escoltado fuera del colegio. Si el consentimiento fue retirado por el Vicepresidente de Servicios Estudiantiles, se debe de elaborar un reporte escrito dirigido al Presidente del Colegio. La persona que le fue retirado el consentimiento puede someter una petición escrita para una Audiencia de Apelación Disciplinaria dentro de un término de diez (10) días escolares a partir de la fecha en que se le retiró el consentimiento.
La audiencia será conducida de acuerdo a las provisiones de estos procedimientos relacionadas con la Inmediata Suspensión Interina. En ningún caso, el consentimiento para permanecer en el colegio puede ser negado por más de veinte (20) días escolares a partir de la fecha en que el permiso fue negado originalmente. Cualquier persona que se le haya negado el consentimiento para estar en el colegio y que deliberadamente vuelva a ingresar al colegio durante el periodo de tiempo en el cual el consentimiento fue retirado, excepto para asistir a una reunión o audiencia, está sujeto a ser arrestado [Sección del Código Penal 626.4].

PROCEDIMIENTOS PARA LA AUDIENCIA DE APELACIÓN DISCIPLINARIA

1. Petición de la Audiencia. Dentro de cinco (5) días escolares a partir de la fecha en que recibió la decisión relacionada con la suspensión o expulsión por largo tiempo, el estudiante puede solicitar una audiencia formal. La petición por escrito tiene que ser dirigida al Presidente del Colegio o su designado. Las apelaciones solamente se llevan a cabo en los casos de suspensión o expulsión por largo tiempo.

2. Fecha de la Audiencia. La audiencia formal debe llevarse a cabo dentro de cinco (5) días escolares a partir de la fecha en que se recibió la petición para la audiencia.

3. Selección de los Miembros del Panel de la Audiencia. El Presidente del Colegio, el Presidente del Senado Académico, y el Presidente de la Junta Estudiantil ASB, deben cada uno al principio de cada año académico, establecer una lista de por lo menos cinco (5) personas que puedan participar en el panel de audiencias de disciplina estudiantil. El Presidente del Colegio debe nombrar a los miembros del panel de la audiencia de la lista de nombres proporcionados. Sin embargo, ningún administrador, miembro de la facultad, o estudiante que tenga un interés personal en el asunto en cuestión a decidirse, quien podría ser un testigo necesario, o que bien no pudiera actuar de manera neutral puede participar en el panel de la audiencia.

4. Composición del Panel de la Audiencia. El panel de la audiencia para cualquier acción disciplinaria debe de estar compuesto de un administrador, un miembro de la facultad, y un estudiante.

5. Presidente del Panel de la Audiencia. El Presidente del Colegio debe nombrar a un miembro del panel para que funja como presidente del mismo. La decisión del presidente del panel en todos los asuntos relacionados con la conducta en cuestión será la decisión final, al menos de que haya una votación por los otros dos miembros del panel que indique lo contrario.

6. Proceso de la Audiencia. Los miembros del panel de la audiencia deben recibir antes de que inicie la audiencia una copia de la acusación en contra del estudiante y cualquier respuesta escrita que haya entregado el estudiante. Un representante del colegio, que debe ser el Vicepresidente de Servicios Estudiantiles, debe de presentar los hechos que apoyan la acusación.
   a. El Vicepresidente de Instrucción y Servicios Estudiantiles pueden llamar a testigos e introducir testimonio oral y escrito que sea relevante al asunto en cuestión.
   b. No aplican las reglas formales de evidencia. Cualquier evidencia que sea relevante al caso debe ser permitida. Al menos que el panel de la audiencia determine lo contrario, el representante del colegio y el estudiante deben ser permitidos a presentar sus argumentos de apertura. El Vicepresidente de Servicios Estudiantiles deberá hacer la primera presentación, seguido del estudiante. El Vicepresidente de Instrucción y Servicios Estudiantiles puede presentar evidencia contraria una vez que el estudiante haya terminado de presentar su evidencia. La responsabilidad recae en el representante del colegio al tener que comprobar con evidencia sustancial que los hechos argumentados son verdaderos.

7. Representación. El estudiante puede representarse a él o a ella, o también tiene el derecho de ser representado por una persona de su elección. El estudiante no puede ser representando por un abogado, al menos que en la opinión del panel de la audiencia, el caso incluya temas legales complejos. Si el estudiante opta por ser representado por un abogado, debe hacer una petición por escrito no menos de cinco (5) días escolares antes de la fecha de la audiencia. Si se le permite al estudiante ser representando por un abogado, el representante del colegio puede también solicitar asistencia legal. El panel de la audiencia también puede solicitar asistencia legal; cualquier asesor legal que sea proporcionado para el panel, puede sentarse con ellos, con el fin de servir como asesor y ofrecer consejos legales, pero no debe de ser miembro del panel, ni tampoco votar dentro de éste.

8. Confidencialidad. Las audiencias deben ser cerradas y confidenciales, al menos que el estudiante solicite que sean abiertas al público. Cualquier petición de este tipo debe ser sometida no menos de cinco (5) días escolares antes de la fecha de la audiencia.
   a. En una audiencia cerrada, los testigos no deben de estar presentes durante la audiencia mientras no estén testificando, al menos que ambas partes y el panel acuerden lo contrario.
   b. La audiencia debe ser grabada por el Distrito, ya sea en grabación de audio, o por estenógrafo, y debe ser el único tipo de grabación. Ningún testigo que se refusé a ser grabado, debe ser permitido a dar su testimonio. En caso de que la audiencia sea grabada en audio, el presidente del panel debe, al principio de la audiencia, pedirles a las personas presentes que se identifiquen con su nombre, y después hacerlo mismo con los testigos. Las grabaciones en audio deben de permanecer bajo custodia del Distrito en todo momento, al menos que sean entregadas a una compañía de servicios de transcripción profesional. El estudiante puede solicitar una copia de la grabación.
   c. Todo testimonio debe ser tomado bajo juramento; el juramento debe ser administrado por el presidente del panel de la audiencia. Las declaraciones por escrito de testigos bajo juramento de perjurio no deben de ser utilizadas al menos que el testigo no sea posible testificar. Un testigo que se refusó a ser grabado, no es una persona que no esté disponible.

9. Decisión. Dentro de un lapso de diez (10) días escolares después de que haya concluido la audiencia, el panel de la audiencia debe preparar y enviar al Presidente del Colegio una decisión por escrito. La decisión debe incluir hechos verídicos que fueron encontrados en relación a la acusación, y debe incluir conclusiones específicas sobre las secciones del Estándar de Conducta Estudiantil que fueron violadas. La decisión también debe incluir
las recomendaciones específicas relacionadas con la acción disciplinaria impuesta, de ordenarse una. La decisión debe permanecer sólo para el expediente de dicha audiencia y no utilizarse para ningún otro asunto fuera de ese archivo. El expediente consta de la acusación original, la respuesta por escrito, de existir, del estudiante, y la evidencia oral y escrita que fue producida durante la audiencia.

PROCESO DE APELACIÓN DESPUÉS DE LA DECISIÓN DEL PANEL DE LA AUDIENCIA

Suspensión por largo-tiempo. Dentro de un periodo de diez (10) días escolares después de la fecha en que se recibió la decisión recomendada por el panel de la audiencia, el Presidente del Colegio debe emitir una decisión final por escrito. El Presidente del Colegio puede aceptar, modificar o rechazar los resultados, decisiones y recomendaciones del panel de la audiencia. Si el Presidente del Colegio modifica o rechaza la decisión del panel de la audiencia, el Presidente del Colegio debe revisar el expediente de la audiencia, y debe preparar una nueva decisión por escrito, que contenga resultados específicos y conclusiones. La decisión del Presidente del Colegio será final y absoluta.

Expulsión. Dentro de un periodo de diez (10) días escolares después de la fecha en que se recibió la decisión recomendada por el panel de la audiencia, el Presidente del Colegio debe presentar a la Junta de Fideicomisarios del Colegio su decisión por escrito. El Presidente del Colegio puede aceptar, modificar o rechazar los resultados, decisiones y recomendaciones del panel de la audiencia. Si el Presidente del Colegio modifica o rechaza la decisión del panel de la audiencia, él o ella deben revisar el expediente de la audiencia, y debe preparar una nueva decisión por escrito, que contenga los resultados verídicos y conclusiones. La decisión emitida por el Presidente del Colegio debe ser remitida a la Junta de Fideicomisarios.

La Junta de Fideicomisarios debe considerar cualquier recomendación por parte del Presidente del Colegio para una expulsión en la siguiente reunión programada de la Junta a partir de la fecha en que se haya recibido la decisión recomendada.

- La Junta debe considerar una recomendación para una expulsión en reunión a puerta cerrada, al menos que el estudiante haya solicitado que el asunto se trate en una reunión pública de acuerdo a estos procedimientos. (Sección del Código de Educación 72122)

- El estudiante debe recibir notificación por escrito, ya sea por correo verificado o certificado o por servicio de entrega personal, al menos tres (3) días antes de la reunión, información sobre la fecha, horario y lugar de la reunión de la Junta.

- El estudiante puede, dentro de un periodo de cuarenta y ocho horas después de que se haya recibido la notificación, solicitar que la reunión se sostenga como reunión pública.

- Aún cuando el estudiante le solicite a la Junta tratar la recomendación para una expulsión en una reunión pública, la Junta sostendrá a puerta cerrada cualquier discusión que esté en conflicto con el derecho de privacidad de cualquier otro estudiante, aparte del estudiante que solicitó la reunión pública.

La Junta puede aceptar, modificar, rechazar los resultados, decisión y recomendaciones del Presidente del Colegio y/o de la audiencia del panel. Si la Junta modifica o rechaza la decisión, la Junta debe revisar el expediente de la audiencia, y debe preparar una nueva decisión por escrito, que contenga los resultados verídicos y conclusiones. La decisión de la Junta es final y absoluta.

La Junta debe tomar su acción final en relación a la expulsión en una reunión pública, y el resultado de la acción debe ser tratado como archivo público del Distrito.

Proceso De Resolución Para Problemas De Estudiantes

Los conflictos y la mala comunicación, son desafortunadamente parte de la vida cotidiana. El seleccionar la manera en que reaccionaremos a situaciones difíciles se convierte en una decisión personal que todos debemos tomar en cualquier momento. En un ambiente educacional, también hay ocasiones en que los estudiantes y personal del colegio (faculty/maestro/instructor/empleado de apoyo o administrador) pueden presentar problemas o diferencias que necesitan ser aclaradas y solucionadas. Por esa razón, Gavilan College cuenta con un procedimiento para asistir a los estudiantes a solucionar sus problemas y buscar soluciones que ojalá sean para el beneficio de todas las personas involucradas.

El siguiente proceso para resolver problemas se llama EL PROCESO DE RESOLUCIÓN PARA PROBLEMAS DE ESTUDIANTES y se aplica a situaciones específicas que se presentan en el colegio.

También suele haber situaciones en que los intentos de un estudiante por querer resolver problemas deben de adherirse a los reglamentos que ha determinado la Oficina Federal sobre Derechos Civiles.

Estas situaciones incluyen supuestas discriminaciones u hostigamientos relacionados con la raza/etnicidad, hostigamiento sexual, incapacidad, religión, género, color de piel, origen nacional y edad. Si usted considera que ha sido víctima de discriminación por cualquiera de estas razones, usted debe de seguir ciertos procedimientos que están disponibles vía el oficial de acción afirmativa de Gavilan College. Consulte al personal de la oficina del Vicepresidente de Negocios, ubicada en HR 101.

Las áreas que cubre EL PROCESO DE RESOLUCIÓN PARA PROBLEMAS DE ESTUDIANTES pueden incluir inconformidad con una calificación (dentro de los límites del Código de Educación 76224), mala comunicación, o comportamiento negativo entre usted y un miembro del personal del colegio, etc. Le pedimos que hable con un consejero para recibir asistencia en aclarar las diferencias y entender mejor el proceso adecuado que debe seguir.

Si su problema surge con un miembro de la facultad, usted debe de estar consciente de los conceptos y derechos relacionados con la “libertad académica”.

LIBERTAD ACADÉMICA

La póliza del Colegio debe ser el mantener y promover una total libertad para que la facultad pueda enseñar, investigar y promover el aprendizaje dentro de las provisiones aplicables de la ley.
En la ejecución de esta libertad, el miembro de la facultad puede, tal y como lo indica las Constituciones de los EEUU y de California y otras leyes que se aplican, discutir su área de especialización y de competencia en el salón, así como otros temas relacionados, incluyendo temas controversiales, siempre y cuando él o ella, haga la distinción entre su opinión personal e información verídica.

La facultad debe estar libre de hostigamiento ilegal o de interferencia ilegal o de restricciones basadas en sus creencias políticas.

La facultad debe ser libre de cualquier o de todas formas de métodos electrónicos de grabación, excepto con su permiso expreso y específico, al menos que la ley dicte lo contrario.

La Junta no debe ilegalmente indagar, ni predicar cualquier acción adversa en contra de un miembro de la facultad debido a sus creencias personales, políticas o actividades en organizaciones o preferencias.

La Junta no debe intervenir con el derecho de expresión de cualquier miembro de la facultad o en contra de los materiales de instrucción que utilice en su enseñanza, excepto en casos que lo permita la ley.

La intención es permitir aquellas actividades que están protegidas por el derecho constitucional a la libre expresión y por la libertad académica que está protegida por las leyes del Estado de California y por las leyes de los Estados Unidos. (Contrato de Facultad de Gavilan College, Artículo VII, Libertad Académica.)

El colegio reconoce y entiende las dudas que usted pueda tener al momento de considerar dar a conocer algún problema. Usted puede tener miedo a que su calificación en su clase sea afectada, o que usted tenga en un futuro que tener que tomar otra clase con el mismo instructor, o que piense que nada va a cambiar, entonces, ¿por qué molestarse a hacer algo?

Por estas percepciones equivocadas, usted puede llegar a pensar que no vale la pena intentar aclarar un malentendido o resolver un conflicto. Esperamos que usted si intente resolver cualquier problema, ya que los problemas no solucionados pueden restarle energía a otros aspectos de su vida.

La premisa básica para resolver cualquier problema es el hablar sobre el problema con la persona que está directamente involucrada. Aunque, esto a veces suele ser difícil, es la mejor manera de resolver un problema.

Este PROCESO DE RESOLUCIÓN DE PROBLEMAS también requiere de este primer paso:

La preparación para su sesión de resolución de problemas incluye el preguntarse a sí mismo lo siguiente:

1. ¿Cuál fue el comportamiento específico con el que tengo un problema?
2. ¿Cómo me hizo sentir este comportamiento?
3. ¿Qué acciones específicas quiere ver como parte de una posible resolución?

Muy frecuentemente, nuestras reacciones emocionales a un incidente empañan el comportamiento actual al que estamos reaccionando. Estas reacciones comunes también pueden prevenir que no podamos especificar lo que deseamos como parte de la resolución.

Usted puede identificar el problema por si sólo o tratar de hacerlo con la ayuda de un consejero, miembro del personal o una amistad. Este razonamiento preliminar debe de ayudarle a presentar sus preocupaciones de una manera clara y concisa.

Pasos Del Proceso De Resolución Para Problemas De Estudiantes

El propósito de este procedimiento es ofrecer los medios adecuados y equitativos para poder emitir quejas relacionadas con asuntos académicos, administrativos, y de instrucción relacionadas con los estudiantes, e incluyendo, pero sin estar limitadas, a cualquier queja que tenga que ver con personal certificado, clasificado o empleados supervisores de Gavilan College.

Las áreas que cubren estos procedimientos pueden incluir, pero no están limitadas a mala comunicación, o comportamientos negativos entre el estudiante y un representante del colegio. Los estudiantes que tengan inconformidades con sus calificaciones deben de estar conscientes de la Sección del Código de Educación 76224 (a), el cual dicta los reglamentos relacionados con las calificaciones. El código especifica: “Cuando se otorga una calificación por cualquier curso de instrucción impartido en un distrito de colegio comunitario, la calificación que se otorga a cada estudiante debe de ser la que haya determinado el instructor de la clase, y la determinación que hace el instructor de la calificación del estudiante, en la ausencia de errores, fraude, mala fe, o incompetencia debe ser final y absoluta”.

Este procedimiento no es apropiado en las situaciones relacionadas con discriminación o con hostigamiento por raza/etnicidad, hostigamiento sexual, incapacidad, religión, género, color de piel, origen nacional y edad (por favor referirse a AP 5530).

Este procedimiento garantiza al estudiante o estudiantes involucrados su derecho a defenderse que les concede las protecciones de la constitución del estado y del gobierno federal. Estos procedimientos serán aplicados de una manera justa y equitativa, y no para propósitos de represalia. No se intenta sustituir los procedimientos penales criminales o civiles que pudieran ser entablados por otras agencias.

PASO 1. Dentro de un periodo de diez (10) días escolares de haber ocurrido el incidente, el estudiante debe reunirse con la persona con la que tiene el problema. El estudiante puede traer a un acompañante a la reunión, (por ejemplo, personal del colegio, amistad, otro estudiante). Esta persona no podrá opinar en nombre del estudiante y sólo jugará el rol de apoyo al permanecer en silencio.

Si el estudiante aún está inconforme, el estudiante debe notificar al personal del colegio que desea abordar el problema en el siguiente paso.

PASO 2. Dentro de un periodo de diez (10) días escolares de que se haya realizado el paso 1, el estudiante se debe reunir con el director del departamento o con el supervisor de la persona con la cual tiene el problema. El director del departamento o supervisor puede pedirle al estudiante, a su acompañante, y al miembro del personal del colegio que se reúnan juntos o por separado con el estudiante o con el empleado con el cual surgió el problema. El director del departamento/supervisor pueden reunirse con el estudiante una vez más para hablar sobre el problema, revisar lo ocurrido en la junta anterior, (Paso 1) y
discutir la resolución propuesta por el estudiante. El estudiante puede traer como acompañante para apoyo moral a la misma persona que lo acompañó para este fin en la primera reunión.

Si el estudiante aún permanece insatisfecho, el estudiante podrá avanzar al Paso 3 del proceso.

PASO 3. El estudiante debe reunirse con el decano del departamento afectado en un periodo de diez (10) días escolares desde el paso 2. Esta reunión debe incluir al estudiante, director del departamento/supervisor, al decano del departamento afectado. Durante esta reunión, los resultados de las reuniones anteriores se discutirán así como las resoluciones recomendadas.

Si el estudiante aún permanece insatisfecho, el estudiante podrá avanzar al Paso 4 del proceso.

PASO 4. Dentro de un periodo de diez (10) días, el estudiante debe reunirse con el Vicepresidente de la área en cuestión. Durante esta reunión, los resultados de las reuniones anteriores se discutirán así como las resoluciones recomendadas.

Si el estudiante aún está insatisfecho, dentro de un periodo de cinco (5) días escolares, el estudiante debe notificar al Vicepresidente con el cual se reunió en el paso 4, que solicita que se lleve a cabo una revisión por el comité de audiencias para poder resolver el caso. Esta solicitud será enviada al Superintendente/Presidente del Colegio, el cual dentro de un lapso de cinco (5) días de haber recibido la petición, convocará un comité de audiencia en una fecha que será determinada por el Presidente del Colegio.

PASO 5. Dentro de un periodo de cinco (5) días de haber recibido la petición, el Superintendente/Presidente del Colegio convocará a un comité de audiencia para escuchar el problema.

El comité estará compuesto:

a) Un estudiante nombrado por la Junta Estudiantil ASB

b) Un miembro de la facultad de una disciplina no relacionada nombrado por el Senado de la Facultad

c) Un miembro de la facultad nombrado por el Director del Departamento de Consejería

d) Un miembro del personal clasificado de un área no relacionada nombrado por el Presidente de Personal de Apoyo Profesional

e) Un decano de un departamento o vicepresidente de un departamento no relacionado que sea nombrado por el Superintendente/Presidente del Colegio.

f) El director del departamento o supervisor del área involucrada.

El Comité de la Audiencia conducirá la audiencia en privado. Ellos llamarán al estudiante al personal involucrado si consideran que ayudará a resolver el problema. El comité hará una recomendación que sea satisfactoria para todas las partes, y enviará estas recomendaciones a todas las partes involucradas y al Superintendente/Presidente del Colegio.

Si el estudiante o el miembro del personal del colegio no están satisfechos con las recomendaciones del Comité de la Audiencia, el siguiente paso, una apelación, le seguirá. El estudiante debe solicitar una apelación dentro de un periodo de cinco (5) días escolares a partir de la fecha en que el estudiante y el miembro del personal del colegio recibieron la recomendación por parte del Comité de la Audiencia. De no ser así, el proceso de resolución se da por cerrado y no hay apelación.

PASO 6. Se puede hacer una apelación al Superintendente/Presidente del Colegio.

Este paso requiere que el estudiante o el otro miembro del personal involucrado escriban una carta especificando la acción que se ha tomado y la resolución que esperaban. El Superintendente/Presidente del Colegio revisará esta carta y las recomendaciones hechas por el Comité de la Audiencia. El o ella fijarán y tendrán una reunión privada con el estudiante para hablar y tratar de resolver el problema satisfactoriamente.

Si el estudiante o el miembro del personal no se sienten satisfechos con la resolución del Presidente, se puede recurrir al paso final.

PASO 7. Una apelación por escrito se puede hacer a la Junta de Fideicomisarios del Colegio.

La Junta debe responder por escrito dentro de treinta y cinco (35) días escolares a partir de haber recibido la apelación escrita. Este es el último paso del Proceso que tiene el colegio para la Resolución de Problemas. Las decisiones de este nivel son finales y absolutas.

LA ORIENTACIÓN
Todos los estudiantes deberán asistir a la orientación para nuevos estudiantes antes de matricularse en su primer semestre. El Colegio ofrece dos maneras de satisfacer este importante requisito. Durante el año se planean programas de orientación y ofrece la información más completa, y algunas actividades para estudiantes nuevos, para que se vayan acostumbrando al campus y al proceso de prepararse y asistir al Colegio Gavilan. También ofrecemos una orientación por internet. Es una forma fácil, conveniente y productiva de familiarizarse con el Colegio Gavilan.

En la orientación se le informará sobre las diferencias del colegio, las expectativas, y los retos a los que se vas a enfrentar. Si esta planeando transferirse a una universidad de cuatro años hay algunas cosas importantes que necesita saber antes de empezar. Los cursos requeridos de educación general, los problemas con las transferencias, el certificado, los requisitos de una carrera, las expectativas de la tarea, los servicios de apoyo, son solo algunos de los aspectos incluidos en la orientación. Los que reciben la orientación, tendrán una entrada más fácil al colegio y continuarán hacia sus metas con más confianza y dentro de un tiempo razonable.

Para obtener información sobre la orientación dentro del campus ó la orientación por internet, visite la página de Internet en: www.gavilan.edu/orientation.

Para aquellos que hayan asistido a la orientación, se les permitirá el Acceso a Registrarse antes que los demás. Para los que decidan retrasar el proceso ó no asistir a la orientación a tiempo, no serán incluidos dentro del proceso de registro previo. Este proceso les permite un gran acceso a nuestros cursos de mayor popularidad y a los horarios de clases.

EVALUACIÓN DE CONOCIMIENTOS ACADÉMICOS (EVALUACIÓN DE COLOCACIÓN)
La evaluación de colocación asegura que los estudiantes se inscriban en los cursos que van de acuerdo a sus habilidades en lenguaje y computación. Los resultados, junto con otros indicadores de la capacidad del estudiante, son utilizados por los consejeros para recomendar los cursos apropiados. Se espera que los estudiantes que entran por primera vez al colegio presenten la evaluación de habilidades, diseñada para medir su aprovechamiento en lectura, el uso del lenguaje y las matemáticas. Esta evaluación se administra en inglés no es para los estudiantes que deseen tomar el programa de Inglés como Segundo Idioma (ESL). Estos estudiantes deberán haber terminado el grado 8 para ser elegibles para los servicios de evaluación.

SESIONES DE RE-EVALUACIÓN:
Los estudiantes que hayan tomado la evaluación para la colocación podrán volver a hacer el exámen de 15 a 90 días después de haber hecho el exámen inicial. Estos resultados son válidos por dos años. Bajo circunstancias especiales, pudiera requerirse volver a hacer el exámen. Los estudiantes deberán consultar con un consejero y someter una petición para consideración, a la Oficina de Admisiones y Archivos.

CAPACIDAD DE RECIBIR SERVICIOS (ATB):
El Reglamento Federal requiere que los estudiantes que reciben ayuda financiera, obtengan un diploma de preparatoria, un certificado de educación general (GED) ó que tomen el Examen de Dominio de Conocimientos de Preparatoria de California (CHSPE), para poder ser elegibles para la Beca Pell (Pell Grant), la Beca de Oportunidad Educativa Suplementaria, la Beca Federal para Trabajo en el Lugar de Estudio (Federal Work Study), los Prestamos Federales para Estudiantes (Federal Student Loans) y las Becas de California (Cal Grants). Los estudiantes que no cuenten con un diploma de preparatoria, GED ó CHSPE Y que estén inscritos en un programa de estudios después del 1º de julio del 2012, ya no serán elegibles para recibir la ayuda federal bajo ATB, CELSA ó cursos de colegio equivalentes a 6 unidades. Los estudiantes que se registren en una escuela de Título IV antes del 1º de julio del 2012 y quienes no tengan un diploma de preparatoria, GED ó CHSPE continuarán con la elegibilidad para los programas de Título IV con cualquiera de los siguientes puntos:

• Una calificación de pase en el Exámen de la Capacidad de Recibir Servicios (ATB) ó la Evaluación CELSA.
• Haber terminado 6 unidades que sean parte de una carrera.

Para confirmar su elegibilidad, favor de comunicarse a la Oficina de Ayuda Financiera al (408) 848-4727.

La Oficina de Evaluaciones ofrece servicios de Supervisores de Exámenes para los estudiantes matriculados en otras instituciones, en programas por correspondencia ó cursos por internet. Estos servicios se ofrecen a través de una cuota por hora. Para mayores informes comuníquese a la Oficina de Evaluaciones.

PLANES EDUCACIONALES Y CONSEJERÍA
Antes de matricularse, los consejeros están disponibles para consultar con el estudiante e interpretar los resultados de las evaluaciones, hablar sobre la selección de cursos y ayudarle en el desarrollo de un plan educacional. El plan educacional es un factor importante para promover un bien progreso, en camino a obtener de un certificado, grado ó programa de transferencia. El estudiante y el consejero formulan un plan educacional, cuando el estudiante se ha registrado por primera vez en el Colegio Gavilan y después el estudiante deberá consultar regularmente con el consejero para actualizar su plan y revisar su progreso. Una vez creado el plan, se puede encontrar disponible por internet. Durante el año, los consejeros se encuentran disponibles para consultar con los estudiantes y hablar sobre sus dudas académicas y personales y ser referidos a otras formas de asistencia.

SERVICIOS DE APOYO
Es de gran importancia para nosotros poder ayudarles a continuar en el colegio. Nos hemos dado cuenta que existen muchas razones por las cuales los estudiantes se quedan atrás en su trabajo, se dan de baja de sus clases y su desempeño académico se encuentra por debajo de lo aceptable. Los consejeros y demás personal de apoyo trabajarán con aquellos que estén pasando...
EXCEPCIÓN DE SERVICIOS
Algunas veces, un estudiante no desea tomar ventaja de los servicios de matriculación. Ese es su derecho. Para estar exento de evaluaciones y de la orientación, deberás satisfacer uno de los siguientes criterios:

• Tener una carrera técnica (associate’s degree) ó mayor
