Fred Harris reported that the Division of State Architects, as part of their review and approval process for the Student Center Seismic Retrofit project, determined that the chapel, Mayock House, and golf course clubhouse are undocumented buildings per the Field Act. In lieu of holding up our project approval, Fred Harris provided them with a letter indicating Gavilan would be moving forward on mitigating these buildings with possible restricted access for a period of time. He said a mitigation plan with recommendations would be presented to the Board at an upcoming meeting.

*Yield to maturity (YTM) is the rate of return paid on a bond, note, or other fixed income security if the investor buys and holds it to its maturity date and if the coupon interest paid over the life of the bond is reinvested at the same rate as the coupon rate. The calculation for YTM is based on the coupon rate, length of time to maturity, and market price at time of purchase.

Yield is a snapshot measure of the yield of the portfolio on the day it was measured based on the current portfolio holdings on that day. This is not a measure of total return, and is not intended to be, since it does not factor in unrealized capital gains and losses and reinvestment rates are dependent upon interest rate changes.

**Cost Value** is the amortized book value of the securities as of the date of this report.

Portfolio Strategy

June 30, 2016

Federal Reserve Bank policy makers who met on June 22nd, and most recently in late July, voted to keep interest rates unchanged. Policy makers have held their benchmark rate (frequently referred to as the federal funds rate), which is considered a determining factor of domestic bond yields, at 0.25 percent to 0.5 percent throughout 2016. Although Federal Reserve Bank officials acknowledge recent evidence of increasing economic strength, policy makers remain reticent to take immediate action to further increase rates. A change in rates could harm the economy in the event that global risks intensify or economic indicators unexpectedly turn around. Raising interest rates later this year is still seen as a possibility by some economists because of recent optimism expressed by policy makers.

Domestic economic data continues to point toward modest growth. The Commerce Department reported that gross domestic product (GDP) increased by 1.1 percent during the second quarter ending June 30th. GDP, a primary measure of an economy's health, represents the total dollar value of all goods and services produced. According to the most recent report GDP had advanced by eight-tenths of a percent in the prior three months.

Those sectors generally considered key drivers within the economy are currently expanding or, at a minimum, reflecting modest retrenchment. Government revenues have recovered, shrinking budget deficits, while hiring and spending at the state and local levels have finally turned positive. Outlays for the military fell during the quarter which slightly reduced overall government spending.

Spending by households, which had been constrained by substantial personal debt, has completely returned to health supported by employment growth and increasing home prices. Household spending, with a 4.2 percent gain in the second quarter, emerged as an important source of strength. Undoubtedly, the impressive addition of 287,000 new jobs bolstered consumer spending in June. It is important to note that the moving six-month average gain in employment was 172,000 jobs per month. This is a robust level, but well short of the 200,000 average that prevailed for most of the past two years.

Corporate spending on equipment, including oil rigs, structures and Intellectual property, exhibited less of a reduction. This sector posted a 2.2 percent decrease, an improvement after a 3.4 percent decrease in the first quarter. The type of severe shrinkage that resulted from the collapse in oil and commodity prices experienced by the mining and energy industry is most likely over. While it is unlikely that energy investment will surge any time soon, most analysts do not anticipate further contraction that would strongly hinder overall GDP growth.

Our portfolio strategy continues to focus on the: (1) acquisition of high quality issuers; (2) identifying and selecting bonds with attractive valuations; (3) appropriately sizing the liquidity portion of the portfolio to ensure adequate cash for near-term obligations; and (4) ensuring that monies targeted for longer-term investments are deployed in vehicles with favorable risk-adjusted yields. Broker-dealers have generally downsized the amount of securities carried in inventories in response to risk-curbing rules crafted after the 2008 financial crisis, including Basel III and the 2010 Dodd-Frank Act. With more efficient software, we have been addressing this issue by scanning a larger scope of inventory listings to find attractive bonds. Our portfolio structuring does not engage in interest rate anticipation strategies.
RECOGNITION
II. 8(a) Recognitions – Jr. Rams Essay Writing Awards

**Presenter:** Judy Rodriguez, Director of Instructional Site, Hollister

**Background:**
A selected winner/s will be reading their essay that was selected from the entries. The Jr. Rams Club was created in 2008 as a project of the Gavilan Leadership Development Class. Its purpose is to provide middle school students with information and resources to help them properly plan for their higher educational goals. A major component of this is showing students how Gavilan Community College can fit into these plans.
SUBJECT: Recognition of the Employees of the Month

Resolution: BE IT RESOLVED,

Information Only

Proposal: That the Board of Trustees review recognition of the following Employees of the Month.

Background:
The purpose of the Employee of the Month Award program is to encourage employee excellence and dedication and to let employees know that they are valued for their unique contributions.

Employee of the Month, July 2016 – Rocio De Reza
Rocio represents the ideal of excellent customer service to our students. She is helpful over the phone, follows up promptly and is always willing to assist her co-workers and other departments. She has the ability to defuse situations quickly and quietly and handles angry, upset students who want/demand immediate solutions with a calm voice, an apology for the negative experience and the intention to provide students with all the possible options and solutions. An excellent team player, she is the “go to” person for many student services staff and she answers each and every question as if she didn’t have a giant stack of paperwork with looming deadlines! She goes above and beyond on a daily basis.

Employee of the Month, August 2016 – Ana Rocha
Ana is truly an exemplary employee. As an Office Assistant, she is the first face and voice many of our students have contact with. She is invariably welcoming and kind. For many of our noncredit students, any school and particularly college can an intimidating proposition. She immediately makes them feel like they are in absolutely the right place. For a customer service program such as ours, someone like Ana is truly the lynch pin.
Two years ago, Ana transitioned from her previous position in maintenance, whereby all accounts she was terrific in that role, to the noncredit program. During this time of change in our program, she has been adaptable, eager to learn, and instrumental in developing new systems and procedures. She is very professional in her work and tries very hard to improve every day.

Outside of her work, Ana is also a successful student and entrepreneur. Having completed the ESL program, she now is very close to receiving her AA and consistently maintains As and Bs. She is diligent in doing her schoolwork and can be often found in the tutoring center during her lunch break. Her spouse and she also run a successful event planning business. These experiences allow her to connect with our student audience and help guide them in their own pathways.

From the time she took up her position in noncredit, she has been invaluable in further developing a culture of student-centered service. Her kindness to our students and her fellow employees makes each of our jobs easier. She deserves recognition as the employee of the month.

Budgetary Implications:
None

Follow Up/Outcome:
1. The Human Resources Director will contact the employee and let them know that he/she was selected as the EMPLOYEE OF THE MONTH.
2. The Human Resources Director will send an announcement campus-wide.
3. The employee will be recognized by his/her department supervisor.
4. The employee will be recognized in the Campus Newsletter by the PIO.
5. The employee will be recognized at the district’s annual Employee Recognition Banquet held in May.
6. The employee’s name will be placed on the wall plaque located in the North/South Lounge.
7. The employee will receive a desktop award with his/her name engraved.

SUBJECT: Educational Master Plan

☐ Resolution: BE IT RESOLVED,
☒ Information Only
☐ Action Item

Proposal: That the Board of Trustees consider a new Educational Master Plan.

Background:
An Educational Master Plan (EMP) is a long-range, comprehensive document that will serve as the District's blueprint for the next decade, and is intended to guide institutional and program development. California Code of Regulations, title 5 Section 51008 requires districts to periodically do an Academic Master Plan and a long range master plan for facilities. ACCJC accreditation activities now look for these plans as part of integrated planning.

The priorities established in the EMP will serve to guide district decisions about growth, development and resource allocation, and align with the following five strategic areas of focus: student access; learning and student success; value and support of employees; economic and community development; and fiscal and physical resources. The EMP is the result of an extensive process involving a review of information sources to identify trends and issues. Forums will be held with community members, students and district leadership to identify education and training needs.

The last district EMP was done in 2007. With the completion of Measure E projects, the need to achieve state educational center status for the two new campuses under development, and the prospect of seeking a new general obligation bond, it is imperative that a new comprehensive set of plans for the district be completed.

Staff have reviewed a recent RFP by San Jose – Evergreen CCD with 8 firms participating in which Cambridge West Partnership won both the EMP and Facilities Master Plan (FMP) competitions. Cambridge West has recently completed EMPs for 14 other districts. Proposals have been received from Cambridge West to complete an EMP and FMP for Gavilan JCCD.

Budgetary Implications:
Cambridge West proposed cost to complete a Gavilan JCCD Educational Master Plan is $143,000, to be paid from non-general fund grant funds.

Follow Up/Outcome:
Bring the EMP agreement from Cambridge West back to the October 11, 2016 Board for consideration and approval.

A. Overview of Substantive Change

A.1 Description of Proposed Change

Gavilan College is requesting a Substantive Change Review to seek approval to relocate their Public Safety Career Technical Training and Educational Program known as South Bay Regional Public Safety Training Consortium (Consortium) from the San Jose Evergreen Community College District property on Yerba Buena Road, San Jose to the new Coyote Valley Site on Bailey Road, San Jose. The program would experience no change in course delivery to the student population throughout the greater San Francisco Bay Area currently being serviced.

The change of location will provide for additional space and support for the delivery of additional Certificate and Degree applicable courses to public safety students. In addition, Gavilan College will deliver Science, Technology, Engineering, Math (STEM), and general education courses at the site, through face to face, hybrid and fully online formats, to compliment the Consortium program, and meet the needs of the northern District student base. Program, Degree, Certificate and GE course delivery will be scheduled so as to have the widest impact on access to education across the District.

A.2 Relationship to the Gavilan College Mission

The College’s mission statement is as follows:

Gavilan College cultivates learning and personal growth in students of all backgrounds and abilities through innovative practices in both traditional and emerging learning environments; transfer pathways, career and technical education, developmental education, and support services prepare students for success in a dynamic and multicultural world.

The mission is evaluated and revised on a regular basis and was last reviewed and approved by the board on January 12, 2016.

Our Purpose Statement

Gavilan College offers a wide range of services, including programs of community education, study in the liberal arts and sciences, and study in the pre-professional, business, vocational, and technical fields. To support student success within the Public Safety Career Technical Education Program, we were fundamental in the creation of the South Bay Regional Public Safety Training Consortium. What was originally a partnership between Gavilan and San Jose/Evergreen Community College District, the Consortium is now 9 colleges strong, offering a vast array of public safety basic and continuing education courses on days, evenings, and weekends. The courses are delivered in traditional, modular and compressed formats to meet student needs. All offerings are designed to assist students in meeting their educational and life goals.

The Gavilan Joint Community College District is comprised of 2,700 square miles encompassing southern Santa Clara and most of San Benito County.
In the spring of 1997, instructional sites were added in Hollister and Morgan Hill to augment offerings on the main campus. With the passage of the Measure E facilities bond in 2004, Gavilan College has modernized the existing campus, and can prepare students of the future with permanent education centers in Coyote Valley and San Benito County. The next few years will see improvements in institutional and classroom technology, expanded online services, improvement in technology infrastructure and improvements in safety, accessibility, and lighting. Relocating Gavilan’s public safety program and associated general education courses to the 28,200 square foot Coyote Valley Site fulfills Phase One of the Coyote Valley project. Based upon population projection estimates from the Department of Finance (DOF) using the 2010 U.S. Census data, Coyote Valley will experience a population growth of approximately 1.6% from 2015-2020 and Gavilan projects nearly full site utilization within two years of opening of the Coyote Valley Site.

Phase Two of the development will expand site construction to total 554,000 square feet of buildings, along with student services and course availability in specialty Science, Technology, Engineering and Mathematics (STEM) programs such as Engineering and Career Technical Education programs such as Computer Science and Information Systems.

Approximately 10% of Gavilan’s FTES, is in public safety training and education. The Coyote Valley Site, and its location, allows Gavilan to expand accessibility and services for their students to the Consortium program. An added benefit is that this new site establishes Gavilan College as the host for public safety training and education for the entire region, as well as meeting the inter-collegiate collaborative and cooperative goals of the Chancellor’s Office Doing What Matters for Jobs and the Economy Initiative.

The Consortium program is certified by both the Commission on Peace Officer Standards and Training (P.O.S.T.) and the State Fire Marshal as the Regional Training Center for law enforcement and fire services training from South San Francisco to King City. The Consortium provides basic training in law enforcement, fire services and EMTs to students who will secure employment throughout the Greater Bay Area as well as the East Bay and Central Valley. Data compiled through the Economic & Workforce Development projects over a 5% increase in entry level law enforcement and fire services jobs in California over the next 5 years, and over 14% and 20% in corrections and EMT/paramedics, respectfully. By providing the Consortium program with a permanent location at the Coyote Valley Site, Gavilan College will be positioned to be the primary source for public safety Certificate and Associate programs as well as basic and career advancement training in the San Francisco Bay Area.

A.3 Rationale for Proposed Change

Since 1994, The Consortium has been located at a jointly-used training facility on the San Jose/Evergreen District property in San Jose. However, with changes in enrollment and SJ/EVC District needs, the Consortium Program must be relocated. The Coyote Valley Site provides the requisite space and location to sustain the current program and offers opportunities for expansion.

In partnership with South Bay Regional Public Safety Training Consortium, Gavilan College
continues to develop and enhance educational, Degree and Certificate, opportunities in its Career Technical Education programs. We recently received approval for an Administration of Justice Certificate of Achievement and AS-T, as well as a Fire Technology Certificate of Achievement. We are developing additional Fire Technology courses aligned with courses recently receiving C-ID approval through the Chancellor’s Office, to establish a Fire Technology Associate Degree to meet the comprehensive educational needs of students and the profession.

With Silicon Valley continuing to provide some of the best opportunities for employment in public safety over the coming decade, Gavilan College will need to take advantage of its close proximity to this area. The Economic & Workforce Development reports that the Silicon Valley region employs over 22,000 public safety personnel with an additional 2800 jobs available between 2015 and 2020. Gavilan College’s Administration of Justice program enrolls over 500 full-time equivalent Gavilan College students or approximately $2.4 million in apportionment revenue, annually. (Appendix A) The Consortium enrolls in an additional 2100 full-time equivalency students for the other eight JPA colleges. Failing to identify a suitable permanent location for the Consortium would have a tremendous, negative impact on the public safety profession in the San Francisco Bay area, as well as throughout California. The District believes moving the Consortium program to the Coyote Valley Site will allow Gavilan College to offer better educational opportunities and continue to provide the much needed training and educational services the Consortium program has been delivering for over 20 years. The District recognizes the Consortium’s importance and contributions, and has prioritized our decisions to support the public safety program at the Coyote Valley Site which will lead to degrees, transfer, certificate fulfillment, and ultimately career pathways in the District’s service area.

Labor market is an important consideration for all career technical education programs and an analysis is part of the Consortium’s program review in 2015. (Appendix B) The College has reported extensively on regional labor market factors and trends as well as taking a snapshot of employment and economic data in the Educational Master Plan report from 2013.

B. Planning Process Leading to Request for Change

Gavilan Community College District maintains an integrated planning process to develop and evaluate programs. All planning efforts are derived from the mission and vision of the College. The Educational Master Plan continuously referred to in this proposal provides the foundation and guiding principles to all other planning efforts, including the Gavilan College Strategic Plan.

B.1 Relationship to Planning, Evaluation and Stated Mission

The Gavilan Joint Community College District is proposing to develop an approximately 55-acre property for a community college campus that could eventually accommodate up to 10,000 students in the Coyote Valley area of San Jose. The District is comprised of approximately 2,700

square miles in southern Santa Clara County and most of San Benito County. Currently, the District operates a main campus at Santa Teresa Boulevard and Mesa Road in Gilroy and two instructional sites in Hollister and Morgan Hill, distance education classes in many disciplines, and instruction at other offsite locations.

In the first phase of the development of the Coyote Valley Site, the primary focus will be to provide a gateway center giving students access to general education/transfer courses and a District-funded specialized facility for the Administration of Justice and Consortium Academy programs offered by Gavilan College. The facility will provide not only education and training for law enforcement, fire services, EMT, dispatch and corrections through traditional Certificate and Degree course delivery, but also offer pre-employment testing and training, and pre-employment courses that assist students in preparing for the JLE 100 and JFT 8 Basic Academy courses. The Consortium program also provides “perishable skills” update training so students can maintain the requisite skills, knowledge and the certifications necessary to secure or maintain employment in the public safety professions.

Phase Two of the development of the Coyote Valley Site will be to establish an Educational Center and provide comprehensive general education and basic skills classes opportunities and specialty Science, Technology, Engineering, and Mathematics (STEM) programs within the Career Technical Education programs such as Computer Science and Information Systems. Phase Two also calls for the expansion of the campus through the construction of additional lecture halls, laboratories, and athletic fields.

The Coyote Valley Site allows for the opportunity to recapture more than 1,800 existing Gavilan Joint Community College District students (headcount) that currently drive past the Coyote Valley site or utilize other community college districts located to the north. The Consortium program is driven by the needs of the public safety industry and the needs of its member colleges. It was created to provide a higher quality of public safety education and training through a cooperative effort between the community colleges and public safety professionals. The collaborative nature of the organization, currently nine community colleges strong, creates stability and provides the support required to deliver approximately 1.35 million student contact hours annually.

**B.2 Needs and Resource Assessment**

The Consortium program is comprised of 40 full-time and part-time staff, and over 200 part-time faculty members. The entire organizational structure and its resources will be relocated to the Coyote Valley Site in its entirety. The Consortium Board of Directors meet quarterly and review the program’s progress, needs, concerns and future challenges and opportunities. Should specific programmatic needs arise, Gavilan College and all Consortium members will pool resources and/or funds to support the short and long-term goals of the organization.

The Consortium program underwent a complete program review in fiscal year 2014-15. Identifying a permanent location for the program and continued collaboration with industry partners were two of the recommendations for the program. The Coyote Valley Site solves one of the programmatic concerns. In addition to the Consortium Board of Directors’ quarterly
meeting, Consortium personnel engage in quarterly industry Advisory meetings and monthly Training Manager meetings in San Mateo, Santa Clara, Santa Cruz, and Monterey Counties.

All usable Consortium equipment and property will be moved and employed at the Coyote Valley Site. The continued maintenance and acquisition of resources for the Consortium at the Coyote Valley site is supported through a separate funding mechanism established by the Consortium Board of Directors, of which President Kathleen Rose is a member. The Consortium Administrative offices will utilize furniture and equipment employed at their current location. Classrooms will be resourced using a combination of new, gently used and surplus furniture and equipment from Gavilan College’s and the Consortium’s stored inventories.

Gavilan College and the Consortium will support administrative and student service offices to support Gavilan students engaged in all the programs offered at the Coyote Valley Site.

B.3 Anticipated Effect of the Proposed Change on the Institution

It is anticipated that this change will increase access to educational opportunities for residents of the service area that would otherwise be unavailable. As the Consortium programs expand to include Degree applicable course delivery, the College expects a moderate increase in Administration of Justice and Fire Technology enrollment and completers, especially among service area residents who live a great distance from the main campus. The College also hopes to recapture and stop the future loss of students residing in our service area to other colleges who are currently offering degrees in these programs.

B.4 Benefits Resulting from Change

The primary benefit of the proposed change is increased access to education. As the District expands learning opportunities that support specific degree programs into the Coyote Valley Site, more students will be able to reach their educational goals. It is anticipated that this change will also have a positive impact on retention and completion rates, keeping students at Gavilan versus losing them to neighboring community colleges with more advanced programs.

The Administration of Justice and Fire Technology professions are successful choices for many students, providing pathways to high-wage jobs. The publication “Advancing Student Success in California Community Colleges” reports that “The California Community Colleges train 80 percent of firefighters, law enforcement personnel, and emergency medical technicians.” The Consortium is recognized and certified as the Regional Presenter of these programs by the two state agencies overseeing the professions: the Commission on Peace Officer Standards and Training (POST) and the State Fire Marshal. The relocation of the Consortium Program to the Coyote Valley Site strategically positions Gavilan College as the premier provider of associated Degree, Certificate and transfer programs within the disciplines.

Placement of the Consortium program at the Coyote Valley Site creates stability for the program and ensures students continued access to public safety workforce education and training as well as associated certificate and degree programs. By offering general education courses in conjunction with the Consortium program courses, current and aspiring public safety employees will have access to all courses necessary to achieve their educational and professional goals.
The public safety profession is evolving with the changes in technology. Gavilan will offer STEM and additional CTE courses at the Coyote Valley Site which will compliment and provide a diversified education opportunity to Gavilan students. The comingling of the CTE disciplines at the Coyote Valley Site will parallel the trend of new and emerging careers and professions in the public safety, emergency management, cyber security and technology industries.

B.5 Preparation and Planning Process for the Change

The Gavilan College 2013 Educational Master Plan outlined the District’s need and intention to develop the Coyote Valley Site. From its inception, the Consortium has been an integral part of Gavilan College’s Administration of Justice program and was instrumental in the development of the Fire Technology and Emergency Medical Technician program. The SJ/EVC District property was the original location for the Consortium due to the fact they had a newer facility already operational, and their proximity to two of the largest public safety agencies in the county (San Jose Police and Santa Clara County Sheriff). With the re-dedication of SJ/EVC resources and specifically the property housing the Consortium program, now over 20 years old, Gavilan College has the opportunity to take a more hands-on role in the expansion of the Program and support Gavilan College students in achieving their educational and professional goals. As one of the JPA founding colleges, Gavilan welcomes the opportunity to take on more a more direct leadership role in the Consortium structure. Having the Consortium located on the Coyote Valley Site, will create a greater nexus between the courses delivered by the Consortium for Gavilan College and the certificate and degree programs to which the courses are associated.

The Coyote Valley Site plans were developed and reviewed as outlined in the Board Policies, and approved by the Gavilan Board of Trustees. The executive staff at the Consortium was consulted to ensure the facilities would meet the needs of all the programs and students utilizing them during all phases of the project.

C. Institutional Resources, Process for Change and Quality Assurances

C.1 Student Support Services

The College Orientation is available online and counseling/advising services are available via telephone. Registration is fully online and does not require a campus visit. Student guidance is available through every step of the enrollment process. All of the information needed to apply, matriculate, and enroll is available on the College website. To help students navigate the complexities of financial aid, there are a number of online videos.

In addition, we offer other services to students at satellite locations which are easily accessed from our learning management portal or through the individual websites themselves including:

- Tutoring Center

2 http://www.gavilan.edu/student.html
Accommodations for students with disabilities are honored at all Gavilan Campuses. All courses approved for delivery at the Coyote Valley Site through the Curriculum Committee have a completed statement of accommodation. Appointments can be made at the Disability Resource Center (DRC) for test proctoring, use of assistive technology and other services. Each classroom is designed to accommodate students with disabilities and special accommodation requests are honored as reasonable. The College has limited proctoring services outside of the classroom.

C.2 Sufficient and Qualified Faculty, Management, and Support Staffing

Faculty who teach Consortium courses are required to meet the same subject area minimum qualifications as all Gavilan College faculty. Currently, the Consortium Program is structured similarly to the College with a President, Vice Presidents and Program Coordinators, all of whom meet or exceed the minimum qualifications for instruction as designated by Title V. This staff functions in place of a full-time faculty member specifically for the public safety program. The staff also supervise and provide assistance to more than 200 part-time faculty and all Consortium students. They offer one-on-one technical support and courses/workshops. Additionally, the Consortium has an Instructional Services Support department comprised of five employees, and Fiscal Services staff of six full-time and two part-time employees. The Consortium also employs its own IT staff to support the needs of instructional staff and technical support. The Consortium maintains a bookstore (physical and online) for the convenience of students participating in the program. The Consortium bookstore will be blended with the Gavilan bookstore on the Coyote Valley Center to serve faculty and students delivering/attending any of the courses onsite. (Appendix C)

C.3 Professional Development

All faculty, who teach in the Consortium Basic Academy courses, are required to complete the associated Instructor Certification courses as identified by the Commission on Peace Officer Standards and Training (POST), or the State Fire Marshal prior to providing any instruction to students. Additionally, faculty who teach any specialized topics are required to complete the requisite certified instructor courses for those topics, as well. All instructors are required to complete regular update training, minimally 8 hours of continued professional development every 3 years.

The Consortium hosts professional development training in Administration of Justice and Fire Technology throughout the fiscal year. Both POST and the State Fire Marshal provide online and classroom-based professional development. Program Coordinators are in regular contact with faculty members, and training opportunities and resources are regularly posted on the Consortium website. These resources include information on the following: best practices,
instructor handbook, regulatory concerns, pedagogical strategies, instructor preparation, technology tools, and more.

C.4 Appropriate Equipment and Facilities

The Consortium will be relocated with all current utilized furnishings, equipment and resources. All classrooms will be equipped with tables and chairs conducive to the learning environment, ceiling and wall mounted audio visual equipment, and dedicated and wireless internet capabilities. The Consortium will maintain all equipment necessary for manipulative lab exercises associated with the public safety courses, as well as first aid/CPR kits and safety equipment as required by the state regulatory agencies. The Consortium will maintain a Resource Center of text, videos and CDs at the Coyote Valley Site, as well as a Bookstore for faculty and student supplies. For faculty and staff, the Consortium will maintain the latest technology to demo and check-out, as well as have multimedia staff available to assist with the production of video or other content for their classes. The District maintains open computer labs at the main campus, including the Library, the Learning Commons, the Computer Center, the Student Success Center and various labs and instructional spaces.

C.5 Sustainable Fiscal Resources

The Gavilan Community College District has sufficient resources to support the planned projected growth in enrollment for both the Consortium program and the degree applicable courses to be offered at the Coyote Valley Site. The foundational concept of the JPA requires shared expense and support of the Consortium program. The nine member colleges collaborate and cooperate through sharing of resources to provide quality education and training in a cost efficient manner for all member colleges. As the host location for the Consortium administrative offices, Santa Clara County Academy and associated continuing education courses, the Coyote Valley Site will benefit from the FTES Gavilan College has dedicated to the program. Gavilan College will continue in their leadership capacity as more than simply a member of the Consortium. The Consortium program will become a more integral part of the Gavilan College educational plan, expanding certificate, associate and career technical educational programs specific to public safety careers. The funding model of the JPA, ensures the sustainability of the program during the cyclical flush and lean student enrollment periods for the community colleges, without Gavilan College bearing the full financial burden of success.

C.6 Comparative Analysis of Budget, Enrollment and Recourses

The proposed change will not have a significant impact on the institutional budget for the next several years. Moreover, having the Consortium Program located on the Gavilan Coyote Valley location avails additional potential funding opportunities which would mitigate any additional costs associated with the continued support on the site. Historically, Gavilan has dedicated approximately 470 FTES to the Consortium program annually since 2008. Economic & Workforce Development through the California Community Colleges project an additional 16,694 new and replacement entry level jobs in law enforcement and 6,612 in Fire Services over
According to the Department of Finance the adult population in Morgan Hill and the adjacent area of Coyote Valley is predicted to increase over the next 25 years (see below)

Enrollment trends have indicated that there are students who would benefit from expanded services in Coyote Valley, to include offering all courses in select degree and certificates, expanded computer lab systems to support tutorial needs, distance education, and information competency learning outcomes. Innovation and technology are transforming the manufacturing industries, in specialty, high value-added areas. These jobs require specialty technical and Career Technical Education and training that will be offered at the Coyote Valley Site during Phase two of the project.

C.7 Plan for Monitoring Achievement of Outcomes

All Consortium courses offered are reviewed and approved by the Curriculum Committee to ensure courses meet the same learning outcomes, have the same rigor, and use appropriate instructional methodology. Institutional Research collects, analyzes, and disseminates data to measure the attainment of student learning outcomes and course success. All of the related programs are on a program review cycle. The Consortium Program completed the IEC review
process in 2015. Success Data is shared with division Deans for the purpose of improving student outcomes.

C.8 Evaluation and Assessment of Student Success, Retention and Completion

Faculty are encouraged to use multiple measures of assessments in each course and are trained in the use of tools that enhance academic integrity such as test banks, timed tests, State standardized written and manipulative tests, scenario-based exercise, and skills demonstrations.

Student success and retention rates are monitored for all courses at Gavilan College. The most recent analysis over a three year period (Fall 2011 to Spring 2014) show average success rates for Gavilan College public safety courses were 98.1% and retention rates were 99.3 %. The Research Department shares information with division Deans and the Vice President of Instruction regarding success rates. This information is then used at the division level to develop appropriate interventions. Regarding completion, the development of new and congruent courses, Certificates, Degrees and Programs are four strategies the College is pursing to improve completion rates within the Consortium Program.

The move of the Consortium program to the Coyote Valley Site fulfills one of the program’s goals as identified on the IEC review. The Fire Technology component of the program has experience greater interest and enrollment over the past few years. The restructure of the Fire Fighter 1 Academy curriculum by the State Fire Marshal and the standardized testing component provides additional opportunities to expand the Gavilan Fire Program. Establishing a Fire Technology Associates and Associates for transfer are in line with one of the program goals. The Economic & Workforce Development report on public safety estimates a more that 20% increase in EMT and Paramedic jobs over the next 5 years. One of the Consortium program goals includes researching the viability of a Paramedic program which would complement the Fire Technology and EMT programs already established.

D. Evidence of Internal and External Approvals

The College Strategic Plan and Educational Master Plan both highlight the importance of and need to develop the Coyote Valley Site. These plans were developed and approved through a collaborative process involving various constituencies including the Board of Trustees. All Coyote Valley Site and Consortium courses have the same course outline of record and the approval process as all other Gavilan College courses. The approval process includes the Curriculum Committee, Academic Senate and the Board of Trustees. In addition, the Consortium reports to its Board of Directors, of which Dr. Rose is the sitting Chair, on a quarterly basis providing regular updates on FTES generation, trends, accomplishments and potential issues as they arise.

In addition to the District Board approval process, the Consortium program courses will be required to complete a recertification process with both the Commission on Peace Officers Standards in Training, and the State Fire Marshal to ensure the facilities and delivery of curriculum are in compliance with state standards and requirements.
The Consortium Executive Staff keep current on relevant legal requirements related to public safety education and training by sitting on and attending POST Advisory Committee, State Fire Marshal Committee, and the Chancellor’s Office Public Safety Advisory Committee Meetings as well as reviewing relevant Title 5 requirements. Additionally, the remaining eight Consortium member colleges have offered letters in support of the relocation to the Coyote Valley Site.

E. Evidence of Maintenance of Eligibility Requirements

E.1. Authority

Gavilan Community College District’s authority to operate as a degree granting institution is granted by the Accrediting Commission for Community and Junior Colleges (ACCJC) of the Western Association of Schools and Colleges. ACCJC is an institutional accreditation body recognized by the Commission on Recognition of Postsecondary Accreditation and the United States Department of Education.

The Consortium Program and courses are certified through the California Commission on Peace Officers Standards and Training, and the Fire Technology Academy and courses through the State Fire Marshal. The program is approved for veterans’ training and funding. Students who attend Gavilan College can receive full credit for appropriate courses completed with a grade of “C” or better.

E.2. Mission

The mission statement is clearly defined and reviewed and revised periodically by College Council. The current mission statement was approved by the Board of Trustees in January 2016. The new mission has been disseminated throughout campus, in College publications, and on the College website, and playing a central role in guiding the strategic planning efforts of the College.

The Consortium Program meets the stated mission and visionary educational values of Gavilan College by offering training that prepares students for technical and public service careers. The relocation of this program also strengthens the community by offering greater access to advanced student training in vocational and technical fields.

E.3. Governing Board

The Gavilan Joint Community College District Board of Trustees consists of seven members that are representatives of the District's service area. Terms are four years and staggered to ensure continuity. The Board includes a student trustee who serves a one-year term. (Appendix D)

The Gavilan College Board of Trustees approved the creation of numerous Certificates of
Achievement and Associate of Arts Degree programs which are delivered through the Consortium Program including: a Certificate of Achievement and Associate of Arts in Administration of Justice, and a Certificate of Achievement in Fire Technology. Gavilan College offers these programs through the regular curriculum process on recommendation of the Academic Senate and Curriculum Committee. With this approval the Board demonstrated responsibility for the quality and integrity of the instructional programs to be delivered at Coyote Valley Site.

E.4. Chief Executive Officer

The Superintendent/President of the College is selected by the Governing Board. Dr. Kathleen Rose, Superintendent and President of Gavilan Joint Community College District, is the Chief Executive Officer. Dr. Kathleen Rose has been serving the California Community College system since 2002, with the past 7 years as the Executive Vice President and Chief Instruction Officer at Gavilan College. Dr. Rose became the Superintendent/President in 2016. The president operates with the full-time responsibility to administer Board policies and contribute to community activities that promote the College.

Dr. Walter Tribley is the sitting Chair for the South Bay Regional Public Safety Training Consortium Board of Directors. Consortium President Steven Cushing was selected by the Consortium Board of Directors in 2006. President Cushing provides full-time oversight of the Consortium Programs and is responsible to the Consortium Chair and Board of Directors.

E.5. Administrative Capacity

The administration is sufficient in number and qualifications to support the mission of the College. The Consortium Program Coordinators report directly to the Vice President of Academic Affairs, Linda Vaughn and Vice President of Law Enforcement Services, Gregg Giusiana. The V.P. of Academic Affairs works closely with the Dean of Career Technical Education, Sherrean Carr who provides oversight and guidance for the Consortium Program. Although, the Consortium as an organization reports directly to its Board of Directors, as it relates to Gavilan College the Executive Vice President and Chief Instructional Officer, Dr. Kathleen Rose, oversees academic quality of the program.

E.6. Operational Status

Approximately 5,500 FTE (Full Time Equivalent) students enroll in courses each year for all Gavilan member institutions. Students primarily enroll in courses that lead to two-year degrees, transfer degrees, or certificates of achievement.

The Consortium Program enrolls approximately 2600 FTE students annually for the nine member colleges. Over 500 FTES students are enrolled directly with Gavilan College through the Consortium. Consortium classes are held continuously throughout the year, and counseling services are available for all new and continuing students. Students are enrolled in a variety of courses that lead to a certificate and/or Associate of Arts degree in Administration of Justice or
Fire Technology.

E.7. Degrees

The majority of courses support degree programs as described in the Gavilan College Catalog. Degree and transfer courses are identified in the catalog and listed on the College website.

Gavilan College offers the Consortium Program through two types of career educational options: Associate Degree and Certificate of Achievement. Both offerings are approved and clearly identified in the College catalog or the College website.

E.8. Educational Programs

Gavilan Joint Community College District degree programs are aligned with its mission, are based on recognized higher education fields of study, and are of sufficient content and length. All courses scheduled for delivery at the Coyote Valley Site use the same course outline of record as those delivered on the Gilroy main campus and are designed to achieve the same student learning outcomes. Gavilan College offers courses and programs oriented toward transfer and career and technical education (CTE).

The Consortium program consists of three state-approved courses of study including Basic Academy training in Law Enforcement, Fire Services and Emergency Medical Technician. Students will receive the requisite skills and knowledge to enter into one of these public safety professions, provided they meet any and all other State mandated requirements. The program also includes state-approved continued professional education courses required for promotion and career enhancement. This program meets the rigor and academic standard of all programs at Gavilan College, and has met the requirements for student learning outcomes at the course and program levels.

E.9. Academic Credit

Academic credit is based on Title 5 Section 55002.5 of the California Administrative Code of Regulations. The Curriculum Committee makes recommendations to the Academic Senate who in turn makes recommendations to the Board of Trustees regarding changes in the curriculum.

E.10. Student Learning and Achievement

Gavilan Joint Community College District identifies and assesses Student Learning Outcomes for all courses, Student Service programs, degrees and certificates. In an effort to improve effectiveness, the college is on a continuous improvement cycle.

The Consortium program learning outcomes are based upon state skills and knowledge requirements for each public safety discipline. The Program Learning Outcomes for each are
stated in the College catalog and the College website.

E.11. General Education

General education courses require students to demonstrate competence in English Language, Communication and Critical Thinking; Scientific Inquiry and Quantitative Reasoning; Arts and Humanities; Social Sciences; Life-long Learning and Self-development; and Cultural Diversity. Writing and mathematics and serve as introductions to natural sciences, social and behavioral sciences, humanities, and language and rationality (Title 5, Section 55806). All general education courses go through a review process to ensure that they meet appropriate academic standards and are consistent with statewide practices.

Within the Consortium Program, the GE requirements will develop the student’s abilities to think and communicate clearly both orally and in writing, to use mathematics and employ scientific method, to understand modes of inquiry in major disciplines, to be aware of other cultures and eras, to apply critical thinking to contemporary issues, and develop the capacity for self-understanding and improvement. The offering of GE classes at the same location as the Consortium program is a welcome addition to reinforce basic skills and assist students in achieving their educational goals.

E.12. Academic Freedom

The College’s academic freedom standards are defined in Board Policy 4030 (Appendix E). The policy ensures that all students and faculty members are entitled to freedom of expression and that also applies to all courses and programs delivered at the Coyote Valley Site.

E.13. Faculty

The College has 74 full-time faculty and 214 part-time faculty, which all meet the minimum qualifications of the respective disciplines as defined by Gavilan and the California Community College State Chancellor’s Office. The names and degrees of full-time faculty are published in the catalog. Faculty are required to complete training prior to teaching online courses.

The Consortium Program employs over 200 part-time faculty who meet the minimum qualifications for the public safety disciplines as defined by Title 5 and the Academic Affairs Division of the California Community Colleges Chancellor’s Office. Faculty are regularly evaluated. The Consortium Vice President of Academic Affairs and Vice President of Law Enforcement Services provide management oversight of the faculty assignment and evaluation.

E.14. Student Services

Gavilan College develops student service programs to meet the educational needs of the students. Programs and services are published in the catalog and promoted widely through the campus
website. Students can apply to the College, apply for financial aid, register for classes, contact a counselor, go through orientation, and receive help with writing and research online.

Student Support at the Coyote Valley Site will include essential educational support services for students and faculty in two phases. Phase I will include immediate student services required for initial instructional delivery. Phase II will offer enhanced services based on analysis of the first year of general and Career Technical Education instruction.

The following Phase I student services will be provided at the Coyote Valley Site:

**Administrative:** Basic administrative support will be provided Monday through Friday 8:00 am - 5:00 pm. for faculty and students at the Coyote Valley Site. The administrative office will provide staff services such as mail, reprographics and support for faculty needs. Gavilan College will manage all fiscal functions for the Coyote Valley Site from the main campus in Gilroy. Services will include financial aid, counseling and registration services.

**Bookstore:** Space will be designated in the Coyote Valley Site for Bookstore functions. The Gavilan College bookstore will provide full access to students at the beginning of each semester as well as 24-hour access through the online bookstore. Vending machines with basic supplies such as Scantrons, green books, etc. can give students onsite access to these items.

**Admissions and Records:** Gavilan College uses the Banner data system for registration and scheduling. The MyGav portal allows students to add and drop classes, pay fees, check their student email, access all-campus messages, use Library and Degree Works resources, and more. They can also access grades and unofficial transcripts. The Coyote Valley Site staff will assist students and provide follow up services. Application to the college is also online, through CCCApply.

**Assessment:** Gavilan College uses the Accuplacer program, which gives students the results of their assessment tests immediately after completion. The Assessment Office, located on the Gilroy campus, will schedule onsite placement exams at the Coyote Valley Site on a regular basis.

In addition, South Bay Regional Public Safety Training Consortium provides pre-employment assessment, training, testing and courses to assist students to prepare for the public safety Basic Courses/Academies.

**Counseling:** General and categorical counselors will provide scheduled counseling appointments onsite at the Coyote Valley Site to assist students with registration, educational planning, and other counseling needs.

**Security:** The site will be under the jurisdiction of the County of Santa Clara Sheriff’s Department. Site security will be managed by the Gavilan College Security Department.
Food Services: Limited food services (vending machines) will be available for the student and staff use. Restaurants, fast food and basic grocery establishments are available within a 5-mile radius of the Coyote Valley Site.

Transportation: The Coyote Valley Site will have access to the Santa Clara Valley Transit Authority (VTA) bus system. Mass transit will be emphasized, although sufficient parking is included in the plan. The campus is served by bus line 68, which runs along Santa Teresa Blvd from San Jose to Gilroy, giving students from throughout the district access to the Coyote Valley Educational Center. The VTA-68 also provides connections to the VTA light rail in San Jose, Cal train in Morgan Hill and Gilroy, local buses in Morgan Hill and Gilroy, and the San Benito County Express. Public Information, Marketing and Communications: These services as they relate will continue to be coordinated by the Gavilan College Public Information Office. Outreach activities will be coordinated by the Gavilan College Outreach Office.

The Disability Resource Center (DRC): DRC will assist students with disabilities. These services include testing accommodations, access to assistive technology and alternative text publications. Gavilan College technology is Section 508 compliant and accessible for all users.

E.15. Admissions

Admissions policies are consistent with the College mission and conform to state law. The policies are codified in Board Policies 5005 and 5010 (Appendix F). They are published in the catalog and on the Gavilan College website.

E.16. Information and Learning Resources

The College has appropriate and sufficient information and learning resources to support student success. The physical resources include more than 100,000 owned books/subscribed ebooks and AV materials; and 50 magazine subscriptions. The Library also subscribes to approximately 40 online databases that provide access to millions of full-text articles. Research and support services are also available online. In addition, the Library maintains an open computer lab, laptops for checkout and group study rooms, and many other learning spaces where students can complete course work.

The Consortium will maintain a Resource Center of text, videos and CDs at the Coyote Valley Site, as well as a Bookstore for faculty and student supplies specific to the public safety program, as well as for all students at the Coyote Valley Site.

E.17. Financial Resources

Most College financial resources come from the State of California. Additional funding is obtained from federal, state, and private sources. All funds are carefully tracked and documented. For many years, the College has allocated adequate financial resources to support the immediate and potential growth needs of the Consortium Program. The College maintains conservative financial management policies and practices that ensure continued fiscal stability.
for the foreseeable future.

Financial Aid: Coyote Valley Site staff will provide students with financial aid application information and assistance. Staff will inform students about the available federal, state and private funds available. These services will be provided on a drop-in basis or by appointment, and will be coordinated with the support of the Gavilan College Financial Aid Office.

Categorical support programs: Referrals to specialized support services will be coordinated with main campus Gavilan College programs and services to enhance student access, retention and success. Students will be able to participate in student services such as CalWORKs, TRiO and EOPS. Programs to support foster youth, military veterans and TRIO and supportive services are also available.

E.18. Financial Accountability

The College is audited annually by certified public accountants. The audit includes expenses and income generated by Distance Education programs.

The Consortium Program is audited annually by independent certified public accountants. The audit includes expenses and income generated by the Consortium which is reviewed and approved by the Board of Directors. The 2014-15 fiscal year audit can be found in Appendix H.

E.19. Institutional Planning and Evaluation

The District plans are developed based on an established yearly planning cycle. The cycle begins with each division's and administrative area’s plan, which is based on individual program plans and reviews; and other input from campus committees. These committees include: Budget Committee, Academic Senate, and Enrollment Management among others. The College Council is responsible for integrating the division and area program plans into a cohesive, integrated strategic planning document. The integrated College plan includes support materials and data used by the divisions and areas in the development of their individual planning documents and recommendations.

E.20. Integrity in Communication with the Public

The College’s mission is articulated in the College's catalog, the Educational Master Plan and Strategic Plan. The College catalog, the District schedule of classes and the Consortium Program are available via the Gavilan College website and provide current information on: degrees and curricular offerings, student fees, cost of degree and certificate estimates, financial aid, refund policies, admissions policies, transfer requirements, hours of operation and appropriate contact information. The College also issues press releases and purchases newspaper, online, radio and television advertisements to make the public aware of important dates and special events.

E.21. Integrity in Relations with Accrediting Commission
The College is in good standing with the Accrediting Commission. The College consistently and promptly complies with all Commission requests for information.

The Consortium programs are currently certified by the Commission on POST, State Fire Marshal, and Santa Clara County Emergency Management Services Agency (EMSA). The Consortium is in good standing with the certifying agencies and responds promptly to all requests for information or assistance.

F. Accreditation Standards

Gavilan College is a fully accredited institution. Its accreditation was reaffirmed without sanction in July 2013. All courses and Consortium operations at the Coyote Valley Site will maintain the same standards as classes held on the main Gilroy campus.

**Standard I:** The College mission guides the delivery of the Consortium Program and all courses presented at the Coyote Valley Site, and is critical to helping students meet their educational and career goals. The College mission provides the framework for developing the College’s strategic goals and serves as a reference and guide as new plans are made to support student success. Programs, services, and courses are on a continual review cycle to ensure academic quality and institutional effectiveness. Student Learning Outcomes are defined in all programs and courses and are assessed with frequency. Assessment data is shared with constituent groups to ensure the College maintains a continual improvement cycle.

In keeping with the College’s mission, the Consortium was created “…to meet the educational and training need of public safety students within the areas represented by the participating community college districts. The mission will be accomplished in an effective and efficient manner to ensure the highest quality training for public safety professionals.”

**Standard II:** The College ensures that all courses delivered by the Consortium and at the Coyote Valley Site adhere to the course outlines of record, are taught at the appropriate depth and rigor, and maintain the same learning outcomes as courses offered on the Gilroy Main Campus. All courses require approval by the Curriculum Committee and Board of Trustees.

The Consortium program and others offered at the Coyote Valley Site will undergo the same program review process as all other programs in the college. Program reviews are completed by each department every three to five years and include a Program Plan. This process includes a self-study report by a validation process. The Consortium Program completed the IEC process in 2014-15.

Student services are sufficient to help students meet their educational goals. Most matriculation requirements can be met through a combination of online and telephone services. Guidance through admissions, registration, financial aid, and counseling is available online, email and/or
via telephone. The College Orientation has an online option and counseling offers telephone and online appointments. Students have access to online library resources and services as well as at the main campus.

**Standard III.** All District faculty, including South Bay Regional Public Safety Training Consortium faculty are hired and evaluated using the same procedures. All instructors must meet the minimum qualifications in their disciplines as recommended by the statewide academic senate and established by the board of Governors of the California Community Colleges and are on an evaluation cycle. Consortium administrators and staff are on an annual evaluation cycle. Consortium staff will act as a liaison to the main college campus.

The facilities at the Coyote Valley Site are adequate for the courses, number of sections, and number of students served by the Consortium. The site, equipment and technology will be maintained by the Consortium to ensure the safety of the students and are adequate to support instruction.

**Standard IV:** The College has implemented the integrated planning cycle that is documented in the Educational Master Plan (2012). In addition, the College follows a participatory governance model in which faculty, students, staff, and administrators serve on key committees and share in decision-making processes. Institutional committees report findings and recommendations to Instructional Council, Student Services Council, and/or Academic Senate. As appropriate, these recommendations are then reported to College Council and/or the Board of Trustees for final consideration.

The South Bay Regional Public Safety Training Consortium is a Joint Powers Agency comprised of nine Community College Districts in San Mateo, Santa Clara, San Benito, Alameda, Santa Cruz, Monterey Counties. The Consortium is governed by a Board of Directors comprised of leadership from each of the member colleges, currently Chaired by Dr. Walter Tribley, President of Monterey Peninsula College. The Consortium meets with the Board on a quarterly basis and reports issues, concerns, accomplishments and updates on the program as necessary. (Appendix G)

Appendix B – Social/Demographic/Labor Market Snapshot

Social & Demographic Analysis of Service Area
South Bay Regional Public Safety Training Consortium is a Regional Training Consortium created in response to a California Community College Chancellor’s Office Grant. The South Bay Joint Powers Agency (JPA) has operated for approximately 20 years primarily in the greater Bay Area. The JPA currently includes 9 Community College Districts from the counties of El Dorado, Alameda, San Mateo, Santa Clara, San Benito to Monterey. Due to the vast service area, the student and general population covered by the Consortium is extremely diverse relative to its social and demographic complexion. Overall, the population in the incorporated and unincorporated areas within the service region is approximately 50% white, 23-28% Hispanic or Latino, 10-23% Asian, 5-7% African American, 1% Native Hawaiian, and 4-5% “two or more races”. 65% of the region residents are between the ages of 18 and 64 years with approximately 42% securing a higher degree or professional certificate. These figures are a snapshot of the region and will vary between specific college districts (U.S. Census Bureau, 2010). The JPA’s service region boasts the highest level of ethnic diversity. Current analysis suggests the largest percentage increase will be in the Asian and Native Hawaiian communities followed the Hispanic or Latino community. Within the JPA region, Santa Clara County is the fastest growing county within the state. Predictions suggest it will grow by 47% in the next forty years. Monterey and San Benito counties are expected to realize substantial growth as well (ABAG, 2013).

* Approximate demographics within the region.

Historically, the South Bay JPA has provided training to a similarly diverse student population. Due to the physical nature of the Public Safety Profession, as well as other legal requirements and restrictions (i.e. citizenship, educational requirements, criminal history), the South Bay JPA student base is skewed somewhat toward white male students yet trends closely with demographic of the region.

Note: White-Hispanic is a definition used by the United States Census Bureau. Hispanic or Latino people are those who report origins in Spain or Hispanic Latin America, and they may be of any race. Thus, each race, including White American, comprises individuals who are Hispanic or Latino and individuals who are not Hispanic or Latino (Data obtained by report generated by the Centers of Excellence, 2011)
Socioeconomic Profile of Service Area / Present & Future Labor Market (Area, Region, State)
The JPA’s vast service area also lends to a substantial variance in the economic profile. The communities incorporate new growing families and retirement residents. The per capita income for the counties in the region range from $24,995 to $45,458 with the statewide per capital income at $29,551 (U.S. Census Bureau, 2012). It is noted there are large disparities between income levels relative to individual cities within the counties as well.

Approximately 34% of the population is foreign born nationals, which provide for challenges and opportunities. The multiplicity of languages, the under educated and difficult to employ population equates to additional social and education services for the JPA target populations and are expected to realize the greatest growth over the next decade. Generally over the past ten years public safety professionals have experienced a steady decline of employment opportunities. Only recently has the market shown a slight increase in the employment opportunities, with most agencies experiencing annual vacancies, which will need to be filled, between 5% and 15% of their workforce; depending upon the agency and discipline.

Appendix E – Board Policy 4030 (Academic Freedom)

Academic Freedom

Reference: Title 5, Section 51023; Accreditation Standard 2.2

Controversial issues and divergent viewpoints have existed among men throughout the history of civilization. Only in a constitutional republic such as ours has a high degree of freedom of expression been permitted. There must be freedom of the student and teacher to present their viewpoints in and out of the classroom. American democracy is strong enough to stand on its own merits and to survive criticism and comparison with any system so long as its advantages and virtues are not deliberately slighted in such comparisons. However, an atmosphere of responsibility to the students, the College, the community and the nation must accompany these freedoms. To carry out their mutual responsibilities to each other and to insure these principles of academic freedom, the Board of Trustees, the administration and faculty agree to support certain guiding principles and procedures as set forth below.

1. The faculty member shall:

   (a) Be entitled to freedom of expression in teaching his/her subjects in the classroom. He/she shall encourage fair examination of controversial questions. He/she shall encourage students, by word and example, to form their own opinions based upon critical judgment and documented facts. In his/her presentation of subject matter to his/her students, he/she shall distinguish between objective facts and his/her personal evaluation of facts.

   (b) Be supported in his/her right to participate in legal political activities of the community, state and nation during off-duty hours. No disciplinary action may be brought to coerce him/her for political purposes. (Education Code 13004, 13754). He/she shall permit no outside political activities to interfere with his/her academic duties. He/she should always make clear to audiences that the opinions expressed regarding outside political activities are his/her own and not to be taken as necessarily representing the policies of the College. He/she should refrain from making irresponsible statements to any group.

   (c) Be ever cognizant that it is illegal to advocate the overthrow of the Government by force (Education Code 9455). He/she should make a clear distinction between the description of such philosophies as might fall in that category and the advocacy of such philosophies.

   (d) Emphasize the need for maintaining a level of individual integrity and responsibility consistent with good community relations of the College, when associated with student activities that reach beyond the classroom.

   (e) Provide a fair platform for the presentation of facts when outside speakers are invited to the classroom on the campus. Such speakers should be free to speak on topics which are relevant to questions being discussed in the classroom or campus situation. It may, at times, be desirable for the faculty members and administration to provide information and viewpoints to rebut opinions expressed by such speakers in order to encourage critical analysis of the questions discussed.
2. Classroom policy regarding the discussion of controversial issues shall be:

(a) That free classroom expression by the instructor and the students be encouraged so long as topics are pertinent to the course being taught. The instructor is careful to be accurate, responsible and aware of the immaturity of some of the students in presenting and discussing controversial topics.

(b) That the instructor avoids prejudicial indoctrination. He/she points out to students that there may be other recognized views, and he/she carefully distinguishes between personal opinion and documented fact. He/she avoids imposing his/her opinion regarding controversial topics through the pressure of his/her authority in the classroom.

(c) That discussion of religious concepts is free from restraint so long as it is an integral part of the subject being taught and does not become sectarian indoctrination.

(d) That the teacher respects the student's right to differ in opinion in any discussion of controversial issues, without penalty, attack, or reflection in grading.

Appendix G – South Bay Regional PSTC History

February 1992 in Assembly Concurrent Resolution No. 93, the community colleges were tasked with providing “sufficient public safety training courses to satisfy State-mandated training requirements, participate in regional consortiums of community colleges in order to minimize duplication of training courses, and make training programs more readily available.” The colleges had been offering these courses in standard Semester and Quarter term formats, generally failing to obtain the required attendance numbers to run the courses. Thus, active public safety personnel began to fall out of compliance with certifications and legal mandates.

As a result of this resolution and the issues with servicing the needs of the target student population, a Public Safety Committee was convened by the State of California, comprised of members from the Community Colleges, Police, Corrections, Hazardous Materials and Fire practitioners, and the State Chancellor’s Office. The Committee was tasked with identifying ways to deliver high quality training and education to entry level students and working professionals within the Public Safety professions. This committee initiated a State-wide Request For Applications (RFA) for grant funding through the Community College Chancellor’s Office Public Safety Educators Advisory.

In July 1993 Evergreen Valley College, Criminal Justice Training Center was awarded a grant from the California Community College Chancellor’s Office to analyze the feasibility and develop “Public Safety Model of Education Program” in a “Regional Consortium”: Reference Project #93-0070. South Bay Regional Public Safety Training Consortium (SBRPSTC) was born out of this grant. Evergreen Valley College and Gavilan College were the first two colleges to enter into the Joint Powers Agreement on October 6, 1994, as a continuing pilot for an additional year. The Joint Powers Agreement provided SBRPSTC the “powers common to the participating districts” and “authorized (SBRPSTC) to do all acts necessary for the exercise of said common powers” pursuant to the provisions of Section 6500, et seq. of the California Government Code.

The pilot proved to be more successful for students and the colleges than expected and subsequently additional colleges joined the Consortium through the Joint Powers Agreement. By the end of the pilot the Consortium was five (5) colleges strong and negotiations were underway for additional colleges to partake. By August 1996, in a letter authored by Dr. Susan Oliviera to Dr. Leo Ruelas, SBRPSTC advised the California Community College Chancellor’s Office that the Consortium included seven (7) college districts, had been awarded additional Chancellor’s grant funding to develop and offer new training programs to meet the needs of the public safety students. At the recommendation of the Chancellor’s Office, all instructors recommended by SBRPSTC meet the minimum qualifications as designated through Title 5 and approved by “one of the participating SBRPSTC College Boards.” “The faculty are then considered approved by all the member colleges to teach in the SBRPSTC course offerings.”

SBRPSTC continued to prove to be beneficial in serving the public safety community, those seeking employment and those employed, as well as being more efficient and cost effective for the member colleges. During the 1994-95 pilot SBRPSTC successfully generated in excess of 615 FTES. Although the commitments from the colleges have fluctuated over the years, SBRPSTC has been able to maintain training and services to public safety students at all educational levels, and currently generates a combined total of approximately 2400 FTES for the nine (9) member colleges.
The structure and efficiencies of organization have allowed SBRPSTC to expand the services offered to students not currently employed within the public safety profession. SBRPSTC is able to provide a single location to students for the pre-employment testing procedures (written and physical abilities) for law enforcement, dispatch and fire services. We offer pre-employment courses that assist the students in preparing for the Basic Academy, and the challenging employment processes including testing, interviewing and completion of required documents. In addition, we provide perishable skills update training so students can maintain the requisite skills and certifications necessary to secure employment, and keep current on the ever changing legal implications associated with the public safety profession.

Since its creation, SBRPSTC has worked in concert with our member colleges to articulate courses, follow procedures and meet the needs of the student population in the most effective and efficient manner possible.

☒ Action Item

Proposal:
1. Conduct public hearing for the public to comment on the Final Budget FY 2016/17.
2. That the Board of Trustees approve the Final Budget FY 2016/17.

Background:
The Final Budget FY 2016/17 has been available for public view since September 2, 2016 in the Business Office. In the interest of reducing paper, a hard copy of the Final Budget FY 2016/17 is attached for Board members only. The Final Budget Report can be viewed at the following link: http://www.gavilan.edu/budget/index.html. Hard copies are available upon request from the Office of the President.

The Final Budget has been developed using revenue estimates provided by the Chancellor's Office, California Community Colleges and judgments made by staff as to the amounts of local revenues anticipated from the college's various activities. For example, the Final Budget is based on no salary COLA, .51% funding COLA and a 3% increase to salary schedules to establish a health benefits cap for staff and full time faculty and a 1 ½% increase for management. Expenditure projections have been made in consideration of all known and anticipated expenditures. Expenditures include resources to meet the District's collective bargaining commitments and general operations.

For FY 2016/17, the Final Budget provides for a projected ending fund balance in the Unrestricted General Fund at June 30, 2017 of $3,358,623 or 9.79% of total expenditures and transfers out.

The attached Final Budget has been reviewed by the Board Budget Committee.

Budgetary Implications:
The FY 2015/16 Final Budget shows projected expenditures exceeding revenues by $595,261.
Follow Up/Outcome:
Make adjustments as required.

Old Business Agenda Item No.  
New Business Agenda Item No. III.2 (a)  

SUBJECT: Expenditure Plan for FY 2016-2017 Proposition 30 Education Protection Act Funds  

Resolution: BE IT RESOLVED,  
Information Only  
Action Item  

Proposal:  
That the Board of Trustees approves the allocation of the Proposition 30 funds for FY2016-2017 as detailed on the attached worksheet. 

Background:  
Proposition 30, The Schools and Local Public Safety Protection Act of 2012, temporarily increases the state sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers. It was approved by voters in November 2012. To ensure that the funds are used as intended, several requirements were included in the proposition:  
   • Governing Boards must determine how the funds will be spent at a public meeting  
   • Districts may not use Proposition 30 for administrative costs  
   • Revenues and expenditures must be reported in the annual fiscal audit  
   • Accounting of funds must be published annually on the District's website  

For FY2016-2017, the District Proposition 30 amount is estimated at $4,375,430.  

Budgetary Implications:  
The Proposition 30 funds are already reflected in the FY2016/17 budget; this is not additional income to the college.  

Follow Up/Outcome:  
Spending plan for Proposition 30 funds will be published on the District's website and reported in the annual fiscal audit.

Proposal:
That the Board of Trustees approve the Retiree Health Benefit Trust five hundred thousand dollar contribution.

Background:
The District’s contribution to the Retiree Health Benefit Program JPA is invested with US Bank of California, trustee of this irrevocable trust.

As of June 30, 2016, the portfolio market value was $6,335,524. The total actuarial accrued liability is $7.6 million. The actuarial accrued liability for the retired pool of employees currently receiving benefits is estimated to be $4.1 million and for active employees it is estimated to be $3.5 million. This liability fluctuates as the composition of the retired and active employees receiving benefits changes.

Budgetary Implications:
Five hundred thousand dollar payment reduces unfunded actuarial accrued liability.

Follow Up/Outcome:
None needed.

SUBJECT: Grant Sub-Agreement with Rancho Santiago Community College District for CTE Unlocked Funding and Technical Assistance Grant

☐ Resolution: BE IT RESOLVED,

☒ Action Item

Proposal: Approve grant sub-agreement between Rancho Santiago Community College District and Gavilan Community College District for CTE Unlocked Funding and Technical Assistance Grant.

Background: Gavilan staff attended a training July 5, 2016 which served as an overview on the data tools available to colleges to gain information on student outcomes and labor market conditions to inform programmatic decisions. As a result of attending the training and applying for the grant, Gavilan has been awarded 10 hours of technical assistance and $50,000 to support the use of data in decision-making and planning for career and technical education programs. Technical assistance can be accessed on a number of issues including securing better access to data, improving the ability of practitioners to understand the information, and supporting the use of data in college practices.

Budgetary Implications: $50,000 grant award and 10 hours technical assistance.

Follow Up/Outcome: Grant agreement shall be from July 19, 2016 through October 31, 2017. The District final claim of expenditures and final report due July 31, 2018.

Chancellor’s Office, California Community Colleges

GRANT AGREEMENT

ARTICLE I

The Workforce and Economic Development Program
CTE Data Unlocked Grant

Program-Specific Legal Terms and Conditions
(Effective January 15, 2016)

1. Cost and Payments

In consideration of satisfactory performance of the services described in the Grantee's application, the California Community Colleges, Chancellor's Office (hereinafter Chancellor's Office) agrees to pay the Grantee a total amount not to exceed the "Grant Funds" amount stated on the fully executed Grant Agreement face sheet, which shall be used as set forth in the Application Budget.

Payment shall be made as follows:

- An advance payment of 40% of the total amount of this Grant Agreement will be paid as soon as feasible after the Grant Agreement is fully executed.

- Grantee may submit request for progress payments at the time that year-to-date quarterly and expenditures reports are submitted pursuant to section 4 of this Article. Payment will be made after review and approval of the quarterly reports by the Chancellor's Office. Progress payment(s) can only be made up to 90% of the total grant amount as the last 10% is withheld pending satisfactory performance and submittal of final performance and expenditure reports.

- A final payment will be calculated based on the Final Performance and Expenditure Reports due by July 31, 2018. If the total expenditure of funds by that date is less than the advance payment, the Chancellor's Office may invoice the Grantee for the excess amount.
Grantee agrees to expend matching funds at least equal to the match identified on the face sheet of this Grant Agreement. Payments shall be based on project costs reduced to the extent of required matching funds.

2. **Budget Changes**

- Grant recipient(s) may make changes to any budget category amounts without the approval of the Project Monitor so long as budget categories are not added or deleted, the total dollar amount of the Grant Agreement is not affected, and the outcomes of the Grant Agreement will not be materially affected.

- Adding or deleting budget categories are subject to the prior approval of the Project Monitor. Prior approval for these additions and/or deletions is made through the Chancellor’s Office on-line quarterly reporting system. Once the requested change is approved, the affected quarterly budget will be updated electronically.

- Grant amendments are required for budget changes when there are changes in the total dollar amount of the Grant Agreement and/or the outcome of the Grant Agreement is materially affected.

3. **Application Amendment Requests**

If circumstances occur during the performance period that would materially affect outcomes(s) of the approved Grant Application, the grant recipient is required to contact the Project Monitor for further instructions.

4. **Reporting**

The Recipient shall prepare and submit to the Division of Workforce and Economic Development quarterly “Year-to-Date Expenditure and Progress Reports” using the online reporting system at:

ARTICLE II
Standard Legal Terms and Conditions
(Revision 5/15/14)

1. Work to be Performed

The Grantee shall complete the tasks described in the Grantee's application and funds shall be expended in compliance with the requirements for the funding source and category referenced in the Grant Agreement face sheet.

Grantee may request modifications to the work to be performed. All such requests must be submitted in writing to the Project Monitor prior to the modification being made. The Project Monitor may require that a Grant Amendment be processed, if the monitor determines that the change would materially affect the project outcomes or the term of this Grant Agreement.

Modifications or amendments to the Work to be Performed provisions of this Agreement involving an extension of time are subject to applicable program limitations. For grants funded under the Carl D. Perkins Career and Technical Education Improvement Act of 2006, extensions of time are not allowed beyond June 30th of the year in which the funds were awarded. For other programs, no modification or amendment may permit expenditures to be made after June 30th of the second year following the period for which the funds were appropriated. Any modification or amendment permitting funds to be spent beyond the year of appropriation shall ensure that Grantee does not receive funding for the same expense from more than one fiscal year.

2. Amendments

An amendment of this Grant Agreement is required when the Grantee wishes to extend the completion date or materially change the work to be performed or the budget (see Article I section 2 and Article II section 1). The request must be made on the appropriate form provided by the Chancellor's Office and must be submitted to the Project Monitor prior to making the desired alteration in the performance or expenditures under the Grant Agreement. Requests for amendments should be received 60 days before the end of the performance period.

Amendments involving an extension of time are subject to applicable program limitations. For grants funded under the Carl D. Perkins Career and Technical Education Improvement Act of 2006, extensions of time are not allowed beyond June 30th of the year in which the funds were awarded. For other programs, no amendment may permit expenditures to be made after June 30th of the second year following the period for which the funds were appropriated. Any amendment permitting funds to be spent beyond...
the year of appropriation shall ensure that Grantee does not receive funding for the same expense from more than one fiscal year.

3. **Unenforceable Provision**

In the event that any provision of this Grant Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Grant Agreement remain in full force and effect and shall not be affected thereby.

4. **Dispute**

In the event of a dispute, Grantee agrees to file a "Notice of Dispute" with the Chancellor's Office, within ten (10) days of discovery of the problem. Within ten (10) days, the Chancellor or his or her designee shall meet with the Grantee, the Vice Chancellor for the division awarding the Grant Agreement, and the Project Monitor for purposes of resolving the dispute. The decision of the Chancellor shall be final.

In the event of a dispute, the language contained within this Grant Agreement shall prevail over any other language including that of the grant proposal.

Grantee shall continue with the responsibilities under this Grant Agreement during any dispute.

5. **Notice**

Either party may give notice to the other party by sending certified mail properly addressed, postage fully prepaid to the other party's business address. Notices to be sent to the Chancellor's Office shall be addressed to the Project Monitor at California Community Colleges, Chancellor's Office, 1102 Q Street, Suite 4554, Sacramento, CA 95811-6539. Notices to be sent to the Grantee shall be addressed to the Project Director at the Grantee's address as specified on the face sheet of this Grant Agreement. Such notice shall be effective when received, as indicated by post office records, or if deemed undeliverable by the post office, such notice shall be postponed 24 hours for each such intervening day.

6. **Interpretation**

In the interpretation of this Grant Agreement, any inconsistencies between the terms hereof and the Exhibits shall be resolved in favor of the terms hereof.

7. **Project Director and Key Personnel**

The Project Director is designated by the Grantee on the face sheet of the Grant Agreement, and the key personnel are identified in the application or proposal. The Grantee may change the Project Director or other key personnel, but the Grantee shall immediately notify the Project Monitor in writing of any such changes.
8. **Project Monitor**

The Project Monitor is designated by the Chancellor's Office on the face sheet of the Grant Agreement. The Project Monitor is responsible for overseeing the project and any questions or problems relating to the project should be directed to the Project Monitor. If necessary, the Chancellor's Office may change the Project Monitor by written notice sent to the Grantee.

9. **Budget Concerns**

a. It is mutually understood between the parties that this Grant Agreement may have been written before ascertaining the availability of state or federal funds, for the mutual benefit of both parties in order to avoid program and fiscal delays which would occur if this Grant Agreement were executed after the determination was made.

b. It is mutually agreed that if the state or federal budget for the current year and/or any subsequent years covered under this Grant Agreement does not appropriate sufficient funds for the program, this Grant Agreement shall have no force and effect. In this event, the Chancellor's Office shall have no liability to pay any funds whatsoever to Grantee or to furnish any consideration under this Grant Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement.

c. Grantee shall inform any subcontractors and subgrantees that any work performed prior to approval of the state or federal budget, as applicable, will be rendered on a voluntary basis, and shall not be compensated unless and until funding is authorized.

d. In no event may Grantee use Grant funds to pay any individual or organization for the work associated with preparing the Grant application. For breach or violation of this prohibition, the Chancellor's Office shall, in addition to other remedies provided by law, have the right to annul this Grant Agreement without liability, paying only for the value of the work actually performed, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

e. In addition, this Grant Agreement is subject to any additional restrictions, funding reductions, limitations or conditions enacted in the state or federal budget, any amendments thereto, or in the laws and Executive Orders that may affect the provisions, term, or funding of this Grant Agreement in any manner. The parties hereby agree that the Chancellor's Office will notify Grantee of any such changes affecting the terms of this Grant Agreement, but need not execute an amendment to modify the Grant Agreement.
10. Assignment

Grantee may not transfer by assignment or novation the performance of this Grant Agreement or any part thereof except with the prior written approval of the Project Monitor. Nor may Grantee, without the prior written consent of the Project Monitor, assign any other right that Grantee may have under this Grant Agreement. Each assignment that is approved by the Project Monitor shall contain a provision prohibiting further assignments to any third or subsequent tier assignee without additional written approval by the Project Monitor. The Project Monitor’s consent to one or more such assignments or novations shall not constitute a waiver or diminution of the absolute power to approve each and every subsequent assignment or novation.

11. Subcontracts or Subgrants

a. Grantee agrees to obtain the written approval of the Project Monitor prior to the selection of subcontractors or subgrantees to perform services under this Grant Agreement, based upon a written request indicating compliance with the provisions set forth below. Except where prohibited by the Standards of Conduct provisions set forth in section 15 of this Article, subcontractors or subgrantees specifically identified in this Grant Agreement or the Exhibits attached hereto and which are secured in accordance with applicable legal requirements and the provisions set forth below are deemed approved upon execution of this Grant Agreement.

b. In any event, if the Grantee wishes to enter into a subcontract or subgrant agreement for performance of any part of the activities under this Grant Agreement, Grantee shall disclose the intended purpose and amount of the subcontracting, identify the proposed subcontractor or subgrantee, and certify that the subcontractor or subgrantee was selected according to locally applicable competitive bidding processes which are reasonably calculated to ensure that cost shall be given substantial weight in the selection process, and that the selected subcontractor or subgrantee is the best qualified party available to provide the required services. Upon request, Grantee shall furnish evidence of compliance with this provision to the Project Monitor. Grantee shall immediately notify the Project Monitor in the event that any subcontract or subgrant is terminated.

c. All subcontracts or subgrants shall contain a provision prohibiting any third or subsequent tier subcontracts or subgrants without additional written approval by the Project Monitor.

d. The Project Monitor’s consent to one or more subcontracts or subgrants shall not constitute a waiver or diminution of the absolute power to approve each and every subsequent subcontract or subgrant.
EXHIBIT B

Article II-Standard Legal Terms and Conditions

e. Upon request, Grantee shall furnish any additional evidence the Project Monitor may deem appropriate concerning the competitive bidding procedures used or any other matter related to compliance with paragraphs (a) or (b).

f. Grantee shall not enter into any subgrant or subcontract of the types described below and any such agreement which may be executed is null and void and of no force or effect.

1. A former state employee (including a Chancellor's Office employee, or a district employee who worked for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) cannot enter into a subcontract or subgrant under this Grant Agreement with the Grantee if that employee was engaged in the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to this Grant Agreement while employed by the state. (Gov. Code, §§ 1090, et seq., 87100, and 87400 et seq.; Cal.Code Regs. tit. 5, §§ 18741.1 and 18747.)

2. A current state employee (including a current Chancellor's Office employee or district employee working for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) cannot enter into a subcontract or subgrant with the Grantee, with the exception of rank-and-file employees of the California State University and the University of California. (Pub. Contr. Code, § 10410.)

3. The spouse or a member of the immediate family of a current Chancellor's Office employee (including a current Chancellor's Office employee or district employee working for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) may not enter into a subcontract or subgrant with the Grantee if the Chancellor's Office employee or person on an IJE was engaged in the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to this Grant Agreement, or the subcontract or subgrant, or had any influence whatsoever in the making of this Grant Agreement, or the subcontract or subgrant. (Gov. Code, §§ 1090, et seq.; and 87100.)

g. Nothing contained in this Grant Agreement or otherwise, shall create any contractual relationship between the Chancellor's Office and any subcontractors or subgrantees, and no subcontract or subgrant shall relieve Grantee of its responsibilities and obligations hereunder. Grantee's obligation to pay its subcontractors and subgrantees is independent from the obligation of the Chancellor's Office to make payments to Grantee. As a result, the Chancellor's Office shall have no obligation to pay or enforce the payment of any moneys to any subcontractor.
12. **Audit**

Grantee hereby assures that, in administering this Grant Agreement, it will comply with the standards of conduct hereinafter set out, as well as the applicable state laws concerning conflicts of interests, in order to maintain the integrity of this Grant Agreement and to avoid any potential conflict of interests in its administration.

a. Every reasonable course of action will be taken by the Grantee in order to maintain the integrity of this expenditure of public funds and to avoid any favoritism or questionable or improper conduct. The Grant Agreement will be administered in an impartial manner, free from personal, financial, or political gain. 3. An officer or employee of Grantee, an elected official in the area, or a member of the governing board, may not solicit or accept money or any other consideration from a third person for the performance of any act reimbursed, in whole or in part, by Grantee or the Chancellor's Office. Supplies, materials, equipment, or services purchased with Grant funds will be used solely for purposes allowed under this Grant Agreement.

4. The governing board may not authorize the award of any subcontract or subgrant funded by this Grant Agreement, if that contract, subcontract or subgrant is for the provision of services or goods by any board member, or by any person or entity which is a source of income to a board member.

e. In the interest of avoiding conflicts of interests involving friends or associates of Chancellor's Office employees, in administering this Grant Agreement, officers and employees of the Grantee will exercise due diligence to avoid situations which may give rise to an assertion that favorable treatment is being granted to friends and associates of Chancellor's Office employees.

The rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Grant Agreement.

23. Waiver

No waiver of any breach of this Grant Agreement shall be held to be a waiver of any other or subsequent breach. All remedies afforded in this Grant Agreement shall be taken and construed as cumulative; that is, in addition to every other remedy provided therein or by law. The failure of the Chancellor's Office to enforce at any time any of the provisions of this Grant Agreement, or to require at any time performance by Grantee of any of the provisions thereof, shall in no way be construed to be a waiver of such provisions nor in any way affect the validity of this Grant Agreement or any part thereof or the right of Chancellor's Office to thereafter enforce each and every such provision.

Any informational, advertising, or promotional materials regarding such programs may not include any statements to the effect that a program is for, or designed for students of a particular race, color, national origin, ethnicity or gender. In the event that mentoring or counseling services are provided with funding provided by this Grant Agreement, students may not be paired with mentors or counselors based solely upon the race, color, national origin, ethnicity or gender of the students, mentors, or counselors. SUBJECT: Bay Area Shared Regional Information and Communications Technology (ICT) Lab Memorandum of Understanding

☐ Resolution: BE IT RESOLVED,
☐ Information Only
☒ Action Item

Proposal:
This Memorandum of Understanding (MOU) outlines partnership agreements related to the implementation of a "Shared Regional ICT Lab" project, which will create, staff and provide a regional shared ICT lab facility used, initially, by 25 of the 28 Bay Region community college. This project is funded with a State of California 40% CTE Enhancement Fund grant awarded by the Bay Area Community College Consortium (BACCC) with and in-kind contributions from several of the Participating Colleges. This MOU sets forth the terms and conditions between Cabrillo College, the physical and fiscal host institution, and Participating Colleges, as name in this MOU.

Background:
The Bay Area Shared Regional ICT Lab uses NETLAB+, a network appliance developed by Network Development Group (NDG), in combination with other networking, server and software solutions. NETLAB+ is a hardware and software system that allows students remote access to hands on labs to develop essential skills needed by employers of the information and Communication Technologies (ICT) workforce.

This combined solution enables participating faculty and students to remotely access centrally located ICT lab facilities from any Internet accessible location, 24/7.

The NETLAB+ system already provides over 450 proven ICT labs that enable participating colleges to offer courses, incumbent worker training and preparation for industry and vendor neutral certifications in ICT related areas ranging from introductory computer classes to cutting edge courses focused on cyber security, virtualization, big data, operating system administration, network configuration and design.
Purpose:
The purpose of this MOU is to spell out the parameters for shared use of the NETLAB+ system. Signatures to the MOU commit to participating for a minimum of one year and a maximum of five years with this agreement.

Budgetary Implications:
Fees paid for from CTE Strong Workforce, Regional Allocation.

Follow Up/Outcome:
MOU may be amended at any time.

Bay Area Shared Regional ICT Lab (BACCC NETLAB+)
Memorandum of Understanding

This Memorandum of Understanding (MOU) outlines agreements related to the continued use of a "Shared Regional ICT Lab" project (hereafter referred to as BACCC NETLAB+), which provides a regional shared ICT lab facility used by Bay Region community colleges. This project is funded with State of California grant funds awarded by the Bay Area Community College Consortium (BACCC) and in-kind contributions from several Participating Colleges. This MOU sets forth the terms and conditions between Cabrillo College, the physical and fiscal host institution of BACCC, and Participating Colleges, as named in this MOU.

This MOU does not currently require a fee for participating schools to use the BACCC NETLAB+, however this is predicated on the assumption that the region will agree to support on-going operations of BACCC NETLAB+ with Strong Workforce Program 40% Regional Funds beginning 2016-17. Should that support not be forthcoming, fees may be required, based on mutual agreement of the Participating Colleges. This would require an addendum to this MOU.

Background
BACCC NETLAB+ is a hardware and software system that allows students remote access to hands on labs to develop essential skills needed by employers of the Information and Communication Technologies (ICT) workforce. This combined solution enables participating faculty and students to remotely access centrally located ICT lab facilities from any Internet accessible location, 24/7.

The BACCC NETLAB+ system already provides over 450 proven ICT labs that enable participating colleges to offer courses, incumbent worker training and preparation for industry and vendor neutral certifications in ICT related areas ranging from introductory computer classes to cutting edge courses focused on cybersecurity, virtualization, big data, operating system administration, network configuration and design.

Purpose
The purpose of this MOU is to identify the parameters for shared use of the BACCC NETLAB+ system. Signatories to the MOU commit to participating for a minimum of 1 year and a maximum of 5 years with this agreement.
Services that Participating Colleges will receive:

1. Access to the inventory of remote lab activities to support at least one course delivered at their college during each school year.
2. An opportunity to develop custom labs that can be delivered using BACCC NETLAB+ and shared with other Participating College members.
3. Professional development (training on how to use BACCC NETLAB+, practice with self-selected lab activities, exposure to best practices for pedagogy and implementation, etc.)
4. Participating Colleges which have made in-kind equipment loans to the project will have access equal to what they had when they hosted the equipment at their campus.
5. There is currently no limit on a college’s utilization of BACCC NETLAB+. If use exceeds capacity, policies will be developed to maintain use within the capacity of the system through the NETLAB+ user group. A best effort will be made to provide colleges with notice of any constraints prior to scheduling of classes in the semester within which these limits would be put in place.

Proposal: Consent to sign Agreement between the Child Development Training Consortium and Gavilan College for the 2015-2016 school year. Agreement #16-17-2838

Background: This agreement supports Gavilan College students completing courses required by the CA Commission on Teacher Credentialing to obtain a new or renew a currently held Child Development Permit. Gavilan students currently employed in licensed/licensed exempt early childhood programs are eligible for the CDTC stipends upon successful completion of their coursework. Students must be seeking a new or maintain a currently held Child Development Permit, be employed in qualified early childhood programs, and their employment must directly benefit children and/or families within the State of CA.

Budgetary Implications: The Child Development Training Consortium is contracting with Gavilan for the 2016-2017 school year to earn 350 units by enrolling students in the appropriate classes. Yosemite Community College District/Child Development Training Consortium agrees to pay Gavilan College $8,750.00 (or $25 per enrolled unit) if students are enrolled in 350 units and working toward their Child Development Permits. Gavilan College CDTC program reimburses students $20 per unit completed successfully. The remaining portion of the contract amount is used for Gavilan College CDTC/CDES program expenses such as materials and copying costs.

CHILD DEVELOPMENT TRAINING CONSORTIUM
2016-2017 INSTRUCTIONAL AGREEMENT
AGREEMENT NUMBER 16-17 - 2838

This Agreement is made and entered into this 1st day of September, 2016, by and between the Yosemite Community College District, Child Development Training Consortium, hereafter called the YCCD/CDTC, and Gavilan Joint Community College District for Gavilan College, hereafter called the CONTRACTOR.

WITNESSETH: That the CONTRACTOR for and in consideration of the covenants, conditions, agreements, and stipulations of the YCCD/CDTC hereinafter expressed, does hereby agree to furnish to the YCCD/CDTC services as follows:

I. STATEMENT OF WORK

A. The CONTRACTOR will designate a Campus Coordinator to implement the Child Development Training Consortium (CDTC) program at the local level. The scope of work in this contract is supplementary to the typical duties of faculty or other positions that provide career and education guidance to child development students. The Campus Coordinator will be responsible to prepare and submit all required reports; coordinate all Consortium activities; attend one (1) mandatory YCCD/CDTC sponsored meeting and one (1) mandatory YCCD/CDTC webinar; and inform child development/early childhood education department of program requirements and components specific to campus Child Development Training Consortium.

The designated Campus Coordinator is preferably active faculty, either full-time or adjunct, department chair, or director of the campus child development lab center/children's center. If the current Campus Coordinator does not meet these recommendations, they are permitted to continue in the position and new requirements will be applicable upon designation of a new Campus Coordinator. Since the requirement of faculty is preferred, but not required, exceptions will be considered by YCCD/CDTC on an individual basis.

The Campus Coordinator, even in the role as Co-Coordinator, must reside within California and be employed by the college. CDTC will subcontract directly with college and then contracts/agreements will be administered by faculty employed by the college.

The Campus Coordinator must be located on campus with regularly scheduled office hours; thereby being accessible to students enrolled in the program. The Campus Coordinator must attend campus child development/early childhood education (ECE) department meetings and be knowledgeable of all aspects of the ECE profession. The YCCD/CDTC must be notified in writing within fifteen (15) calendar days of any change in Campus Coordinator status.

The Campus Coordinator will act as a liaison between the Child Development Training Consortium and California Department of Education/Early Education and Support Division (CDE/EESD) to disseminate information to campus faculty regarding state initiatives and trends in ECE.
B. The CONTRACTOR will generate up to **350** units of college credit by enrolling students in courses required by the California Commission on Teacher Credentialing to obtain a new or renew a currently held Child Development Permit. Enrolled units must be completed between July 1, 2016, and June 30, 2017. Physical education courses and general work experience courses are excluded. Child development work experience and remedial courses are included.

C. The CONTRACTOR will make good faith efforts to recruit and employ qualified faculty who reflect the ethnic makeup of the student population.

D. The CONTRACTOR will provide appropriate community college courses, which:

1. Meet the requirements of the Child Development Permit Matrix (included in this Agreement as Appendix A) and/or child care licensing regulations.

2. Are degree or certificate applicable.

3. Are offered for credit with the possible exception of remedial courses.

4. Are transferable whenever possible.

5. Are available to family child care providers and employees of child care/development programs serving infants through school-age children.

6. Are responsive to local community needs.

E. The CONTRACTOR will enroll students who meet the YCCD/CDTC eligibility criteria, numbered 1 through 5 below. Student eligibility must be verified each semester/term using the Student Profile.

1. Student must be seeking a new or maintaining a currently held Child Development Permit, **AND**

2. At the time of enrollment, the student must be employed by a child care/development program including licensed family child care and out-of-school care. Center-based programs must be licensed or eligible for an exemption according to Department of Social Services (DSS) regulations. Licensed exempt centers are limited to the following: on school site, parents on site, military, tribal, employment agency, parks and recreation, adult ed/child care, home based program and before/after school program. Employment in a kindergarten or transitional kindergarten classroom is also acceptable, **AND**

3. Student employment must directly benefit children and/or families. The employment experience must be acceptable to the California Commission on Teacher Credentialing for purposes of obtaining a Child Development Permit, even if experience is not required for the permit, **AND**

4. Student must work in the state of California.
5. In-home care providers (nannies) are not eligible. Unlicensed, exempt, in-home child care providers are not eligible.

F. The CONTRACTOR will enroll eligible students according to the following three priorities:

California Department of Education, Early Education and Support Division (CDE/EESD) Priorities for Enrollment:

Priority 1 Employees of all direct-funded CDE/EESD programs including center-based programs and family child care network programs or center-based programs with satellite family child care providers. This also includes co-located Head Start Programs.

Priority 2 Employees of any program, center-based or licensed family child care homes, that serve children on a voucher basis for Alternative Payment services.

Priority 3 Employees of all other programs including center-based and licensed family child care homes.

Within each priority group listed above, priority will be given to students fulfilling the requirements for an Assistant or Associate Teacher or Teacher Child Development Permit.

Local Priorities for Enrollment

The local YCCD/CDTC Advisory Committee may establish additional priorities. However, the CDE/EESD priorities listed above must be met before local priorities can be implemented. Local priorities are encouraged to meet local needs within the context of the CDE/EESD priorities.

G. The CONTRACTOR will establish a new or use an existing Advisory Committee to solicit input on local needs, courses to be offered and approve the student eligibility and payment policies.

1. The Advisory Committee will make a good faith effort to represent the local child care labor market by including the following program representatives: the Campus Coordinator; one community college child development instructor, one CEC Mentor Coordinator, one family child care provider; one representative of a child care program funded by the California Department of Education, Early Education and Support Division (CDE/EESD); one representative of a private-for-profit child care program; one representative of a private-non-profit child care program; one representative of the local Resource and Referral program; one college student majoring in child development; one representative from the Local Child Care and Development Planning Council; and one representative from the county-level Children and Families Commission, and one representative from the local QRIS/IMPACT and/or AB212 programs.

The Advisory Committee will meet one time annually.
2. The meeting must be properly documented with agenda and minutes, which must be submitted with the Year End Program and Final Expenditure Narrative.

H. The CONTRACTOR will provide student grade documentation, demonstrating a grade of “C” or better, to YCCD/CDTC upon request for audit purposes.

I. The CONTRACTOR will ensure that all required reports and documents are submitted to YCCD/CDTC by the due dates specified. Report titles and due dates are included in this Agreement as Appendix B – 2016-2017 Required Reports and Time Lines. All reports should be submitted to the Child Development Training Consortium, PO Box 3603, Modesto, CA 95352.

J. The CONTRACTOR will ensure that no full-time equivalent (FTE) fees will be collected for courses that are funded with YCCD/CDTC funds, or portion thereof.

K. The CONTRACTOR will ensure collaboration (if applicable) with CEC Mentor Coordinator. This collaboration will include sharing program services and promote integration of services for student success.

II. PERIOD OF PERFORMANCE

The term of this Agreement shall be from September 1, 2016, to and including June 30, 2017. Enrolled units must be completed between July 1, 2016, and June 30, 2017. All allowable expenditures must be encumbered and/or the services rendered prior to June 30, 2017.

III. BUDGET AND ALLOWABLE EXPENSES

A. By October 14, 2016, a 2016-2017 budget based on the funding authorized in this Agreement must be posted online with the YCCD/CDTC. A YCCD/CDTC supplied format must be used.

B. The CONTRACTOR will submit a revised budget to the YCCD/CDTC for approval due to the following two circumstances:
   1. When planned expenditures in any of the major expense categories (direct services, support services, or administration) exceed the approved budget by more than ten percent (10%).
   2. And when planned expenditures in any of the line items exceed the approved budget by more than twenty-five percent (25%).

C. The CONTRACTOR will administer the program budget in accordance with YCCD/CDTC budget development guidelines available in the Campus Coordinator Handbook. The CONTRACTOR will ensure that all program expenditures are reasonable, necessary, and allowable.

D. The CONTRACTOR will not exceed approved California Department of Education travel reimbursement rates for travel charged to this program.
E. The CONTRACTOR will not expend YCCD/CDTC funds on food, equipment, donations, or gifts. Equipment is defined as a fixed asset that does not lose its identity when removed from its location and is not changed materially or consumed immediately (typically, within a year) by use. Equipment has relatively permanent value and its purchase increases the value of the physical property such as furniture, vehicles, machinery, computers and furnishings that are not integral parts of the building or the building system.

F. If the CONTRACTOR demonstrates a consistent pattern of under-generating its contracted number of units, the number of contracted units may be reduced in subsequent years.

IV. PAYMENT FOR SERVICES

A. In consideration of the performance of the foregoing in a satisfactory manner, the YCCD/CDTC agrees to pay the CONTRACTOR an amount not to exceed $8,750.00. The amount of total payments to the CONTRACTOR will be the lesser of program earnings, the amount authorized by this Agreement, or actual expenditures. Any over-payments of more than $100.00 made by YCCD/CDTC to the CONTRACTOR must be refunded to YCCD/CDTC by June 30, 2017. Checks should be made payable to YCCD.

B. The CONTRACTOR will be paid $25.00 per enrolled unit of course work, which meets requirements of the Child Development Permit Matrix and/or child care licensing regulations to the maximum stated in Paragraph 1B. Units for physical education and general work experience classes are excluded. Units for remedial courses and child development work experience are included.

C. YCCD/CDTC will issue progress payments to CONTRACTOR upon receipt of properly completed documentation including a 2016-2017 Student Profile for each enrolled student for each semester/term.

D. YCCD/CDTC will withhold any payment until all required documentation has been received to substantiate enrolled units.

E. YCCD/CDTC will make final payment to CONTRACTOR upon satisfactory completion of services as described herein. The online final expenditure report is due no later than June 30, 2017.

V. RETENTION OF RECORDS AND AUDITS

CONTRACTOR will ensure that the evaluation and treatment of employees and student participants are free from such discrimination and harassment.

C. By signing this Agreement, the CONTRACTOR ensures that it will comply with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability.

It is understood that this is an Agreement by and between independent contractors and is not intended, and shall not be construed to create the relationship of agent, servant, employee, partnership, or joint venture.

XI. HOLD HARMLESS CLAUSE

Both the CONTRACTOR and YCDD/CDTC agree to hold harmless, defend, and indemnify the other party, its officers, employees, boards, volunteers, and agents from and against any and all losses, claims or expense arising out of any liability or claim of liability for personal injury, bodily injury to persons, contractual liability and damage to property sustained or claimed to have been sustained arising out of the activities of such party, its boards, officers, agents, employees, or volunteers pursuant to this Agreement. However, the provisions of this indemnity agreement do not apply to any damages or losses caused by the negligence or willful misconduct of the party being indemnified or its officers, employees, boards, volunteers, or agents.

XII. ACKNOWLEDGMENT

The CONTRACTOR will acknowledge the support of the YCDD/CDTC when publicizing the work performed under this Agreement. Materials developed with funds from this Agreement shall contain an acknowledgment of the use of federal Child Care and Development Quality Improvement funds received from the California Department of Education, Early Education and Support Division.

SUBJECT: Miscellaneous Measure E Construction Agreements

Proposal: That the Board of Trustees approve the following 3 construction agreements.

Background:
1. Revision #1: Gilbane Building Company Project Assignment Amendment (PAA) – Athletic Fields and Gym Roofing and Fire Alarm – add $158,000. The original scope of these projects expanded to include several previously proposed bid alternates, which will require more construction management services. Also, due to the complexity of this multi-faceted set of projects, it is proposed to have Gilbane perform an Interdisciplinary Document Coordination Review to ensure the projects’ scopes and budgets are maintained. The original Contract Price for this PAA was approved for Four Hundred Three Thousand Seven Hundred Sixty-Seven Dollars ($403,767). The additional amount requested for Revision #01 is One Hundred Fifty-Eight Thousand Dollars ($158,000). This brings the total revised Contract Price for this PAA to Five Hundred Sixty-One Thousand Seven Hundred Sixty-Seven Dollars ($561,767) funded from Measure E.

2. Alpha Land Surveys, Inc. – Coyote Valley, Increment #1 - $1,800. This agreement is to pay for an independent survey to verify several areas on site to be sure they were properly graded to the project specifications; funded from Measure E.

3. Revision #1: IBI Project Assignment Amendment (PAA) – Water Tank – add $40,000. Additional Civil Engineering work has been required to complete the close-out of the water tank project. The original Contract Price for this PAA was approved for One Hundred Ninety-One Thousand Eight Hundred and Eight Dollars ($191,808). The additional amount requested for Revision #01 is an amount not to exceed Forty Thousand Dollars ($40,000). This brings the total revised Contract Price for this PAA to Two Hundred Thirty-One Thousand Eight Hundred and Eight Dollars ($231,808). Funded from Measure E and state capital outlay funds.

Budgetary Implications:
The efficient use of Measure E and state capital outlay funds.

Follow Up/Outcome:
Upon Board approval, finalize the agreements.

SUBJECT: Gavilan College Aviation Maintenance Technology Program at San Martin Airport, Change Order #3

☐ Resolution: BE IT RESOLVED,
☐ Information Only
☒ Action Item

Proposal:
That the Board of Trustees authorizes the second project change order request for the Gavilan College Aviation Maintenance Technology Program at San Martin Airport. Change Order #3 is $64,889. Original Agreement to Seward L Schreder Construction, Inc. was $2,900,800. Total construction cost including change orders #1, #2 & #3 is $2,859,508.

Background:
Public Contract Code § 20659 provides that if any change of a contract is ordered by the governing board of a community college district, such change shall be specified in writing and the cost agreed upon between the governing board and the contractor, and further provides that the board may authorize the contractor to proceed with performance of this change without the formality of securing bids, if the cost so agreed upon does not exceed ten percent of the original contract price. The following Change Order (CO) request has been submitted:

Gavilan College Aviation Maintenance Technology Program at San Martin Airport Project
Seward L. Schreder Construction, Inc., CO #3 for $64,889. A detailed Change Order #3 table is attached for this project.

There are a total of 3 change orders for this project totaling $(41,292). The initial estimate for this Change Order #3 totaled $76,713 but after thoroughly reviewing and successfully negotiating with the contractor that amount was reduced by $11,824.

The change order was a direct result of electrical changes to meet requirements for aviation program and mobilization fees for asphalt paving contractor due to block wall approval delay by DSA. Revision of heater flues, expedite shipping of the hanger door, and the install of a 2 inch backflow per the county of Santa Clara requirements. Weld hinges to I-Beam at the hanger door and revise sidewalk adjacent to the modular buildings to avoid water intrusion.

Budgetary Implications:
The efficient use of Measure E Funds.

Follow Up/Outcome:
Upon Board approval, the change order will be issued to the contractor.

Proposal:
That the Board of Trustees adopts Resolution 1014 in Support of the Kindergarten through Community College Public Education Facilities Bond Act Of 2016.

Background:
The Kindergarten through Community College Public Education Facilities Bond Act Of 2016, also known as Proposition 51 or the California Public School Facility Bonds Initiative, will be on the November 8, 2016, ballot in California as an initiated state statute. It will be the first education-related bond measure to appear on the ballot since 2006, and it is the first ever education-related bond measure that was citizen initiated.

The proceeds from the $9 billion in bonds that would be issued if voters approved Proposition 51 would be stored in a 2016 State School Facilities Fund and a 2016 California Community College Capital Outlay Bond Fund. Proceeds would be allocated for the following purposes:

- $2 billion for acquiring, constructing, renovating, and equipping community college facilities;
- $3 billion for the construction of new K-12 school facilities;
- $500 million for providing K-12 school facilities for charter schools;
- $3 billion for the modernization of K-12 school facilities; and
- $500 million for providing K-12 facilities for career technical education programs.

An April 2016 Public Policy Institute of California poll showed a 76% favorable rating. Governor Brown is opposed. A total of 162 K-14 districts have endorsed this initiative.
