Construction Update
Gavilan Joint Community College District

August 29, 2014

I. Work to be performed this week (September 1 – September 5, 2014):

   Water Storage Tank, Distribution and Well Improvements:
   - The contractor will continue to work on the fire main that runs from the Student Center to the Social Science building. Later in the week the contractor will start to work on the fire main run from Student Center to Social Science at the Sycamore Lane fire hydrant.
   - The contractor will continue to work on the tank site. Contractor will continue to work on the retaining wall footing and prepare for concrete pour.
   - The contractor is scheduled to start drilling the water well across Santa Teresa Blvd. at the well location.

   Parking Lot C Extension:
   - Project is complete.

   Native Garden:
   - Contractor is scheduled to start work. Contractor will start clearing and grubbing the site to prepare for concrete walkway. Project location is south of the Physical Science Building and east of the Life Science building.

   Pond Overlook:
   - No work is scheduled.

II. Work to be performed next week (September 8 – September 12, 2014):

   Water Storage Tank, Distribution and Well Improvements:
   - The contractor will start to work on the fire main run that goes from parking lot A to the Music and Art buildings.
   - The contractor will continue to work on the tank site. Contractor will pour concrete for the retaining wall footing.
   - The contractor will continue to drill the water well across Santa Teresa Blvd. at the well location.

   Parking Lot C Extension:
   - Project is complete.

   Native Garden:
   - Contractor will continue to prepare the site for the concrete walkway. Project location is south of the Physical Science Building and east of the Life Science building.

   Pond Overlook:
   - No work is scheduled.

III. General Notes:

   - The contractor working on the water tank project will be working on Saturdays and possibly Sundays in order to connect water mains into the buildings. Water will be shut down during this time. All weekend work will be coordinated with the facilities department.
