Outcomes Advisory Committee

Agenda

May 6th, 2010

1. Update on survey, submissions.
Randy updated the committee on the progress on the number of courses assessed. He also provided on the update of the survey.

2. How to use the survey? What forum? Online
Carlton said that it might be informative if department discuss the material. Kathleen suggested using the data as a part of the GE IEC review.

3. Policy discussion: When to reassess? How or whether to evaluate SLOs, assessment, or use of results? Others you have heard.
Randy suggested that the slo assessment cycle coincide with the course update cycle. Kathleen agreed. Dave suggested that faculty could be made aware of this issue. Randy said that he will work on this issue with the chair of Susan.

4. Meeting Schedule: Next Fall
