V. Executive Summary

Please provide a brief executive summary regarding program trends and highlights that surfaced in the writing of this report. Summarize, using narrative, your program goals for this year. Your audience will be your Peer Review Team, the program review Committee, President's Cabinet, Dean's Council, ASGC, Academic Senate, Budget Committee and Board of Trustees (300 words or less).

Our program continues to have more than one instructor teaching the same students in one class setting. We would like to have a dedicated instructor for the aesthetics class and for the Cos 200 classes. Having one instructor for each class would ensure a stable learning environment for the students. With the increase of students in our program we have a need for a full-time office assistant to maintain State-regulated paperwork as well as program needs.
