(b) Mid-Year FY 2017/18 Financial Report Discussion

Associate Vice President Wade Ellis reported on last year's \$3.3 million apportionment payback plan with the state. He identified three problems Gavilan faces as it nears basic aid. Gavilan's first concern is the new funding formula being proposed by the state. Wade Ellis said the results of the new formula may be negative for Gavilan as it strives toward basic aid status. A second concern is being over budget on adjunct expenditures mid-year. He said to balance the mid-year budget 160 spring semester classes were cancelled. Wade Ellis said the challenge is the "unknowns" in revenue and possible apportionment payback for this fiscal year. He reviewed a handout "Santa Clara County Assessor's Office, Real Property – Community College Districts, 2018-2019 Assessment Roll" which indicated roll growth for Gavilan College of 4.97% since 2017-2018. Wade Ellis reviewed the Mid-year Report and the adjustments since adoption in September. He talked about ways to balance the budget at year end. Wade Ellis answered a question about holding a larger ending balance. We currently hold a 13.42% fund balance. Wade Ellis recommended being cautionary in order to end the year in a positive position.

Kathleen Rose responded to a question related to the cancelled classes for the 2018 spring semester. She said enrollment management protocol was used to review and determine which sections to cancel. She said this process began in November. Kathleen Rose added that all students were contacted and provided student services' support in rescheduling.
