Name__________________________________ G00______________________

I certify I have read and understand each of the following:

1. I understand my appeal was approved for Fall 2012 term at Gavilan College and that this approval requires I meet the following Satisfactory Academic Progress (SAP) Policy standards with Fall 2012 grades:
   - Maintain overall GPA of at least 2.0
   - Meet term pace of progression (67% Rule)
   - Meet overall pace of progression (67% Rule)

WHAT DOES PACE OF PROGRESSION or 67% RULE MEAN?

Students must receive satisfactory grades in 67% of units attempted each term and on a cumulative basis. This calculation is performed by dividing the total number of successfully completed units by the total number of units attempted, each term.

- **Successful course completion is defined as**, final grades of A, B, C, D, P (Pass), I (Incomplete).
- **Unsuccessful course completion is defined as**, final grades of F, W (Withdrawal), NP (No Pass).

Term Pace Example: Student attempted 12 units in one term, and successfully completed 8 units. To calculate the percentage completed: Divide 8 (units completed) by 12 (units attempted). This indicates student completed 66.67% of courses attempted, which is less than 67%. To have met 67% rule, the student was required to complete 8.5 units, which is 70.83%.

2. I understand the SAP Policy is available online for me to view at http://www.gavilan.edu/finaid/sap/documents/SatisfactoryAcademicProgressPolicy.pdf

3. I have developed an Education Plan with a Gavilan Counselor and the Ed Plan is available on DegreeWorks. This is the Ed Plan I intend to follow.

My signature indicates I understand the terms of my approved appeal.
