Committee Members: Mark Dover (Chair), Jonathan Brusco, and Walt Glines. ABSENT: Iris Cueto

Resources: Kathleen Rose and Fred Harris

Other Attendees: Michele Bresso, Wade Ellis, Jeff Gopp, Ron Hannon, Mike Dovenberg, Steve Sowa, Shari Gratke, and Donna Martin

1. Call Meeting to Order at 3:35 p.m.: The meeting was called to order by Mark Dover at 5:35 p.m.

2. Approve Minutes: Minutes from the November 21, 2016 meeting were approved.

3. Comments from the Public: No comments.

4. Status on Current Projects: Fred Harris provided an overview on the status projects including:

   - **Coyote Valley Center Project (Measure E and Lease Revenue bond funds):** The South Bay Regional Public Safety Training Consortium and Gavilan classes are open and running. Work is winding down. All that is left is landscaping and fencing which will be finished in April.

   - **San Martin Aviation Program (Measure E bond funds):** The Notice of Completion will be filed this month (March).

   - **Student Center Seismic Upgrade (Scheduled Maintenance and Lease Revenue bond funds):** Project is scheduled to be finished by the beginning of May. The goal is to move the executive team and staff back before graduation, and A&R, Counseling, etc. after graduation due to workload needs. Kathleen Rose stated that the ASGC has been involved in the process. They came to the President’s Council and provided survey results of their members’ input regarding furniture, food, flooring, etc. ASGC would like to outfit the Student Center. Mark Dover said it would be nice if they could bring their ideas and present them to the Board. Kathleen Rose would like to open the Student Center for graduation so that the community can see the project. There may be folding chairs and tables, but it will still look very nice. She wants this to be a welcoming point of the campus.
**Gymnasium and Sports Fields Projects/Gym & Locker Room Roofing Replacement/Elec. Service Upgrade (Measure E and Lease Revenue bond Funds):** Fred Harris introduced Steve Sowa from IBI Architects to discuss these projects. Steve provided and referred to the drawing handouts.

**Gymnasium:** Seating capacity will be increased with the new bleachers, and it will be more ADA accessible now. The committee discussed colors and specs for the gym bleachers, floors, and walls. Mark Dover stated that he would like alumni to say "WOW!" when they come to visit. **Gym Roof:** Jeff Gopp updated the committee stating that the contractors are adding more rock and downspouts early this week. The main roof and tarring is complete. We should see substantial completion of this project by the end of March.

**Sports Fields:** Steve Sowa reported that there will be an accessible ramp that goes down to the track and field, as well as all new walks around the sports fields that will be accessible as well. The track and field will be made out of synthetic materials. There will be a new scorekeeper’s booth at the baseball and softball fields, a smart classroom, as well as new toilet and changing rooms. There will also be ADA parking available. **Track:** Jonathan Brusco asked if the word “College” will be the only word on one end. He feels that is very generic and would like a mock-up of different ideas and costs (i.e., saying Gavilan College on both ends). Mike Dovenberg had a concern about the synthetic turf becoming extremely hot. Ron Hannon said there will be potable water that can be used to cool the fields. All projects are currently scheduled to be completed during the Summer of 2018, although some projects may finish sooner than others. Kathleen Rose emphasized having solid deadlines and dates for these projects because it impacts instruction. She would like an update of timelines within the next two weeks.

**Pool Renovation:** Donna Martin reported that there is major demolition going on right now. Much of the existing mechanical equipment, which was relatively new under Prop 39, will be reused. The pool will be set up for Water Polo. Substantial completion should be the end of June and commissioning will continue through the summer. The pool should be available for student use by August 28th.

**Solar:** Fred Harris updated the committee on the parking lots solar project. The RFP is out on the street now with a deadline in April, and the target is for the winning bid award to go to the Board in May. He shared initial discussions with PG&E regarding bundling several energy efficiency projects on the Gilroy campus, which could save a lot of electricity by upgrading boilers, lights, controls, metering, etc. He also suggested consideration to do the sports fields lighting (approximate cost $1 million) as part of this proposed energy efficiency work. Mark Dover was concerned that this will delay the project if it is a bid alternate to the Athletic Fields project, and that it was approved by the Board as a part of that project. Kathleen Rose explained that the project would proceed as planned, and that this is just a creative way to pay for any possible project cost increases.

**Fairview Corners:** Fred Harris reported now that we have received the Incidental Take Permit, a conceptual site plan is being prepared for the initial Gavilan campus.
5. **Planning for the Next General Obligation Bond:** The consultants preparing the Educational Master Plan will share initial findings at the April Board meeting, and it will be on the May Board agenda for adoption. They will also introduce the Facilities Master Plan. From that plan, a prioritized list of projects can be used to survey district residents how best to proceed with a new general obligation bond. Jonathan Brusco suggested pursing a separate bond for each county. Walt Glines expressed concern that we have waited too long to get started on a new bond.

6. **Adjournment:** The Committee was adjourned at 7:11 p.m.

RECOGNITION
SUBJECT: Recognition of the Employees of the Month

☐ Resolution: BE IT RESOLVED,

☒ Information Only

☐ Action Item

Proposal: That the Board of Trustees review recognition of the following Employees of the Month.

Background:
The purpose of the Employee of the Month Award program is to encourage employee excellence and dedication and to let employees know that they are valued for their unique contributions.

Employee of the Month, February 2017 – Nicole Cisneros
Nicole has served the last three years as chair of the ESL Department, taking the helm and leading the group through difficult times. As the department has weathered shrinking enrollment and begun to work earnestly with the noncredit program, Nicole has been instrumental in building an environment where people have felt heard, valued and appreciated. She has collaborated extensively with not only the credit and noncredit ESL programs, but has also with Administration to facilitate creation of a bridge from noncredit to the credit ESL programs. She has helped schedule noncredit classes, coordinated norming sessions and participated in joint assessment for the two programs, and has rewritten and submitted many former credit ESL courses for Noncredit use. To further the work of the future merge, Nicole has served on the Noncredit committee, assisting in the understanding of the characteristics of both programs and helping establish crucial guidelines for fair load and equitable pay among faculty. She has mentored both adjunct credit and noncredit instructors. In the face of recent challenges, Nicole has maintained a professional and collegial attitude. In addition to acting as Department Chair and working to unify the credit and Noncredit programs, she has served a number of years on the Staff Development Committee, the Curriculum Committee, and has frequently attended and been involved in issues of the
Senate. Recently, she came forward to assist with the development of the Basic Skills Initiative grant application.

Nicole has been a key participant in several grants on this campus: In the Title V grant, she lead Contextualized Learning and Technology FIGS and delivered topical workshops to ESL instructors; in the Joint Title V, she worked on the Noncredit-Credit bridge.

In our local community, Nicole has, additionally, served on the Gavilan Regional ACES, the local consortium of adult learning program providers, which includes Gavilan College credit and noncredit ESL programs, Adult Schools, and Community Based Organizations. She has coordinated a number of groups of faculty representing all consortium programs to align and articulate classes, streamline enrollment and assessment practices, and write new, contextualized ESL curriculum. She also coordinated consortium-wide work groups sponsored by a mini-grant procured through ALLIES, an ESL Provider’s Network serving Santa Clara and San Mateo counties. Finally, Nicole is a dedicated, motivated and talented teacher who delivers engaging lessons, often incorporating new methodologies and technology, and who, despite multiple leadership demands, manages to give extra time outside of class to her students.

Nicole is a much-loved instructor and an engaged and responsive contributor to projects within and outside our Gavilan Community.

**Employee of the Month, March 2017 – Annette Gutierrez**

Annette is the program specialist for CalWORKs and Fresh Success. She is our go-to person. She takes on all new challenges with passion and grace. Annette not only brings innovated ideas to our programs, she is also willing to roll up her sleeves and do the work. She is a model for student success. Annette is an advocate for underserved populations on the state, county and college level. She has earned the respect of her colleges, faculty, and administration. We are all grateful for her work and energy.

SUBJECT: Update on the Educational and proposed Facilities Master Plans

☐ Resolution: BE IT RESOLVED,

☒ Information Only

☐ Action Item

Background:
An Educational Master Plan (EMP) is a long-range, comprehensive document that will serve as the District's blueprint for the next decade, and is intended to guide institutional and program development. California Code of Regulations, title 5 Section 51008 requires districts to periodically do an Academic Master Plan and a long range master plan for facilities. ACCJC accreditation activities now look for these plans as part of integrated planning.

The priorities established in these plans will serve to guide district decisions about growth, development and resource allocation, and align with the following five strategic areas of focus: student access; learning and student success; value and support of employees; economic and community development; and fiscal and physical resources. These plans are the result of an extensive process involving a review of information sources to identify trends and issues.

The board approved on October 11, 2016 an agreement with Cambridge West Partnership LLC to prepare a district-wide Educational Master Plan. Work has been continuous on campus under the leadership of Dr. Peter Wruck and Dr. Randy Brown, co-chairs of the EMP Steering Committee. The consultants will now provide the board with a preliminary report on their findings.

Follow Up/Outcome:
The final Educational Master Plan and a proposal to prepare the Facilities Master Plan will be presented to the board for approval at its May 9, 2017 meeting.

Budgetary Implications:  
None at this point.  

Follow Up/Outcome:

Keep the pool tables, pub tables and couches would be nice
We need more chairs and tables
Some more seats outside as well
Having it kept clean is a huge help in a study and social environment
None I loved it
More food options! A coffee cart
Provide more tables and chairs for dining
I have no idea, been in there a couple of times
Starbucks, computers, more fruits, couches
Provide workshops for students, coffee freshly brewed and water bottles would be ideal and promote student involvement
Soothing surroundings for students
Kick out the gamers
More high top chairs and chairs that are cushioned
I enjoyed the student center before it closed. I wish it was open so I could study with my computer in the center
A microwave
Provide a microwave
Make the environment more relaxing and inviting
Couches would be awesome
Open it again soon
Bring puppies and child care back we need it
Small kitchen
Cleaner furniture, taking advantage of space
More color, more local art
If there were areas where I can do my homework and study
Need more power outlets having them at every table
Different types of food
None
More time to study, feel comfortable in the student center
Vending machines, quiet atmosphere, clean tables, comfy chairs, computers, tutors, hot beverage (helps to study) - tea
Not sure where its located/never been but sounds useful and will check out
Bring the CDC back please
Inform the students about it
I want that you add children books and different kind of light
Seating should be a focus. Having a purpose to the layout
Please make it more accessible for disabled students.
I’m not sure if you have any “power” over this, but PLEASE make lunch more affordable. We are hungry and poor college students!
The center should be sectioned or organized in a way that is affective for its use,
More power outlets with chairs and tables. Have a quite area for studying and homework. Posted it
Lower food prices, its way too expensive and keeps me from wanting to buy anything there
Lower prices
We need more seats and couches, study areas would be nice/also. We need our child development center back
I really needed and would have appreciated the CDC lab school to be running with children. The fact that it was shut down was a big inconvenience in my education
I use the CDC learning center so please don’t take that away
Add the child care center back
I haven’t been there
Cheaper food
It sort of smells, fix that
Needs more couches, places to lounge
Healthier food options, coffee cart
The tables move too much
Bring back the big TV
More comfortable/different chairs
To have more tables indoor
Maybe put up banners so that students know where it is because some people don’t know where it is
Don’t know where it is. Have banners everywhere saying where to go
TV, new flooring
Nothing really, it’s too loud for me to study in
Make it a welcoming environment
A lot of unused space, maybe more inviting and have area for each listed above
Music days would be nice
Make study friendly, currently towards socializing
The food sold needs more improvement. As mentioned above many staff and students need healthier and fresher options to eat. Salad bar/soup is not appetising the way it is presented
Have more room for everyone
More space for space that way it’s not too crowded
More tables and chairs
I don’t know
Bigger space for people to enjoy doing homework and relaxed
Offer better food
Arcade: marvel vs capcom, television
Add in more color and comfortable seating. The TV’s should be having Gavilan-related material showing only, not random sports stuff. Make the showcases more appealing
Not too hot, not too cold. The student center is one of the few places we can avoid harsh weather
It just too loud to study inside
Maybe a cool area, because on days where it is like 90° out, the student center gets really stuffy
I really like the natural lighting. Please don’t change that.
Upgraded air conditioning, improved asgc office with posted hours/services - electronic communication board, meetings, games. Sp. Announcements
Better wifi for studying
Announcement board
Couches with tables to help our necks/backs/not always crouching. But if not couches then adjustable chairs to help us w/the tables. An announcement bulletin board for all meetings we can attend and what is being passed etc. Not just online.
Maybe some more tables would be nice
One thing I would suggest would be more announcements to let us know what is going on on campus. Also more food variety would be nice.
I think the addition of study materials as well as updating the chairs would make a huge improvement
More food options and more study materials for groups to study
Better tables w/outlets built in
Couches would be nice. More TVs turned to different
canals
They should about the computer lab, make it a guest
area
Any type of dining/food should be outside. Booths
should consist of printers, t.v., computer, and
couches
Food should be outside, play station, ping pong table.
Sections for different things.
Please bring back college hour! Please consider
lowering food cost (we are starving college
student)!
I would love it if you got another large CRT T.V. and
put it where the old one was. I would appreciate
it as would lot other people
More relaxing and studying and hanging out
Keep food service here, better chairs and tables
Music
More outlets
Keep it clean, make the food cheaper, don’t over
crowd the table. Better communication with
students
Keeping it clean and food prices should be adjusted.
Better communication w/students on what’s going on
The cafeteria is expensive and I would want to see
more variety of food places or cheaper items. I
think designating a game space would be
awesome. Better wifi. More color in student
center. Clean spider webs off walls.
Better advertisement, better communication between
the students and Gavilan College
Better communication between students and college.
Better vending machines that don’t take my
dollar fiddly,
Bring college hour back. Lower food cost.
Please get an AC and heater in here, it is either too
cold or too hot.
More comfortable furniture, more activities to do
while in between classes (football, table tennis),
TV
Make it modern and more tidy
AC its warm in here sometimes
Modern, updated, stronger wifi
Add large screen TV
I personally would like to see some better wi-fi and
possibly more grills and friers for food prep time
Please have a CRT T.V. for Melee. Thank you.
Better wifi and plug in for laptops (intranet)
More comforting
Let’s make the student center great again!
Quiet study spaces with access to tutoring and places
to eat, private spaces
Keep the carpeting it makes the student center feel
more comfortable
The old center seemed fine, always enough seating
for food, but maybe a little more seating for
studying would be alright. Other than that, just
old and outdated, but still functional.
Affordable dining
I don’t really go in there but I feel that these things
would provide a good environment for everyone
More food
More food
Modern, technology friendly, professional setting
I wish everyone would keep everything nice and
clean
More chairs and table
None at the moment
No rolling or wobbling tables; weekly maintenance
cleaning
More fresh air, cuter cashiers with red caps
Mainly more power outlets for students with laptops
Better food, partitions between dining + study areas.
Playable pool table. Darts. Game room
More food options
Food options, food prices, air condition, clean
outlets
Put in a CRT TV like the huge one from last year
CRT TV in order to have legless TV to play e-sport
games
Have some furniture and a TV so we can relax and
play some video games and hang out with
friends
More microwaves, ice machine, bring in sodexa,
daily soaps, coffee/hot chocolate coin operated
machine
Coffee, smoothies, hot chocolate, ice machine,
microwave soups, new employees
Starbucks or Peets coffee or Java or any good coffee
company, better than the machines.
This building honestly has not changed one bit. This
remodel is very much needed.
72” HDMI TV
Game room, study area, social area
Partition in some manner to lower noise
What students want is WAY more important than my
ideas. Please listen to their input FIRST!!!
No pianos, no loud video games
Sometimes, there is too much noise (e.g. piano) that
interferes with socializing, relaxing, and
studying. That has been less of an issue this
semester.
No sofas or TV (too loud), students making out
(improper behavior), no gaming system (same
students use to hang out day after day)

Page 10
Lots of noise, so it’s not easy to meet with students or other faculty in that area. Furniture and design could use a more modern look, but I’m not sure what that would look like. Maybe different colors and designs, Needs a cleaner brighter look.

Student Center is gathering place
More dining/food options. More comfortable seating for studying and eating
More furniture less space

An upgrade would be nice and make the Gavilan Campus look nice
Couches are fresh a.k.a. sofas
Maybe just have a AC because it does get pretty hot and stuffy
Provide more food options
Provide snacks either as handout or for sales
I think making it more colorful and warming would help more

Proposal:
That the Board of Trustees authorize the award of an Honorary Associate of Arts degree to
Cecelia Ponzini for her support of Gavilan College and the communities in the service area of
Gavilan College.

Background:
Cecelia Ponzini is a long time resident of Morgan Hill and has been very active in giving back to
the community. She is a member of the United Way Silicon Valley Board of Directors, is an
active member of the El Toro Community Advisory Board known as Los Amigos del Toro, and is
an alumna of Leadership Morgan Hill. Most notably, she co-founded the Edward “Boss” Prado
Foundation with her husband in honor of her son, who tragically suffered heart failure at the age
of 29. Prado left a legacy of generosity, sensitivity and service to others. When he was in grade
school, even though he was on the free lunch program, when he was able to pack a lunch, he
would take extra food for his friends. Cecelia’s passion includes insuring that students have a
lunch each day and the Prado Foundation seeks to provide that service. In addition, Ms. Ponzini
has established Cecelia’s Closet and Food Pantry, to provide interview clothing and prom
gowns, as well as essential food items to families in need. In recognition of her efforts, Ms.
Ponzini was named the Morgan Hill Woman of the Year in 2014.

Ms. Ponzini and her husband Gary are the owners of Ponzini’s Community garage in Morgan
Hill.

Budgetary Implications:

**ENGL 1A Composition and Reading** (Fall 2017)

**Note:** Modifications to ENGL 1A, ENGL 250 and ENGL 260 are taken as a group.

**Change Units**
- **From:** Units: 3.00, 3 Lec
- **To:** Units: 4.00, 4 Lec

**Change Description:**
English 1A is a composition course which focuses on the development and application of the academic writing process. Students read and assess models of expository, analytical, and argumentative prose to learn techniques of effective writing. Students practice strategies for planning, drafting, sharing, and revising essays in a variety of rhetorical modes. Students apply critical reading skills to the evaluation of source material in the development of a thesis-driven, research-supported essay. To create the research essay, students apply techniques in organizing, developing, and crafting prose which supports their arguments and balances outside sources with their own voice as writers. To achieve this end, students write no fewer than six essays (a minimum of 6,000 words) and read at least five works, two of which are book length. (C-ID: ENGL 100). Completion of English 1A meets transfer level and baccalaureate/university level equivalent. PREREQUISITE: English 250 and English 260 or equivalent with grade of 'C' or better or satisfactory score on the English Placement examination.

Justification:
- With our proposal, students will be accelerating through our English sequence more quickly.
- Our current success rate at the English 1A level is only 55% and more students will access English 1A upon entering college. These conditions necessitate a more substantial delivery of curriculum.
- The added lecture unit addresses the need for more time-on-task, additional reading SLOs, and greater scaffolding of the research project.
- Given that we have decided not to institutionalize Library 200, we are in need of more in-class time to focus on research study skills.
- Statewide research supports opening access to English 1A using a formalized multiple measure of overall high school GPA. We will be implementing this multiple measure as we develop streamlined protocol.
- 4-unit English 1A courses are offered at campuses across the state, including Berkeley City, Fresno, Laney, Chaffey, Yuba, and Solano.
