District Technology Committee

The mission of this committee is to advise the President's Council on technology issues affecting the District. Areas to be discussed and considered for recommendation include:

- 2.1.1 Assuring compliance with the statewide TCO (Total Cost of Ownership) Minimum Technical standards.
- 2.1.2 Prioritizing technology needs of the following areas: Institutional Technology, Instruction Services, Student Services, and Administrative Services.
- 2.1.3 Assuring compliance with the California Community Colleges Chancellor's Office state and federal management information systems reporting requirements.
- 2.1.4 Promoting educational programs relating to technology use for staff and students.
- 2.1.5 Serving as the initial screening level for technology improvements, additions, and/or changes.
- 2.1.6 Reviewing other technology issues.
- 2.1.7 Monitoring progress and updating the Technology Plan
