

Find your success.

Welcome to Gavilan College! This is a college community that is dedicated to your success. From the time you apply until graduation day, you will benefit from the support and guidance of faculty, counselors, tutors, and staff who are committed to ensuring that every student achieves his or her educational goals.

Not every student has the same dream. Student success services such as Assessment, Educational Planning, and Orientation can help you set the best goals to realize your dreams, and make the best use of college resources to stay on track. Whether you plan to earn an Associate Degree for Transfer, enter a Career Training Pathway, or earn a degree or certificate that helps you quickly succeed in the workplace, you will find what you need at Gavilan College.

Be sure to explore and take advantage of the activities and resources Gavilan College has to offer, such as the Welcome Center, Veterans' Resource Center, Student Success Center, clubs, college governance, athletics, the arts, and the Writing Center. Research has shown that students who are engaged in college activities beyond the classroom are most likely to succeed.

We're here to help you achieve your goals.

Dr. Steven M. Kinsella, DBA, CPA

Superintendent-President
