Michele Bresso thanked Dean Fran Lozano and department faculty. She also reported that ACCJC completed their site visit related to the substantive change reports at both San Martin Airport and Coyote Valley. (e) FY 2017 – 18 Tentative Budget
MS (W. Glines/M. Dover)
Discussion: Wade Ellis gave an overview of the 2017-18 tentative state budget and said that
categorical program funding remains constant. However, he said the state budget is being
changed daily. Wade Ellis said the finalized budget will be provided in September and that
the tentative budget allows the district to operate until that time. He reported a state COLA
of 1.56% to the college is $436,657. He discussed the state's formula for growth calculations
and how it doesn't work for high cost of living areas. Gavilan will be receiving .50% or
$119,180. Wade Ellis said the schedule of resources to operate next year will be slightly
less than the current year. He noted some of the budget challenges for long-range planning
include increased PERS/STRS rates, salary increases, restricted funding and the effects of
bargaining agreements. Wade Ellis said the district is expected to get out of stability when
reaching 5300 FTES. When asked, Wade Ellis said the projected ending balance for FY17-
18 is $3,967,604 (11.59%) which is based on an estimated ending balance for FY16/17. He

Discussion included concerns for the financial impact of the high bid and the delay of the football field project. Daniel Chavez supported moving ahead on the bid for the purpose of improving the facilities for the students. Kathleen Rose said the bid overage of $2.4 million has resulted in difficult discussions and decisions as she supports both the athletics and kinesiology departments. She said Bobbi Jo Palmer assisted her in drafting a letter to the Gavilan College Educational Foundation board presenting the project as an opportunity to raise some funds from the community.

Fred Harris clarified that approval of this item would be for the entire bid amount of $9,412,000 and that a July board item will address deductive alternates to the project.

Kathleen Rose thanked Nancy Bailey for her work on the proposed changes to the Chapter 3, General Institution board policies and administrative procedures. Kathleen Rose said BP/AP 3500-3900 had been vetted through the participatory governance process with several of the documents requiring additional conversation and edits. She said Chapter 3 has now been fully reviewed but edits recommended by the Community College League of California's (CCLC) for the chapter will still come forward as they occur.

Kathleen Rose noted that BP/AP 3720, Computer and Network Use, was one of the documents reviewed in depth. Due to the many changes in technology and technology data integrity, a manual will be prepared by the IT department along with terms of use compliance signatures required of users. She said that more discussion and education will follow on this topic.

Discussion continued about data integrity awareness and measures being taken by the district. Fred Harris discussed steps to protect personal identification. He said the goal has been to be preventive rather than reactive.

2. Status of Policy Review
Nancy Bailey reviewed that Chapter 1 (The District), Chapter 2 (Board of Trustees), and Chapter 3, part 1 (General Institution”), have all been reviewed through participatory governance and the board of trustees. At the July 2017 and September 2017 board meetings, BP/AP 3500-3900 will be reviewed and considered for approval by the board of trustees. Chapter 4 (Academic Affairs) will start the participatory review process in the fall. Chapter 5 (Student Services) is currently completing that review. Chapters 6 (Business and Fiscal Services) and 7 (Human Resources) will be reviewed next spring.

3. Discussion on New Policy Creation
Kathleen Rose reported that senior staff have discussed the need for new localized policies. She reviewed the Student Success Policy (BP 4600) as an example of an internally created policy. Kathleen Rose said the language for BP 4600 was developed in collaboration with faculty and then several drafts shared with academic senate, participatory governance committees and the board before final approval.

Kathleen Rose said the new funding sources available to the college have changed how we service students and bring them into our system. Some of these practices will not fit our current policies and will come forward as we continue policy review. She said that writing a policy to
reflect our local practice would include reviewing CCLC templates and also legal review by the district.

Kathleen Moberg said there is concern in waiting for a CCLC template to be developed and leaving the district vulnerable in the absence of a policy. She said some colleges are developing their own local policies.

Laura Perry commented that the district needs to be judicious in creating policy and do it only when necessary and Kent Child recommended adhering to “form should follow function” theory. Kathleen Rose said institutional conversations will take place before creating a new localized policy.

SUBJECT: Recognition of the Employees of the Month

☐ Resolution: BE IT RESOLVED,
☒ Information Only
☐ Action Item

Proposal: That the Board of Trustees review recognition of the following Employees of the Month.

Background:
The purpose of the Employee of the Month Award program is to encourage employee excellence and dedication and to let employees know that they are valued for their unique contributions.

Employee of the Month May 2017 – Eric Dietze
Eric Dietze has worked as a Sr. Computer Hardware/Software Technician for over 15 years. Within the past 6 months, Eric has taken the lead role on many IT projects, such as Uninterruptible Power Supply (UPS) replacement, Papercut/Copier implementation, and CI Badge Student ID Card System. Eric provides ongoing technical support to several departments, which increases operational efficiency critical to fostering student success. He consistently provides excellent customer service and is a major contributor to Gavilan College. Whenever Eric is email with a problem, he shows up, in person, sometimes within minutes! He follows up, follows through, and is very helpful in troubleshooting and getting ahead of new problems.

Employee of the Month June 2017 – Alice Dufresne – Reyes
Gavilan’s College Health Nurse, Alice Dufresne-Reyes, has a long history with the college. She has coordinated the successful Health Faire for over 20 years, and has been key in campus discussions around Mental Health, Sexual Violence, healthy living, and other health education topics. In the last couple of years she has brought the NAMI kiosk to campus and has earned several grants to bring the campus new resources, such as Kognito. She and her very limited staff are often seen at “tabling” events, and she organizes panels and presenters to bring important topics to campus. She is also
the campus editor of Student Health101. Her many community partnerships assist the campus in areas we are unable to provide services, and she has been an important member of the Gavilan fledgling Behavior Intervention Team. For a campus of Gavilan’s size, we have a tremendous number of health-related events, and despite the small size of our health office, Alice continues to strive to provide the resources our students need.

Budgetary Implications:

NONE

Follow Up/Outcome:

1. The Human Resources Director will contact the employee and let them know that he/she was selected as the EMPLOYEE OF THE MONTH.
2. The Human Resources Director will send an announcement campus-wide.
3. The employee will be recognized by his/her department supervisor.
4. The employee will be recognized in the Campus Newsletter by the PIO.
5. The employee will be recognized at the district’s annual Employee Recognition Banquet held in May.
6. The employee’s name will be placed on the wall plaque located in the North/South Lounge.
7. The employee will receive a desktop award with his/her name engraved.

During business hours, the District will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all District facilities is by key, if issued, or by admittance via the Campus Security. In the case of periods of extended closing, the District will admit only those with prior written approval to all facilities.

Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic will have regular periodic security surveys. The Associate Vice President, Director of Security and Support Business & Security Services and the Director of Facilities Services and other concerned areas review these results. These surveys examine security issues such as landscaping, locks, alarms, lighting, and communications. Additionally, during the academic year, the Vice President of Administrative Services, Associate Vice President, Business & Security Services Director of Security and Support Services and Director of Facilities meet to discuss issues of pressing concern.

The District shall have emergency response and evacuation procedures for notifying the campus community in the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

The Superintendent/President shall establish procedures that ensure that the District implements a plan to be activated in the event of an emergency or the occurrence of a natural disaster or hazardous condition. This plan must comply with the National Incident Management System (NIMS), the Standardized Emergency Management System (SEMS) and should incorporate the functions and principles of the Incident Command System (ICS), the Master Mutual Aid Agreement (MMAA) and any other relevant programs. The plan must incorporate NIMS and SEMS to facilitate the coordination between and among agencies in the event of an emergency or natural disaster.

Compliance with NIMS and SEMS mandates include but are not limited to:
- Establishing disaster preparedness procedures or a plan; and
- Completion of training sessions by college personnel in compliance with NIMS and SEMS guidelines
  - Training requirements vary based on job titles or assigned roles within the emergency plan

College personnel must be informed that as public employees, they are also disaster service workers during national, state, and local emergencies. The District must ensure that its employees are in compliance with the disaster service worker oath requirements. The Superintendent/President should ensure that a team is created to carry out compliance with NIMS and SEMS mandates. The responses to emergencies or natural disasters are organized by SEMS into five categories: field response, local government, operational areas, regions, and state.

The plan should contain information regarding activation and chain of command responsibilities. Compliance with NIMS mandates requires planning and incorporation for all phases of emergency management including mitigation and prevention, preparedness, response and
recovery. The District must ensure that its plan is updated regularly. Colleges must comply with NIMS and SEMS to receive federal or state funding.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES
General information about the emergency response and evacuation procedures for the District is publicized each year as part of the District’s Clery Act compliance efforts and that information is available on the District web site at www.gavilan.edu.

All members of the campus community are notified on an annual basis that they are required to notify Security of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and employees on campus. Security has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, Security has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If that is the case, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

Upon confirmation or verification by the District that a legitimate emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus, the District will determine the content of the message and will use some or all of the systems described below to communicate the threat to the campus community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. The District will, without delay, take into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: Security, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident that poses an immediate threat to members of the campus community, the District has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the campus community. These methods of communication include network emails, emergency text messages that can be sent to a phone or Personal Digital Assistant (individuals can sign up for this service on the District web site), public address system, phone calling trees, District website and emergency messages that scroll across computer screens when logged
into the District's computer system. The District will post updates during a critical incident on the District web site at www.gavilan.edu. Individuals can call the District's recorded information telephone line at 408-852-2826 for updates.

The District's Public Information Officer will be responsible for the dissemination of emergency information to the larger community through cell phone alerts to student and staff, radio, TV alerts, campus email and the phone system.

TESTING EMERGENCY RESPONSE AND EVACUATION PROCEDURES
An evacuation drill is coordinated by the Associate Vice President, Business & Security Services Director of Security and Support Services once per year for all facilities on campus. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. The District Security does not establish locations for evacuation in advance about the designated locations for evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, Security and District staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

Evacuation drills are monitored by the Associate Vice President, Business & Security Services Director of Security and Support Services and District administration to evaluate egress and behavioral patterns. Reports are prepared by participating departments which identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

The District conducts numerous announced and unannounced drills and exercises each year and conducts follow-through activities designed for assessment and evaluation of emergency plans and capabilities. The Associate Vice President, Business & Security Services Director of Security and Support Services and District administration coordinate announced and unannounced evacuation drills once per year, as described above, to test the emergency response and evacuation procedures, and to assess and evaluate the emergency evacuation plans and capabilities. For each test conducted, the District Associate Vice President, Business & Security Services Director of Security and Support Services will document a description of the exercise, the date, time, and whether it was announced or unannounced. The District will publish a summary of its emergency response and evacuation procedures in conjunction with at least one drill or exercise each calendar year.

Overview
This Emergency Response Plan (ERP) provides direction in the event of an emergency. It is the goal and purpose of this plan to protect the safety and security of those associated with the District should an emergency occur. The effective use of this plan will help:

- Protect life and safety,
- Reduce property and environmental damage,
- Minimize disruption and economic losses, and
- Shorten the recovery period.

To ensure effective implementation of this plan, all personnel designated to carry out specific responsibilities are expected to know and understand the policies and procedures outlined in this document and other associated supporting documents.
The District's response to a major crisis will be conducted within the framework of this plan except when directed otherwise by the Superintendent/President or the Superintendent/President's appointed representative. The plan includes a chain of command that establishes decision-making authority during an emergency.

**Scope and Definitions**
An emergency is defined as a sudden state of danger that occurs unexpectedly and that demands immediate action to protect the health and safety of individuals within the institution. The following are examples of emergency situations:
- Bomb threat
- Earthquake
- Explosion
- Fire
- Hazardous materials spill/release
- Hostage situation
- Campus shooting
- Terrorist incident

Specific information about the District's response plan for a potential outbreak of flu-like illness (including H1N1) can be found here. Other emergency procedures can be found here.

**Crisis Management Response Structure**
In the event of an emergency, the Associate Vice President, Business & Security Services Director of Safety and Support Services or designee will contact the Superintendent/President and Vice Presidents to report the emergency. The above managers will convene (via conference call if necessary) and decide whether to declare a state of emergency, start the process of notifying the community and media if necessary, and review and discharge responsibilities as detailed in the plan (below). The Superintendent/President will convene the Emergency Response Team (ERT) and activate the Emergency Operations Center (EOC) if necessary to participate in the execution of the plan. The ERT consists of representatives from community safety, computer and information services, environmental health and safety, facilities services, public affairs, student services, residence life, health and counseling, human resources, conference and events planning, and food services.

**Update and Drill**
The ERT and designees will review and update this plan each year or more frequently, as needed. ERT members will practice emergency procedures on a regular basis and will obtain training or re-training as needed.

**Emergency Response Team Responsibilities**
The manner in which college personnel and equipment are utilized during an emergency will be determined by the ERT under the direction of the Incident Commander or his/her designee. The ERP will remain in effect until the Superintendent/President or his/her designee deems the college ready to return to normal operation.
Emergency Level Definitions and Responses
In all types of emergencies, once outside agencies arrive on the scene (i.e., Police Department, Fire Bureau, Emergency Management Agency personnel, etc.) these agencies will assume control of the operations. The ERT and ECC will act as resources to these responders.

The top priority in this process is effectively handling critical workplace incidents, especially those dealing with actual or potential violence.

Violence or the threat of violence against or by any employee of the District or any other person is unacceptable.

Should a non-employee on District property demonstrate or threaten violent behavior, he/she may be subject to criminal prosecution.

The following actions are considered violent acts:

- Striking, punching, slapping or assaulting another person.
- Fighting or challenging another person to fight.
- Grabbing, pinching or touching another person in an unwanted way whether sexually or otherwise.
- Engaging in dangerous, threatening or unwanted horseplay.
- Possession, use, or threat of use, of a firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, on District property, including parking lots, other exterior premises, District vehicles, or while engaged in activities for the District in other locations, unless such possession or use is a requirement of the job.
- Threatening harm or harming another person, or any other action or conduct that implies the threat of bodily harm.
- Bringing or possessing any dirk, dagger, ice pick, or knife having a fixed blade longer than 2½ inches upon the grounds, unless the person is authorized to possess such a weapon in the course of his or her employment, has been authorized by a District
employee to have the knife, or is a duly appointed peace officer who is engaged in the performance of his or her duties.

Any employee who is the victim of any violent threatening or harassing conduct, any witness to such conduct, or anyone receiving a report of such conduct, whether the perpetrator is a District employee or a non-employee, shall immediately report the incident to his/her supervisor or other appropriate person.

- Associate Vice President, Business & Security Services  Director, Security and Support Services 408-848-4720/4739

No one, acting in good faith, who initiates a complaint or reports an incident under this policy will be subject to retaliation or harassment.

Any employee reported to be a perpetrator will be provided both due process and representation before disciplinary action is taken.

In the event the District fears for the safety of the perpetrator or the safety of others at the scene of the violent act, appropriate law enforcement personnel will be called.

The warning will be issued through the college e-mail system to students, faculty, staff, the emergency alert system, and/or student media outlets. The information shall be disseminated by campus security or the Public Information Officer in a manner that aids the prevention of similar crimes.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Public Information Officer may also post a notice on the campus-wide electronic bulletin board on the Gavilan College web site at: www.gavilan.edu, providing the community with more immediate notification. Anyone with information warranting a timely warning should report the circumstances to the campus security, by phone 408-710-7490 or dial 911.

The written agreement designates which law enforcement agency has operational responsibility for violent crimes and delineates the specific geographical boundaries of each agency’s operational responsibility, including maps as necessary.

The written agreements required by the Board policy are public records and are made available for inspection by members of the public upon request to the Vice President, Administrative Services.

The Security Department maintains a close working relationship with the Santa Clara County Sheriff’s Department (SCCSD). The Security Department occasionally works with other law enforcement agencies, including the California Highway Patrol, San Benito County Sheriff’s Department, City of Gilroy, City of Hollister, and City of Morgan Hill police departments. Meetings may be held between the leaders of these agencies on both a formal and informal basis. The Security Department and California Highway Patrol, SCCSD, San Benito County Sheriff’s Department, City of Gilroy, City of Hollister, and City of Morgan Hill police departments communicate regularly on the scene of incidents that occur in and around the campus area. When incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, the Security Department will work closely with the California Highway Patrol, SCCSD, San Benito County Sheriff’s Department, and City of Gilroy, City of Hollister, and City of Morgan Hill police departments. There is no written memorandum of understanding between the Security Department and the California Highway Patrol, SCCSD, San Benito County Sheriff’s Department, and City of Gilroy, City of Hollister, and City of Morgan Hill police departments.

In response to a call, the Security Department will take the required action, dispatching an officer or asking the victim to file an incident report. All incident reports received by the Security Department are forwarded to the Vice President of Student Services for review and potential action. The Security Department may investigate a report when it is deemed appropriate.

Crimes should be reported to the Security Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to the Security Department in a timely manner. To report a crime or an emergency call the Security Department at 408-710-7490. To report a non-
emergency security or public safety related matter, call the Security Department at 408-848-4703.

Security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at the District. Security officers do not possess arrest power. Criminal incidents are referred to the local law enforcement officers who have jurisdiction on the campus. The District maintains a highly professional working relationship with the California Highway Patrol, SCCSD, San Benito County Sheriff's Department, City of Gilroy, City of Hollister, and City of Morgan Hill police departments. All crime victims and witnesses are strongly encouraged to immediately report the crime to campus Security Services Office and the appropriate police agency. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics.

All reports will be investigated. The District does not have procedures for voluntary, confidential reporting of crime statistics. Violations of the law will be referred to law enforcement agencies and when appropriate, to the District's Disciplinary Committee for review. When a potentially dangerous threat to the District's community arises, timely reports or warnings will be issued through e-mail announcements, the posting of flyers at local campuses, in-class announcements, or other appropriate means.

Education Code Sections 67385, 67385.7, and 67386;
20 United States Code Section 1092(f);
34 Code of Federal Regulations Section 668.46(b)(11)

Any sexual assault or physical abuse, including, but not limited to, rape, domestic violence, dating violence, sexual assault, or stalking, as defined by California law, whether committed by an employee, student, or member of the public, occurring on District property, in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities or at another location, or on an off-campus site or facility maintained by the District, or on grounds or facilities maintained by a student organization, is a violation of District policies and regulations, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures. (See also AP 5500 titled Standards of Student Conduct.)

"Sexual assault" includes but is not limited to, rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault.

"Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a romantic or intimate relationship will be determined based on the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship.

"Domestic violence" includes felony or misdemeanor crimes of violence committed by:
- a current or former spouse of the victim;
- by a person with whom the victim shares a child in common;
- by a person who is cohabitating with or has cohabitated with the victim as a spouse;
- by a person similarly situated to a spouse of the victim under California law; or
- by any other person against an adult or youth victim who is protected from that person's acts by California law.

"Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or to suffer substantial emotional distress.

It is the responsibility of each person involved in sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be
ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

"Affirmative consent" means affirmative, conscious, and voluntary agreement to engage in sexual activity.

These written procedures and protocols are designed to ensure victims of domestic violence, dating violence, sexual assault, or stalking receive treatment and information. (For physical assaults/violence, see also AP 3500, 3510, and 3515.)

All students, faculty members or staff members who allege they are the victims of domestic violence, dating violence, sexual assault, or stalking on District property shall be provided with information regarding options and assistance available to them. Information shall be available from the Associate Vice President, Business & Security Services Director, Security and Support Services, which shall maintain the identity and other information about alleged sexual assault victims as confidential unless and until the Associate Vice President, Business & Security Services Director, Security and Support Services is authorized to release such information.

The Associate Vice President, Business & Security Services Director, Security and Support Services or designee shall provide all alleged victims of domestic violence, dating violence, sexual assault, or stalking with the following, upon request:

- A copy of the District's policy and procedure regarding domestic violence, dating violence, sexual assault, or stalking;
- A list of personnel on campus who should be notified and procedures for such notification, if the alleged victim consents;
  - Security Department; dial “10” on Gilroy campus telephone or 408-710-7490; Hollister and Morgan Hill sites should dial 408-710-7490
  - Vice President of Student Services at 408-848-4732
  - Associate Vice President of Human Resources and Labor Relations Director, Human Resources at 408-848-4753
- Local law enforcement at 911
- Information about the importance of preserving evidence and the identification and location of witnesses;
- A description of available services, which include 911 services, and the persons on campus available to provide those services if requested. Services include:
  - transportation to a hospital, if necessary;
  - referral to a counseling center;
  - notice to the police, if desired;
  - a list of other available campus resources or appropriate off-campus resources including “What is Sexual Assault” brochure.
- The victim's option to:
  - notify proper law enforcement authorities, including on-campus and local police;
  - be assisted by campus authorities in notifying law enforcement authorities if the victim so chooses; and
  - decline to notify such authorities;
- The rights of victims and the institution's responsibilities regarding orders of protection, no contact orders, or similar lawful orders issued by a court;
- Information about how the district will protect the confidentiality of victims; and
- Written notification of victims about options for and available assistance in changing academic, living, transportation, and working situations, if requested and if such accommodations are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

- A description of each of the following procedures:
  - criminal prosecution;
  - civil prosecution (i.e., lawsuit);
  - District disciplinary procedures, both student and employee;
  - modification of class schedules; and,
  - tutoring, if necessary.

The Director, Human Resources, Associate Vice President of Human Resources and Labor Relations, or designee, should be available to provide assistance to District law enforcement unit employees regarding how to respond appropriately to reports of sexual violence.

The District will investigate all complaints alleging sexual assault under the procedures for sexual harassment investigations described in AP 3435, regardless of whether a complaint is filed with local law enforcement. The board of directors of such organization shall be entitled to participate in this conference, and shall have a minimum of one month notice to prepare response to the issues which have been raised.

Based upon such conference, the CEO shall decide whether the particular organization shall be removed from the list of auxiliary organizations in good standing.

An organization so removed shall not be permitted to do any of the following:
- Use the name of the District;
- Have as a director any official in the District acting in his/her official capacity;
- Operate a commercial service for the benefit of the District or any of its Colleges; and
- Receive gifts, property or funds to be used for the benefit of the District or any of its Colleges.

If the auxiliary organization is dissolved or ceases operations upon removal from the list of organizations in good standing, its net assets and liabilities shall be distributed according to the terms of the written agreement between the organization and the District.

Limitation on Transfer of Funds to Auxiliary Organizations
No funds or resources, other than funds or resources derived from gifts or bequests, shall be transferred by the District to any of its auxiliary organizations for the purpose of either avoiding laws or regulations which constrain community college districts or providing the District with an unfair advantage with respect to the application of any state funding mechanism. Such state funding mechanisms include, but are not limited to, general apportionment funding, capital outlay funding, Extended Opportunity Programs and Services funding, and funding for programs and services for disabled students.

Compliance Review by CEO
All auxiliary organization procedures and practices shall be reviewed to determine compliance with Education Code Sections 72670 et seq., and the policies, rules and regulations of the Board of Governors, and of the District. The CEO shall designate the individual to conduct this review, which shall be conducted at the end of the first complete fiscal year after its establishment and at least once every three years thereafter.

When the CEO’s designee determines, after inspection and review, that certain auxiliary organization procedures and practices are not in compliance with policies, rules and regulations of the Board of Governors and the District, a recommendation concerning the items of noncompliance shall be communicated in writing to the CEO and to the board of directors of the auxiliary organization. The board of directors shall reply in writing within one month, either describing the actions which will be taken, including time table, to bring said procedures and practices into compliance; or describing the reasons why the board considers the procedures already to be in compliance.
If the CEO's designee considers the proposed corrective actions to be acceptable, the auxiliary organization shall be so informed. A second compliance review shall be held at the end of the time agreed to and the results communicated in writing to the CEO and to the board of directors.

When the auxiliary organization fails to provide an acceptable proposal for corrective actions or fails to implement successful corrective actions within the agreed upon time, the CEO shall inform the board of directors of such further action as he/she considers appropriate, which may include a recommendation to the Board of Trustees for termination of the contract.

**Revision of Rules and Procedures and Reports to the State Chancellor's Office**

Rules and procedures for the administration of auxiliary organizations may be revised as necessary by the CEO or designee. The board of directors of each auxiliary organization in good standing shall be promptly notified in writing of such revisions and be informed of the date by which any changes in the organization's procedures must be accomplished.

Any such revisions shall be submitted to the State Chancellor's Office for approval.

The District shall report, as may be required from time to time, on the operation of its auxiliary organizations.

The District Computer and Network systems are the sole property of Gavilan Joint Community College District. They may not be used by any person without the proper authorization of the District. The Computer and Network systems are for District instructional and work related purposes only.

This procedure applies to all District students, faculty staff, and trustees and to others granted use of District information resources. This procedure refers to all District information resources whether individually controlled or shared, stand-alone or networked. It applies to all computer and computer communication facilities owned, leased, operated, or contracted by the District. This includes personal computers, workstations, mainframes, minicomputers, and associated peripherals, software and information resources, regardless of whether used for administration, research, teaching or other purposes. For additional information on data governance and information technology protocols, please see the Gavilan College Data Governance Handbook.

Conditions of Use
Individual units within the District may define additional conditions of use for information resources under their control. These statements must be consistent with this overall procedure but may provide additional detail, guidelines and/or restrictions.

Legal Process
This procedure exists within the framework of the District Board Policy and state and federal laws. A user of District information resources who is found to have violated any of these policies will be subject to disciplinary action up to and including but not limited to loss of information resources privileges; disciplinary suspension or termination from employment or expulsion; and/or civil or criminal legal action.

Copyrights and Licenses
Computer users must respect copyrights and licenses to software and other on-line information.

- **Copying** - Software protected by copyright may not be copied except as expressly permitted by the owner of the copyright or otherwise permitted by copyright law. Protected software may not be copied into, from, or by any District facility or system, except pursuant to a valid license or as otherwise permitted by copyright law.

- **Number of Simultaneous Users** - The number and distribution of copies must be handled in such a way that the number of simultaneous users in a department does not exceed the number of original copies purchased by that department, unless otherwise stipulated in the purchase contract.
- **Copyrights** - In addition to software, all other copyrighted information (text, images, icons, programs, etc.) retrieved from computer or network resources must be used in conformance with applicable copyright and other law. Copied material must be properly attributed. Plagiarism of computer information is prohibited in the same way that plagiarism of any other protected work is prohibited.

**Illegal Distribution of Copyrighted Materials**

- Gavilan College will publish bi-annually in the Schedule of Classes the college’s policies related to illegal distribution of copyrighted materials. A summary of penalties for violation of both Federal copyright laws and local policies with respect to unauthorized peer-to-peer file sharing, including disciplinary actions that are taken will be included.
- Gavilan College students are prohibited from using the College’s computers and information network to illegally download or share music, video, and all other copyrighted intellectual property. Gavilan College supports the Higher Education Opportunity Act and Digital Millennium Copyright Act, including efforts to eliminate the illegal distribution of copyrighted material.
- Illegal forms of downloading and file sharing as well as the unauthorized distribution of copyrighted materials are violations of the law and Board Policy as contained in the Standards of Student Conduct and may subject a student to academic and/or disciplinary sanctions from the college as well as criminal and civil penalties, including a lawsuit by the Recording Industry Association of America (RIAA).
- The college has developed policies and consequences to ensure that students and employees are properly utilizing the district’s computer resources.

**Integrity of Information Resources**

Computer users must respect the integrity of computer-based information resources.

- **Modification or Removal of Equipment** - Computer users must not attempt to modify or remove computer equipment, software, or peripherals that are owned by others without proper authorization.
- **Unauthorized Use** - Computer users must not interfere with others access and use of the District computers. This includes but is not limited to: the sending of chain letters or excessive messages, either locally or off-campus; printing excess copies of documents, files, data, or programs, running grossly inefficient programs when efficient alternatives are known by the user to be available; unauthorized modification of system facilities, operating systems, or disk partitions; attempting to crash or tie up a District computer or network; and damaging or vandalizing District computing facilities, equipment, software or computer files.
- **Unauthorized Programs** - Computer users must not intentionally develop or use programs which disrupt other computer users or which access private or restricted portions of the system, or which damage the software or hardware components of the system. Computer users must ensure that they do not use programs or utilities that interfere with other computer users or that modify normally protected or restricted portions of the system or user accounts. The use of any unauthorized or destructive program will result in disciplinary action as provided in this procedure, and may further lead to civil or criminal legal proceedings.

**Unauthorized Access**

Computer users must not seek to gain unauthorized access to information resources and must not assist any other persons to gain unauthorized access.
Abuse of Computing Privileges - Users of District information resources must not access computers, computer software, computer data or information, or networks without proper authorization, or intentionally enable others to do so, regardless of whether the computer, software, data, information, or network in question is owned by the District. For example, abuse of the networks to which the District belongs or the computers at other sites connected to those networks will be treated as an abuse of District computing privileges.

Reporting Problems - Any defects discovered in system accounting or system security must be reported promptly to the appropriate system administrator so that steps can be taken to investigate and solve the problem.

Password Protection - A computer user who has been authorized to use a password-protected account may be subject to both civil and criminal liability if the user discloses the password or otherwise makes the account available to others without permission of the system administrator.

Usage
Computer users must respect the rights of other computer users. Attempts to circumvent these mechanisms in order to gain unauthorized access to the system or to another person’s information are a violation of District procedure and may violate applicable law.

Unlawful Messages - Users may not use electronic communication facilities to send defamatory, fraudulent, harassing, obscene, threatening, or other messages that violate applicable federal, state or other law or District policy, or which constitute the unauthorized release of confidential information.

Commercial Usage - Electronic communication facilities may not be used to transmit commercial or personal advertisements, solicitations or promotions.

Information Belonging to Others - Users must not intentionally seek or provide information on, obtain copies of, or modify data files, programs, or passwords belonging to other users, without the permission of those other users.

Rights of Individuals - Users must not release any individual’s (student, faculty, and staff) personal information to anyone without proper authorization.

User Identification - Users shall not send communications or messages anonymously or without accurately identifying the originating account or station.

Political, Personal and Commercial Use - The District is a non-profit, tax-exempt organization and, as such, is subject to specific federal, state and local laws regarding sources of income, political activities, use of property and similar matters.

Political Use - District information resources must not be used for partisan political activities where prohibited by federal, state or other applicable laws.

Personal Use - District information resources should not be used for personal activities not related to District functions, except in a purely incidental manner.

Commercial Use - District information resources should not be used for commercial purposes. Users also are reminded that the "cc" and ".edu" domains on the Internet have rules restricting or prohibiting commercial use, and users may not conduct activities not authorized within the those domains.

Nondiscrimination

person on the basis of race, religion, creed, color, national origin, ancestry, disability, sex (i.e.,
gender), marital status, sexual orientation. No user shall use the District network and computer

and college email accounts are available for public review. Communication between
private email accounts of trustees would need to be made available if a Public Records
request is received for that information.

*Litigation* - Computer transmissions may be discoverable in litigation.

All users shall be provided copies of these procedures and be directed to familiarize
themselves with them.

A "pop-up" screen addressing the e-mail portions of these procedures shall be installed
on all e-mail systems. The "pop-up" screen shall appear prior to accessing the e-mail

BP 3900  Speech: Time, Place, and Manner

References:
  Education Code Section 76120 and 66301

Students, employees, and members of the public shall be free to exercise their rights of free expression, subject to the requirements of this policy.

The college campuses of the District are non-public forums, except for those areas that are designated public forums available for the exercise of expression by student, employees, and members of the public. The President/Superintendent shall enact such administrative procedures as are necessary to reasonably regulate the time, place, and manner of the exercise of free expression in the designated public forums.

The administrative procedure promulgated by the President/Superintendent shall not prohibit the right of student to exercise free expression, including but not limited to the use of bulletin boards, the distribution of printed materials or petitions in those parts of the college designated as areas generally available to students and the community, and the wearing of buttons, badges, or other insignia.

Speech shall be prohibited that is defamatory, obscene according to current legal standards, or which so incites others as to create a clear and present danger of the commission of the unlawful acts on District property or the violation of District policies or procedures, or the substantial disruption of the orderly operation of the District.

Nothing in this policy shall prohibit the regulation of hate violence directed at students in a manner that denies their full participation in the educational process (Education Code Section 66301(e)) so long as the regulation conforms to the requirements of the First Amendment to the United States Constitution, and of Section 2 of Article 1 of the California Constitution. Students may be disciplined for harassment, threats, or intimidation unless such speech is constitutionally protected.

See Administrative Procedure 3900

   Education Code Section 76120 and 66301

The students of the District shall be permitted to exercise their rights of free expression subject to the time, place and manner policies and procedures contained in Board Policy, 3900 and these procedures.

The College District is a non-public forum, except for the designated Free Speech Area which is reserved for expressive activities which do not violate District policy and which are lawful:
   • Gazebo, located North of Cafeteria.

This area is chosen so as to provide visibility and allow communication to a large number of students, administrators, faculty, and others walking or traveling on campus, but also so as not to disrupt educational and other activities of the District on behalf of students.

The Free Speech Area is a limited public forum. The District reserves the right to revoke that designation and apply a non-public forum designation at its discretion.
   • The District reserves the right to designate areas as non-public forums as necessary to prevent the substantial disruption of orderly operation of the college. Areas of the college that are non-public forums specifically include campus offices, classrooms, warehouses, maintenance yards, or locker rooms, and any other areas not specified above.

The use of this area reserved and open for expressive activities is subject to the following:
   • No person using the areas shall touch, strike or physically impede the progress of passersby, except for incidental or accidental contact or contact initiated by a passerby.
   • Persons using areas shall not use any means of amplification that creates a noise or diversion that disturbs orderly conduct of the campus or classes taking place at that time.
   • Persons using the areas reserved for expressive activities shall not disrupt the orderly operation of the college.

Non-student community groups wishing to engage in speech or expressive activities on campus in the area designated as a public forum must provide notification, check in with the District through the Gavilan College Director of Security/Associate Vice President of Business and Security Services or designee three business days in advance of prior to engaging in the activities and must describe the nature of the planned activities. This does not involve an advance approval process. No illegal activities will be permitted, no activities that violate District or campus rules, including rules and laws on illegal harassment and discrimination, and none that will substantially interfere with or disrupt activities already scheduled for that day and time in the designated areas, as described below. In the event the area sought to be used for expressive activities has already been reserved for another activity so that there will be substantial interference or disruption based on noise, overcrowding, or other considerations
unrelated to content, the District will offer alternative available areas or if none are available offer alternative dates. Students, outside organizations, and others are encouraged to make reservations in advance to use the areas for their expressive activities by using the facility use form.

All persons using the areas that are designated public forums shall be allowed to distribute petitions, circulars, leaflets, newspapers, and other printed matter. Such distribution shall take place only with the area. Those persons distributing printed material must, prior to their departure from the areas that day, make reasonable efforts to retrieve, remove or properly discard material that is discarded or dropped in or around the areas other than in an appropriate receptacle.

**Posting**
Bulletin boards shall be provided for use in posting materials at campus locations convenient for use by students, staff, and members of the public. All materials displayed on a bulletin board shall clearly indicate the author or agency responsible for its production and shall be approved with the date of posting by the Vice President of Instruction, the Vice President of Student Services or designee. Materials displayed shall be removed after the passage of ten days.

The Fiscal Agent and Subrecipient are also referred to collectively as “Parties” and individually as “Party.” This Agreement is based on the Strong Workforce Program-Regional Fund Agreement between the Fiscal Agent and the California Community Colleges Chancellor’s Office, i.e., Prime Sponsor, and is effective to cover activities beginning July 1, 2016 and ending December 31, 2018 supported by Strong Workforce Program Regional Fund allocations disbursed in 2016-2017.

WHEREAS, the Fiscal Agent has received funds for the Strong Workforce Program Regional Consortia allocation from the California Community Colleges Chancellor’s Office (hereinafter “Sponsor”), for the purpose of implementing the program entitled Strong Workforce Program established by Education Code Sections 8820-8826 (hereinafter “Program”).

WHEREAS, the Fiscal Agent has been designated as the Regional Fiscal Agent for the Program for the Bay Area Community College Consortium (hereinafter “BACC”) and is responsible for dispensing, monitoring and auditing sub-grants developed with each community college district within the region once spending decisions have been authorized by the CTE Regional Consortium as stipulated in Strong Workforce legislation.

WHEREAS, Fiscal Agent, Cabrillo Community College District has the right to enter into agreements with outside entities for various services with the approval of its Board of Trustees; and

WHEREAS, the Consortium Member is a community college district, located within the boundaries of the regional consortium, and agrees to participate in the BACC in accordance with the rules and procedures as approved by Sponsor and as stipulated in the Strong Workforce Program.

NOW, THEREFORE, the Parties agree as follows:

1. PERIOD OF PERFORMANCE
The period of performance for this Agreement shall be from July 1, 2016 through December
31, 2018 unless terminated earlier in accordance with this Subcontract or modified by mutual written agreement.

2. CERTIFIED PROJECT PROPOSALS

Subrecipient shall perform the Scopes of Work detailed using individually certified Project Proposals contained in attached Exhibits. Certified Project Proposals are those proposals submitted on the on-line Regional Strong Workforce Program platform and certified by the Subrecipient as meeting the intention and requirements of the Strong Workforce Program legislation. Such certified Project Proposals shall fully detail the scopes of work between Parties. As needed, the Project Proposals can be amended and modified based on written approval by the Parties. By signing this Master Agreement, the Fiscal Agent and Subrecipient agree that the Certified Project Proposals will be binding under this Master Agreement without further action by the Parties.

Subrecipient agrees to make the investments and to conduct the work as described in the Certified Project Proposal documents submitted by Subrecipient and attached hereto as Exhibits and incorporated by reference in this Agreement. Subrecipient agrees that funds will be used for the purpose of meeting the following goals established through the BACCC Regional Collaborative Planning Process:

- Goal A: Meet the needs of employers for well-qualified candidates for middle-skill positions that pay livable wages
- Goal B: Provide pathways that enable all Bay area residents to find employment and advance to livable wages
- Goal C: Ensure equity in participation, completion, and employment

3. COLLABORATION

Where proposals involve multiple colleges, all Parties agree to work collaboratively with all other colleges specifically referenced in the Project Proposals in order to complete the Scope of Work.

4. TOTAL COSTS

The total cost for performance of this Agreement is set forth in Exhibit B where funding amounts for each Project are listed.

5. BUDGET

Subrecipient agrees that expenditure of funds under the Agreement will be in accordance with the project budgets submitted by the Subrecipient and shown in Exhibit B, which by reference are incorporated into this Agreement.

Funds are to be utilized by the Subrecipient in accordance with the terms and conditions of both this Master Agreement and guidance on the allowable use of funds from the California
Community Colleges Chancellor’s Office (Strong Workforce Program Guidance Memos).

If there is a reduction in funding by the Chancellor’s Office, the Fiscal Agent reserves the right to require adjustment to the scope of work and funding of the Agreements accordingly, up to and including the end of all activities under this Agreement.

Subrecipient understands that all funds must be fully expended by December 31, 2018. Subrecipient agrees to work with Fiscal Agent to accomplish Project revisions, transfers, and reallocations in a timely way to ensure all funds are fully spent or released and reallocated to another college that can fully spend the funds.

6. BUDGET MANAGEMENT

The Subrecipient will manage its budgets so that there is a clear distinction between Local Strong Workforce funds and Regional Strong Workforce Funds (which are the subject of this Agreement), and a clear distinction between the fiscal year of the allocation (e.g., that the allocation for 2016-2017 is distinct from any allocation for 2017-2018). Since the term for the use of the funds is more than one year there will be concurrent use of separate allocations. In such cases, it is advised that the Subrecipient assign separate project numbers to each year’s allocation, or in some other manner make a clear distinction between the separate allocations.

7. PAYMENT

The Fiscal Agent shall make payments to the Subrecipient up to the amount listed in Exhibit B, Strong Workforce Approved Programs Summary.

Fifty percent (50%) of the total cost will be issued as an advance payment to Subrecipient. Fully executed Agreements submitted along with required insurance certificates by May 15, 2017 will be paid by June 30, 2017. Agreements submitted after that date will be paid by the end of July 2017 or within forty-five days of Fiscal Agent’s receipt of the fully executed Agreement and insurance certificates, whichever date is later. Thereafter, the Fiscal Agent shall reimburse Subrecipient for the cost of the work performed through an invoicing process, up to but not exceeding the amount listed in Exhibit B, Strong Workforce Approved Programs Summary.

8. INVOICES

Invoices shall be submitted on a form provided by Fiscal Agent and must be supported by financial detail reports that itemize costs by Project. Invoices shall be submitted no more frequently than quarterly and no less frequently than after the close of each fiscal year. Invoices may be submitted at other times to accommodate large capital expenditures. Fiscal Agent may request back-up documentation for expenditures, if required to adhere to compliance terms and standards. Payment of the final 10% of the contract is contingent upon completion of the Scope of Work as stated in the Exhibits, upon receipt of a final invoice requesting payment, and upon Fiscal Agent’s approval of a final report. Invoices should be submitted electronically to Fiscal Agent contact named in Exhibit A. A final invoice for all performance under this Agreement is due no later than January 15, 2019.
9. REPORTING

Subrecipient agrees to provide qualitative and quantitative progress reports and a final report according to the schedule provided by and as required by the California Community College Chancellor’s Office and the Bay Area Community College Consortium. Fiscal reports detailing fiscal activity during each fiscal year of the performance periods will also be submitted. Reports will be submitted to the Fiscal Agent in a timely manner according to the schedule below. Subrecipient will be provided with thirty days notice of any changes to the reporting schedule.

10. MODIFICATIONS

When Subrecipient wishes to substantively change the outcomes of a project, timeline, or the investments being made, Subrecipient should consult with Fiscal Agent to determine if the Project Proposal requires formal modification and approval by the Fiscal Agent.

Modifications to Project Budgets
Modifications to the budgets, as detailed in the Certified Project Proposals, are allowed without prior approval, as long as all budget items comply with the Strong-Workforce Program requirements and authorized uses of funds, and the outcomes of the Projects will not be materially affected.

Transfer of Funds Between Certified Projects
For projects that are fully contained within a college and have no other participating colleges, funds may be transferred from one project to another at the discretion of the Subrecipient as long as the intended outcomes of the projects are not substantively changed. Certified Project Proposal budgets should be updated in the online system and Exhibit B Strong Workforce Approved Program Summary and/or through the reporting system to reflect these reallocations. Further direction will be provided on how to report these changes to the Subrecipient’s Primary Contact as identified in Exhibit A.
Transfers of Funds Impacting Regional Joint Ventures
Budget transfers away from Projects that include budget commitments from multiple colleges (Regional Joint Ventures) require consultation with other colleges participating in the Joint Venture to ensure the transfer does not jeopardize the outcomes of the other colleges. Transfers of Regional Joint Venture Funds require specific written approval from the Fiscal Agent. The following process should be followed in these circumstances:

A. The Subrecipient Primary Contact notifies the Fiscal Agent and the Project Lead for the Regional Joint Venture Project of the desired changes.

B. Subrecipient notifies the other colleges involved in the Regional Joint Venture Project and secures agreement to the change(s) from the other colleges and/or the Project Lead.

C. The Fiscal Agent will conduct a technical review of the requested changes to ensure compliance with the grant terms and conditions. The Subrecipient updates and certifies the Project Proposal. Exhibit B is modified to reflect the changes and the modified Project is attached to the Agreement.

New Projects
New Projects, made possible through the reallocation of funds, should be entered into the online system and certified by the Subrecipient as meeting the intention and requirements of the Strong Workforce Program legislation. Subrecipient should notify Fiscal Agent the Project is available for review. After review and approval, the Certified Project Proposal will be added to Exhibit B Strong Workforce Approved Programs Summary, and the Certified Project Proposal will be included as an Exhibit.

Whenever a Project Proposal is substantively changed or a new Proposal is submitted, the Subrecipient and Fiscal Agent will sign or approve via electronic means the amended Exhibit B, which will replace the prior Exhibit B and become part of the active Master Agreement once executed.

11. TIME EXTENSIONS
Subrecipient must spend all of the funds allocated through this Master Agreement within the timeframe of the Agreement.

12. CONTACTS
All invoices, supporting documentation, progress reports, and requests for modifications from the Subrecipient will be submitted on-line or via email to the Fiscal Agent Strong Workforce Program Project Manager.

Contact information for these Fiscal Agent and Subrecipient roles is to be provided in Exhibit A, Contacts.

Both Parties agree to notify the other, in writing, within 30 days of changes to project contacts.
13. SHARED USE OF EQUIPMENT or RESOURCES

In the event that Subrecipient uses funds to secure equipment or other resources to be used in common or for shared use with other colleges, a separate agreement may be needed between or among them to outline the terms and conditions of that use. The Subrecipient should notify the Fiscal Agent of the intent for shared use of equipment and resources, and the Fiscal Agent will clarify the requirements with the Chancellor’s Office, and provide guidance to the Subrecipient regarding development of a shared use agreement.

14. INTELLECTUAL PROPERTY

Any work product resulting from this Agreement falls under the California Community Colleges, Chancellor’s Office Creative Commons Attribution license which gives permission to the public to reproduce, distribute, perform, display or adapt the licensed materials for any purpose, so long as the user gives attribution to the author.

15. SUBCONTRACTS

The Subrecipient agrees to be as fully responsible to the Fiscal Agent for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by the Subrecipient. The Subrecipient’s obligation to pay its subcontractors is independent from the obligation of the Fiscal Agent to make payments to the Subrecipient. As a result, the Fiscal Agent shall have no obligation to pay or enforce the payment of any monies to any subcontractor.

16. RECORDS AND AUDITS

A. The Subrecipient must maintain records regarding the use of Program funds and progress made toward objectives and/or performance under the applicable Agreement.

B. The Subrecipient must maintain a list of the type, cost, and location of the equipment purchased with Strong Workforce Program funds.

C. The Subrecipient agrees that the Fiscal Agent, the Chancellor’s Office, the Bureau of State Audits, and any other appropriate state or federal oversight agency, or their designated representative(s), shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. The Subrecipient agrees to maintain such records for possible audit for a minimum of three (3) years after the final payment or until any audit findings have been resolved, unless a longer period of records retention is stipulated. The Subrecipient agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records.

Further, the Subrecipient agrees to include a similar right of the Fiscal Agent, the Chancellor’s Office, the Bureau of State Audits, any other appropriate state or federal oversight agency, or their designated representative(s) to audit records and interview staff in any subcontract related to performance of this Agreement or any Participation
Agreement.

a. If any audit or other actions involving the records has been started before the expiration of this period, the records must be retained until the completion of the action and resolution of all issues which arise from it or until the end of the three (3) year period, whichever is later.

b. All records must be retained throughout the project. The three (3) year period of retention starts on the last day of the performance period stipulated in 2. Period Of Performance.

17. NOTICES

A Party to this Agreement may give notice to the other Party by sending an email and receiving acknowledgement of its receipt or through certified mail to the addresses specified below. Such notice shall be effective when received. Each Party has the responsibility of keeping notice contact information accurate and current. Contact information is specified in Exhibit A, Contacts.

18. TERMINATION

Either Party may terminate this Agreement, with or without cause upon thirty (30) days written notice served upon the other Party. Notice shall be deemed served on the date of mailing. Upon termination, or notice thereof, the Parties agree to cooperate with one another in the orderly transfer of contract responsibilities, records, and pertinent documents.

The obligations of Fiscal Agent under this Agreement are contingent upon the availability of State funds, as applicable, for the reimbursement of expenditures to the Subrecipient. In the event that such funding is terminated or reduced, Fiscal Agent shall provide the Subrecipient with written notification of such determination and Fiscal Agent shall reimburse the Subrecipient for costs incurred up to the termination date. If Subrecipient has not fully spent funds advanced by the Fiscal Agent, Subrecipient agrees to return to Fiscal Agent funds unspent as of the termination date. Notice shall be deemed served on the date of receipt by the Subrecipient; with receipt determined by certified mail delivery confirmation. Upon termination, or notice thereof, the Parties agree to cooperate with one another in the orderly transfer of contract responsibilities, records, and pertinent documents.

19. DISPUTES

In the event of a dispute between the Parties, the aggrieved Party shall notify the other Party and provide a detailed description of the alleged problem. The Parties agree to use reasonable efforts to resolve such dispute by good faith negotiations and mutual agreement. In the event such informal resolution is not successful within a reasonable period of time, the Parties hereby agree that such dispute will be resolved in the manner specified below.

Except as otherwise provided in this Agreement, any dispute concerning any question arising under this Agreement shall be decided by the Fiscal Agent and/or the Prime Sponsor. In such a
case, the decision shall be reduced to writing and a copy thereof shall be mailed or otherwise furnished to the Subrecipient. The decision shall be final and conclusive unless within thirty (30) calendar days from the mailing or delivery of such copy, the Fiscal Agent receives from Subrecipient a written request to appeal said decision. Pending final decision of the appeal, Subrecipient shall act in accordance with the written decision of the Fiscal Agent or the Prime Sponsor, whichever is the final arbiter of the dispute. The handling of non-criminal complaints, including discrimination complaints, and complaints and reports of criminal fraud, waste and abuse shall be as prescribed by the State of California, and/or the Prime Sponsor, whichever is applicable, in accordance with applicable provisions of the Code of Federal Regulations.

20. INDENIFICATION
All Parties to this Agreement shall agree to defend, indemnify, and hold harmless the other Parties, its officers, agents, employees, and volunteers, from and against all loss, cost, and expense arising out of any liability or claim of liability, sustained or claimed to have been sustained, arising out of activities, or the performance or nonperformance of obligations under this Agreement, of the indemnifying Parties, or those of any of its officers, agents, employees, or volunteers. The provisions of this Article do not apply to any damage or losses caused solely by the negligence or willful misconduct of the Parties or any of its agents or employees.

21. INSURANCE
Acceptance of this agreement constitutes that Subrecipient is not covered under Fiscal Agent’s general liability insurance and that Subrecipient agrees, during the term of this Agreement, to maintain, at the Subrecipient’s sole expense, all necessary insurance for its officers, agents, and employees, including but not limited to worker’s compensation (if required by law), liability, disability, and unemployment insurance. Certificates of insurance shall be provided to Fiscal Agent. Specifically, during the term of this agreement, Subrecipient shall maintain in full force and effect the kinds of insurance, containing the limits of liability set forth below:

A. Workers’ Compensation – Subrecipient shall comply with the workers’ compensation law of the state wherein the services are to be rendered. Such policy shall provide coverage for all persons engaged in the activities described in this agreement under the employ, supervision or control of Subrecipient.

B. General Liability - The policy shall contain a combined single limit of liability of not less than $2,000,000 per occurrence and not less than $5,000,000 in the aggregate.

C. Automobile Liability - If automotive vehicles are operated by Subrecipient in Subrecipients performance of Subrecipient’s obligations under this agreement, Subrecipient shall maintain an automobile liability policy which shall include coverage on all owned, non-owned and hired vehicles and shall have a minimum limit of liability of not less than $1,000,000 per occurrence.

Coverage shall be placed with an insurer having a Best’s Key Rating of “A-” or better. Subrecipient shall furnish Fiscal Agent with Certificates of Insurance evidencing such coverage. Such Certificate shall name Fiscal Agent as additional insureds, and provide that it can be
cancelled only with thirty (30) days prior written notice to Fiscal Agent. If any of the foregoing coverages expire, change, or are canceled, Subrecipient shall notify Fiscal Agent within thirty (30) days prior to the effective date of such expiration, change or cancellation.

The following sentence shall be included in the additional insured endorsements:

"Cabrillo Community College District, its Governing Board, as individuals and as an entity, its officers, directors, employees, and volunteers, are hereby named as additional insured, with respect to all work performed by or on behalf of the named insured under its contract with the Certificate Holder."

22. INDEPENDENT CONTRACTOR

The Subrecipient, in the performance of this Agreement, shall be and act as independent contractors and not as employees of Fiscal Agent. The Subrecipient understands and agrees that it and all of its employees shall not be considered officers, employees or agents of the Fiscal Agent, and are not entitled to benefits of any kind or nature normally provided to employees of the Fiscal Agent and/or to which Fiscal Agent's employees are normally entitled, including, but not limited to, State Unemployment Compensation or Workers' Compensation. The Subrecipient assumes full responsibility for its acts and/or liabilities including those of its employees or agents as they relate to the services provided under this Agreement. The Subrecipients shall assume full responsibility for withholding and payment of all: federal, state, local and applicable income taxes; workers' compensation; contributions, including but not limited to, unemployment insurance and social security with respect to the Subrecipient's employees. The Fiscal Agent will not withhold taxes, unemployment insurance or social security for the Subrecipient's employees or independent subcontractors. The Subrecipient agrees to indemnify and hold the Fiscal Agent harmless from and against any and all liability arising from any failure of the Subrecipient to withhold or pay any applicable tax, unemployment insurance or social security when due.

23. ASSURANCES

By signing this Agreement the Parties certify they will comply with the terms and conditions outlined in the Strong Workforce Program established by Education Code Sections 88820-88826, and with the guidance documents provided by the California Community College Chancellor’s Office as posted on the Guidance section of the Strong Workforce Program website: [http://doingwhatmatters.cccco.edu/StrongWorkforce.aspx](http://doingwhatmatters.cccco.edu/StrongWorkforce.aspx)

By signing this Agreement the Subrecipient certifies that it complies with state and federal requirements for Standards of Conduct, Workers’ Compensation Insurance, Participation in Grant-Funded Activities, Non-Discrimination, Accessibility for Persons with Disabilities, Drug-Free Workplace Certification, Intellectual Property, and Debarment and Suspension, and will adhere to these legal standards and requirements in the performance of work related to this Agreement.

24. UNENFORCEABLE PROVISION
In the event that any provision of this Agreement is unenforceable or held to be unenforceable, then the Parties agree that all other provisions of this Agreement remain in full force and effect and shall not be affected thereby.

25. WAIVER
Any waiver by Fiscal Agent of any breach of any one or more of the terms of this Agreement shall not be construed to be a waiver of any subsequent or other breach of the same or of any other term. Failure on the part of Fiscal Agent to require full, exact, and complete compliance with any terms of this Agreement shall not be construed as in any manner changing the terms of this Agreement, or stopping Fiscal Agent from enforcing the terms of this Agreement.

26. SEVERABILITY
If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions will nevertheless continue in full force and effect without being impaired or invalidated in any way.

27. AGREEMENT IS COMPLETE
No amendment, alteration or variation of the terms of this Agreement shall be valid unless made in writing, signed by the Parties, and approved as required. No oral understanding or agreement not incorporated in this Agreement is binding on any of the Parties.

30. SIGNATURES
By signing below, the Parties agree to the terms and conditions set forth in this Agreement, which terms and conditions, upon such signatures, shall be incorporated into and become a part of the Master Agreement between the Cabrillo Community College District and Gavilan CCD on behalf of Gavilan College, and are binding upon the Parties without any further action by the Parties.

CLASSIFICATION STUDY

BACKGROUND

On October 14, 2014, the Gavilan Joint Community College District (District) entered into an agreement with Human Resource Compensation and Management (HRC&M) to conduct a comprehensive classification and compensation study of classified and management positions. The scope of work included a review of each position and interviews with employees in Phase One and a comprehensive total compensation study in Phase Two.

HRC&M completed the position review and interviews in March 2015 and issued a draft report on the classification study on January 2016. Due to unforeseen circumstances, the classification and compensation study was not completed as stipulated in the contract. As a result, the District terminated the contract with HRC&M on June 28, 2016. In August 2016, the Human Resources Department was assigned to complete the classification and compensation study.

Classified and management employees submitted proposed changes and/or comments after a review with their supervisors. The Human Resources Department reviewed and analyzed each position to determine whether or not there were changes to the essential functions of each job. There were approximately 125 classified employee positions in 44 job classifications and approximately 29 management/confidential positions in 25 job classifications analyzed in total.

In December 2016, the preliminary results of the classification and compensation study were shared with the Superintendent/President. Then, the District began meeting with CSEA leadership to discuss the preliminary results. CSEA leadership provided their feedback and made recommendations which were considered as part of the process.

In January 2017, the President’s Cabinet held a retreat to discuss the classification and compensation results in detail and assess the overall organization structure of the District. The preliminary data was informally shared with the Board of Trustees in January and February 2017.

Purpose: To Align the Job Position Functions and the Compensation Levels with the Organizational Structure to Maximize Efficiency and Effectiveness of the District
OBJECTIVES

1. Accurately describe all positions according to their duties, responsibilities, essential functions, and job requirements to ensure equity of the system
2. Prepare new job descriptions to accurately reflect the duties, responsibilities, essential functions, and job requirements, if necessary
3. Conduct an objective analysis based on the position and structure of the organization
4. Consider employee and management feedback as part of the job analysis
5. Ensure compliance with applicable federal, state, and local regulations
6. Provide a fair compensation analysis based on credible salary data sources
7. Collaborate and partner with the CSEA Executive Board throughout the study

METHODOLOGY

Each position was reviewed and analyzed by the following guiding questions:

1. Was there a change to the level of knowledge, skills, and abilities of the position?
2. Was there a change to the essential functions of the position?
3. Was there an organization structure change that affected the position?
4. Was there an operational change or supervisory directive that affected the position?
   If yes, what is the evidence to support the change? What caused the change?

Causes of change include but are not limited to the following:

- New mandates, laws, regulations, policies, directives
- Change in existing laws, regulations, policies, directives
- Reduction or elimination of positions or job classifications
- Reduction or elimination of programs
- Changes in business operations or processes

One or more of the above changes does not automatically result in a position reclassification. The percentage of time to perform the duties, the requirements of the job, and the essential functions are considered.

Factors that are not considered in the classification study:

- Individual employees qualifications or how well a worker performs the job
- The number of hours a worker is assigned to work in an assignment.
- How long the incumbent has held the position or worked for the District.
- The quantity or volume of work performed by an individual or group (level of work, not volume, is an important consideration.
- How much the employee is compensated.
Based on the analysis of each, the following options were considered:

<table>
<thead>
<tr>
<th><strong>Keep the current job description:</strong></th>
<th>The current job description language appropriately reflects the duties performed.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Reclassify the position:</strong></td>
<td>A position may be reallocated to a different classification which more appropriately reflects the duties performed (i.e. a position currently classified as Departmental Assistant could be reclassified to a Senior Departmental Assistant based on the duties performed)</td>
</tr>
<tr>
<td><strong>Change the job title:</strong></td>
<td>It may be determined that the position is appropriately classified but the title is changed to better reflect the duties or purpose of the position or to reflect the current industry standard (i.e. Webmaster to Web Developer although the duties are essentially the same)</td>
</tr>
<tr>
<td><strong>Revise the job description:</strong></td>
<td>It may be determined that the position is appropriately classified but the class specification needs to be updated to better reflect the duties being performed. This most often occurs with classifications that have had a long life within the organization and slight changes have been made over time (i.e. typewriting skills can be changed to computer skills)</td>
</tr>
</tbody>
</table>

**ANALYSIS & FINDINGS**

**Classified Positions**

Most positions either remained the same which means the current job duties appropriately reflect the job duties performed or required minor changes in language resulting in revised job descriptions. A few positions required changes in job titles and position reclassification (Appendix A).
The current information technology position titles do not match the industry standard based on a review of job titles within California community colleges and feedback from subject matter experts. In addition, the compensation levels of information technology positions are below market value evidenced by the review of salary data and the turnover of information technology staff in recent years. The withdrawal of job acceptances for more competitive salary offers has made it difficult to recruit and hire information technology positions. The information technology industry changes have a substantial impact on the college. In the past, technology was a tool to provide services and now it is fully integrated in the service delivery model. Technology is an integral part of educational delivery evidenced by the reliance on technology for the college to operate and the budget associated with these technological tools.

The implementation of an in-house payroll system and the addition of the security and support services functions to the Business Office have created a need for the reorganization of job duties. Combining various job duties of existing job classifications and adding a layer of supervision to ensure critical business operations are maintained is necessary for customer service to the district. In addition, creating upward mobility within the department will address the retention of institutional knowledge.

Changes in laws and regulations for students have created more specialized knowledge and skills for the Admissions & Records and Financial Aid functions. Deferred Action for Childhood Arrivals (DACA) and Development, Relief, and Education for Alien Minors (DREAM) are examples of laws impacting the essential duties and business processes for these departments. In addition, creating upward mobility within the departments will address the retention of institutional knowledge.

The Disability Resource Center developed a Veterans Resource Center and hired a counselor to support this student population. Although it is in the development stage, the need to restructure and reassign work is necessary to allow for growth for this service. An appropriate level staff support is required to address these changes.

The combination of the Trio and MESA programs occurred approximately 3 years ago which resulted in a reclassification of an administrator from a classified manager to an educational administrator. The classified support staff duties and responsibilities were expanded based on the merger of the two programs; however, the position level remained the same. The classified position should have been upgraded to be aligned with the administrator position.

The newly created Academic Scheduling Coordinator Position is critical to the overall scheduling of classes and the accuracy of the compensation and load of adjunct faculty employees. This position should have the authority to ensure there is alignment with the courses and the classroom space and facilities required for instruction.

The unique functions of public information/marketing and curriculum have been placed in general job classifications Program Services Specialist and Senior Programs Services Specialist respectively which are used across the district for a program support capacity.
These positions have specialized functions and do not fit with the Program Services Specialist series.

The Child Development Center closure resulted in a reassignment of existing staff to other departments on campus. There no longer is a need to keep the Child Development Center teacher classification series and the food services provider.

Several years ago the Campus Services Receptionist and Campus Parking Monitor Positions were eliminated. There is no longer a need to maintain these job classifications.

There is one Instructional Program Specialist position in the Allied Health/Nursing program that has experienced an expansion of duties due to the growth of the program. In addition, the position requires knowledge of compliance requirements from the Board of Registered Nursing, the statewide governing body for program certification. The position and essential function has changed due to these factors.

Management Positions

Most of the management positions remained the same which means there were no changes to the essential functions of the job. In most cases, the current job duties appropriately reflect the job duties that are being performed. However, there were several job descriptions that required updating in language due to title changes or included outdated information. Minor revisions to the job descriptions are required for accuracy of information. A few position titles were changed prior to the completion of this study and are officially reflected here: Vice President, Instructional Services to Vice President, Academic Affairs and Director, Management Information Systems to Director, Information Technology (Appendix B)

A few job descriptions required revisions because the existing job descriptions were outdated. The job descriptions for Director, Instructional Site and Dean, Kinesiology & Athletics contained the former title and essential functions of the previous positions Site Instructional Site Coordinator and Athletic Director respectively. The Vice President, Administrative Services contains outdated information and requires minor revisions. The Vice President, Administrative Services job description includes oversight of human resources including harassment investigations. A few years ago the human resources function was reorganized to include a direct reporting structure to the Superintendent - President.

The Child Development Center closure resulted in a reassignment of existing staff to other departments on campus. As a result, the Child Development Director position and the entire classified staff positions were eliminated. Most employees were reassigned to different positions. The Dean, Career Technical Education (CTE) position job description should be updated to reflect the elimination of the Child Development Center.

One job description required revisions due to a reorganization of management operations in Community Education. The Director of Community Education position will have expanded duties as part of the Strong Workforce Program, an initiative aimed at increasing the number
of skilled workers produced by community colleges. A major function of this position is to create career pathways that can lead to jobs or to technical degree programs at four-year universities.

SUMMARY

The Classification Study revealed that most positions did not change over time. There were minor revisions to job descriptions due to changes in operation, reporting structures, and previous reorganization. The most significant changes occurred in Information Technology, Financial Aid, and Admissions & Records based on the function they serve to support the success of students.
COMPENSATION STUDY

BACKGROUND

The Classification & Compensation Study included a review of each position and a comprehensive review of compensation. The Human Resources Department analyzed the salaries of other Community College Districts using two primary data sources. The Classified Employee Compensation Survey Results report was used for classified positions and the Association of California Community College Administrators (ACCCA) Salary Comparison 2015 report was used for management positions. The most recent version of each report was used.

OBJECTIVE: The objective of the compensation study is to promote fairness within the District and in the job market when recommending salary allocation. We take into account fair compensation for employees, competitive compensation to attract applicants, budget, organizational projections, bargaining unit agreements, cost of living, and funding resources.

Classified Employee Compensation Survey Results 2016

The Classified Employee Compensation Survey includes salary comparisons and percent ranks (Appendix C). The percent rank shows how a district is ranked compared to other reporting districts in the State. A 100% rank indicates a district has a salary that is higher than all the other districts. The median or 50% rank indicates a salary that is above or below an equal number of districts. A 0% rank indicates a salary that is lower than all the other districts.

There were several limitations with this report as the primary data source. This report did not include all classified positions, the classified positions and titles may vary from district to district, and some positions do not exist in other community college districts.

For informational purposes, the Human Resources Department compiled salary data from local community college districts: Cabrillo, Hartnell, WestValley-Mission, and San Jose-Evergreen (Appendix D). The data was reviewed during the analysis but was not the basis for recommendations. The data was compiled using data from the district websites; therefore the salary data is questionable as there is no way to indicate if the website contained the most recent salary information. For this reason, the data was used for informational purposes only.
ACCC A Salary Comparison 2015

The ACCCA Salary Comparison report includes salary comparisons of administrator by position. The following is a description of the salary report from ACCCA:

Each year, ACCCA surveys Chief Executive Officers and Chief Human Resources Officers at every community college district in the state. The survey provides an accurate snapshot of compensation data for administrative positions common to California community colleges. Data includes information on salaries, benefits, allowances and stipends, longevity pay, and span of control for positions ranging from CEO to Deans. Reports are separated out by single college districts and multi-college districts. Districts were asked to match their position descriptions to position descriptions that ranged from CEO to general staff and line managers, as well as a common confidential position. This should provide sufficient information for cross-comparisons with districts of comparable size.

(http://www.accca.org/iaa/pages/index.cfm?pageid=3501)

The limitations of using this study as the primary data source were the study did not include all management positions, positions and titles vary from district to district, and some positions do not exist in other community college districts. In addition, this data was based on 2015 salary information.

ANALYSIS

Classified Positions

The compensation study found that classified employee salaries vary significantly in pay range with some positions paid at the 40th percentile while other positions are paid at the 90th percentile according to the results of the 2016 CSEA Salary Study. Based on this variation and to remain competitive for recruitments, the 75th percentile was a comparable benchmark for classified positions. Other factors such as cost of living, increases to minimum wage, affordability of housing, fairness, and recruitment/retention of talented employees were considered.

The classifications that are below market value are the clerical/office and custodial workers. These positions are on the entry level salary tracks which include positions such as Custodian, Office Assistant, and Mailroom Clerk. In order to provide a sustainable living wage, the salary levels should be placed at a competitive track.

The information technology industry changes have a substantial impact on college operations. Technology is an integral part of educational delivery evidenced by the impact of technology to instruction, student support services, and the budget associated with these technological tools. Competitive salaries based on market rates should be considered for these positions.
Other salary adjustments should be considered in areas adjusted due to the findings and analysis of the classification study. This includes the reclassification or creation of classified positions listed under “Recommendations” on pages 9-11 of this report.

Management Positions

The compensation study found that management employee salaries vary significantly in pay range compared to other districts statewide. The previous direction from the board is to place salaries at the 35th ranking or 50th percentile at minimum. There are 8 positions that are below the 35th statewide ranking by 7% to 48% (Appendix E). In order to meet the benchmark of the 35th ranking, the salaries for these positions should be placed at a competitive track.

The Director, Instructional Site positions oversee the college off sites: Morgan Hill and Hollister. (The new Coyote Valley site management is under discussion). This is a unique position that is classified differently in other colleges; therefore, the salary data does not exist from a comparative perspective. The position ranges in varying titles from Dean, Director, classified staff position or faculty position and do not exist in other districts. A separate review of the salary for this position should be conducted to ensure the compensation is for this position is at market value.

Confidential Positions

Confidential positions are a part of the management organizational structure based on the nature of their work. Based on their compensation levels, they are more aligned with classified positions than management positions. In addition, some of these positions are included in the 2016 CSEA Salary Survey report. The CSEA salary report shows the Executive Assistant to the Superintendent/President position at 66% and the HR Technician position at 73%. Therefore, the appropriate benchmark for confidential positions should be at the 75th percentile rather than the 50th percentile.

RECOMMENDATION

Recommendation #1: Place classified positions at the 75th percentile of California Community College Districts based on the 2016 CSEA Salary Survey Data.

- Remove Classified Salary Tracks 6 to 9 and place these positions on Track 10

- Move positions in Track 14 to Track 15 that are below below the 75th percentile

Division Assistant

- Move positions in Track 11 to Track 13 to be competitive in the job market and retain existing talent

Admissions & Records Technician

Recommendation #2: Place Information Technology positions at 10% above their current salaries to be competitive in the job market and retain existing talent.

Recommendation #3: Place confidential positions at the 75th percentile of California Community College Districts based on the 2016 CSEA Salary Survey Data.

Recommendation #4: Place management positions at the 35th statewide rank or 50th percentile of other California Community College Districts.

Recommendation #5: Conduct a special review of the salaries for the Director, Instructional Site positions and make salary adjustments, if applicable based on the data.

Recommendation #6: Develop new salary schedules for Classified, Management, Confidentials. (CSEA salary schedules are subject to contract negotiation).

Recommendation #7: Explore a systematic review process to ensure classified/management/confidential employee salaries remain competitive and at the minimum base salary levels as directed by the Board of Trustees and Superintendent/President.
NEXT STEPS

Employees will have an opportunity to discuss and provide feedback on the results of the study. An open forum will be held on Friday April 7 (11am to 12noon) to allow employees to ask questions. The Superintendent/President will provide directives regarding the results of the classification and compensation study. The District and CSEA will commence negotiations until agreement is reached. Once both parties come to agreement, the CSEA membership will vote to ratify the agreement. Ultimately, the agreement will return to the board of trustees for ratification. The recommendations will be discussed with the management staff and the final recommendations will be executed at a subsequent board meeting.

Due to the sensitive nature of this study and the limitations of the data used for analysis, findings, and recommendations, employees may request an additional review from the Human Resources Department. Employees should submit evidence of changes in their position or supplemental salary data from a credible source to the CSEA President or Vice President by April 28, 2017. In addition, classified employees may exercise their rights under Article 17 Position Classification of the CSEA Contract Agreement. Management employees may submit a written request to the Human Resources Department.

Subject: Athletic Fields Upgrade Project Change Order #1

Proposal:
That the Board of Trustees authorize a deductive change order in the amount of $2,412,000 for the Gavilan College Athletic Fields Upgrade Project.

Background:
Public Contract Code §20659 provides that if any change of a contract is ordered by the governing board of a community college district, such change shall be specified in writing and the cost agreed upon between the governing board and the contractor, and further provides that the board may authorize the contractor to proceed with performance of this change without the formality of securing bids, if the cost so agreed upon does not exceed ten percent of the original contract price. The following Change Order (CO) request has been submitted:

Seward L. Schreder Constriction Inc., deductive CO #1 for ($2,412,000)

This deductive change order is the result of the Contractor's value engineering effort to assist the District in keeping the Project construction costs within the District's Project Budget. The Contractor completed value engineering efforts pursuant to Public Contract Code §7107 which permits a Contractor to propose value engineering cost savings for District acceptance. Under Section §7107, the Contractor is entitled to receive 50% of the cost savings realized by District accepted value engineering proposals. The Contractor has agreed to waive its right to the 50% cost savings under Section §7107.

Budgetary Implications:
The efficient use of Measure E and Lease Revenue Bond Funds.

Follow Up/Outcome:
Upon Board approval, the change order will be issued to the contractor.
