Total: 19			Total: 329.46

Credit Status: D - Credit - Degree Applicable

Grading Modes: L - Standard Letter Grade

Repeatability: N

Schedule Types: 02 Lecture and/or discussion  
 03 Lecture/Laboratory  
 04 Laboratory/Studio/Activity

Course Description:

Concepts and principles of the nursing process applied to preventive, remedial, supportive, rehabilitative, and teaching aspects in meeting the health needs of the patient requiring compensatory nursing interventions. Incorporates nursing concepts and experiences with all age groups, including senior adults. PREREQUISITE: Successful completion of Allied Health 43 and an active valid, unrestricted California LVN license.  
 \$100 course material fee, payable at registration.

## ARTICULATION and CERTIFICATE INFORMATION

Associate Degree:

CSU GE:

IGETC:

CSU TRANSFER:

Transferable CSU, effective 200470

UC TRANSFER:

Not Transferable

## PREREQUISITES:

Completion of AH 43, as UG, with a grade of C or better.

## COREQUISITES:

## STUDENT LEARNING OUTCOMES:

1. Students will analyze pre-written patient plans of care and will individualize the plan to a specific patient.

ILO: 2,1,3,4,6,7

Measure: Written careplans, Clinical evaluations

2. Students will use principles of college-level mathematical concepts to correctly calculate medication dosages and intravenous solution flow rates.

ILO: 2,3

Measure: Clinical evaluations, Clinical calculation, exams (required to pass the course)

3. Students will interact effectively with people of all ages, many cultures and ethnicities demonstrating awareness of the students' own values and opinions, as well as awareness and respect of the opinions and values of others.

ILO: 4,6

Measure: Clinical evaluations, Classroom participation in discussions regarding ethical dilemmas of patient care process recordings

4. Students will use therapeutic nursing interventions which reflect the standard of nursing practice. This will be exhibited by the student's ability to use psychomotor and psychosocial interventions which promote health; and prevent, minimize, or resolve problems as identified by the nurse and patient. Therapeutic interventions are independent actions grouped in theory-based research and experiences.

ILO: 2,1,3,4,6

Measure: Clinical evaluations mid and end of semester, Written and/or actual care plans each week, California exam for certification or NCLEX Nursing Licensure Exam

5. Student will reflect creative and critical thinking skills.

Creative and critical thinking is characterized by openness of inquiry, ability to ask pertinent questions, production of new ideas, flexible problem solving, examination of underlying assumptions, and an ability to present diverse perspectives.

ILO: 2,1,3,4,6

Measure: Written course work, Classroom presentations, Case studies, Exams

6. Students will communicate clearly, verbally and in writing using appropriate grammar, vocabulary and word usage with patients, peers, facility staff and instructors representing diverse populations and viewpoints.

ILO: 1,2,3,4,6

Measure: Written course work, Clinical evaluations, Essay questions on quizzes, exams, Interactive classroom assignments using computer software

7. Students will demonstrate appropriate active listening skills using techniques of therapeutic communication to verify that communication has been accurately interpreted. Students will use language interpreters at appropriate times in the clinical settings.

ILO: 1,2,3,4,6

Measure: Classroom presentations, Role play with instructor evaluation, Clinical evaluations

8. Students will critically analyze data from textbooks, patient charts including electronic charts, dictionaries, reference books, and the internet. Apply theoretical concepts and facts to real life situations, with computer simulated patient situations and exams.

ILO: 2,3,4,5,6,1

Measure: Written course work, Clinical evaluations, Exams

9. Students will utilize nursing process to prioritize and organize nursing care and to problem solve. Nursing process includes:

- a. Assessment of objective and subjective patient data
- b. Analysis of data using the information to develop patient outcomes in planning patient care
- c. Identify and implement appropriate nursing interventions to meet expected outcomes
- d. Revise the plan of care as needed based on the information from the evaluation

ILO: 2,1,3,4,6

Measure: Written care plans, Active care plans in the clinical setting, Clinical evaluations, Case studies using actual patients

#### TOPICS AND SCOPE:

Inactive Date: 05/11/2009

Inactive Term: Fall 2009

Please see course content in Master Course Outline located in the Curriculum Specialist's office.

#### ASSIGNMENTS:

Each week the student will read appropriate chapters of the text and complete assigned exercises and workbook.

#### METHODS OF INSTRUCTION:

Lecture, lab, skills demonstration, return demonstration.

#### METHODS OF EVALUATION:

The types of writing assignments required:

Written homework

Reading reports

Lab reports

Essay exams

Term papers

Other: Classroom presentations, internet assignments.

The problem-solving assignments required:

Homework problems

Quizzes

Exams

Other: Minimum 85% competency level pass/fail only.

The types of skill demonstrations required:

Class performance

Performance exams

Other: Case studies, computer programs.

The types of objective examinations used in the course:

Multiple choice

True/false

Matching items

Completion

Other: Calculations.

Other category:

None

The basis for assigning students grades in the course:

Writing assignments: 15% - 85%

Problem-solving demonstrations: 5% - 10%

Skill demonstrations: 20% - 80%

Objective examinations: 30% - 90%

Other methods of evaluation: 0% - 0%

#### REPRESENTATIVE TEXTBOOKS:

\* = Required

\*Lewis, Heitkemper, Dirksen, ^uMedical-Surgical Nursing Assessment Management of Clinical Problems, and Student Study Guide^s, Mosby, 6th Edition, 2004.

\*Doenges, Moorhouse, Geissler, ^uNursing Care Plans^s, F.A. Davis, 4th Edition, 2002.

\*Gahart, ^uIntravenous Medications^s, Mosby, 20th Edition, 2003.

\*Davis's Drug Guide OR Nursing Drug Handbook, 2004.

Reading level of text: 17th grade level. Verified by: K. Bedell

Other Materials Required to be Purchased by the Student: Malpractice insurance, uniforms, licensure fees
