

Choose a **THEME** for your English class: Find the number, by the course section number, that corresponds to a theme below.

- 1 Read classics of nature writing and visit the virtual woods with Thoreau.
- 2 Examine the economy, specifically issues related to poverty.
- 3 Investigate environmental issues, particularly those connected to what we eat and where we live.
- 4 Puente: Develop writing skills through an emphasis on Chicano/Latino literature.
- 5 Develop expository writing skills in response to literary works from a rich diversity of American cultures.
- 6 Consider how marginalized writers can make an impact on mainstream social thinking and develop the argumentation skills to make its voice heard.
- 7 Explore the exciting realm of science and discover who we are, how we got here, and learn about the scientists and explorers who got us here while learning to write with panache, flair, and accuracy.
- 8 Examine the politics of fairy tales: What can we learn about politics from traditional and not-so-traditional fairy tales?
- 9 Examine how great literary works construct male and female characters, anticipating that we may better understand the origins of new and enduring ideas about masculinity and femininity across cultures and histories.
- 10 Explore American literature from the "outsiders" perspective, focusing on works from authors protesting the American mainstream or demanding to be let in.
- 11 Explore the great literature of the human condition, challenging you to respond to literary art, science fiction, music, tragedy, and the joy of life and living.
- 12 Read and respond to classical arguments concerning government, justice, and the individual.
- 13 Learn to think courageously, to think intelligently, and to think for yourself through challenging the pseudoscientific, the paranormal, and the make-believe world of nutty beliefs and scams.
- 14 Explore American consumerism and wild alternatives.
- 15 First Year Experience: Explore the issues of peace and conflict through reading and writing.
- 16 Learning Community: Personally engage the theme of Learning in Action through tutoring and mentoring high school students while strengthening critical thinking, reading, and writing skills.
- 17 Investigate the concept of emotional intelligence while sharpening your reading comprehension skills through course readings that examine how humans (fictional or real) use emotions to navigate their experiences.
- 18 Explore the theme of coming of age.
- 19 Service Learning: Explore the connections between language, identity, and community through our work with ESL (English as a Second Language) students.

ENGLISH

ENGL 1A Composition

Transferable: CSU, UC; CSU-GE:A2, IGETC:1A; GAV-GE:A2; CAN:ENGL2, ENGL SEQ A

This is a writing course which emphasizes expository writing, argumentative writing, and critical reading of expository prose. It is meant to train students in clear thinking and reasoned support of ideas. Students will be given the opportunity to read models of good expository and argumentative prose and learn the techniques of good writing. These include choosing appropriate subjects, developing restricted, unified, and precise theses and presenting supporting evidence in a logical, lucid, and effective manner. To achieve this end, students write no fewer than six essays and read at least five works, two of which are book length. **PREREQUISITE:** English 250 and English 260 or English 250 and SSCI 270A or English 250 and SSCI 270B with a grade of 'C' or better or satisfactory score on the English placement examination.

1st Year Experience

A Wise Choice!

FYE is a program in place in many schools across the country. These programs are in response to much research supporting smaller schools, interdisciplinary studies, and community building.

So what is FYE? At Gavilan, this program links fundamental courses together. By studying and working together with your classmates and instructors, you will develop a stronger network of support. Students who enroll in FYE often report higher GPA, increased involvement in school, more friends, greater ability to meet goals, and stronger critical thinking, reading, and writing abilities.

The Program: See course listings under ENGL 420, 440, 250 and 260 for First Year Experience Learning Communities. .

IT'S TIME TO PLAY!

9:00 AM - 3:00 PM

This three day – 6 hour a day, math seminar is designed for students who need to learn or to re-learn different algebraic structures and patterns.

The students will gain insight on fundamental algebraic concepts and focus specifically on the algebraic structures related to standard algebraic terminology. Anyone who needs a review of basic math concepts such as fractions, decimals and percentage are also welcome.

This is an absolutely free fun winter math program. However, the space is limited to 25 people.

To save a space! Please email Elena Dachkova before 12/21/09. First 25 students will be registered. edachkova@gavilan.edu

MATH 233 Intermediate Algebra

Transferable: No; GAV-GE:B4

Review of basic concepts, linear equations and inequalities, graphs and functions, systems of linear equations, polynomials and polynomial functions, factoring, rational expressions and equations, roots, radicals, and complex numbers, solving quadratic equations, exponential and logarithmic functions, and problem solving strategies. Mathematics 233, 233A, and 233B have similar course content. This course may not be taken by students who have completed Mathematics 233B with a grade of 'C' or better. This course may be taken for Mathematics 233B credit (2.5) units by those students who have successfully completed Mathematics 233A with a grade of 'C' or better. PREREQUISITE: Mathematics 205 or Mathematics 205A and 205B or Mathematics 206 with a grade of 'C' or better. The instructor will be using and supporting TI-83 Plus graphing calculator in all classroom demonstrations.

MATH 233A First Half of Intermediate Algebra

Transferable: No

The course will start with a review of basic concepts and then cover the following topics with an emphasis on applications and problem solving strategies: solving linear and absolute value equations; solving linear and compound inequalities; equations and graphs of lines; functions and function notation including composition of functions; solving systems of linear equations and inequalities; operations with polynomials; factoring polynomials; and solving polynomial equations. PREREQUISITE: Completion of Mathematics 205 or the equivalent with a grade of 'C' or better.

MATH 233B Second Half of Intermediate Algebra

Transferable: No

This course will start with a review factoring polynomials, and then cover the following topics with an emphasis on applications and problem solving strategies: solving polynomial equations by factoring; adding, subtracting, multiplying, dividing and simplifying rational expressions and solving rational equations; adding, subtracting, multiplying, dividing and simplifying roots, radicals and complex numbers and solving radical equations; working with composition of functions and inverse functions, working with exponential and logarithmic functions, equations and expressions; employing various methods of solving quadratic equations and inequalities; and graphing quadratic functions. PREREQUISITE: Completion of MATH 233A with a grade of 'C' or better.

MATH 400 Elements of Arithmetic

Transferable: No

This course covers essential arithmetic operations, whole numbers, integers, fractions, decimals, ratio, proportion, percent, applications of arithmetic, and critical thinking, as well as math-specific study skills. This is a pass/no pass course, with pass being given for mastery of the content. Units earned in this course do not count toward the associate degree and/or other certain certificate requirements.

Be Aware

If your goal is a MULTIPLE SUBJECT CREDENTIAL, you may need MATH 12, Math for Elementary Teachers.

- Have you ever wondered how math applies to real world problems?
- Are you looking for a supportive environment to help with your math?
- Have you ever thought about a career in science, engineering or math, but doubted your ability to get through the math class required?
- Would you like to finally understand how to solve word problems?

For more information about this exciting new program, contact math instructor Marla Dresch in LS112, call (408) 846-4915 or email mdresch@gavilan.edu.

MATH 402 Pre-Algebra

Transferable: No

This course covers operations with integers, fractions and decimals and associated applications, percentages, ratio, and geometry and measurement, critical thinking and applications. Elementary algebra topics such as variables, expressions, and solving equations are introduced. This is a pass/no pass course where pass is given for mastery of the above topics. PREREQUISITE: Completion of Math 400 with a grade of 'Pass' or with a 'C' or better, or assessment test recommendation.

MATH 404A-G Self-Paced Basic Math

Transferable: No

This course is a remedial, modular, self-paced course. Application and critical thinking skills are developed in each module. Module A covers operations with whole numbers, equivalent fractions, multiplying and dividing fractions. Module B covers adding and subtracting fractions, and operations with decimals. Module C covers ratio and proportion, percent, and units of measurement. Module D reviews fractions, decimals, percentages, and covers operations with integers, and working with variables. Module E covers real numbers, fractions, exponents, scientific notation, and order of operations. Module F covers expressions, polynomials, and equations. Module G covers geometric figures, perimeter and area, surface area and volume, triangles and parallelograms, and similar figures. This course has the option of a letter grade or pass/no pass. This course involves both lecture and hands-on computer assisted software. All sections are open for late registration. Math 404 A-C is the equivalent of Math 400.

These classes involve both lecture and hands-on computer components. All sections are open for late registration.
