How Do I Balance Work & School?

If you plan to work, please refer to the table below for the recommended work hours that correspond with the number of units you are taking. In general, one unit of credit equals one hour of lecture per week. A typical 4-unit course will require about 12 hours of work per week: 4 hours of class time and 8 hours of work outside of class. You should expect to spend **two hours studying for every unit**. **A full-time student is someone enrolled in 12+ units (4 or more classes).*

Units Per Semester	Maximum Recommended Work Hours
12+ Units	10 - 20 hours per week
6-11 Units	20 - 29 hours per week
3-6 Units	30 - 40 hours per week

What Classes Should I Take My First Semester?

It is recommended that you take an English course, a math course, and two courses within your major your first semester. Please refer to your **MyDegreeWorks** page located in your MyGav portal for class options. You can also refer to the [Major Course Options](#) document. If you are still Undecided on your major, we recommend that you enroll in General Education courses and Guidance 1 (Self-Assessment & Career Development). Please review the chart below:
