4.5 - 9 Hours

Orientation. Explain class procedures and grading. Presentation on the equipment to be used and its care. Discuss the safety rules involved in archery and their importance. Fit equipment and provide instruction and practice in bracing and unbracing the bow. The correct form and technique for the stance, nocking the arrow, holding the bow, drawing, anchor point, aiming, and release and follow-through will be taught. Practice shooting at an unfaced target at 10 yards. The correct method of retrieving arrows from the target will be presented.

SPO: The student will list the safety rules and discuss their importance. They will demonstrate the correct techniques for bracing and unbracing the bow, nocking the arrow, holding and drawing the bow, the anchor point, aiming, and the release and follow-through. They will describe and execute the correct method for retrieving arrows from the target.

4.5 - 9 Hours

Review the safety rules. Continue building on the techniques presented in earlier classes after providing a review. Discuss form and how to adjust one's form to improve performance. Teach point of aim technique and the adjustments necessary to correct this technique. Shoot at various distances: 10, 20, and 30 yards.

SPO: The student will describe the correct form and discuss adjustments that they have made to improve their performance. They will demonstrate the point of aim technique. Safety rules will continue to be utilized.

4.5 - 9 Hours

Continue working on improving skills. Introduce the target face and scoring method. Use score sheets to chart results. Presentation on "grouping" of arrows and how you can use this to correct your shooting technique. Explain adjustments to "point of aim" as your distance from the target increases. Shoot and score rounds. Shoot at various distances: 20, 30, and 40 yards.

SPO: Students will explain and demonstrate how to use a score sheet. They will discuss how you can use "grouping" to correct their shooting technique. The "point of aim" adjustments necessary to shoot at various distances will be explained.

4.5 - 9 Hours

Students will continue to work on improving their technique. Introduce various types of tournament "rounds". Shoot and score different rounds at a variety of distances: 20, 30, and 40 yards. Provide the class with the opportunity and challenge of shooting at 50 and 60 yards.

SPO: Students will participate in a variety of tournament "rounds". They will describe a "round". They will discuss the adjustments they have made to their technique which has allowed them to be more successful.

7.5 - 15 Hours

Continue working on improving skills. Fun activities such as shooting at targets containing balloons and/or prizes could be incorporated into the class. Conduct various types of tournaments. A possible field trip to the Mt. Madonna shooting range could be arranged. Allowing students the challenge to shoot at 100 yards could also be provided. Skill testing. Scoring test.

SPO: The student will discuss the "point of aim" adjustments that will be necessary to hit the target from different distances. They will continue to utilize the safety rules. They will complete the skill and scoring tests.
