

Computer Science Club Constitution

ARTICLE I

Section A: "Computer Science" will be referred to intermittently as CS and the Computer Science club will be intermittently referred to as the CS club.

ARTICLE II

PURPOSE

Section A: The purpose of the CS club to Gavilan College is to:

1. Enrich the computer science culture of Gavilan College as well as it's satellite campuses.
2. Organize public speakers.
3. Showcase student programming.
4. Unite individuals with similar interests.
5. Host interactive arts events.

Section B: The purpose of the CS club to members is to:

1. Provide experience programming as a group.
2. Facilitate introductions on human-computer interface.
3. Encourage participation in school events.
4. Develop industry connections and make real-life contacts.
5. Organize fundraisers.
6. Encourage computer science activities such as field trips and coding projects.
7. Assist members in the pursuit of six-figure salaries within the field of computer science.

Section C: Our specific goals to Gavilan College are:

1. Host computer science - oriented cultural events.
2. Foster campus growth in computer science through student knowledge and involvement in computer programming.
3. Provide students with an interactive experience that incorporates computer science.

Section D: Our specific goals to members are:

1. All members should be able to put their experience with the computer science club on resumes.
2. Collaborate on programming projects.
3. Learn principles of software design.
4. Provide assistance with computer science classwork.

ARTICLE III

MEMBERSHIP

Section A: Membership in the CS club shall be limited to Gavilan students and/or faculty of Gavilan College.
