Preparation Students for a Successful Future

Local Funding for Student Success

In order to continue providing local access to high-quality affordable education the Gavilan Joint Community College District Board of Trustees is considering placing a $248 million bond measure on the November 2018 ballot.

A potential measure would:
- Repair or replace leaky roofs, old rusty plumbing and faulty electrical systems where needed
- Upgrade and add classrooms, labs and career training facilities for science, math, engineering, and technology
- Upgrade and add classrooms and labs to help local students complete the first two years of college affordably and transfer to the Cal-State or UC systems
- Expand Veterans’ Center which provide job training, job placement, counseling and support services to military veterans and their families
- Improve access for students with disabilities
- Improve student safety and campus security systems including security lighting security cameras, emergency communications systems, smoke detectors, fire alarms and sprinklers
- Add classrooms, labs and facilities in San Benito County, and at the Coyote Valley Center, to offer a much larger selection of classes, certificated programs and degrees
- Renovate the college library to meet modern standards for technology and research

Fiscal Accountability would be Required

- Every penny raised by a potential measure would be spent right here in the community– no funds could be taken by the State
- By law, no funds could be used for administrators’ salaries
- Independent citizens’ oversight, annual audits and public reports would be required
- A potential funding measure would cost local property owners no more than $25 per $100,000 of assessed (not market) value, or about $113 per year for as long as bonds are outstanding*

*Based on the median assessed value of a home in the district.

Tell Us What You Think

We welcome your input as we work to ensure our colleges are updated to continue providing quality education for everyone in our community. For more information please contact (408) 848-4724 or visit www.gavilan.edu.
