Course Description
This course offers basic instruction in the theory, strategies, and techniques of soccer for
the purpose of preparing the individual student in the fundamental aspects of playing and
coaching the sport. It is designed for intercollegiate soccer players. May be repeated
once for credit. This course has the option of a letter grade or pass/no pass. No
prerequisites are required for this class.

Student Learning Objectives:
A. Students will be able to demonstrate the basic fundamentals involved in dribbling,
   passing, shooting, trapping and heading.

B. Students will be able to explain the key concepts and importance of movement off the
   ball, as well as proper angles and spacing.

C. Students will be fit enough to play 45 min of a full field soccer match.

Course Content: The emphasis of this course will be on reviewing and learning
advanced
individual and team skills.
1. Passing
2. Shooting
3. Heading
4. Dribbling
5. Trapping

Grading:
Grades will be based on class participation and skill development. The course may be
repeated once for credit and has the option of a letter grade or pass/no pass.
60 % - skills technique and improvement
40 % - participation

ADA Accommodation:
Students requiring special services or arrangements because of hearing, visual, or other
disability should contact their instructor, counselor, or the Disability Resource Center
(DRC).
**Occupational/Vocational Statement:**
“Occupational/Vocational students – Limited English language skills will not be a barrier to admittance to and participation in Vocational Education Programs.”

**Student Honesty Policy Reference Statement:**
“Students are expected to exercise academic honesty and integrity. Violations such as cheating and plagiarism will result in disciplinary action which may include recommendation for dismissal.”

**Health-Safety Statement:**
Practice good hygiene. Washing your hands with soap and water is one of the best ways to prevent the spread of infectious diseases.
