Inactive Course: 11/08/2010

This course is now listed as KIN 20, effective Fall 2011.

Curriculum Approval Date: 02/25/2008

3 - 6 Hours

Orientation: indicating procedures to be followed in class, methods of grading and class format. Generally speaking the class will utilize the following schedule: warm-up with shadow bowling, lecture/drill on a specific area, bowl ten frames and submit scoring/record of completion, check-out. The first few classes will include information on the care and use of equipment, selecting the proper ball, costs involved, the etiquette of bowling and the value of bowling as a recreational activity. Information on scoring will be provided/reviewed. Explanation and demonstration on the method of holding a bowling ball and the various types of approaches used in delivering the ball.

SPO: The student will demonstrate an approach used in delivering the bowling ball. They will discuss the requirements of the course and be able to list at least three etiquettes used when bowling.

3 - 6 Hours

Review scoring, approach and ball release. Concentration will be on the approach form and the proper release of the ball on the alley. Emphasis will be on the importance of learning to bowl a hook ball. Demonstration on where the ball must hit the pins to obtain a strike.

SPO: The student will be able to mark a strike and a spare on a score sheet. They will explain where the ball must hit on the pins in order to obtain a strike.

3 - 6 Hours

Continue emphasis on mastering the correct form in the approach and release of the ball. Demonstration on the technique involved in throwing a curve ball. Emphasize the importance of picking out a spot on the alley toward which to direct the ball release. Accuracy, rather than speed, should be emphasized. Introduce bowling terminology, such as: double, turkey, types of splits, etc. Review bowling etiquette. Explain the various kinds of splits and point out the importance of picking up spares.

SPO: The student will demonstrate "spot bowling" and how to throw a curve ball. They will explain the importance of picking up spares and how it can positively affect your score. Bowling terminology will be utilized by the student.

6 - 12 Hours

Teach the "3-1-2" system for attaining the strike impact point on the head pin and teach the "3-6-9" spare system. Information on ball drilling mechanics (span, bridge and zero pitch) and side weights (reverse and forward pitch) will be provided.

SPO: Students will describe and demonstrate the "3-1-2" system for a strike and the "3-6-9" spare system.

6 - 12 Hours

Continue working on skills. Team tournament play will be provided. Analyze "leaves" and discuss typical combinations. Continue to practice "marking" on a score sheet.

SPO: The student will be able to keep score on a bowling score sheet. They will be able to analyze and execute the best way to pick up a spare.

4.5 - 9 Hours

Explain the causes and remedies of "side drift", time ball speeds and discuss their ramifications and explain handicap systems. Continue working on material covered in previous classes and provide practice opportunities through tournament play.

SPO: The student will explain at least one handicap system. They will be able to describe a cause for "side drift" and provide the appropriate correction.

2 Hours

Final.

Note
