## CCC Accessibility Standard

*The California Community Colleges has adopted an accessibility standard that reinforces the requirement that colleges within the system create, purchase, and utilize IT products and instructional materials that comply with the accessibility requirements of Section 508 of the Federal Rehabilitation Act of 1973.*

## **About the CCC Accessibility Center**

The CCC Accessibility Center proactively assesses the California community college system's web and information technology accessibility needs and offers services, guidance and technical assistance to help colleges in realizing an accessible technology environment. Diversity and inclusion are core values embraced by the California Community Colleges. Accessible websites and information technology positively impacts individuals with disabilities, offering greater opportunity for engagement and participation in pursuit of lifelong learning throughout California's community colleges.
