MATH RE ASSESSMENT
BOOT CAMP
June 2 - June 6  9:00 AM - 2:30 PM
If you are not happy / satisfied with your scores, consider attending this Boot Camp. This one week, 5 hours per day, workshop is geared to identify your weaknesses and ensure that you get a complete understanding of the fundamental Mathematical concepts. After the Re-Assessment boot camp, you will be encouraged to retake the assessment test. The boot camp could help you to get into higher level math classes. Space is limited to the first 15 people. Email edachkova@gavilan.edu to reserve your space.

MATH 208
Plane Geometry
Transferable: No
This course introduces the vocabulary and principles of Euclidean Geometry. Methods of proof including inductive and deductive reasoning will be developed. Concepts of congruence and similarity, angles, lines, polygons, and circles will be covered. Additional topics such as solid geometry, analytical geometry, transformations, and basic trigonometry may be included as time allows. PREREQUISITE: Math 205 or Math 205A and Math 205B with a grade of 'C' or better.

MATH 240
Algebra II
Transferable: No
This is a second course of algebra and is designed for STEM and other math based majors. It will cover solving systems of equations with matrices, graphs and functions, absolute value equations and inequalities, radical, quadratic, exponential and logarithmic expressions and functions, complex numbers, conic sections, and problem solving strategies. PREREQUISITE: Math 430 with a grade of C or better, or Math 205, Math 205B, or Math 233A with a grade of C or better, or assessment test recommendation.

Above class meets at the Hollister Briggs site.

MATH 402
Pre-Algebra
Transferable: No
This course covers operations with integers, fractions, decimals and associated applications, ratio, proportion, geometry, and measurements with the emphasis on critical thinking and applications. Elementary algebra topics such as variables, expressions, and solving equations are introduced. This is a pass/no pass course where pass is given for mastery of the above topics. The mastery level is set by the department. PREREQUISITE: Completion of Math 400 with a grade of 'C' or better OR completion of Math 400 with a grade of 'P' OR appropriate assessment test score.

MATH 414
Math Boot Camp 1
Transferable: No
A remedial mathematics course designed for those students who need to learn, re-learn, or re-fresh the fundamental concepts of math. The primary emphasis is on whole numbers, fractions, decimals, signed numbers, linear equations, and algebraic structures. This course is a pass/no pass course. Units earned in this course do not count toward the associate degree and/or certain certificate requirements.

This class is part of a TRIO Summer Bridge Program. Students enrolling in this class must also enroll in GUID 6 #80127. Additional activities will be required.

MATH 415
Math Boot Camp 2
Transferable: No
A remedial mathematics course designed for those students who need to learn, or re-learn the fundamental concepts of math. The primary emphasis is on algebraic expressions, linear/quadratic equations and applications, polynomials, graphing, and functions. This is a pass/no pass course. Units earned in this course do not count toward the associate degree and/or certain certificate requirements.

80064  Lec  MA102  P Reuschling  2.0  MTWR  09/00-05/35  08/18/14 - 08/21/14
This is the first course of algebra. It will cover simplifying algebraic expressions, linear equations and inequalities, linear functions and their graphs, systems of equations, polynomials, factoring, rational expressions, and applications of all of the above. PREREQUISITE: Math 402 with a grade of "Pass," or Math 411 or Math 205A with a grade of C or better, or assessment test recommendation.

An individualized program of adaptive physical education activities designed to meet the needs of students with physical disabilities. Develops an appreciation of physical activity as a regular planned contribution to one's physical well-being. May be repeated as necessary based on measurable progress as documented in the student's educational contract. This is a pass/no pass course. Previously known as PE 536.

A course designed to assist the student in learning more about personal values, personality, interests, exploration of career choice, and occupational opportunities through the use of various personal assessment instruments. Focuses on those problems which have defined our federal system in dealing with issues arising at the international, national and state levels. Explores the development of American political institutions and their utilization in addressing issues arising at both the federal and state levels. Emphasis is placed on those problems which have defined our federal system of government. California government and appropriate state institutions will be included as a vital part of our federal system of government. ADVISORY: Eligible for English 250 and English 260.

A course designed to help individuals who by the nature of their disability such as wheelchair use, back injury, cardiovascular impairment, multiple sclerosis or other disabling condition require a specific aquatic exercise program that will contribute to their physical well-being. May be repeated as necessary based on measurable progress as documented in the student's educational contract. This course is also listed as GUID 1. ADVISORY: Eligible for English 1A.

<td>This course teaches culture and facilitates language acquisition through listening, speaking, reading and writing. Students will continue to interact with authentic language in context. Content is expanded beyond “survival” needs of the immediate environment in order to express personal meaning and to apply different strategies and techniques to go beyond casual conversation and express opinions, make suggestions on familiar topics, as well as some abstract issues and plans. Students demonstrate an increased awareness of cultural norms, values, and culturally relevant appropriate customs and events. Accuracy becomes quite high and for high frequency structures and vocabulary but more complex discourse is still developing and requires a somewhat sympathetic listener or reader. Students will demonstrate the ability to think critically by analyzing linguistic structures and reflecting on making cross-cultural comparisons. Students learn about the nature, scope, methods, presuppositions, history, and fields of psychology together with the scientific study of factors influencing human behavior, human development, perception, learning, memory, emotion, personality, frustration, and psychotherapy. TRIO

Summer Bridge 2014
June 16 - July 18
Courses and activities are Monday - Friday

TRIO’s Summer Bridge is a five-week experience that helps transition students from high school to Gavilan College. Students will have the opportunity to develop the skills needed to be successful in college while becoming a part of a college community of support that will continue beyond the summer.

What does Summer Bridge Involve?
Students are required to take two courses as part of a learning community. The first course is a guidance course, which will help prepare students with the necessary skills and knowledge needed to be successful in college.
The second course is a math empowerment boot camp, which is designed to help students advance in their coursework so that they can graduate and/or transfer faster.

What are the benefits?
• Earn a certificate of achievement
• Successfully complete more college units in less time!
• Develop skills to be successful in college.
• Be accepted automatically to TRIO! Space in TRIO is very limited.
• Complete the orientation requirement
• Books and some supplies for summer bridge will be provided
• Some selected students will be eligible for a TRIO grant. (Students must have applied for Financial Aid and be eligible for a Pell Grant to qualify).

Applications are due by May 21, 2014 by 5 pm. Applications and more information can be found at www.gavilan.edu/trio

If you have any questions please contact us at (408) 846-4968 or email ecervantes@gavilan.edu.

All classes are open entry / exit and free of charge.
