LEARNING COMMONS

Welcome!

Located in the Library, (LI 168), the Learning Commons offers the campus community a flexible, technology-rich space for students, staff, and faculty to work together to help students become strong, independent learners across all disciplines. We help students practice and develop the skills they need to succeed in their academic goals.

CONNECT. Get connected to everything you need to be successful: study rooms, paper and office supplies, a printing station, computers, and friendly staff ready to help you study.

EXPLORE. What academic skills do you need? Come to one of our Academic Skills Workshops to get help with MLA or APA, strengthen your research skills, or practice writing strong paraphrases. Let us know what other workshops you’d like to see at the Learning Commons, and we can tailor one to fit your needs and schedule.

COLLABORATE. Bring your study group. Meet student tutors taking the same classes you are. Or come to one of our events.

Hours

Monday-Thursday: 8 a.m. to 8 p.m.
Friday: 8 a.m. to 3 p.m.
We're open from 8-8 on Mondays, Tuesdays, and Thursdays, 8-6:30 on Wednesdays, and 8-3 on Fridays. We're located in the library, so help with research projects is only moments away.

What will you find at the Learning Commons?

- Academic Skills Workshops
- One-to-one peer assistance with studying, research, and technology
- Group Study Rooms equipped with touchscreen monitors, whiteboards, and document cameras (click to reserve)
- Academic Skills Workshops (click here to view workshops online)
- Computers and printing
- Laptops available for check-out
- Apple (Mac) computers loaded with everything from MSWord to Photoshop to video editing software
