Academic Standards

Standards for Dismissal

- A student who is on academic probation shall be subject to dismissal from the college if the student entered a cumulative grade point average of less than 2.0 in all units attempted in each of three consecutive semesters.
- A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled for which entries of “W,” “I,” “NC,” and “NP” are recorded in at least three consecutive semesters reaches or exceeds fifty percent (50%).
- A student who has been dismissed may petition for reinstatement with a written petition. The petition will be reviewed by a counselor. A decision can include enrollment, continued enrollment with a reduced unit load for a predetermined period or dismissal from the college for a predetermined period of time. Petitions are available from the counselors and the Admissions and Records Office.
- A student deficient in grade points who transfer to Gavilan College from another college will be admitted on probationary status and allowed to remain as long as a 2.0 or higher grade point average is maintained.

Academic Renewal

In accordance with state guidelines, academic renewal may be accomplished in one of two ways:

1. Repeat a course graded “D,” “F,” “NC,” or “NP.” The grade units of the first attempt will remain on the student’s permanent record but will be annotated to show that they are no longer computed in the grade point average.
2. A petition for renewal of maximum of three terms of substandard coursework which is not reflective of the student’s demonstrated ability. To be eligible for renewal, the following criteria must be met:
 - a. A period of two years has elapsed between the time of the petition and the date of the course work to be renewed.
 - b. Subsequent to the semester being renewed, the student must complete either:
 - 30 or more units with a grade point average of 2.0 or
 - 24 units with a grade point average of 2.5 or
 - 18 units with a grade point average of 3.0
