2. **Academic Year 2024 - 2025**

New Goal

The music department is in need of a grand piano for the piano lab. The current instrument has been in use for the past 50 years. It is heavily used on a daily basis and one of the first things that students see when they walk into the piano lab. It is difficult to teach, perform and motivate students on this piano, which is beyond repair.

End of Year Status In Progress

Please describe your status (No more than 200 words)

This is not a new goal. The original request was for 2 grand pianos. One for the Music Hall and one for the piano lab. We received a donation from Erik Siverson 2 years ago. A Kawai grand piano is now located in MU101. The department still needs a grand piano for the piano lab.

End of Year Goal Status In Progress

Please describe your status (No more than 200 words)

Music department needs annual tuning of 8 pianos, repair and replacement of musical equipment. The current budget allowance does not satisfy the financial needs of the department.

Did you request the same resources the previous year? If so, what was the result? Has there been a significant change since your request?)

This has been an ongoing request. There was a slight increase in the annual budget that helps cover the cost of tunings but not enough to cover the cost for replacing or rearing other musical equipment.
