Mental Health Outreach Worker Survey Results (Spring 12)

Introduction
In an effort to learn more about the effect of a pilot program that used peer outreach workers, a survey was administered to students following presentations conducted in Spring 2012. There were a total of 52 respondents from 6 different presentations.

Results

Table 1: Respondent rating on gains in knowledge.

Summary of Comment:

What was useful about this presentation?

- Handouts (8)
- Information about resources (47)
- The effort (6)
- How to ask for help (10)
- How to dial 10 (16)
- Kognito (5)
- Response to questions (5)
- Good interaction style (4)

Suggestions

- Be a little more organized (8)
- Speak more loudly (5)
- Too brief (10)
- More information on Kognito (6)
- Add testimonials
- Too many ums.
- She should have written down the numbers
- More into mental health.
- More audience involvement (2).
- Map to the counseling center (2)
- Explain crisis.
- Getting everyone’s attention first.
- Powerpoint (7)
- More example (6)
- More presentations (3)
- How to handle a crisis situation (5).
- Website (3)
- Have numbers written down.
