

Advanced Placement (AP)

2026-2027

Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Examination with scores of 3, 4, or AP credit can be used to meet Cal-GETC and A.A. general education (GE) and/or major requirements. Students must have the College Board send AP exam results to the Admissions Office (hand carried copies will not be accepted) for use on the A.A. or GE patterns.

Gavilan College grants up to six semester units of transfer credit for each College Entrance Examination Board (CEEB) Advanced Placement (AP) Examination on which a student receives a score of 3 or higher. The AP results must be submitted to the Office of Admissions and Records with a request for evaluation. Students receiving a score of 3, 4 or 5 on the Math and English AP exams will be exempt from the placement assessment test. AP units will not apply toward financial aid, nor can they be used to satisfy the residency unit requirement.

Advanced Placement credit will be awarded as follows:

- **A.A./A.S. Degree:** Students should be aware that AP examination credit is evaluated by corresponding it to an equivalent Gavilan College course, e.g. History. A student who receives AP credit and then takes the equivalent Gavilan College course will have the unit credit for such duplication deducted prior to being awarded the associate degree. Credit by Advanced Placement exam is noted and listed first on a student's transcript, with units assigned and no grade. Course credit and units granted at Gavilan College may differ from course credit and units granted by a transfer institution.
- **Cal-GETC:** AP exams must be used in the area indicated regardless of where the certifying CCC's discipline is located.
