All classes should post on ilearn

The jumping back and forth trying to find info on if you were awarded financial. And when it might be awarded

trying to log in with my G00 # is a pain, i have to make at least 5+ attempts just to get in because it erases my numbers multiple times

I would make it easier to find what books I need to purchase.

Make Ilearn easier to navigate

online classes

Infranet access more easily accessible

Please for the love of all that is holy, refine the search feature

it would more enjoyable if it was app

less 503 errors

Finding personal class schedule

not have to access myPortal prior to logging into Gavilan email

make sure the email always works

have an app to download on phone, tablet, laptop

that they cancel the classes to soon
