COURSE DESCRIPTION:

Pollution Prevention and Storm Water Management reviews methods and regulations to prevent pollutants from reaching the waters of our rivers, streams and aquifers. It reviews methods of reducing pollutants in industrial wastewater, water reuse and water recycling. Additionally, it reviews the methods and regulations for storing hazardous wastes and materials. Lastly, it reviews the general storm water permits for municipalities, industry and construction. At the end of this course, the student will have a fundamental knowledge of how to reduce pollution in our wastewater through effective water and process management, as well as appropriate hazardous materials and waste storage. This course also covers the implementation of methods required by the State's general permits to prevent pollution from entering storm water runoff.

ADVISORY:  WTRM 201: Introduction to Water/Wastewater Technology and WTRM 207: Beginning Wastewater Treatment Plant Operation. This course was previously listed as WTRM 120.

PREREQUISITES:

COREQUISITES:

CREDIT STATUS:  D - Credit - Degree Applicable

GRADING MODES
L - Standard Letter Grade

REPEATABILITY:  N - Course may not be repeated

SCHEDULE TYPES:
02 - Lecture and/or discussion
05 - Hybrid
72 - Dist. Ed Internet Delayed

1/10/2019
STUDENT LEARNING OUTCOMES:
   Measure of assessment: Quizzes, Exams, Homework Assignments
   Year assessed, or planned year of assessment: 2018
   Semester: Fall

2. Explain the required elements of a General Municipal Storm Water Permit, a General Industrial Storm Water Permit, and a General Construction Storm Water Permit.
   Measure of assessment: Quizzes, Exams, Homework Assignments
   Year assessed, or planned year of assessment: 2018

CONTENT, STUDENT PERFORMANCE OBJECTIVES, OUT-OF-CLASS ASSIGNMENTS
Curriculum Approval Date: 12/11/2018
9 Hours
9 Hours
Content: Title 22, Hazardous Waste Storage.
Student Performance Objectives: Explain the requirements of Title 22, Article 10 - 14 and Hazardous Waste Storage.
9 Hours
Content: SPCC and Petroleum Storage.
Student Performance Objectives: Explain the requirements of SPCC and Petroleum Storage. Outline the requirements of 40 CFR Part 112 Spill Prevention, Containment and Counter Measure.
6 Hours
Content: Erosion and Sediment Control.
Student Performance Objectives: Outline the primary elements of Erosion and Sediment Control. Describe the major elements of erosion and sediment control.
3 Hours
Content: General Municipal Storm Water Permit.
Student Performance Objectives: Explain the requirements of a General Municipal Storm Water Permit.
6 Hours
Content: General Industrial Storm Water Permit.
Student Performance Objectives: Explain the requirements of a General Industrial Storm Water Permit.
10 Hours
Content: General Construction Storm Water Permit.
Student Performance Objectives: Explain the requirements of a General Construction Storm Water Permit.
2 Hours

METHODS OF INSTRUCTION:
Lecture, Discussion
OUT OF CLASS ASSIGNMENTS:
Required Outside Hours: 18

Required Outside Hours: 18
Assignment Description: Out-of-Class Assignments: Read material related to class presentations. Group homework related to the primary elements of Erosion and Sediment Control.

Required Outside Hours: 6
Assignment Description: Out-of-Class Assignments: Review the General Municipal Storm Water Permit and read its requirements. Group homework related to the requirements of a General Municipal Storm Water Permit.

Required Outside Hours: 12
Assignment Description: Out-of-Class Assignments: Review the General Industrial Storm Water Permit and read its requirements. Group homework related to the requirements of a General Industrial Storm Water Permit.

Required Outside Hours: 20
Assignment Description: Out-of-Class Assignments: Review the General Construction Storm Water Permit and read its requirements. Group homework related to the requirements of a General Construction Storm Water Permit.

METHODS OF EVALUATION:
Writing assignments
Percent of total grade: 10.00 %
Written Homework, Reading Reports
Problem-solving assignments
Percent of total grade: 50.00 %
Homework Problems, Quizzes, Exams, Group Projects
Objective examinations
Percent of total grade: 40.00 %
Multiple Choice, Completion, Other: Storm Water Pollution Prevention Plan
REPRESENTATIVE TEXTBOOKS:
Required Representative Textbooks
Reading Level of Text, Grade: 11th Verified by: Dana Young

Required Other Texts and Materials
Most current Government Codes posted online: CCR Title 22, Chapters 10-14; 40CFR Part 112; California General Municipal Storm Water Permit; California General Industrial Stormwater Permit; California General Construction Storm Water Permit; Certified Professional in Erosion and Sediment Control Exam Review and Study Guide, State of California; US EPA, State of California X3, Envirocet.
