

4/10/18

Dear Dr. Rose,

Good news, we've identified 2 loan records which don't belong to FY 2015 default rate. Colleges are encouraged to review data accuracy and submit 'data challenges' before the official rate is released in Sept. 2018.

Our draft FY 2015 rate is currently at **14.2%**, down from previous year's rate of 15.9%. If these 2 records are accepted for challenge, our rate will be even lower!

Attached letter is for your review and signature.

Thank you,

Veronica
