 - a. ESL 581
 - b. ESL 582
 1. Justification: Per Nicole Cisneros, courses were traditionally offered in summer sessions but have not been offered recently due to low enrollment.

With the changes in ESL scheduling and students moving from non-credit to credit ESL classes, the department hopes to have a sufficient cohort of students ready to take these classes by summer, 2018.

2. Review of Gavilan's current process for placing classes on hold for two years (a catalog cycle). Current practice is to place course on hold for up to two years (a catalog cycle) or until the department submits a modification to either reactivate or inactivate the course. Course cannot be scheduled until it is reactivated in Banner. Courses will not be included in the Catalog or scheduled while in "on hold" status.
