Loretta Thompson has created countless computer games since 1980. From first generation games that were text based, to computer games that now include characters and plots, Loretta has seen and done it all. Loretta’s first student, and probably her most memorable is her son, who because of Loretta’s teaching, worked for Activision on two games including Call of Duty 3 and Spiderman 3.
Wild Extreme Science Fun  
(Ages 5-11)
Use your mega science mind and become a super scientist. Go poppin’ crazy with bubble wrap, explore fizzy soda pop reactions & overcome the force of gravity as it pulls with all its might. After lunch, join the Wild Science Defenders and solve the mysterious disappearance at the Wild Animal Adventure Park. Use your MAD skills to master fun! This adventure will bring out the science hero in you.
M-Th, 9:00 am - 3:30 pm; 4 sessions starting 6/20-6/23

Techno Robot Creators  
(Ages 5-11)
Robots rule… at least here they do! Spend the week plotting and powering up your very own Mega-bot. Campers will embark on a robot adventure which includes a robot maze race, a robo-artist experience and a camp-invasion battle to see which robot rules. You’ll also get your hands on electric room alarms, laser spinners, electronic bug listening devices and more!
M-Th, 9:00 am - 3:30 pm; 4 sessions starting 6/27-6/30

Amazing Space Race  
(Ages 5-11)
Build and take home your own Starship rocket and launch pad to send your rocket over 1000 feet skyward. Safely! The launch system uses leaves for rocket engines! Now that’s Green Power! Create a glow in the dark star window, battle gravity from an explosive splat and explore precious gems & crystals. After lunch build a robot rover, choose your favorite planetary destination, then prepare for your amazing space mission.
M-Th, 9:00 am - 3:30 pm; 4 sessions starting 7/11-7/14

Busting Myths with Cool Science  
(Ages 5-11)
Challenge some cool myths to see if you can bust them with real world science. Campers receive a new mission to test each day. Things are going to get crazy, our crash test dummy is ready...are you? This camp is so exciting your brain just might explode. Your morning includes the Extreme Freaky Physics Fun Lab, where campers discover some fairly odd science like Air Powered Cannons, Crazy Catapult Chuckers, and other Weird Science Wonders. After lunch, YOU BUILT WHAT!! It time to get busy with our all new inventors challenge. Each camper will receive the ALL NEW POP SCI Inventor Box. You not only make your invention, you can do a commercial to sell your crazy idea to the whole camp. You just might have the next best idea on E-bay or a cool YouTube video. This camp will have you LOL.
M-Th, 9:00 am - 3:30 pm; 4 sessions starting 7/18-7/21

For more information or to register for these camps visit Destination Science’s website at www.destinationscience.org or call them at 888-909-2822.
All Destination Sciences Camps meet in Room LS106.
Each Camp is $279 each.

Camp GaviSleuth

Calling all sleuths, you have been selected to help us solve a few mysteries. You will uncover the mysteries of pollination and solve mystery diseases by locating culprit parasites and germs.

**Vet Detective (Ages 8-12)**

Put your detective hat on, Sherlock Holmes, and join us for a week of adventurous activities as a bona fide Vet Detective! You will compare your vital signs to various animals, participate in a rumination project where you will compare digestive systems of animals and investigate how the diseases spread. Hands on activities will lead you to an understanding of animal physiology, animal digestion, how to sample populations and determining causes of disease in animals. To summarize your investigation, you will construct a short story about a scientist who works as a wildlife veterinarian.  
*Tu-Fri, 9:00 am - 12:00 pm; 4 sessions starting 7/5-7/8*

**Parasite Sleuth (Ages 8-12)**

Become an amateur Parasitologist as you explore the world of parasites. You will create a classification system for parasites, observe, create and dissect a model worm, learn about ectoparasites and uncover mystery diseases by locating the cuprit parasite. Next, you will meet up with a traveling tapeworm by examining the developmental states. Finally, you will create a story around your findings and report your findings. Parasites, be aware, you are now on their case!  
*M-Th, 9:00 am - 12:00 pm; 4 sessions starting 7/11-7/14*

**Pollen Detective (Ages 8-12)**

So you have a bit of a ‘green thumb’ and now you are interested in digging into the world of pollination, huh? Well, first you need to discover how botanists, scientists who study plant life, understand flower parts and engage in pollination. You will dissect a flower to find pollen, analyze pollen samples and design and build flowers to attract particular pollinators. Go back in time as you will discover that fossil rocks can provide evidence about ancient plants and environments. Finally, you will use your new found knowledge to create a story about a scientist who works with pollen.  
*M-Th, 9:00 am - 12:00 pm; 4 sessions starting 7/18-7/21*

Sign up for 1 class at $125 + $10 material fee or all 3 at the same time for $299 + $30 material fee to instructor.  
All classes meet in room PB9

**Cooking**

**Cupcake Camp Wars (Ages 8-14)**

It’s cupcake vs. cupcake in this yummy class. With a few tools, practice, and play time, you can learn to make your cupcakes a special treat for your family and friends! We will work with butter cream icing and fondant, a substance that is a lot like clay, to make really fun looking and tasty cupcakes. Then, you will compete against fellow competitors in a challenge that will reveal the best of the best. The competition will be tasty! *Penny Perluss has built a reputation in southern Silicon Valley as the premier cake designer and baker. Showcasing a wide variety of designs that feature any creation you can imagine, she brings them to life with her attention to detail and creative imagination.*

*Wednesday, 1:00 pm - 4:00 pm; 1 session on 6/22*

Room: AR103  
$49 + $15 mtl fee to instructor

Beginning Digital Photography (Ages 16 & Up)
Start taking better photographs today by learning how to use your digital camera. We will demystify camera controls and icons and hone your skill for the modes that best suit your style of photography. You'll learn how to shoot in macro, portrait and other modes and develop an eye for flash settings. Experiment with white balance and ISO to solidify the uses of these two settings. Bring your camera, manual and your questions for this hands-on training. Designed especially for beginners.
Wednesday 6:00 pm - 9:00 pm; 2 sessions starting 6/15-6/22
Room: LI171  $69 + $5 mtl fee to instructor

Intermediate Photoshop Elements (Ages 16 & Up)
Take your photo editing out of auto mode and learn how to enhance images. This course covers the intermediate subjects such as levels, exposure, and color adjustments for processing digital photography. Wrangle with selection tools to manipulate or correct a segment of a photograph. Special Interest
Southern Hospitality Cooking

Come join us for authentic southern cuisine as you learn to create classic dishes that will satisfy the palate. Dr. Earnest Brooks is a native southern cook and was a successful restaurant owner. His mother started teaching him to cook when he was just five years old.

Southern Fried Goodness (Ages 16 & Up)
We will make a classic southern fried chicken like they do in South Carolina with a buttermilk marinade which will be sure to enhance taste and tenderness. We will side it with ‘melt in your mouth’ sweet potatoes with horseradish. We’ll green our plate with southern style green beans and enjoy our dish with some fresh homemade yeast rolls. For dessert, we will prepare a luscious campfire cobbler.
Tue, 6:00 pm - 8:30 pm; 1 session on 6/14

Slow Cooking Carolina Style (Ages 16 & Up)
Did you know that tasty pulled pork gets its name from the term ‘pig pickin’? Before we do some ‘pig pickin’ in this class, we will start our meal off with a healthy summer squash soup. We’ll pair our soup with a slow cooked barbequed pork and enjoy it with 3 different sauces. Next, we’ll side our meal with a potato salad you have probably never tasted before and three different types of coleslaw. For dessert, you will go bananas over our classic banana pudding.
Tue, 6:00 pm - 8:30 pm; 1 session on 6/21

Coastal Carolina Cooking (Ages 16 & Up)
Visit the Carolina coast in this class! You will learn to make classic popcorn shrimp and side it with hearty hushpuppies, creamy coleslaw, sweet potatoes and classic pecan pie for a tasty dessert. $15 material fee to instructor.
Tue, 6:00 pm - 8:30 pm; 1 session on 7/19

Mess of Greens (Ages 16 & Up)
You could not get any greener in this class if you tried! You will learn to make a classic mixture of cooked greens, collards and mustard along with some fried green tomatoes. We’ll enjoy our greens with a Virginia style ham, two styles of black-eyed peas, cornbread and fried apples for a hearty and tasty dessert.
Tue, 6:00 pm - 8:30 pm; 1 session on 7/12

Sign up for 1 class at $39 + $15 material fee or all 5 at the same time for $159 + $75 material fee.
