8.0 Discussion Items

8.1 Discussion of College Hour and classes active during it, Adam Lopez, President (10 min)
Brought up in President’s Forum yesterday, Thursday Sept. 28th, because there are at least 500 students taking classes during college hour at the Gilroy campus. College hour is supposed to be a free time where there are fewer classes so students can be part of clubs, attend events, meet with professors, or socialize with one another. Departments schedule classes during college hour because certain students (commuters/ part time workers/ athletes/ etc) who want/need to use that time to take classes. Getting rid of College hour hurts student life and makes it hard for clubs and events to thrive. Suggested we survey when students are registering to see which students want college hour.. Some students want to finish their academic career as fast as possible and will disregard college hour in order to take classes. Administration and staff prefer to prioritize academic success and progress over student involvement* (Disclaimer- not all administration and staff share these views).. Possibility of moving college hour slightly ahead to accommodate students or perhaps increasing college hour window for flexibility. Adding more classes on Friday and weekend classes can free up time during the week. Scheduling classes also depends on the instructors we hire, who have to jump between colleges. We have a high # of adjunct and part time, but their pay is horrible which is why they need to be in multiple colleges. Nolan and Tanie will work with Debbie.

8.2 Update Clock in Student Center and Tv, Adam Lopez, President (10 min)
ASGC owns a TV, but since the Student Center has re-opened we have not had it set up. Shawn has the Tv, but one of the supports is broken so it can not be mounted. He has offered to pay for the replacement out of pocket. Request to put up clock has been sent to maintenance.

8.3 IEC Follow up report, Adam Lopez, President (15 min)
Blanca wrote a draft follow up report for the IEC report that ASGC sent in last year. It was sent to Adam for review since he is the only remaining student who has been here since Fall 2016 when the original report was started. Reviewed by the rest of ASGC.

8.4 Accreditation and ASGC involvement, Adam Lopez, President (15 min)
Every six (now 7) college has to be accredited to make sure our degrees are valid. We do a self study and the entire process goes on until Spring 2019. Writing up of self study takes a lot of time, so we have committees to answer the 128 questions presented to us. Split up into 4 standards. 3

Page 3 of 5
other standards, all posted on accreditation website. Standard 1: Show learning is occurring and evaluation of learning. Standard 2: student programs and support services. Standard 3: physical and fiscal stuff. Standard 4: Leadership and shared governance. overall steering committee looks over 4 standards, over next 5-6 months standard will write and turn into steering committee, who will then read all of the reports. 2nd drafts come later. rough draft will be done in a year from now. time commitment is about 2 or 3 meetings with research on the side. Working with others so work load will be distributed. Great source of insight and leadership building. Can use for letter of recommendation. great opportunity to build an amazing skillset. email Ken if interested at kwagman@gavilan.edu.

8.5 Reduced parking fee for student workers on campus, Tania Cortez, VP of Marketing (10 min)
Tanie made an unofficial survey with student workers and non-student workers. Nolan has talked to Dr. Rose about incentivising students with parking passes. Has a lot to do with teachers union. Nolan is working with Brian Franco to start a committee. 25% reduction of price, or 5-10 dollars instead of 50. Overall goal is to have student workers pay 5 dollars for parking instead of the usual 50 because of their hard work and time commitment to the school. Nolan and Tanie will plan on surveying and getting a committee started. Can serve an incentive. Other colleges don’t do this yet, so it would be a great breakthrough for students.

8.6 Delegating responsibilities of Region IV Rep., Adam Lopez, President (10 min)
Former Region IV Rep David iDenti was very active on campus and had important roles during General Assembly. Brianna will be attending academic senate, Adam will be appointing a delegate for GA before it comes up. Delegate has to be familiar with GA and have a good understanding of Robert’s Rules of Order.

8.7 Camera and card printer not being used in Admission & Records, Adam Lopez, President (15 min)
Admissions and Records is not using out new card system and camera, but the library is willing to work with ASGC to print cards in the library with the new system and camera.
