Probation and Dismissal Intervention Service  
(PDI)  
Gavilan Community College Counseling Department  

SUCCESS PLAN  

Date: ________________  School Year and Term: ________________  

Select One:  
_______ PDI Web Seminar _______ date of login  
_______ PDI In-person Workshop _______ date of session  

Student Name: ________________  ID #: ____________________  
Assigned counselor ________________  

Program Participation: circle  
EOPS  TRIO  Puente  Transfer Institute  
DRC  MESA  Athletics  Other: _______  

STEP ONE – Identify the Problem  

My academic status is:  
________________________________________________________________  
Options:  
Probation, 1st warning, 2nd warning, Progress, Academic  
Dismissal, First, Continuing  

How where you notified of your status?  
Mail, Online Access, Counselor, Instructor, Other _______  

Factors that contributed to the above status (be specific):  
________________________________________________________________  
________________________________________________________________  
________________________________________________________________  
________________________________________________________________  
________________________________________________________________  
________________________________________________________________  
________________________________________________________________

STEP TWO – Get the Facts

Based on your status, what consequences are you now facing?

College Consequences

_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________

Personal Consequences

_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________

How are you feeling about your current situation?

_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________

STEP THREE – Understand Your Options

What do you hope to achieve by continuing your education? Be specific and clear.

_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________

What options are you willing to implement to improve your academic performance and standing with the college? Be specific.

_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________

On a scale of 0-10, how committed are you to improving your academic standing?

0---------1---------2---------3---------4---------5---------6---------7---------8---------9---------10

low commitment so-so commitment full commitment
STEP FOUR – Create Your Success Plan

For the upcoming term, what are you specifically willing to do to improve your academic standing? Include specific actions you are prepared to take and the outcomes you project to obtain based on your new actions. See example on the web seminar or the example provided by counselor during the in-person session.

<table>
<thead>
<tr>
<th>Term</th>
<th>Unit Load</th>
<th>Projected Grades</th>
<th>Action/Services</th>
<th>Projected Outcomes</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Is the plan realistic based on your needs? ______________________________________
______________________________________________________________________________
______________________________________________________________________________

What is missing from your plan that must also be addressed? (personal behavioral changes) ______________________________________
______________________________________________________________________________
______________________________________________________________________________
______________________________________________________________________________
______________________________________________________________________________

January 17, 2008
**STEP FIVE – Evaluate Your Plan**

Date/Time of first Evaluation: __________ Counselor Appt. with: __________

Prepare to discuss the following with your counselor:

- Is your plan helping you move toward achieving your Projected Outcomes?
- Do the days/times of your classes compliment your work/personal schedule?
- Are your course selections a good match for your intentions this term?
- Have you missed any actions/services that could be helpful?
- What campus resources, not currently identified, can you utilize to assist you with your plan?
- How does your Success Plan for this term fit with the larger view of what you are doing at the college?

### Summative Evaluation

Date/Time end of term Evaluation: ________________________________

Prepare to discuss the following with your counselor:

- Were projected grades and intended outcomes reached?
- What actions/services were most beneficial and which ones were not?
- What strategies yielded the most results?
- Did the outcomes improve your overall standing with the college?

### Campus Resources and Internet Resources
