General Education/Course Credit Matrix

General Education

Gavilan's general education (GE) requirements introduce students to a variety of means through which they comprehend and interact with the modern world. The GE requirements are central both to the college's mission and to its associate's degrees.

Completion of the GE requirements will develop students' abilities to think and communicate clearly, both orally and in writing; to use mathematics and employ the scientific method; to understand the modes of inquiry in major disciplines; to be aware of other cultures and other eras; to apply critical thinking to ethical and social issues; and to develop the capacity for self understanding and improvement. The student will also develop a depth of knowledge in a specific field of interest. In completing the requirements, students will come to understand basic principles, concepts and methodologies that may be unique to a specific discipline or universal in the quest for knowledge.

General Education Learning Outcomes

AREA A Communications in the English Language

After completing courses in Area A, students will be able to do the following:

- ▶ Receive, analyze, and effectively respond to verbal communication.
- ▶ Formulate, organize and logically present verbal information.
- ▶ Write clear and effective prose using forms, methods, modes and conventions of English grammar that best achieve the writing's purpose.
- ▶ Advocate effectively for a position using persuasive strategies, argumentative support, and logical reasoning.
- ▶ Employ the methods of research to find information, analyze its content, and appropriately incorporate it into written work.
- ▶ Read college course texts and summarize the information presented.
- ▶ Analyze the ideas presented in college course materials and be able to discuss them or present them in writing.
- ▶ Communicate conclusions based on sound inferences drawn from unambiguous statements of knowledge and belief.
- ▶ Explain and apply elementary inductive and deductive processes, describe formal and informal fallacies of language and thought, and compare effectively matters of fact and issues of judgment and opinion.

AREA B Physical Universe and its Life Forms

After completing courses in Area B, students will be able to do the following:

- ▶ Explain concepts and theories related to physical and biological phenomena.
- ▶ Identify structures of selected living organisms and relate structure to biological function.
- ▶ Recognize and utilize appropriate mathematical techniques to solve both abstract and practical problems.
- ▶ Utilize safe and effective laboratory techniques to investigate scientific problems.
- ▶ Discuss the use and limitations of the scientific process in the solution of problems.

- ▶ Make critical judgments about the validity of scientific evidence and the applicability of scientific theories.
- ▶ Utilize appropriate technology for scientific and mathematical investigations and recognize the advantages and disadvantages of that technology.
- ▶ Work collaboratively with others on labs, projects, and presentations.
- ▶ Describe the influence of scientific knowledge on the development of world's civilizations as recorded in the past as well as in present times.

AREA C Arts, Foreign Language, Literature and Philosophy

After completing courses in Area C, students will be able to do the following:

- ▶ Demonstrate knowledge of the language and content of one or more artistic forms: visual arts, music, theater, film/television, writing, digital arts.
- ▶ Analyze an artistic work on both its emotional and intellectual levels.
- ▶ Demonstrate awareness of the thinking, practices and unique perspectives offered by a culture or cultures other than one's own.
- ▶ Recognize the universality of the human experience in its various manifestations across cultures.
- ▶ Express objective and subjective responses to experiences and describe the integrity of emotional and intellectual response.
- ▶ Analyze and explain the interrelationship between self, the creative arts, and the humanities, and be exposed to both non-Western and Western cultures.
- ▶ Contextually describe the contributions and perspectives of women and of ethnic and other minorities.

AREA D Social, Political, and Economic Institutions

After completing courses in Area D, students will be able to do the following:

- ▶ Identify and analyze key concepts and theories about human and/or societal development.
- ▶ Critique generalizations and popular opinion about human behavior and society, distinguishing opinion and values from scientific observation and study.
- ▶ Demonstrate an understanding of the use of research and scientific methodologies in the study of human behavior and societal change.

- ▶ Analyze different cultures and their influence on human development or society, including how issues relate to race, class and gender.
- ▶ Describe and analyze cultural and social organizations, including similarities and differences between various societies.

AREA E Lifelong Understanding and Self-Development

After completing courses in Area E, students will be able to do the following:

- ▶ Demonstrate an awareness of the importance of personal development.
- ▶ Examine the integration of one's self as a psychological, social, and physiological being.
- ▶ Analyze human behavior, perception, and physiology and their inter-relationships including sexuality, nutrition, health, stress, the social and physical environment, and the implications of death and dying.

AREA F Cultural Diversity

After completing courses in Area F, students will be able to do the following:

- ▶ Connect knowledge of self and society to larger cultural contexts.
- ▶ Articulate the differences and similarities between and within cultures.

Additional Associate's Degrees

An Associate of Arts or an Associate of Science degree will be awarded to those currently possessing an associate's degree provided:

1. The second degree major includes a minimum of 18 new units,
2. Courses used to satisfy major requirements for the previous degree(s) are not used to satisfy any of the new 18 major units, and
3. A student completes the last 12 units or has completed a total of 48 units at Gavilan College.

For continuing students, the general education and major requirements for the additional degree are those listed in the college catalog for the academic year in which the student first takes courses for the first degree or any subsequent catalog thereafter.

Continuous attendance is defined as enrollment in at least one regularly transcribed course per year, including summer.

For returning students, the requirements are those listed in the college catalog for the year in which the student returns or any subsequent catalog thereafter.

Gavilan College Graduation Requirements

An associate's degree (A.A. or A.S.) at Gavilan College can be achieved by completing a combination of general education courses and a specific major selected from the Gavilan Catalog. A minimum of 60 degree-applicable units (courses numbered 1-299) are required to earn a degree at Gavilan College.

To be eligible for graduation a student must:

1. Complete a minimum of 60 overall units, to include major course requirements, general education, and electives when necessary to add up to 60 total units. A student may select any of the options below to satisfy the general education requirements:
 - Option A: Gavilan College AA/AS General Education Pattern.
 - Option B: The California State University (CSU-GE Breadth) Pattern.
 - Option C: The Intersegmental General Education Transfer Curriculum (IGETC) Pattern.

All three patterns above lead to an associate degree. Two are transfer level patterns (CSU-GE Breadth and IGETC), and one designed for those students who may not be interested in transferring to a university. It is possible to complete an AA/AS degree while also preparing for transfer. Consult a counselor for details.

To earn a Certificate a student must complete only major course requirements.

2. Complete all major requirements courses with a grade of "C" or better in each course.
3. Maintain a cumulative grade point average of 2.0 ("C") or higher for all work attempted. A grade of "C" or better is also required in each course in Area A and Area B-4 (mathematics), of the general education pattern.*
4. Complete the last 12 units or have completed 48 units at Gavilan College.
5. Complete a graduation petition for each associate degree, Certificate of Achievement, Certificate of Proficiency and award of achievement they wish to receive. These petitions must be filed with the Admissions and Records office by mid-April for spring or summer graduation and mid-October for fall graduation.

NOTE: Effective fall of 2009, the new Gavilan College graduation requirements will include ENGL 1A (Area A2 of the A.A./A.S. Gavilan College General Education Pattern) and Math 233 (Area B4).

DOUBLE COUNTING RULE

Reference: Title V, Section 55063 C

While a course might satisfy more than one general education requirement, it may not be counted more than once for these purposes. A course may be used to satisfy both a general education requirement and a major or area of emphasis requirement. Whether it may be counted again for a different degree requirement is a matter for each college to determine. Students may use the same course to meet a general education requirement for the associate degree and to partially satisfy a general education requirement at the California State University, if such course is accepted by that system to satisfy a general education requirement.

Updated - 6/1/08

GAVILAN COLLEGE

ASSOCIATE'S DEGREE GENERAL EDUCATION REQUIREMENTS (2008-2009)

1. File a Petition to Graduate with the Admissions and Records Office by April 1 for Spring or Summer graduation, and by October 1 to graduate at the end of the Fall Semester. One petition must be filed for each Associate degree, Certificate of Achievement or Certificate of Proficiency the student expects to receive.
2. Maintain a cumulative grade point average of 2.0 ("C") or higher for all work attempted and a grade of "C" or higher in each major or certificate courses.
3. Complete a minimum of 18 units of coursework in a major. Specific major course requirements are listed in the college catalog.
4. Complete a minimum of 60 semester units. Within the (60) unit requirement, the (9) units in Area A, and B-4 must be completed with a grade of "C" or better in each course. Complete the last 12 units, or a total of 48 units, at Gavilan College.

NOTE: Effective fall of 2009, the new Gavilan College graduation requirements will include ENGL 1A (Area A2 of the A.A./A.S. Gavilan College General Education Pattern) and Math 233 (Area B4).

General Education Reciprocity Agreement

The Gavilan Community College District has entered into a mutual agreement with seven other community Colleges to accept the general education of these colleges. The participating colleges are:

Chabot College (Hayward)
 De Anza College (Cupertino)
 Evergreen Valley College (San Jose)
 Foothill College (Los Altos Hills)
 Gavilan College (Gilroy)
 Las Positas (Livermore)
 Mission College (San Jose)
 Ohlone College (Fremont)
 San Jose City College (San Jose)
 West Valley College (Saratoga)

Students who obtain a Certification of Completion of Associate Degree General Education or complete an associate degree at any of the participating colleges will have both their general education course work and graduation proficiencies accepted as completed at any one of the participating campuses. No additional general education course work will be required if the certification is officially presented. Students will still be required to complete all major courses and prerequisites needed for a degree.

The process for obtaining a Certification of Gavilan College General Education is as follows:

- 1) The student requests General Education Certification from the Gavilan College Admissions and Records Office.
- 2) If transcripts are to be used from other colleges, official copies must be on file with the Records Office.
- 3) A copy of the certification will be given to the student.
- 4) Gavilan College will honor the certification presented from the participating colleges only if it is transmitted in the same manner as an official transcript. Student copies will not be honored.

Please note that only the colleges listed above participate in this agreement and these agreements are subject to change. Check with a counselor.

Articulation Agreements

Gavilan College has completed lower division course-to-course, major-to-major, and general education agreements with all California State University (CSU), University of California (UC) and a number of private university campuses. These agreements ensure that participating universities will accept certain courses taken at Gavilan College to satisfy general education, major, or elective university requirements.

The articulation officer, counselors and the Career/Transfer Resource Center staff have lists of participating institutions. Articulation agreements are also available online. See information on www.assist.org.

www.assist.org

assist

Your official source for California articulation
and student transfer information.

ASSIST is a computerized student-transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST provides the most accurate and up-to-date information available about student transfer in California.

Transfer to the University of California System

The UC system includes the following campuses:

Berkeley	Davis
Irvine	Los Angeles
Merced	Riverside
San Diego	San Francisco
Santa Barbara	Santa Cruz

Students transferring to a campus of the UC system should review the course articulation agreement between Gavilan College and UC. This agreement lists every course offered by Gavilan College and stipulates which of the courses will be accepted by UC for credit toward the baccalaureate degree. Consult a counselor for complete information or go online with ASSIST (see ad above). Students transferring to UC should also study the catalog of the campus to which they wish to transfer.

UC ADMISSION POLICY

The university considers you a transfer applicant if you enrolled in a regular session at another college or university. Do not disregard your previous college record and apply as a first-time student.

If you plan to attend a California community college before applying to the university, you should take courses that satisfy university and college requirements and fulfill prerequisites in your selected major. University and community college counselors can help you with your planning.

UC TRANSFER REQUIREMENTS

CALIFORNIA RESIDENTS: There are basically several ways in which you can meet UC's minimum admission requirements as a transfer student. These requirements are described below. In all cases, you must have at least a "C" (2.0) average in all transferrable coursework.

1. If you were eligible for admission to UC when you graduated from high school, satisfying the Subject, Scholarship and Examination Requirements - you are eligible to transfer if you have a "C" (2.0) average in your transferrable college coursework.
2. If you met the Scholarship Requirement but did not satisfy the Subject Requirement, you must take transferable college courses in the missing subjects, earning a "C" or better in each required course, and an overall "C" (2.0) average in all transferrable coursework to be eligible to transfer.
3. If you met the Scholarship Requirement but not the Examination Requirement, you must complete a minimum of 12 semester (18 quarter) units of transferable work and earn an overall "C" (2.0) average in all transferable college coursework completed.
4. If you were not eligible for admission to UC when you graduated from high school because you did not meet the Scholarship Requirement, you must:
 - A. Complete 60 semester units or 90 quarter units of transferable college credit with a grade point average of at least 2.4, and;
 - B. Complete the following course pattern requirement, earning a grade of "C" or better in each course:
 - two transferable college courses (3 semester or 4-5 quarter units each) in English composition, and;
 - one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning, and;
 - four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, the physical and biological sciences.

Students who satisfy IGETC prior to transferring to UC will satisfy Option 4B of the transfer admission requirements.

NON RESIDENTS: The minimum admission requirements for non-resident transfer applicants are the same as those for residents, except that non-residents must have a grade point average of 2.8 or higher in all transferable college coursework.

Transfer Patterns

Students planning to transfer to a four-year institution such as the University of California, California State University or a private university or college can generally complete the freshman and sophomore level work at Gavilan College and enter the four-year institution with junior standing.

The requirements of universities vary. It is therefore advisable that students consult their counselor for more detailed information. Students should choose their courses at Gavilan in accordance with the lower division requirements of the university of their choice in order to be prepared for their major at the university. (The Counseling Office is located in SC113, (408) 848-4723.)

College catalogs which describe specific admissions and graduation requirements for the four-year colleges and universities are located at the Gavilan Career/Transfer Resource Center, SC 101.

Intersegmental General Education Transfer Curriculum (IGETC)

The IGETC can be used by community college transfer students to fulfill lower division general education requirements in either the CSU or UC system without the need, after transfer, to take additional lower division general education courses, as long as your IGETC completion is certified at the community college. Obtain the Certification form from Admissions and Records.

Students are strongly encouraged to complete all IGETC requirements prior to transfer.

Partial IGETC Certification: If you are approaching readiness for transfer and are unable to complete one or two IGETC courses, you may be eligible to complete IGETC after transferring.

Warning: Students need Area 1 and 2 completed to meet minimum transfer admission requirements. Therefore, partial certification that acknowledges a deficiency in Area 1 and/or 2 may also indicate a student does not meet minimum transfer requirements. Community colleges should make every effort to notify students of this potential problem.

If your petition for partial certification of IGETC is approved, you may be able to complete IGETC in one of the following ways:

- 1) Take an approved IGETC course, in the area(s) to be completed, at any California Community College, at a time that does not require concurrent enrollment, such as during the summer.
- 2) Take a course approved by the UC or CSU campus of attendance in the area(s) to be completed at a U.S. regionally accredited institution at a time that does not require concurrent enrollment, such as during summer school.
- 3) Take an approved IGETC course, in the area(s) to be completed, at any California Community College while concurrently enrolled at a UC or CSU campus. The student will be subject to the UC or CSU campus rules regarding concurrent enrollment, so this option may not be available.
- 4) Take a course approved by the UC or CSU campus of attendance at a United States regionally accredited institution in the area(s) to be completed while concurrently enrolled at a UC or CSU campus. The student will be subject to the UC or CSU campus rules regarding concurrent enrollment, so this option may not be available.
- 5) Take a comparable course at a UC or CSU campus in the area(s) to be completed. This option is at the discretion of each UC or CSU campus, so it may not be a choice available to the student.

You will be expected to complete IGETC before the beginning of the second full year of enrollment at your UC or CSU campus. Check with your campus advisor after you transfer for more information, including which options are available and which UC or CSU courses may be comparable to the IGETC courses remaining to be completed.

All UC and CSU campuses will accept IGETC with the exception of Fifth and Revelle Colleges at UC, San Diego. Since all majors are available at each of the five colleges at UC, San Diego, students will not be restricted in their choice of major if they use the IGETC.

A course cannot be used to satisfy more than one subject area of the IGETC (general education). However, major prerequisite courses can be used (double counted) to satisfy IGETC requirements.

CSU campuses' limitations on double counting of general education courses toward major preparations are not changed by IGETC.

Students who wish to be certified for both CSU and UC systems should take CMUN 1A, 5, 8 or 10 in Area 1 for CSU and meet the foreign language requirement for UC. Completing both provides flexibility and choices.

The courses for all IGETC areas must be completed with a grade of "C" or better before IGETC can be certified. A grade of "C-" is not acceptable.

CLEP EXAMS

University of California does not grant credit for College Level Examination Program exams. CLEP credit CANNOT be used to certify IGETC. Some California State Universities will grant CLEP credit for certain areas and some will not grant credit at all. Transfer students are advised to contact the university they will be attending for specific information regarding CLEP credit.

UC/CSU Intersegmental General Education Transfer Curriculum IGETC - 2008-2009

Completion of all the requirements in the IGETC will permit a student to transfer from a community college to the California State University or the University of California without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements. All areas must be satisfied, and all courses must be completed with a grade of "C" or better before the IGETC can be certified. See requirements for partial IGETC certification in catalog. A student is strongly advised to complete a total of 60 transferable units before transferring. These will include the IGETC requirements, "major" prerequisites, and elective courses if needed.

(Students should request an IGETC certification from the Office of Admissions and Records before transferring.)

Transfer to the California State University System (CSU)

The California State University system includes the following campuses:

Bakersfield	Northridge
Channel Island	Pomona
Chico	Sacramento
Dominguez Hills	San Bernardino
East Bay	San Diego
Fresno	San Francisco
Fullerton	San Jose
Humboldt	San Luis Obispo
Long Beach	San Marcos
Los Angeles	Sonoma
Maritime Academy	Stanislaus
Monterey Bay	

Gavilan College courses numbered 1-99 are transferable to all of the 23 CSU campuses. Courses numbered 100-199 are occupational and may transfer to CSU institutions (see below). Consult a counselor for complete information.

Academic units transferred from Gavilan College to CSU institutions may be applied to one of the following three areas by the receiving campuses:

1. Credit toward the major
2. General education credit
3. Elective credit

A study of the receiving institution's catalog or exploring ASSIST will aid students in determining where transferable courses completed at Gavilan College will be applied at the CSU campus. Students should consult with a counselor regarding transfer requirements.

CSU TRANSFER REQUIREMENTS

Students transferring to the California State University system will qualify for admission as upper division transfers if they have completed 60 transferable semester units with a GPA of 2.0 ("C") or better (non-residents 2.4 or better.) Within the 60 unit requirement, the 9 units in Area A, Area B-4 (Mathematics), and 18 additional semester units of general education course work must be completed with a grade of 2.0 or better in each course.

Students who complete the CSU General Education Breadth pattern will be considered to have satisfied the lower division general education requirements for the California State University B.A./B.S. degree. A minimum of 9 semester units of general education coursework must be completed at the upper division level after transfer. Some CSU campuses require more than 9 units.

Students should request a General Education Certification from the Office of Admissions and Records before transferring. See a counselor for further information.

AREA A: COMMUNICATIONS IN THE ENGLISH LANGUAGE:

Courses will cover the principles and applications of language towards logical thought, clear precise expression, and critical evaluation of communication. English composition courses will include both expository and argumentative writing. In this area, courses emphasize oral and written communication skills, and sharpen analytical thinking.

AREA B: PHYSICAL UNIVERSE AND ITS LIFE FORMS:

These courses examine the physical universe, its life forms, and its natural phenomena. Courses will help students develop appreciation and understanding of the scientific method, mathematics, and statistics, and encourage understanding of the relationship between science, technology, and other human activities.

AREA C: ARTS, FOREIGN LANGUAGE, LITERATURE AND PHILOSOPHY:

These courses study the cultural activities and artistic expression of human beings. Courses will increase student awareness of ways in which people through the ages and in different cultures have responded to both their own internal landscapes and to the world around them in artistic and cultural creation. Humanities courses will also develop in student's aesthetic understanding, logical thinking skills, and an ability to make sound value judgments.

AREA D: SOCIAL, POLITICAL, AND ECONOMIC INSTITUTIONS:

These courses focus on people as members of societies. Courses will acquaint students with methods of inquiry used in the social and behavioral sciences. The courses will stimulate critical thinking about people's actions and interests on the local, national, and global levels, and will promote appreciation of social and cultural pluralism.

AREA E: LIFELONG UNDERSTANDING AND SELF DEVELOPMENT:

Courses in this area will equip students for lifelong understanding and development as physiological, social, and psychological beings. These courses have universal and durable utility in aiding students to make choices which will contribute to personal and social well-being, and to the achievement of self-actualization through the integration of physical, emotional, social, technological, and intellectual development.

Updated - 6/1/08

CSU General Education (Breadth) Requirements 2008-2009

certified by Gavilan College

Students transferring to the California State University system will qualify for admission as upper division transfers if they have completed (60) transferable units with a GPA of 2.0 ("C") or better (non-residents 2.4 or better). Within the (60) unit requirement, the (9) units in Area A, Area B-4 (Mathematics), and (18) additional semester units of general education coursework must be completed with a grade of 2.0 or better in each course. Students who complete the following pattern will have satisfied the lower division General Education requirements for the California State University BA / BS degree. A minimum of (9) semester units of General Ed coursework must be completed at the upper division level after transfer; some CSU campuses require more than (9) units. (See a counselor for further information.)

(Students should request a general education certification from the office of Admissions and Records before transferring.)

<p>Courses listed under more than one discipline or area may be used only once to satisfy an area.</p> <p>* = Approved for Fall 2006 ± = Approved Retroactively for Fall 1999, ±± = Approved retroactively for Fall 2005.</p> <p>NOTE: "□" or "»". PSYC 2 + 3 acceptable for AREA E only if taken as combination.</p> <p>NOTE: Transfer credit of certain courses (especially Science and Math) may be limited by UC or CSU or both. Consult with a counselor.</p>		

Transfer Admissions Agreement (TAA)

A Transfer Admissions Agreement is a formal agreement between a student in attendance at Gavilan College and a receiving baccalaureate granting institution to which the student intends to transfer. The agreement guarantees admission to a transfer university a year in advance for the fall semester. It may also guarantee admission into a major. Because the requirements of universities vary, it is advisable that students consult a counselor for more detailed information.

Gavilan College has Transfer Admission Agreements with the following universities:

- California State University, Monterey Bay
- San Francisco State University
- San Jose State University
- University of California, Davis
- University of California, Riverside
- University of California, Santa Cruz
- Santa Clara University

Indiana University Transfer Agreement (90/30)

Gavilan College has joined forces with Indiana University School of Continuing Studies to offer a Bachelor of General Studies that can be completed entirely online or through correspondence courses. There are no oncampus residency requirements. Students pay the same tuition as Indiana residents.

HOW 90 ► 30 WORKS

1. Earn 60 semester hours/units at Gavilan College.
2. Apply for admission to Indiana University. While you may apply to Indiana University before earning an associate degree at Gavilan College, it is advisable to earn your degree before submitting your application.
3. Once admitted to Indiana University, complete an additional 30 semester hours/units from the Gavilan College curriculum.
4. Take your final 30 semester hours/units of upper-division courses via distance education at Indiana University, and earn a Bachelor of General Studies Degree.

Please consult a counselor for more detailed information.

Transfer (Articulation) Agreements with Private Universities

Certain private universities have completed course agreements with Gavilan College to facilitate student transfer. The following universities have provided Gavilan students with a course transfer pattern for students who plan to attend these private institutions:

- Academy of Art University (San Francisco)
- Boston University (Engineering Program)
- Brigham Young University (BYU)
- Brigham Young University (Hawaii)
- Cleveland Chiropractic College
- Cogswell Polytechnical College
- Embry-Riddle Aeronautical University
- Golden Gate University
- Indiana University
- Loma Linda College (nursing agreement)
- Los Angeles College of Chiropractic
- Menlo College
- Mills College (Oakland)
- Monterey Institute of International Studies
- National University
- Samuel Merritt College (Nursing)
- United States International University (USIU)
- University of Phoenix
- University of San Francisco (USF)
- University of Santa Clara
- University of Southern California (USC)
- University of the Pacific (School of Pharmacy and Health Sciences)

Please see your counselor for current and additional information and to view copies of specific transfer agreements.

The Counseling Office is located in SC113. For more information visit www.gavilan.edu/counseling/transfer information.

GENERAL EDUCATION/COURSE CREDIT MATRIX

UC/CSU: Courses transferable to a UC or CSU campus.

CSU-GE: Courses meet general education requirements for CSU.

IGETC: Courses satisfy IGETC transfer pattern requirements.

AA/AS: Courses meet associate's degree requirements

CAN: The California Articulation Number (CAN) System identifies some of the transferable, lower division, introductory, preparatory courses commonly taught within each academic discipline on college campuses.

The system assures students that CAN courses on one participating campus will be accepted "in lieu of" the comparable CAN course on another participating campus.

COURSES NUMBERED 22, 122, 23, 123, 98, 198

These courses are also called "Field Work and Service", "Independent Studies", "Special Topics", etc.. Credit for variable topics courses is given only after a review of the scope and content of the course by the receiving institution. This usually occurs after transfer and may require recommendations from faculty.
